### Guidance

The NSX issues practice notes to promote commercial certainty, reduce costs to business and assist market participants, and we are available to discuss any questions you have in relation to a practice note.

NSX may replace practice notes at any time. Issuers should contact NSX to ensure that they have the latest version of a practice note. As a practice note is only a guide to NSX practice, Issuers are advised to contact NSX to discuss their particular circumstances and the application of the listing rules. NSX cannot give legal advice to Issuers and recommends that they consider taking advice from a qualified professional person.
