Dear Mr Craig

## **PREMIUM INCOME FUND (NSX:PIN) – REQUEST FOR TRADING HALT**

Wellington Capital Limited as responsible entity of the Premium Income Fund requests a trading halt on the trading of units in Premium Income Fund. The reasons for the requested trading halt are to ensure that there is an informed market in the trading of units in Premium Income Fund through the release of a fund update announcement.

The Fund considers that the trading halt would last for 48 hours or until the making of an announcement by the Fund, whichever occurs first.

Wellington Capital Limited is not aware of any reason why the trading halt should not be granted.

Kind regards
