Ausminerals Limited has successfully completed initial Grinding Plant Production Trials

Ausminerals Limited (the Company) is pleased to announce that installation of the major components of the new Grinding Plant facility at the premises of its wholly owned Victorian subsidiary, Kurdeez Lime Pty Limited has been completed. Trial production runs have been successfully undertaken with production of ultra-fine products being achieved.

Once commissioning is completed the company will be able to expand production into high value ultra-fine particle industrial minerals aimed at niche markets.

Full production is expected to be achieved by August 2009.
