Re: Suspension of Labtech Systems Limited

Dear Ms Guthrie,

The NSX has been advised by Labtech Systems Ltd that they will be admitted to the official list of the ASX, on a date to be decided by the ASX, subject to compliance with certain pre-listing conditions.

Consequently, the company will be placed under suspension on the NSX until further notice.

Listing Rule	Section 1 Rule 2.25
Business Rule	Part C Rule 86
Pre-Open	As the company is delisting there will be no pre-open.
End of Suspension	As the company is delisting there will be no ending of the suspension.

The suspension is enforced to maintain an orderly transition of LTS, LTSOA and LTSOB to the ASX and to prevent a possibility of a false market arising while the company completes ASX procedures.

Yours Sincerely,

**Scott Evans
General Manager**
