Dear Sir

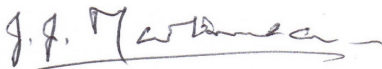

Appointment of Spheritec to Sophos partner program

EBS advises that its wholly-owned subsidiary Spheritec (which has recently been re-registered as a private company) has been appointed to the Sophos partner program under which it acts as an accredited partner of Sophos. Sophos is the leading IT on-line security solutions company.

Spheritec will market the Sophos range of software applications and has recently concluded its first sale. Under the program partners earn revenue according to sales made.

Sophos software applications complement Spheritec's existing focus on the data protection market with its Datagard on-line off-site back-up service.

Yours faithfully

JJ Martineau
Director & company secretary
