

SHAREHOLDER UPDATE Australian United Retailers Limited (AURL)

In line with our market update issued on 25 July 2011, AURL has today reported a consolidated operating profit after tax of \$16.7 million for the year ended 30 June 2011.

This included a significant non-recurring revenue item of \$24.4 million from debt forgiveness associated with its discontinued operations of corporate owned stores.

The divestment of the corporate owned stores has progressed and is nearing completion, with only one of the original 22 stores remaining. An agreement has been reached to sell the remaining store, which will complete the divestment program by 31 December 2011, and will allow the company to concentrate all its efforts on its continuing operations of its member-based business.

In line with the previous update, the parent company's profit after tax from continuing operations was \$4 million for the year ended 30 June 2011. This result reflects a combination of strong growth in revenues and significant improvements in operating efficiencies.

CEO Rick Wight said, "All our effort is focussed on providing higher levels of support to all of our 635 independent retailers to ensure they continue to see stable and sustained growth.

"By the end of October 2011, we expect to have welcomed 13 new stores to the group, which is a strong start to the new financial year.

"Our next phase of growth will focus on improving the offer in-store by optimising product range, lowering the cost of product, improved marketing and a focus on improved in-store efficiencies," he said.

The continuation of tough market conditions combined with some planned increases in marketing expenditure means that the business has conservatively forecast a profit of \$3 million in the 2011/12 financial year.

Speaking on behalf of the Board, Chairman John Bridgfoot said," The company has a strong and viable future as it pursues growth strategies and remains optimistic that achievement of these expected levels of profitability will create an environment able to support dividend payments in the medium-term future."

DIRECTORS' REPORT

The Directors present their report together with the financial report of the consolidated entity consisting of Australian United Retailers Ltd ("AURL") and the entities it controlled for the financial year ended 30 June 2011 and auditor's report thereon. This financial report has been prepared in accordance with Australian Accounting Standards.

Principal Activities

The principal activity of the parent entity during the financial year was the provision of retail support services to the members.

The principal activities of the Controlled entities during the financial period were:

- a) The operation of supermarkets in Australia; and
- b) The negotiation and settling of contracts for the divestment of corporate stores.

No significant change in the nature of the activities of the parent entity occurred during the year.

Results

The profit of the consolidated entity for the financial year, after providing for income tax, amounted to \$16,677,000.

\$ 000's

Review of Operations

The consolidated entity's trading profit after tax for the year ended 30 June 2011, is as follows:

| | · |
|---|--------|
| Profit for the year (Continuing operations) | 3,980 |
| Profit for the year (Discontinued Operations) | 12,697 |
| Profit for the year | 16,677 |

The Directors are pleased with progress made on the divestment program during the year with only three Corporate stores remaining at the end of the year and importantly the positive impact on the overall financial position of the consolidated entity arising from FoodWorks Retail Pty Ltd entering into a Second amendment and restatement deed with CSA Retail (Finance) Pty Ltd. The restatement deed has resulted in the forgiveness of all amounts owing under both the Transitional Funding Facility and the Deferred Credit Facility which resulted in the recognition of a non-recurring debt forgiveness income item of \$24,379,000.

As disclosed in note 18, the restatement deed includes some potential restrictions which if triggered will result in the re-instatement of the Transitional Funding Facility Reinstatement Amount. This re-instatement would equate to \$7.1 Million plus interest accruing on the facility up to the date that the triggering event occurs.

The trigger events are:

- (i) If before the end of June 2021, a change in control of the Parent Entity occurs, or
- (ii) If before the end of June 2016, a capital raise which exceeds \$6.4 million occurs.

The Directors are of the view that the restrictions are not a significant barrier to the normal operating activities of the consolidated entity and will not prevent the on-going normal business activities of the consolidated entity.

Significant Changes in State of Affairs

Except for matters described in this report, there were no significant changes in the consolidated entity's state of affairs during the financial period.

DIRECTORS' REPORT (CONT'D)

After Balance Date Events

As disclosed in note 30, in the period subsequent to 30 June 2011, the consolidated entity has:

- established a bank loan facility of \$1M with its Bankers which has enabled the consolidated entity to promptly cease operating the remaining Corporate stores and has enabled normal operations during this period, and
- closed two corporate stores and entered into an agreement to sell the remaining Corporate store by 31 December 2011.

No other matters or circumstances have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial years.

Likely Developments

The Company will continue to pursue its operating strategy to deliver quality retail support services to its Members and to finalise the sale of the remaining corporate store. In the opinion of the Directors, disclosure of any further information would be likely to result in unreasonable prejudice to the consolidated entity.

Environmental Regulation

The consolidated entity's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

Dividends Paid. Recommended, and Declared

No dividends were paid or declared since the start of the financial year. No recommendation for payment of dividends has been made.

Share Options

No options over unissued shares or interests in the consolidated entity were granted during or since the end of the financial year and there were no options outstanding at the end of the financial year.

Indemnification of Officers

All Directors of the consolidated entity have entered into a Deed of Indemnity, Insurance and Access. The premium paid in relation to the year ended 30 June 2011 was \$39,797. Disclosure of details of the policy is prohibited under the terms of the relevant insurance policy.

Apart from this, no other indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer of the consolidated entity.

Proceedings on Behalf of the Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceedings during the year.

REMUNERATION REPORT

This report outlines the remuneration arrangements in place for Directors and Key Management Personnel of the Company.

Remuneration Policy

The Board has a Remuneration & Nomination Committee whose role includes assisting the Board to establish appropriate remuneration levels and incentive policies for employees and ensuring appropriate budgets for employee salaries are adopted by the Company. The responsibilities of the Committee include:

- Setting the terms and conditions of employment for the CEO;
- Reviewing and approve policies for senior executives' remuneration;
- Reviewing and make recommendations to the Board on the Company's incentive schemes, remuneration policies and superannuation arrangements;
- Reviewing the budget for salaries and monitor expenditure against budget;
- · Reviewing the remuneration of Directors; and
- Undertaking the annual review of the CEO's performance including setting CEO goals for the coming year and reviewing progress.

The Company's remuneration policy has regard to the following principles:

- Provision of competitive remuneration to attract and retain high calibre executives on a cost effective basis for the Company;
- Rewards will take into account creation of Shareholder value;
- Inclusion of a proportion of "at risk" remuneration in remuneration packages for executives;
- Such "at risk" executive remuneration will be subject to demanding performance hurdles;
- Non-Executive Director remuneration will not include any incentive based components;
- Positioning the Company to address future opportunities and respond effectively to business threats; and
- External market remuneration data will be considered when determining executive and Non-Executive Director remuneration structures.

The primary goal of the remuneration arrangements for Key Management Personnel is to enhance the ability of the Company to meet its key strategic objectives.

This is achieved by incorporating a range of fixed and variable remuneration components, which strongly support FoodWorks' culture of rewarding excellent performance and attitude. The variable component of remuneration relates to the achievement of specific Company and individual objectives.

The remuneration package of Key Management Personnel excluding the CEO is annually assessed against relevant executive remuneration market data. In July 2010, Key Management Personnel went through the company's Annual Performance Review and an increase in line with performance and Board approval was applied. Each member of the Key Management Personnel team is eligible for a maximum incentive of 20% expressed as a percentage of total remuneration package. 50% of the incentive component is applied for the achievement of company criteria and 50% is applied to Key Performance Indicators which are negotiated for each key management person. Company criteria for the year ended 30 June 2011 comprised achievement of budgeted Profit, achievement of stretch Profit and Retailer Sales to deliver Like for Like sales by 1% above food inflation.

REMUNERATION REPORT (CONT'D)

Chief Executive Officer (CEO) Peter Noble resigned effective 30 September 2010. Rick Wight was appointed Acting CEO and then on 26 October 2010 was appointed CEO on a 3 year fixed term contract. The employment conditions comprise a fixed salary package and an annual incentive which is dependent on attainment of annual performance targets.

For Key Management Personnel, the company provides total remuneration packages and short term incentives packages. The contracts for service between the company and Key Management Personnel are on a continuing basis, the terms of which are not expected to change in the immediate future. With the exception of incentive related payments outlined above, the remuneration policy is not directly related to company performance. The board considers a remuneration policy based on short-term returns may not be beneficial to the long-term creation of wealth by the company for shareholders.

The target criteria for the incentive components of remuneration of the CEO and other Key Management Personnel are believed to be the most relevant for their particular responsibilities and their potential contribution to the Company. The criteria are both objective and subjective. Whether the objective targets are met requires comparison of actual results against the targets. Comparison of subjective targets with actual performance usually involves a discussion with the Key Management Personnel and agreement on the extent to which the target has been achieved. In each case these assessment criteria are believed to be the most relevant, given the nature of the various targets and the individuals involved.

Non-Executive Director remuneration is fixed and comprises payment for service on the Board and up to two committees. Levels of remuneration have regard to fees paid by comparable companies, time commitment and responsibilities. External remuneration consultant advice is sought periodically.

The maximum aggregate amount of fees payable to Directors for their service as Directors is subject to approval by Shareholders. No part of non-executive Director fees are linked to Company performance.

The names and positions of each person who held the position of Director at any time during the financial year is provided in the Directors Report. Key Management Personnel including those who received the highest remuneration for the financial year are:

CORPORATE GOVERNANCE STATEMENT

The Company's corporate governance practices have continued to be refined in the latest reporting period, reflecting developments within the Company and application of the Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council (ASX Principles).

These ASX Principles are primarily intended to provide guidance for ASX listed companies. Nevertheless, apart from some areas which may not be practical for small listed entities, they provide a good basis for sound governance principles in companies such as ours, and the Board therefore continues to follow the ASX Principles wherever practicable.

The main corporate governance policies and practices of the Company are set out in the statement below. They are expected to evolve further as the Company continues to move forward on its developmental path.

Recognising the interests of our stakeholders

The Company is very aware of its important relationships with its many stakeholders – including Shareholders, employees, suppliers and service providers, customers of its Shareholders, and the wider community where it's Shareholders operate. The Company takes its governance responsibilities for each of these groups very seriously.

The Company's principal shares have been listed on the National Stock Exchange of Australia (NSX) since December 2007. Listing enhances transparency and potential liquidity for share ownership. Satisfying stringent corporate governance standards was an important precondition for admission to listing on the NSX.

Testing the views of Shareholders, obtaining feedback on important directions under consideration and making a wide range of material about the Company readily available to our members are important elements in ensuring we are in-step with the aspirations of our Shareholders.

The introduction of the FoodWorks Extranet online site, available to all bannered stores, was a significant initiative, designed to keep members in-touch with Company developments. This facility has been continually developed and enhanced during the year to provide a more effective interface with our members. It includes practical assistance and information to assist members to operate and develop their businesses.

In addition, various meetings, which are attended by management, staff and Directors, provide opportunities for the distribution of information and exchange of views with members on a wide range of issues. The Annual General Meeting of Shareholders (AGM) allows Shareholders to ask questions of the Board, to express views and vote on the various items on the agenda. The Annual Report is available via the extranet for Shareholders and is available in hard copy on request.

A range of information regarding corporate governance is contained within the My Shares section of the Extranet website referred to below.

CORPORATE GOVERNANCE STATEMENT (CONT'D)

Board and Management Roles

The Board has determined those matters which are reserved for it and has determined the authority of the Chief Executive Officer (CEO).

In summary, the principal matters reserved for the Board include:

- Appointment of the CEO and Company Secretary, approval of the appointment of Executive Staff upon the recommendation of the CEO, recommendations regarding appointment and removal of the auditor, appointment of Directors to fill casual Board vacancies;
- Delegations of authority to the CEO;
- Membership and terms of reference of Board committees;
- Assessment of performance of the Company, CEO and Board;
- Succession planning for the CEO and Board members;
- Approval of remuneration and incentive policies and individual executive employment contracts;
- Dividend policy;
- Approval of the annual financial reports, and accounting policies:
- Approval of any borrowings, and financial arrangements and policies;
- Approval of strategic objectives, the strategic plan and the business plan;
- Approval of proposals for major expansion or changes to the Company's structure or relationships;
- Approval of the capital expenditure budget and major individual expense items and contracts; and
- Risk management policies and risk assessment and insurance policies.

Refer to the My Shares section of the Extranet for the full Statement of Matters Reserved for the Board.

The CEO, and by delegation to Key Management Personnel, is responsible for the development of strategy and the day-to-day management of the Company, with the powers, authorities, discretions, and delegations authorised from time to time by the Board. The CEO is also responsible for certifying in writing to the Board, in relation to annual and half year financial statements, that they give a true and fair view of the Company's financial position, are in accordance with relevant accounting standards and the Corporations Act and are founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board. In addition, the CEO provides comfort that the Company's risk management and internal compliance and control system has been operating effectively and efficiently during the period in all material respects.

A contract of engagement has been entered into with the CEO, setting out the terms and conditions of his appointment. In addition, the Company has entered into a Deed of Indemnity, Insurance and Access with each Director.

Regarding evaluation of the performance of Key Management Personnel, an ongoing participative process with the CEO is used which involves:

- Clarifying and agreeing on the outcomes/objectives of individual roles;
- Identifying the strengths of each individual and their valuable contribution to the Company;
- Monitoring the process towards the achievement of agreed outcomes and reaching agreement regarding outcomes and objectives and the strategies designed to achieve them; and
- Discussion of the reasons for the performance rating and overall specific goals obtained.

The performance review of Key Management Personnel undertaken during the year followed these principles.

CORPORATE GOVERNANCE STATEMENT (CONT'D)

Board structure and processes

Under the constitution approved by the 2007 AGM, the Board is to have between 6 and 10 Directors of whom at least four will be Retail Directors. At each AGM from 2009 the longest serving one-third of the Directors shall retire from office, but are eligible for re-election. The Board considers that three of its non-executive Directors are independent.

During the course of its annual program, which included 11 scheduled meetings plus several additional meetings in the current year, the Board examines strategic issues. It reviews and approves the Strategic Plan and Financial Budget and systematically reviews all material areas of the Company's activities, including regularly receiving reports and presentations from Key Management Personnel. The terms of reference of the Remuneration and Nomination Committee of the Board include developing and implementing a plan for identifying, assessing and enhancing Director competencies and establishing procedures for use by the Committee to evaluate the performance of the Board and each Director.

Details of the skills, experience, expertise, independent status or otherwise, and period of office of each Director, are set out in the Directors' Report.

To assist in the execution of its responsibilities, the Board currently has two Board committees - Audit and Risk and Remuneration and Nomination. These committees have written terms of reference, which are subject to ongoing review. Matters addressed by Board committees are reported to the Board following each meeting. Committees have no executive powers regarding their findings and recommendations. The Chair of each Committee is a non-executive Director. Details of Committee members and their attendance at committee meetings during the year are set out in the Directors' Report. During the year, the Corporate Stores (Viva) Committee was discontinued. No meetings of this Committee were held during the year.

Ethical and responsible decision making

The Board has adopted as its Code of Conduct, the Code of Conduct of the Australian Institute of Company Directors. This Code sets out the conduct that Shareholders would reasonably expect from their Board of Directors - including honesty and good faith, care and diligence, no misuse or abuse of the office of Director, independent judgment, confidentiality, and compliance with the letter and spirit of the law and this Code.

The Company has a Securities Trading Policy for Directors and staff.

Refer to the My Shares section of the Extranet for the full Code of Conduct and the Securities Trading Policy.

Audit and Risk Committee

The Audit and Risk Committee is responsible for reviewing the integrity of the Company's financial reporting, assessing risks arising from the operations and the adequacy of measures taken to moderate those risks, and overseeing the independence of the external auditors.

The terms of reference of the Audit and Risk Committee can be found in the My Shares section of the Extranet.

Members of the Committee throughout the year were Wayne Pattison, Fred Fairthorne, Neil Osborne and John Bridgfoot and Don Howell who was Chairman of the Committee until his retirement on 17 November 2010. Allan Burge and Malcolm Ward were appointed to the Committee on 15 December 2010 at which date Neil Osborne was elected as its Chairman. The Committee met four times in the year to 30 June 2011.

CORPORATE GOVERNANCE STATEMENT (CONT'D)

Remuneration and Nomination Committee

In relation to the remuneration aspects of its responsibilities, the role of the Remuneration and Nomination Committee is to assist the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and incentive policies for employees and ensuring appropriate salary budgets are adopted by the Company.

The Committee has developed terms of reference appropriate to the current Board structure, which include recommending size and composition of the Board, identifying and developing procedures for the appointment of new Directors, Board committee arrangements, establishing and reviewing Board succession plans, and developing and implementing a plan for identifying, assessing and enhancing Director competencies and establishing procedures for use by the Committee to evaluate the performance of the Board and each Director.

The terms of reference of the Committee can be found in the My Shares section of the Extranet.

Members of the Committee were Jack Scanlan (Chairman) and Deborah Smith throughout the year, with Janette Kendall and David Williamson appointed to the Committee on 15 December 2010. John Bridgfoot was a member throughout the year and Peter Noble was also a member until 4 August 2010. The Committee held four meetings in the year to 30 June 2011.

Corporate Stores (Viva) Committee

"Viva" is the name for the project associated with the acquisition and divestment of 22 Coles corporate stores. Initially the purpose of the Committee was to manage negotiations with the vendor of the Viva stores for the purchase of the corporate stores. Subsequently the Committee was empowered to renegotiate with the Vendor group the credit and loans repayment arrangements under the relevant agreements.

The Committee did not meet during the reporting year and was discontinued from 15 December 2010.

Members of the Committee were John Bridgfoot (Chair), Fred Fairthorne, Peter Noble (to 4 August 2010), Neil Osborne and Jack Scanlan.

Financial Reporting

In addition to annual statutory reporting requirements the Company is subject to and has complied with the half yearly reporting obligations applicable to listed public companies and the "continuous disclosure" obligations (whereby share-price-sensitive information is required to be disseminated to the market immediately) prescribed in the Corporations Act. Since listing in December 2007, the Company has also been required to comply with the Listing Rules of the NSX.

The full Continuous Disclosure policy can be found in the My Shares section of the Extranet.

Preparation of the Company's statutory financial reports is in compliance with all relevant corporate legislation and accounting standards. A pre-condition of consideration of these reports and their recommendation by the Audit and Risk Committee to the Board is the Committee's review of a statement in writing to the Board signed by the Chief Executive Officer and Chief Financial Officer. The statement certifies that the Company's financial reports present a true and fair view, in all material respects, of the Company's financial condition and operational results and are in accordance with relevant accounting standards. In addition, the integrity of the Company's risk management and internal compliance and control systems are certified.

Risk Management

The Board, through the Audit and Risk Committee, oversees the establishment, implementation and ongoing review of the Company's risk management and internal control system.

The regular monitoring and assessment of risk controls and the recommendation of appropriate risk strategies will continue to be an important part of the Audit & Risk Committee's role.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies adopted by the consolidated entity in the preparation and presentation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Basis of preparation of the financial report

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act* 2001.

The financial report covers Australian United Retailers Ltd and controlled entities as a consolidated entity. Australian United Retailers Ltd is a company limited by shares, incorporated and domiciled in Australia.

The financial report was authorised for issue by the Directors on 12 September 2011.

Compliance with IFRS

The consolidated financial statements of Australian United Retailers Ltd also comply with the International Financial reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies.

Critical Accounting Estimates

The preparation of the financial report requires the use of certain estimates and judgement in applying the entity's accounting policies. Those estimates and judgements significant to the financial report are disclosed in Note 2.

(b) Going concern

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The consolidated entity reported a profit for the year of \$16,677,000 (2010: \$26,015,000 loss) including debt forgiveness income of \$24,379,000, a Net deficiency of assets totalling \$6,012,000 (2010: Net deficiency of assets totalling \$22,689,000) and a current working capital deficit of \$6,578,000 (2010: current working capital deficit of \$7,214,000).

The Directors believe that, with the completion of the divestment program, and based on achieving the forecasted cash flows including continuous cost containment and monitoring of discretionary spending, the ongoing trading activities of the core business are expected to return the consolidated entity back to a positive net asset position.

FoodWorks Retail Pty Ltd is a wholly owned subsidiary of Australian United Retailers Limited and has entered into a Second Amendment and Restatement Deed with CSA Retail (Finance) Pty Ltd with respect to its short term and long term credit facilities which resulted in the forgiveness of all amounts owing under both the Transitional Funding Facility and the Deferred Credit Facility.

As disclosed in note 18, the potential restrictions contained in the Second Amendment and Restatement Deed includes certain conditions which if triggered will result in the re-instatement of the Transitional Funding Facility Reinstatement Amount. This re-instatement would equate to \$7.1 Million plus interest accruing on the facility up to the date that the triggering event occurs.

The trigger events are:

- (i) If before the end of June 2021, a change in control of the Parent Entity occurs, or
- (ii) If before the end of June 2016, a capital raise which exceeds \$6.4 million occurs.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Going concern (Continued)

As disclosed in note 30, in the period subsequent to 30 June 2011, the consolidated entity has:

- established a bank loan facility of \$1,000,000 with its Bankers which has enabled the prompt closure of the remaining Corporate stores and has enabled normal operations during this period, and
- has closed two corporate stores and entered into an agreement to sell the remaining Corporate store by 31 December 2011.

The bank loan facility noted above has an expected duration of 13 months but can be cancelled by the relevant Bank at short notice; The Directors believe that the Bank will continue to make the loan facility available for the duration of the loan period which will enable the business to continue to operate normally.

Should the restrictions contained in the Second Amendment and Restatement Deed be triggered or should the bank withdraw the bank loan facility, the consolidated entity may in the future not be able to pay its debts as and when they fall due and may therefore be required to realise assets and extinguish liabilities other than in the ordinary course of business with the amount realised being different from those shown in the financial statement. The financial report does not include any adjustments relating to the recoverability and classification of the recorded assets amount nor to the amounts and classifications of liabilities that may be necessary should the company and the consolidated entity not continue as a going concern.

(c) Principles of consolidation

The consolidated financial statements are those of the consolidated entity, comprising the financial statements of the parent entity and of all entities which Australian United Retailers Ltd has the power to control the financial and operating policies so as to obtain benefits from its activities. Details of the controlled entities are contained in Note 24.

The financial statements of subsidiaries are prepared for the same reporting period as the parent entity, using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies which may exist. All inter-company balances and transactions, including any unrealised profits or losses have been eliminated on consolidation. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

(d) Income Tax

Income tax expense is payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements.

A balance sheet approach is adopted under which deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are recovered or liabilities are settled. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability. An exception is made for certain temporary differences arising from the initial recognition of an asset or liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Income Tax (Continued)

Tax Consolidation

The parent entity and its controlled entities have formed an income tax consolidated group under the tax consolidation legislation. The parent entity is responsible for recognising the current tax liabilities and deferred tax assets arising in respect of tax losses, for the tax consolidated group. The tax consolidated group has also entered into a tax funding agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the tax consolidated group.

(e) Finance Costs

Finance costs can include interest, amortisation of discounts or premiums relating to borrowings, ancillary costs incurred in connection with arrangement of borrowings, foreign exchange losses net of hedged amounts on borrowings, including trade creditors and lease finance charges.

Finance costs are expensed as incurred.

(f) Impairment

Assets with an indefinite useful life are not amortised but are tested annually for impairment in accordance with AASB 136. Assets subject to annual depreciation or amortisation are reviewed for impairment whenever events or circumstances arise that indicate that the carrying amount of the asset may be impaired.

An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use.

(g) Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosure

(h) Revenue recognition

Revenue from sale of goods is recognised upon the delivery or provision of goods to the customer.

Interest revenue is recognised when it becomes receivable on a proportional basis taking into account the interest rates applicable to the financial assets.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customer.

Revenue from the sale of stores is recognised as at settlement date.

Rent received from operating leases is recognised on a straight-line basis over the term of the lease agreement.

Other revenue is recognised when the right to receive the revenue has been established.

All revenue is stated net of the amount of goods and services tax (GST).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Inventories

Inventories are measured at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- (i) Merchandising signage purchase cost on a first-in-first-out basis
- (ii) Stock of goods are measured at the lower cost and net realisable value. Cost comprises purchase price and associated delivery costs. Costs are assigned to individual items of inventory on the basis of current purchase costs (excluding any short term promotional support). Costs of purchased inventory are determined after deducting any rebate entitlements attached specifically to that inventory.

(j) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions and bank overdrafts. Bank overdrafts are shown within short term borrowings in current liabilities on the statement of financial position.

(k) Receivables

Trade receivables are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

An estimate for impairment is made when there is objective evidence that the Group will not be able to collect the debts. Bad debts are written-off when identified.

Other receivables relate principally to GST refunds and expense reimbursements outstanding at balance date and are carried at the nominal amount due.

Receivables from related parties are recognised and carried at the nominal amount due less impairment loss.

Interest is taken up as income on an accruals basis. A receivable for interest accrued is recognised using the effective interest method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

(I) Investments and other financial assets

The Group has investments in controlled entities.

Investments in controlled entities

All investments are initially recognised at cost, being the fair value of the consideration given. Acquisition costs are recognised in the statement of comprehensive income. After initial recognition, investments in controlled entities are measured at fair value, having regard to underlying net assets of the controlled entities. Any diminution in value is recorded separately as a reduction in recoverable amount of the investment.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(m) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Property, plant and equipment

Property, plant and equipment is measured on the cost basis.

Depreciation

The depreciable amount of all fixed assets are depreciated over their estimated useful lives to the company commencing from the time the asset is held ready for use.

Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of assets are:

| Class of fixed asset | Depreciation rates | Depreciation basis |
|----------------------------------|--------------------|--------------------|
| Leasehold improvements | 16.67 - 25 % | Straight Line |
| Property, plant and equipment | 12.5 - 33 % | Straight Line |
| Motor Vehicles | 23% | Straight Line |
| Furniture, Fixtures and Fittings | 7.5 - 20 % | Straight Line |
| Computer Equipment | 33% | Straight Line |

Impairment

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

The recoverable amount of plant and equipment is the greater of fair value less costs to sell and historical cost.

An impairment exists when the carrying value of an asset or cash-generating unit exceeds its estimated recoverable amount. The asset or cash generating unit is then written-down to its recoverable amount.

Derecognition and disposal

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the statement of comprehensive income in the period the item is derecognised.

(n) Employee Benefits

Liabilities arising in respect of wages and salaries, annual leave, sick leave and any other employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled. All other employee benefit liabilities are measured at the present value of the estimated future cash outflow to be made in respect of services provided by employees up to the reporting date.

Contributions made by the company to an employee superannuation fund are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payment is available.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(o) Financial Instruments

Classification

The group classifies its financial instruments in the following categories: loans and receivables and financial liabilities. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its financial instruments at initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are measured at fair value at inception and subsequently at amortised cost using the effective interest rate method.

Non-interest bearing loans and receivables are designated as receivable 'at call' and are therefore carried at face value.

Financial liabilities

Financial liabilities include trade payables, other creditors and loans from third parties including inter-company balances and loans from or other amounts due to director-related entities.

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

Non-interest bearing loans and payables are payable on demand and are therefore carried at face value.

(p) Leases

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

The cost of improvements to or on leasehold property is capitalised, disclosed as leasehold improvements, and amortised over the unexpired period of the lease or the estimated useful lives of the improvements, whichever is shorter.

Operating Leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

(q) Trade and other payables

Trade payables and other payables are carried at amortised costs and represent liabilities for goods and services provided to the Group prior to the end of financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(r) Business combinations

The purchase method of accounting is used to account for all business combinations, including business combinations involving entities or businesses under common control, regardless of whether equity instruments or other assets are acquired. Cost is measured as the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange plus costs directly attributable to the acquisition. Where equity instruments are issued in an acquisition, the fair value of the instruments is their published market price as at the date of exchange unless, in rare circumstances, it can be demonstrated that the published price at the date of exchange is an unreliable indicator of fair value and that other evidence and valuation methods provide a more reliable measure of fair value. Transaction costs arising on the issue of equity instruments are recognised in the statement of comprehensive income.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any minority interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill (refer to note 1(s)). If the cost of acquisition is less than the Group's share of the fair value of the identifiable net assets of the subsidiary acquired, the difference is recognised directly in the statement of comprehensive income, but only after a reassessment of the identification and measurement of the net assets acquired.

(s) Intangibles

Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the consolidated entity's share of net identifiable assets of the acquired entities at the date of acquisition.

Goodwill is not amortised but is tested annually for impairment, or more frequently if events or changes in circumstances indicate that it might be impaired. Goodwill is carried at cost less accumulated impairment losses.

(t) Interest-bearing loans and borrowings

All loans and borrowings are initially recognised at fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any issue costs, and any discount or premium on settlement.

Gains and losses are recognised in the statement of comprehensive income when the liabilities are derecognised as well as through the amortisation process.

(u) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

If the effect of time value of money is material, provisions are determined by discounting the expected future cashflows at a pre-tax rate that reflects current market assessments of the time value of money and where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(v) Contributed equity

Issued and paid-up capital is recognised at the fair value of the consideration received by the Company.

Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

(w) Foreign currency

Both the functional and presentation currency of Australian United Retailers Limited and its subsidiaries is Australian dollars (A\$).

(x) Earnings/(loss) per share (EPS)

Basic EPS is calculated as net profit attributable to members, divided by the weighted average number of preference shares.

Diluted EPS is calculated as the net profit attributable to members, divided by the weighted average number of preference shares and dilutive potential preference shares.

(y) Rounding of amounts

The consolidated entity has applied the relief available under ASIC Class Order CO 98/0100 and accordingly, amounts in the consolidated financial statements and Directors' report have been rounded off to the nearest thousand dollars, or in certain cases, to the nearest dollar.

(z) New Accounting standards and interpretations

A number of accounting standards and interpretations have been issued at the reporting date but are not yet effective. The Directors have not yet assessed the impact of these standards or interpretations.

(aa) Non-current assets held for sale

Non-current assets are classified as held for sale and stated at the lower of their carrying value and fair value less costs to sell. If their carrying amount will be recovered principally through a sale transaction rather than through continuing use an impairment loss is recognised for any initial or subsequent write down of the assets to their fair value less costs to sell.

The impairment for the corporate owned stores is based on the actual contracted prices of the stores already sold, for the other stores, expressions of interest were used for the impairment of these assets after taking into consideration of any selling costs.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

2. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are based on past performance and management's expectation for the future. The group makes certain estimates and assumptions concerning the future, which, by definition will seldom represent actual results. The estimates and assumptions that have a significant inherent risk in respect of estimates based on future events which could have a material impact on the assets and liabilities in the next financial year are discussed below:

(a) Income taxes

Income tax benefits are based on the assumption that no adverse change will occur in the income tax legislation and the anticipation that the group will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

(b) Employee benefits

Calculation of long term employment benefits requires estimation of the retention of staff, future remuneration levels and timing of the settlement of the benefits. The estimates are based on historical trends.

(c) Closure costs

Calculation of the provision for expected closure costs associated with the store divestment program requires estimation of the proceeds on closure of the store, make-good, redundancy and any on-going rental obligations. The estimates are based on contractual agreements.

3. SEGMENT INFORMATION

(a) Descriptions of segments

The consolidated entity has two reportable segments as described below:

Segment 1: The provision of retail support services to its members solely in Australia are reported in the continuing operations throughout this report.

Segment 2: The retail stores operate solely in Australia and are reported as discontinued operations throughout this report.

4. FINANCIAL RISK MANAGEMENT

The group's financial instruments consist mainly of deposits with banks, accounts receivable and payable. The main purpose of non-derivative financial instruments is to raise finance for group operations.

The group does not have any derivative instruments.

Market risk

The main risks the group is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

Interest rate risk

Cash deposits and interest bearing debt attract interest at the prevailing floating interest rate. See Note 26. Interest rate risk is managed by maintaining competitive interest rates or fixing rates as may be appropriate. If interest rates were to increase/decrease by 100 basis points (bps) as at the reporting date, then the impact on profit for the year and equity is as follows:

| | 2011 | 2010 |
|--------------------------|--------|--------|
| | \$'000 | \$'000 |
| +/- 100bps variation | +/ - | +/ - |
| Impact on pre-tax profit | 2 | 49 |
| Tax effect | | - |
| Impact on equity | 2 | 49 |

Foreign currency risk

The group is not exposed to fluctuations in foreign currencies.

Liquidity risk

The group manages liquidity risk by forecasting and monitoring cash flows on a continual basis. The group has access to adequate financing facilities. Refer Note 22(c) for available and used lending facilities.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

4. FINANCIAL RISK MANAGEMENT (CONT'D)

Credit risk

The maximum exposure to credit risk at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

The consolidated entity does not have material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the consolidated entity.

Fair value

The fair value of financial assets and financial liabilities approximates their carrying amounts as disclosed in the statement of financial position and notes to the financial statements.

Recognition of deferred tax assets

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, to the extent that it is probable that taxable income will be available against which the deductible temporary differences and the carry forward unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

9. DISCONTINUED OPERATIONS

The 22 corporate stores purchased from Coles from acquisition date (see Note 25) through to divestment, closure or reporting date all contribute to the results of the discontinued operations as included in the consolidated financial statements.

During the year 17 of the 20 stores that remained at the end of last year were divested. In addition FoodWorks Retail Pty Ltd entered into a Second Amendment and Restatement Deed with CSA Retail (Finance) Pty Ltd which resulted in the forgiveness of all amounts owing under both the Transitional Funding Facility and the Deferred Credit Facility. This resulted in the recognition of a non-recurring debt forgiveness income item of \$24,379,000. The divestment program continued to progress with a further two stores closing in the period subsequent to balance date and agreement achieved on the sale of the remaining store (see note 30).

Provision for impairment:

Trade receivables are non interest bearing with 30 day terms. An impairment loss is recognised when there is objective evidence that an individual trade receivable is impaired. The impairment losses have been included within the administrative expenses in the Consolidated Income Statement. All trade receivables that are not impaired are expected to be received within trading terms.

Movements in the provision for impairment were:

Impairment charge

The recoverable amount of a cash generating unit (CGU) is based on present value less costs to sell. The consolidated entity commenced the divestment process of its corporate owned stores in the year ended 30 June 2010. The Directors have taken the view that the value of property plant and equipment be impaired to its recoverable amount. The value of the assets held for sale is disclosed in note 16.

(a) Terms and conditions relating to CSA Retail (Finance) Pty Ltd facilities:

- (i) As at 30 June 2011 the consolidated entity had no existing credit facilities with CSA Retail (Finance) Pty Ltd except for the outstanding guarantees disclosed in note 22(c). In the period subsequent to balance date a bank loan facility was established as disclosed in note 30.
- (ii) As at 30 June 2010, three credit facilities existed via FoodWorks Retail Pty Ltd with CSA Retail (Finance) Pty Ltd as the financier. The details are as follows:
 - 3 year amortising deferred credit facility of \$35,000,000 (Deferred Credit Facility);
 - 1 year amortising non-revolving cash advance facility of \$11,875,000 (Transitional Funding Facility);
 - 1 year non-revolving cash advance facility of \$3,500,000 (Working Capital Facility); and
 - a guarantee facility of up to \$3,997,000

These facilities are secured by a fixed and floating charge over the assets of FoodWorks Retail Pty Ltd, the shares of FoodWorks Retail Pty Ltd held by the Company and a mortgage over all leases held by FoodWorks Retail Pty Ltd.

The original conditions around the loans included:

Fixed charge cover ratio to exceed quarterly tests as set by the financier Net leverage ratio must not exceed quarterly tests as set by the financier.

These conditions were amended by the Financier on 28 June 2011 when a Second Amendment and Restatement Deed was entered into whereby all outstanding amounts under the facilities and all facility limits were reduced to Nil (2010: \$22,749,000),(including all capitalised costs, fees and interest owing or remaining unpaid).

The Second Amendment and Restatement Deed includes the following conditions which if triggered will result in the re-instatement of the Transitional Funding Facility Reinstatement Amount which equates to \$7,100,000 plus interest accruing on the facility up to the date that the triggering event occurs.

The trigger events are:

- (i) If before the end of June 2021, a change in control of the Parent Entity occurs, or
- (ii) If before the end of June 2016, a capital raise which exceeds \$6.4 million occurs.

(b) Onerous Contract Provision

An onerous contract provision is an unavoidable contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

The discontinued operations had one such contract which related to in-store equipment. The contract was considered onerous as it related to a minimum volume and involved timeframes that would never be required under the store divestment program.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2011 (CONT'D)

All entities have a balance date of 30 June 2011. All voting power is reflective of the ownership interest.

25. BUSINESS COMBINATIONS (CONT'D)

During the year ended 30 June 2010, the consolidated entity acquired 11 legal entities from Coles Supermarkets Australia Pty Ltd and Bi-Lo Pty Ltd being FW Retail Holdings Pty Ltd, FW Viva 1 Pty Ltd, FW Viva 3 Pty Ltd, FW Viva 5 Pty Ltd, FW Viva 8 Pty Ltd, FW Viva 9 Pty Ltd, FW Viva 10 Pty Ltd, FW Viva 11 Pty Ltd, FW Viva 15 Pty Ltd and FW Viva 17 Pty Ltd.

The entities were acquired to facilitate the purchase of 22 formerly owned Coles supermarkets, four with adjoining liquor outlets during the period. The acquisitions were staggered throughout the period and as such the group is unable to quantify what the revenue and operating results of the combined entity would be as though all acquisitions were completed on 1 July 2009.

Details of the transaction are contained in the table on the following page.

During the year ended 30 June 2010, FoodWorks Retail Pty Ltd disposed of:

- a business acquired in FW Viva 3 Pty Ltd was sold on 21 June 2010 for a total consideration of \$2,101,000, realising a profit on sale of \$1,469,000, and
- One of the businesses acquired in FW Viva 17 Pty Ltd (Sydney CBD), was closed and the loss on closure of the business was \$51,000.

DIRECTORS DECLARATION

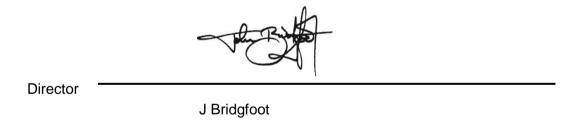

The directors declare that the financial statements and notes set out on pages 19 to 60 are in accordance with the *Corporations Act 2001*:

- (a) Comply with Accounting Standards and the *Corporations Regulations 2001*, and other mandatory professional reporting requirements; and
- (b) As stated in Note 1, the financial statements also comply with *International Financial Reporting Standards*; and
- (c) Give a true and fair view of the financial position of the company and the consolidated entity as at 30 June 2011 and of their performance as represented by the results of their operations, changes in equity and their cash flows, for the year ended on that date.

In the directors' opinion, having regard to those matters discussed in note 1(b) in relation to the going concern basis on which the accounts are prepared, there are reasonable grounds to believe that Australian United Retailers Ltd will be able to pay its debts as and when they become due and payable.

This declaration has been made after receiving the declarations required to be made by the Chief Executive Officer and Chief Financial Officer to the directors in accordance with sections 295A of the *Corporations Act 2001* for the financial period ending 30 June 2011.

Signed in accordance with a resolution of the Board of Directors:

Dated this 12th day of September 2011

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALIAN UNITED RETAILERS LTD

Report on the Financial Report

We have audited the accompanying financial report of Australian United Retailers Ltd and controlled entities, which comprises the consolidated statement of financial position as at 30 June 2011, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALIAN UNITED RETAILERS LTD

Opinion

In our opinion:

- (a) the financial report of Australian United Retailers Ltd is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001; and
- (b) the consolidated financial report also complies with *International Financial Reporting Standards* as disclosed in Note 1.

Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 1 (b) Going Concern in the financial report which indicates that the consolidated entity incurred a net profit of \$16,677,000 (30 June 2010: net loss \$26,015,000) including debt forgiveness income of \$24,379,000. As at that date, the consolidated entity's current liabilities exceeded current assets by \$6,578,000 (30 June 2010: \$7,214,000) and total liabilities exceed total assets by \$6,012,000 (30 June 2010: \$22,689,000). These conditions, along with other matters set forth in Note 1(b) Going Concern, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business.

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 9 to 12 of the directors' report for the year ended 30 June 2011. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion, the Remuneration Report of Australian United Retailers Ltd and controlled entities for the year ended 30 June 2011 complies with section 300A of the *Corporations Act 2001*.
