DIRECTORS ANNOUNCEMENT – 24TH SEPTEMBER 2007

Director's Announcement on the X4v2 Prototype

The Directors are pleased to announce that the X4v2 prototype engine has now been designed, machined, assembled and running. The engine is now fitted on the dynamometer, and we are currently programming the engine management system in readiness for initial testing.

Improvements made include: New higher rigidity engine block, new piston and piston assembly design, improved bearing design, a higher performance valve cam design, increased scope for balancing, increased cooling, new PCV system, increased capacity oil galleries, a new piston guiding system with upgraded materials, programmable fuel injection and dual spark ignition.

Issued: 24th September 2007

A handwritten signature in blue ink, appearing to read "Brad Howell-Smith", with a stylized flourish at the end.

Brad Howell-Smith
Managing Director
