**NSX Announcement****Capital Raising - Private Placement S\$1,500,000**

The Board of Chew Yak Mong - Synerpac Ltd. (NSX code CYM) is pleased to announce the successful completion of a private placement totaling S\$1,500,000, involving 3 Singapore based investors. The shares will be issued at A\$0.195 each. The prevailing exchange rate at time of placement was S\$1.00 = A\$0.826107. This has resulted in a total of 6,354,669 new ordinary shares being issued. The shares issued within this capital raising will rank equally in all respects from the date of issue and allotment with existing ordinary shares.

The board is pleased to advise that the capital raised will be fully committed to existing working capital and directed toward increasing existing revenue.

CEO Mr Charlie Chew commented.

"It is very pleasing to see that the market recognizes that as a result of the company's successful restructuring over the past 12 months, new opportunities having long term benefits for the company have been identified and indeed captured. This capital injection will greatly assist CYM as we expand penetration in each of the selected market segments, in particular assisting with our recent appointment as distributor to Pokka."
