

NSX Announcement and Media Release

19 January 2009

Response to clarify statements in the Australian Financial Review newspaper article of 19 January 2009

This announcement is in response to an article entitled "Philippines exporter to list, raise cash" published on page 14 of today's Australian Financial Review newspaper in relation to AgriNurture Inc (NSX: FCA) ("Company").

The article contains a number of statements concerning the Company and its interim financial results, which require clarification.

For clarity, the Company notes the following:

- The Company has not acquired Peter Paul Philippines.
- The total revenue for the 6 months ending 30 June 2008 of the Company and its subsidiaries is AUD\$12,974,857 (405,712,102 Philippine Peso). To date, the Company does not have audited financial statements for the second half of the 2008 financial year.
- The Company has not determined any financial estimates concerning the 2009 financial year based on its current financial condition and recent global events.

About the Company

The Company's key business activity is the local and export trading and distribution of fresh and processed fruits. The Company's subsidiaries and affiliated entities are:

- First Class Agriculture
- Fresh and Green Harvest Agricultural Company, Inc.
- Best Choice Harvest Agricultural Corp.
- Lucky Fruit and Vegetable Products, Inc.
- M2000 IMEX Company, Inc.
