29 July 2005

The Manager, Stock Exchange of Newcastle Limited 384 Hunter Street NEWCASTLE NSW 2300

Dear Sir,

## Report for Quarter ending 30 June, 2005

We submit the following quarterly report for Klondike Source Limited and its 100% owned subsidiary, KSL Exploration (Yukon) Limited (KSL Yukon) for the three months to 30 June 2005.

## EXPLORATION - KLONDIKE GOLDFIELD

No exploration activities were conducted during the quarter.

#### **KSL Tenements and Database**

The Company's present claim holdings are:

- ? 87 claims (100%), and
- ? 788 claims (56% joint venture interest with PacRim Resources Limited)

KSL possesses one of the largest claim holdings in the Klondike Goldfield, and an extensive district-wide database having considerable exploration value. Most of the joint venture claims are current through 2010; their long term and the associated datasets comprise an asset which is crucial to future exploration in the Klondike district. For these reasons, the Company is well positioned in the event of exploration successes on adjacent properties..

## **Other Party Activity**

KSL continues to monitor and evaluate announcements of companies exploring in the Klondike region.

#### **NEW PROJECTS**

The Company continues to evaluate new project opportunities. So far, none have met our criteria. We seek further proposals that will add value to the Company. Our objective is either:

- 1. to contribute critical technical know-how and sufficient exploration expenditure to generate drill targets of significant economic potential, or
- 2. to use existing resources to participate in a suitable seed capital opportunity.

# **Klondike Source Limited**

## **FINANCIAL**

Cash on hand at 30 June 2005 was \$779,000; the increase from \$692,000 at 31 March 2005 was due to receipt of a Yukon Government exploration tax credit of \$130,000 in respect of the Company's 2004 exploration expenditure.

Notes

- The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 Issued and quoted securities The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- The definitions in, and provisions of, AASB 1022: Accounting for Extractive Industries and AASB 1026: Statement of Cash Flows apply to this report.
- Accounting Standards NSX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
