Dear Shareholder,

## **RIGHTS ISSUE**

As you are no doubt aware we have recently seen a dramatic fall in the values of securities on world markets. However, we see this as an opportunity to invest in companies at lower prices that show considerable value.

Therefore, we are offering existing shareholders the right ("Rights Issue") to take up additional shares in the Company at the price of \$2.00 per share to raise a potential \$178,400. The offer is non-renounceable and will be fully underwritten by Burrell Stockbroking Pty Ltd, albeit subject to conditions.

I am now writing to provide you, as a registered shareholder of the Company on the record date of 6 April 2009, with the Rights Issue Offer Document and an Entitlement and Acceptance Form.

On behalf of the Australian & International Holdings Limited Board I invite and encourage you to consider participating in this Rights Issue.

The funds from this Rights Issue will be used to invest in both the Australian and overseas share markets.

The majority of Directors of the Company have indicated that they will taking up their rights to the offer.

If you wish to participate in the Rights Issue you will need to follow the instructions detailed in Section 2 of the Offer Document and complete the Entitlement and Acceptance Form and return it to the Company by 5pm on the closing date of 27 April 2009.

Yours sincerely,

## 1 Details of the Offer

### 1.1 The Offer

The Company is making a non-renounceable pro-rata offer of New Shares each at an issue price of \$2.00 to Eligible Shareholders on the basis of one New Share for every twenty Shares held at 5:00 pm AEST – (QLD) on the Record Date.

The Company has on issue as at the Record Date: 1,784,999 Shares.

89,200 New Shares will be issued under the Offer, raising \$178,400 (before costs).

Where the determination of the entitlement of any Eligible Shareholder results in a fraction of a New Share, such fraction will be rounded down to the nearest whole New Share.

The Company has announced that the Net Asset Backing (NAV) for shares was \$2.36 per share as at 28 February 2009. An offer price of \$2.00 per share is therefore considered to be attractive, given that it is at a discount of approximately 15% to the NAV per share.

The Closing Date for acceptance of Entitlement and Acceptance Forms is 5.00 pm (AEST) on 27 April 2009 (as that date may be varied by the Company without prior notice, in accordance with the Listing Rules Agreement). Applications received after 5.00 pm on 27 April 2009 may be rejected and Application Monies refunded without interest. The Company reserves the right not to proceed with the whole or part of the Offer at any time prior to allotment and issue of the New Shares.

### 1.2 Use of the Funds

The funds raised from the issue of New Shares under the Offer will be used to invest in the shares of companies listed on Australian and major international markets, and listed and unlisted managed funds, according to the investment strategy of the Company.

#### **1.4 Your entitlement and acceptance**

The entitlement of Eligible Shareholders to participate in the Offer was determined on the Record Date. Your entitlement is shown on the Entitlement and Acceptance Form accompanying this Offer.

The Offer may be accepted in whole or in part. If Eligible Shareholders decide not to accept all or any of their entitlement to New Shares, then their entitlement to those New Shares not accepted will lapse and those New Shares will become Shortfall shares.

Eligible Shareholders, excluding related parties of the Company, unless approved by Shareholders, may apply to take up any of the Shortfall in excess of their pro-rata right or entitlement to New Shares. Eligible Shareholders may apply for Shortfall New Shares by indicating on the Entitlement and Acceptance Form the number of Shortfall New Shares for which they wish to apply. Acceptance of applications for the issue of Shortfall New Shares is at the discretion of Directors.

#### **1.5 Opening and Closing Dates**

The Company will accept Entitlement and Acceptance Forms until 5.00pm AEST (Qld) on the Closing Date or such other date as the Directors in their absolute discretion shall determine, subject to the requirements of the Listing Rules.

#### **1.6 Underwriting**

The Company has entered into an underwriting agreement with Burrell Stockbroking Pty Ltd, pursuant to which the Offer has been fully underwritten. The Company will pay an underwriting fee of 2% of the amount underwritten by the Offer. The underwriter has the right to terminate the underwriting agreement if the ASX 200 Index, (SP/ASX 200 (XJO)), is less than 3,000 points as at the Closing Date of the Offer.

#### **1.7 No rights trading**

The rights to New Shares under the Offer are non-renounceable. Accordingly, there will be no trading of rights on the NSX and you may not dispose of your rights to subscribe for New Shares to any other party. If you do not take up your entitlement to New Shares under the Offer by the Closing Date, the Offer to you will lapse.

#### **1.8 Entitlement and Acceptance Form**

Acceptance of a completed Entitlement and Acceptance Form by the Company creates a legally binding contract between the Applicant and the Company for the number of New Shares accepted by the Company. The Entitlement and Acceptance Form does not need to be signed to be a binding acceptance of New Shares.

If the Entitlement and Acceptance Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

#### **1.9 Issue and dispatch**

New Shares offered by this Offer Document are expected to be issued, and security holder statements dispatched, on the date specified in the Timetable. It is the responsibility of applicants to determine their allocation prior to trading in the New Shares. Applicants who sell New Shares before they receive their holding statements will do so at their own risk.

#### **1.10 NSX quotation and Deferred Settlement Trading**

Application will be made to the NSX for the official quotation of the New Shares.

There will be no trading of New Shares on a deferred settlement basis. Trading of the New Shares will, subject to NSX approval, occur on or about the date specified in the Timetable.

### **1.11 Offer Document and disclosure obligations**

This Offer Document is issued pursuant to section 708AA of the Corporations Act as an offer document for the offer of securities for issue, under a rights issue, without disclosure to investors under Part 6D.2 of the Corporations Act. Pursuant to the conditions imposed on the Company by section 708AA of the Corporations Act for the making of a rights issue without disclosure to investors, the Company provided NSX with a notice that complied with the requirements of section 708AA(7) in the period of 24 hours, prior to dispatch of this Offer Document. In addition to certain minor and technical matters permitted by ASIC Class Order 08/35, that notice was required to set out any information that had been excluded from a continuous disclosure notice in accordance with the NSX Listing Rules and that investors and their professional advisers would reasonably require, and would reasonably expect to find in a disclosure document, for the purpose of making an informed assessment of:

- (a) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
- (b) the rights and liabilities attaching to the New Shares; and
- (c) state the potential effect of the issue of the New Shares on control of the Company and the consequences of that effect.

### **1.12 CHESS**

The Company participates in the Clearing House Electronic Subregister System, known as CHESS. ASX Settlement and Transfer Corporation Pty Ltd ACN 008 504 532 (ASTC), a wholly owned subsidiary of ASX, operates CHESS in accordance with the Listing Rules and Securities Clearing House Business Rules.

Under CHESS, Applicants will not receive a certificate but will receive a statement of their holding of New Shares.

If you are broker sponsored, ASTC will send you a CHESS statement. The CHESS statement will set out the number of New Shares issued under this Offer Document, provide details of your holder identification number, the participant identification number of the sponsor and the terms and conditions applicable to the New Shares.

If you are registered on the Issuer Sponsored subregister, your statement will be dispatched by the Registrar, Newcastle Capital Markets Pty Ltd, and will contain the number of New Shares issued to you under this Offer Document and your security holder reference number.

A CHESS statement or Issuer Sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their Shareholding changes. Shareholders may request a statement at any other time; however, a charge may be made for additional statements.

### **1.13 Overseas Shareholders**

No Offer will be made to Eligible Shareholders resident outside Australia or New Zealand.

New Shares to which any Eligible Shareholder who is not resident in Australia or New Zealand is entitled will form part of the shortfall which could be issued to the underwriter or its nominee.

This Offer Document and accompanying Entitlement and Acceptance Form do not, and are not intended to, constitute an offer of New Shares in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Offer Document. The Entitlements and the New Shares have not been and will not be registered under the United States Securities Act and may not be offered, sold or resold in, or to persons in, the United States except in accordance with an available exemption from registration. Accordingly, the Offer is not being made in the United States and Entitlements will not be distributed to Shareholders with registered addresses in the United States. The distribution of this Offer Document in jurisdictions outside Australia may be restricted by law and persons who come into possession of this Offer Document should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

#### **1.14 Risk factors**

In addition to the general risks applicable to all investments in listed securities, there are specific risks associated with an investment in the Company which are set out in Section 3.

#### **1.15 Brokerage**

No brokerage fee is payable by Eligible Shareholders who accept their Entitlement to the New Shares, whether in full or in part. No stamp duty is payable for subscribing for an Entitlement.

#### **1.16 Taxation implications**

The Directors do not consider it appropriate to give Shareholders advice regarding the taxation consequences of subscribing for New Shares under this Offer Document.

The Company, its advisers and its officers do not accept any responsibility or liability for any such taxation consequences to Shareholders. As a result, Shareholders should consult their professional tax adviser in connection with subscribing for New Shares under this Offer Document.

#### **1.17 Shortfall facility – additional shares**

Participating shareholders shall have the right to apply for additional New Shares, above their entitlement. Shareholders who wish to apply for extra New Shares need to complete line C on the Entitlement and Acceptance Form. Persons applying for additional New Shares accept that they may be allocated less New Shares than they applied for. If there are insufficient Shortfall Shares to meet demand, then an Applicant who does not receive their full number of New Shares applied for will receive a refund of money for the New Shares they were not allotted.

### **3 Risk factors**

---

Activities in the Company and its controlled entities, as in any business, are subject to risks which may impact on the Company's future performance. The Company and its controlled entities have implemented appropriate strategies, actions, systems and safeguards for known risks, however, some are outside of its control.

The Directors consider that the following summary, whilst not exhaustive, represents some of the major risk factors which Shareholders need to be aware of in evaluating the Company's business and risks of increasing your investment in the Company. Shareholders should carefully consider the following factors in addition to the other information presented in this Offer Document.

The principal risks include, but are not limited to, the following:

#### **3.1 Securities Investments and Share Market Conditions**

There are risks associated with any securities investment. The prices at which the New Shares trade may fluctuate in response to a number of factors. Furthermore, the stock market has recently experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the companies invested in. There can be no guarantee that these trading prices will be sustained. These factors may materially affect the market price of the New Shares. The market price of the New Shares may fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Neither the Company nor the Directors warrant the future performance of the Company, or any return on an investment in the Company.

#### **3.2 Changes in Legislation and Government Regulation**

Changes to legislation in Australia, including changes to the taxation system, may affect future earnings and the relative attractiveness of investing in the Company. Changes in government policy or statutory changes may affect the Company and the attractiveness of an investment in it.

#### **3.3 Foreign Exchange Risk**

The portfolio allocation for overseas investments made by the Company is up to 20% of the total long term investment portfolio. These assets are denominated in predominantly US dollars, British pounds, Euro currency, or Swiss francs. To comply with Australian reporting requirements the value, income, expenditure and cash flows of the Company is accounted for in Australian dollars. This results in a portion of the unhedged value, income, expenditure and cash flows of the Company being exposed to the fluctuations and volatility of the rates of exchange between these overseas currencies and the Australian dollar, as determined in international markets.

#### **3.4 Economic factors**

Factors such as inflation, currency fluctuation, interest rates, supply and demand and industrial disruption have an impact on the stock market. The Company's future possible revenues and securities prices can be affected by these factors, which are beyond the control of the Company.

The Manager  
Company Announcements  
National Stock Exchange

Dear Sirs,

## **Notice of an Offer under Section 708AA of the Corporations Act 2001**

Australia & International Holdings Limited ("Company") NSX Code: AID, is proposing to dispatch to eligible shareholders the offer document in respect of the non-renounceable rights offer of up to 89,200 fully paid ordinary shares each at an issue price of \$2.00 to raise \$178,400 on the basis of 1 share for every 20 shares held on the record date of 6 April 2009 ("Offer"). The offer will result in a maximum dilution of approximately 5% on completion of the offer if no rights are accepted.

The Offer is underwritten by Burrell Stockbroking Pty Ltd ("Burrells"). Burrells have agreed to underwrite the offer in full so long as the Australian share market as measured by the S&P/ASX 200 Index (XJO) is not below 3,000 points as at the Closing Date. If none of the shareholders in the Company accept their entitlements under the Offer, then Burrell Stockbroking Pty Ltd will hold 5.0% of the shares on issue in the capital of the Company after meeting its underwriting obligations. Given that the Offer is being made at a price per share of \$2.00, which is a discount to the current net tangible asset backing of the Company, it is regarded as unlikely that there will be a significant shortfall to the Offer meaning that the maximum changes in control indicated above are unlikely to occur.

The Company hereby gives notice under section 708AA (2) (f) of the Corporations Act 2001 (Cth) ("Act") that:

1. The Company will offer the shares under the Offer without disclosure under Part 6D.2 of the Act;
2. At the date of this notice, the Company has complied with:
  - (a) provisions of Chapter 2M of the Act as they apply to the Company; and
  - (b) section 674 of the Act;
3. As at the date of this notice, there is no information:
  - (a) that has been excluded from a continuous disclosure notice in accordance with the NSX Listing Rules; and
  - (b) that investors and their professional advisers would reasonably require, and would reasonably expect to find in a disclosure document, for the purpose of making an informed assessment of:
    - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
    - (ii) the rights and liabilities attaching to the new Shares

- 4 The potential effect the issue of the shares under the Offer will have on the control of the Company is as follows:
- (a) If all members take up their entitlement under the Offer, then the Offer will have not effect on the control of the Company;
  - (b) If all or some members do not take up their entitlements under the offer:
    - (i) Burrell Stockbroking Pty Ltd as underwriter may take an interest in the Company of up to 5.0%; and
    - (ii) Christopher Thomas Burrell and his associates, as a director and shareholder holding greater than 20% of the voting rights in Burrell Stockbroking Pty Ltd may have an increased relevant interest in the Company. Christopher Thomas Burrell and his associates current interest in the Company of 37.85% may increase to up to 42.85%.
- 5 There are no material consequences of the effect in item 4 above.

Yours faithfully,  
**Australia & International Holdings Limited**
