NSX ANNOUNCEMENT

Withdrawal from the ORAM Joint Venture in Papua New Guinea

The Board of Directors of Anomaly Resources Limited (“Anomaly” or “the company” – NSX code: ANJ) wishes to advise that it has today officially notified Triple Plate Junction PLC of its withdrawal from the ORAM Joint Venture in Papua New Guinea.

In the current difficult exploration climate, Anomaly believes its efforts will be better spent concentrating on its Crater Mountain and Bogia gold projects which are more advanced and have more potential for early development and cash flow.
