Clarification of Half Yearly Accounts

It has come to the attention to the Board of Brewtopia that the half-yearly cash flow statement lodged by the company reflects an half-yearly revenue of \$785,235,000.00. This is not the case. The revenue received for the reporting period is \$785,235.00. The same error has been made throughout the half-yearly cash flow statement. Interested parties should ignore the “000’s” at the top of the half-yearly cash-flow statements when examining the cash-flow figures.
