DEFINITIONS

Business day is expressed in the listing rule definitions as:

“Any day other than, Saturday, Sunday, New Years Day, Good Friday, Easter Monday, Christmas Day, Boxing Day and any other day which the exchange shall declare and publish is not a business day.”

Trading Day means a day other than:

- (a) “a Saturday, Sunday, New Years Day, Good Friday, Easter Monday, Christmas Day, Boxing Day and any other day which the exchange shall declare and publish is not a trading day.”
- (b) Notwithstanding (a), a day which for the purposes of settlement, the exchange declares is a trading day notwithstanding there is no Official Meeting on that day or that dealings between Participating Organisations are suspended on that day.

Settlement Day means a day the trade transaction is completed being 2 business days after the trading day.

Company Announcements can be made at any time using the standard method for electronic reporting. Announcements will be reviewed and released to the market on the next business day if submitted on a non-business day.

Additional Non-Business and Non-Trading Days The exchange reserves the right to declare business and trading days outside of those listed at its discretion.

Qualifications

The National Stock Exchange of Australia (NSX) issues practice notes to promote commercial certainty, reduce costs to business and assist market participants, and we are available to discuss any questions you have in relation to a practice note.

NSX may replace practice notes at any time. Issuers should contact NSX to ensure that they have the latest version of a practice note. As a practice note is only a guide to NSX practice, issuers are advised to contact NSX to discuss their particular circumstances and the application of the listing rules. NSX cannot give legal advice to issuers and recommends that they consider taking advice from a qualified professional person.
