**C. Service agreements**

On appointment to the Board, all new non-executive directors enter into a service agreement with the company in the form of a letter of appointment. This letter summarises the appointment terms, director's duties, obligations and remuneration.

Employment contracts with executives nominated below may be terminated by the company twelve months notice, subject to termination payments as detailed below. The Directors have suspended indefinitely Directors Fees and Directors remuneration due to the current stock market conditions and the difficulty in raising capital to pursue the Companies investment objectives. In light of the capital raising in January 2011 and the non-payment of any Directors fees from October 2008, Directors resolved to make a total payment of \$100,000 for Directors fees.

*Jack Tan – Chairman & executive Director*

- Term of agreement – from 30 November 2007 for an unspecified period with 12 months notice of termination or immediate termination in the event of gross misconduct.
- Base remuneration for the year ended 30 June 2009 of \$60,000 (pro-rata) plus 9% superannuation with at least 2 days per week devoted to company business. Entitled to pro-rata annual & sick leave. Jack Tan has from October 2008 discontinued his remuneration package.
- Directors resolved to make a payment of \$50,000 in the year ended 30 June 2011.

*Lawrence Nguyen – Managing Director (from 16 February 2007)*

- Term of agreement – from 30 November 2007 for an unspecified period with 12 months notice of termination or immediate termination in the event of gross misconduct.
- Base remuneration for the year ended 30 June 2008 of \$84,000 (pro-rata) plus 9% superannuation with at least 3 days per week devoted to company business. Entitled to pro-rata annual & sick leave. Lawrence Nguyen has from October 2008 discontinued his remuneration.
- Directors resolved to make a payment of \$30,000 remuneration for the year ended 30 June 2011.

**D Share-based Compensation**

**Directors Share Options**

No Options were issued during the year and after year end to the date of this report by Timah Resources Limited to a director or any of the most highly remunerated officers as part of their remuneration.

**E Additional information**

No cash bonuses, loans or other remuneration has been paid to Key Management Personnel.

This Report of the Directors, incorporating the Remuneration Report, is signed in accordance with a resolution of the Board of directors.

On behalf of the Directors.

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies**

#### **Basis of Preparation**

This general purpose financial report has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accrual basis and is based on historical cost, where applicable, by the measurement of fair value of selected non-current assets, financial assets and financial liabilities.

#### **(a) Going Concern**

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal trading activities and realisation of assets and settlement of liabilities in the normal course of business.

The company has made an operating loss of \$733,205 during the year ended 30 June 2011 and also has a deficiency of net assets as 30 June 2011 of \$13,839 (30 June 2010: \$303,927).

The directors nevertheless believe that it is appropriate to prepare the financial report on a going concern basis as one director has guaranteed to provide continued financial support for 12 months period from the date of this Financial Report and in the event that further working capital is required, the directors believe they can secure further equity-raising. The going concern basis used in the preparation of the financial report may not be appropriate if the directors do not provide their continuous financial support, the equity raising is not successful, and the business does not generate sufficient positive cash flows in the future. In this event, the company may not be able to realise the full value of its assets and extinguish its liabilities, in the normal course of business at the amount stated in the financial report.

The financial report does not include any adjustments relating to the recoverability or classification of recorded asset amounts or classification of liabilities that might be necessary should the entity not be able to continue as a going concern.

#### **(b) Revenue Recognition**

Revenue from the rendering of a service is recognised upon delivery of the service to the customer.

Dividends received shall be recognised as revenue when the right to receive the dividend has been established.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

All revenue is stated net of the amount of goods and services tax (GST).

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(c) Income Tax**

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

#### **(d) Exploration and evaluation expenditure**

Exploration and evaluation costs are capitalised as exploration and evaluation assets on a project-by-project basis pending determination of the technical feasibility and commercial viability of the project. The capitalised costs are presented as both tangible or intangible exploration and evaluation assets according to the nature of the assets acquired. When a licence is relinquished or a project abandoned, the related costs are recognised in the profit or loss immediately.

Exploration and evaluation assets are assessed for impairment if (i) sufficient data exists to determine technical feasibility and commercial viability, and (ii) facts and circumstances suggest that the carrying amount exceeds the recoverable amount. For the purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units consistent with the determination of reportable segments.

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(d) Exploration and evaluation expenditure (continued)**

Upon determination of proven reserves, intangible exploration and evaluation assets attributable to those reserves are first tested for impairment and then reclassified from exploration and evaluation assets to a separate category within tangible assets.

Amortisation is not charged on exploration and evaluation assets until they are available for use.

Pre-licence costs are recognised in profit or loss as incurred. Expenditure deemed unsuccessful is recognised in profit or loss immediately.

#### **(e) Foreign Currency Transactions and Balances**

Foreign currency transactions during the year are converted to Australian currency at the rates of exchange applicable at the dates of the transactions. Amounts receivable and payable at balance date are converted at the rates of exchange ruling at that date. The gains or losses from conversion of short-term assets and liabilities, whether realised or unrealised, are included in the result before income tax as they arise.

#### **(f) Receivables**

Trade receivables are recognised when the risks and rewards of ownership of the underlying sales transactions have passed to customers. This event usually occurs when services are provided to customers. Trade receivables are recorded at nominal amounts. Trade receivables are usually settled within 30 days. Collectability of overdue accounts is assessed on an ongoing basis. Specific provision is made for all doubtful accounts.

#### **(g) Plant and Equipment**

Each class of plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income.

The depreciable amount of all fixed assets is depreciated on a diminishing value basis over their estimated useful lives to the entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

<b>Class Of Fixed Asset</b>	<b>Depreciation Rate</b>
<u>Plant &amp; Equipment</u>	<u>5 - 25%</u>

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at each balance sheet date.

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(h) Financial instruments**

##### *Initial Recognition and Measurement*

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the entity becomes a party to the contractual provisions of the instrument. Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

##### *Derecognition*

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity is no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

##### *Classification and Subsequent Measurement*

##### *i. Financial assets at fair value through profit or loss*

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Realised and unrealised gains and losses arising from changes in fair value are included in profit or loss in the period in which they arise.

##### *ii. Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

##### *iii. Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the entity's intention to hold these investments to maturity. They are subsequently measured at amortised cost.

##### *iv. Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

##### *v. Financial Liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

#### **Fair value**

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(h) Financial instruments (continued)**

##### **Impairment**

At each reporting date, the entity assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

#### **(i) Trade and Other Payables**

These amounts represent unpaid liabilities for goods received by and services provided to the Entity prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually settled within 30 days.

#### **(j) Impairment of Assets**

At each reporting date, the Entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the assets carrying value. Any excess of the assets carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

#### **(k) Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs.

#### **(l) Goods and Services Tax (GST)**

Revenue, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. In the statement of financial position, trade receivables and payables are shown inclusive of GST.

Cash flows are presented in the statement of cash flow on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### **(m) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less.

#### **(n) Earnings per share**

##### **(i) Basic earnings per share**

Basic earnings per share is determined by dividing the loss after income tax attributable to members of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(n) Earnings per share (continued)**

##### *(ii) Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

#### **(o) Issued Capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options, associated with the acquisition of a business, are included as part of the purchase consideration.

#### **(p) Critical Accounting Estimates & Judgements**

Estimates and judgements are continually evaluated and are based on historical knowledge and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

##### *Key estimates*

##### *(i) Impairment*

The entity assesses impairment at each reporting date by evaluating conditions and specific to the entity that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value in use calculations which incorporate various key assumptions.

#### **(q) New accounting standards and interpretations**

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods and which the Group has decided not to early adopt. A discussion of those future requirements and their impact on the Group is as follows:

- AASB 9: Financial Instruments (December 2010) (applicable for annual reporting periods commencing on or after 1 January 2013).  
  
This Standard is applicable retrospectively and includes revised requirements for the classification and measurement of financial instruments, as well as recognition and derecognition requirements for financial instruments. The Group has not yet determined any potential impact on the financial statements.
- AASB 124: Related Party Disclosures (applicable for annual reporting periods commencing on or after 1 January 2011).  
  
This Standard removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities and clarifies the definition of a "related party" to remove inconsistencies and simplify the structure of the Standard. No changes are expected to materially affect the Group.
- AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010–2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements [AASB 1, 2, 3, 5, 7, 8, 101, 102, 107, 108, 110, 111, 112, 116, 117, 119, 121, 123, 124, 127, 128, 131, 133, 134, 136, 137, 138, 140, 141, 1050 & 1052 and Interpretations 2, 4, 5, 15, 17, 127, 129 & 1052] (applicable for annual reporting periods commencing on or after 1 July 2013).

## **NOTES TO THE FINANCIAL STATEMENTS** **FOR THE YEAR ENDED 30 JUNE 2011**

### **Note 1 – Statement of significant accounting policies (continued)**

#### **(q) New accounting standards and interpretations (continued)**

Since the Group is a for-profit private sector entity that has public accountability, it does not qualify for the reduced disclosure requirements for Tier 2 entities.

- AASB 2009–12: Amendments to Australian Accounting Standards [AASBs 5, 8, 108, 110, 112, 119, 133, 137, 139, 1023 & 1031 and Interpretations 2, 4, 16, 1039 & 1052] (applicable for annual reporting periods commencing on or after 1 January 2011).

This Standard makes a number of editorial amendments to a range of Australian Accounting Standards and Interpretations, including amendments to reflect changes made to the text of IFRSs by the IASB. The Standard also amends AASB 8 to require entities to exercise judgment in assessing whether a government and entities known to be under the control of that government are considered a single customer for the purposes of certain operating segment disclosures. The amendments are not expected to impact the Group.

- AASB 2009–14: Amendments to Australian Interpretation – Prepayments of a Minimum Funding Requirement [AASB Interpretation 14] (applicable for annual reporting periods commencing on or after 1 January 2011).

This Standard is not expected to impact the Group.

- AASB 2010–4: Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project [AASB 1, AASB 7, AASB 101 & AASB 134 and Interpretation 13] (applicable for annual reporting periods commencing on or after 1 January 2011).

This Standard details numerous non-urgent but necessary changes to Accounting Standards arising from the IASB's annual improvements project.

This Standard is not expected to impact the Group.

- AASB 2010–5: Amendments to Australian Accounting Standards [AASB 1, 3, 4, 5, 101, 107, 112, 118, 119, 121, 132, 133, 134, 137, 139, 140, 1023 & 1038 and Interpretations 112, 115, 127, 132 & 1042] (applicable for annual reporting periods beginning on or after 1 January 2011).

This Standard makes numerous editorial amendments to a range of Australian Accounting Standards and Interpretations, including amendments to reflect changes made to the text of IFRSs by the IASB. However, these editorial amendments have no major impact on the requirements of the respective amended pronouncements.

- AASB 2010–6: Amendments to Australian Accounting Standards – Disclosures on Transfers of Financial Assets [AASB 1 & AASB 7] (applicable for annual reporting periods beginning on or after 1 July 2011).

This Standard is not expected to impact the Group.

- AASB 2010–7: Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127] (applies to periods beginning on or after 1 January 2013).

This Standard makes amendments to a range of Australian Accounting Standards and Interpretations as a consequence of the issuance of AASB 9: Financial Instruments in December 2010. Accordingly, these amendments will only apply when the entity adopts AASB 9.

As noted above, the Group has not yet determined any potential impact on the financial statements from adopting AASB 9.

- AASB 2010–8: Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets [AASB 112] (applies to periods beginning on or after 1 January 2012).

This Standard makes amendments to AASB 112: Income Taxes.

The amendments are not expected to impact the Group.

This Standard makes amendments to AASB 1: First-time Adoption of Australian Accounting Standards.  
This Standard is not expected to impact the Group.
- AASB 2010–10: Further Amendments to Australian Accounting Standards – Removal of Fixed Dates for First-time Adopters [AASB 2009–11 & AASB 2010–7] (applies to periods beginning on or after 1 January 2013).  
This Standard is not expected to impact the Group.

### **Note 2 - Financial Risk Management**

The entity's activities expose it to a variety of financial risks; market risk, credit risk, liquidity risk and cash flow interest rate risk. The entity's overall risk management program focuses on managing these risks and implementing and monitoring of controls around the cash management function. The entity's principal financial instruments consist of cash and cash equivalents and shares in listed Vietnamese Companies.

The entity management of treasury activities is centralised and governed by policies approved by the Board of Directors. The Board provides principles for overall risk management, as well as policies covering specific areas, such as identifying risk exposure, analysing and deciding upon strategies and performance measurement.

The entity held the following financial instruments

	2011 \$	2010 \$
<b>Financial assets</b>		
Cash & cash equivalents	36,043	83,817
Financial assets at fair value through profit or loss	-	215,651

<b>Financial liabilities</b>		
Trade and other payables	<u>169,894</u>	<u>24,213</u>
	<u>169,894</u>	<u>24,213</u>

#### **(a) Interest rate risk**

The entity's cash-flow interest rate risk primarily arises from cash at bank and deposits subject to market bank rates. Generally, no interest is receivable or payable on the entity trade and other receivables or payables.

#### **(b) Liquidity risk**

Prudent liquidity risk management implies maintaining sufficient cash reserves to meet the ongoing operational requirements of the business. It is the entity's policy to maintain sufficient funds in cash and cash equivalents. Furthermore, the entity monitors its cash requirements and raises equity funding as and when appropriate to meet such planned requirements. The financial assets and liabilities detailed in the table above are considered by the directors to have maturity within 1 year.

#### **(c) Foreign exchange risk**

The entity operates internationally and is exposed to foreign exchange risk arising from various currencies, primarily with respect to the US dollar and the Vietnamese Dong. The entity has material currency risk as some cash and the shares in listed Vietnamese Companies are held in Vietnamese Dong. The carrying amount of the commercial transactions and recognised financial assets and liabilities are all in Australian currency.

### **Note 2 - Financial Risk Management (continued)**

#### *(d) Credit risk*

The entity has treasury policies in place for deposit transactions for such transactions to be conducted with financial institutions with a minimum credit rating.

The credit risk on financial assets which have been recognised on the balance sheets is generally the carrying amount, net of any provisions. At balance date, cash and deposits were held with ANZ in Australia and by ANZ & SSI in Vietnam. For receivables refer to note 8.

The credit risk with respect to current and non-current receivables is in respect of its bankers.

#### *(e) Price risk*

The entity does not have any direct material market or commodity price risk relating to its financial assets or liabilities.

### **Note 3 Segment Information**

The Group has adopted AASB 8 Operating Segments and AASB 2007-3 Amendments to Australian Accounting Standards arising from AASB 8 with effect from 1 January 2009. AASB 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (CODM) in order to allocate resources to the segment and to assess its performance. In contrast, the predecessor Standard (AASB 114 Segment Reporting) required an entity to identify two sets of segments (business and geographical), using a risks and rewards approach, with the entity's "system of internal financial reporting to key management personnel" serving only as the starting point for the identification of such segments.

The Group operates in a single segment being minerals exploration in Australia. During the year Timah has changed its segment from investments in securities of listed and unlisted companies in Vietnam to minerals exploration on Australia. Shareholders approved this change of direction at a General Meeting held 7 January 2011.

Vietnam Emerging Capital Limited holds a 40% interest in Lac Trung Development Investment Joint Stock Company ('LTDI'). The principle activity is the proposed construction of a 12 level office building at Quang Trung Software City, District 12, Ho Chi Minh City (approximately 15 minutes from Tan Son Nhat International Airport). LTDI commissioned Savills Vietnam Ltd to provide a valuation report on the land for investment purposes that has supported the valuation at cost. The valuation provided is based on a discounted cash flow of future estimated rental earnings of the building development using market and non-market based assumptions. The valuation report is used to support the carrying value of the interest in the joint venture in 2010. The carrying value of the Joint Venture entity has been fully impaired for the year ending 30 June 2010 and 30 June 2011 on the basis that the joint venture partners have not been able to attract debt funding to progress the project and although the directors have negotiated with parties interested in purchasing our interest, the directors have not been able to conclude a sale of the Company's holding. The impairment loss has been recognised in the statement of comprehensive income during the year and is presented as 'Impairment of Interest in Joint Venture Entity'.

ABN 69 123 981 537**

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS  
OF TIMAH RESOURCES LIMITED (FORMERLY VIETNAM CAPITAL LIMITED)**

**Report on the Financial Report**

We have audited the accompanying financial report of Timah Resources Limited, which comprises the statement of financial position as at 30 June 2011, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of the company.

**Directors' Responsibility for the Financial Report**

The directors of the company are responsible for the preparation and fair presentation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101: Presentation of Financial Statements that the financial statements comply with International Financial Reporting Standards (IFRS).

**Auditor's Responsibility**

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Independence**

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS  
OF TIMAH RESOURCES LIMITED (FORMERLY VIETNAM CAPITAL LIMITED)**

**Auditor's Opinion**

In our opinion:

- a. the financial report of Timah Resources Limited is in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the company's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Regulations 2001*;
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

**Emphasis of Matter**

Without qualifying our opinion, we draw attention to Note 1(a) in the financial report which indicates that the company had incurred a net loss of \$733,205 during the year ended 30 June 2011 and, as of that date, the company's current liabilities exceeded its total assets by \$13,839. These conditions, along with other matters as set forth in Note 1(a), indicate the existence of a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern and therefore, the company may be unable to realise its assets and discharge its liabilities in the normal course of business and or the amounts stated in the financial report.

**Report on the Remuneration Report**

We have audited the Remuneration Report included in pages 6 to 8 of the report of the directors for the year ended 30 June 2011. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with Section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

**Auditor's Opinion**

In our opinion, the Remuneration Report of Timah Resources Limited for the year ended 30 June 2011 complies with section 300A of the *Corporations Act 2001*.

## Corporate governance

The Board of Directors of the Company will be responsible for the corporate governance of the Company including its strategic development.

The Company's corporate governance principles and policies are structured as follows:

<i>Principle 1</i>	<i>Lay solid foundations for management and oversight</i>
<i>Principle 2</i>	<i>Structure the Board to add value</i>
<i>Principle 3</i>	<i>Promote ethical and responsible decision making</i>
<i>Principle 4</i>	<i>Safeguard integrity in financial reporting</i>
<i>Principle 5</i>	<i>Make timely and balanced disclosure</i>
<i>Principle 6</i>	<i>Respect the rights of Shareholders</i>
<i>Principle 7</i>	<i>Recognise and manage risk</i>
<i>Principle 8</i>	<i>Remunerate fairly and responsibly</i>

**(a) Board responsibilities**

The Board will be accountable to the Shareholders for the performance of the Company and will have overall responsibility for its operations. Day to day management of the Company's affairs, and the implementation of the corporate strategy and policy initiatives, will be formally delegated by the Board to the CEO.

The key responsibilities of the Board will include:

- approving the strategic direction and related objectives of the Company and monitoring management performance in the achievement of these objectives;
- adopting budgets and monitoring the financial performance of the Company;
- reviewing the performance of the CEO;
- overseeing the establishment and maintenance of adequate internal controls and effective monitoring systems;
- ensuring all major business risks are identified and effectively managed; and
- ensuring that the Company meets its legal and statutory obligations.

For the purposes of the proper performance of their duties, the Directors are entitled to seek independent professional advice at the Company's expense, unless the Board determines otherwise. The Board schedules meetings on a regular basis and other meetings as and when required.

**(b) Size and Composition of the Board**

The Directors consider the size and composition of the Board are appropriate given the size and status of the Company. However the composition of the Board will be subject to review in a number of ways.

- The Constitution provides that at every annual general meeting, one third of the Directors shall retire from office but may stand for re-election.
- Board composition will be also reviewed periodically either when a vacancy arises or if it is considered the Board would benefit from the services of a new director, given the existing mix of skills and experience of the Board, which should match the strategic demands of the Company. Once it has been agreed that a new director is to be appointed, a search will be undertaken, using the services of external consultants, if considered necessary. Nominations would then be received and reviewed by the Board.

## Corporate governance (continued)

**(c) Ethics and Independence**

The Board recognises the need for Directors and employees to observe the highest standards of behaviour and business ethics when engaging in corporate activity. The Company intends to maintain a reputation for integrity. The Company's officers and employees are required to act in accordance with the law and with the highest ethical standards.

The Board is conscious of the need for independence and ensures that where a conflict of interest may arise, the relevant Director(s) leave the meeting to ensure a full and frank discussion of the matter(s) under consideration by the rest of the Board. Those Directors who have interests in specific transactions or potential transactions do not receive Board papers related to those transactions or potential transactions, do not participate in any part of a Directors' meeting which considers those transactions or potential transactions, are not involved in the decision making process in respect of those transactions or potential transactions, and are asked not to discuss those transactions or potential transactions with other Directors.

Directors of the Company are considered to be independent when they are free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of unfettered and independent judgment.

The Company considers industry experience and specific expertise to be important attributes of its Board members and therefore believes that the composition of the Board is appropriate given the size and development of the Company at the present time.

**(d) Board Committees**

It is the role of the Board to oversee the management of the Company and it may establish appropriate committees to assist in this role. The composition of the committees shall be as follows:

- the majority of the members of each Committee of the Board will be non-executive Directors;
- each committee will have a charter approved by the Board; and
- each committee will maintain minutes of each meeting of the committee, which will be circulated to all Directors.

Due to the current size of the Board, (three directors) the company has not established any committee's. The Board takes ultimate responsibility for the operations of the Company including remuneration of Directors and executives and nominations to the Board as well as risk and audit compliance.

*Audit, Risk and Compliance Committee*

The audit, risk and compliance committee, if established, would comprise of non-executive and independent directors, who are independent of senior management and operating executives of the Company, and free from any relationships which might, in the opinion of the Board, be construed as a conflict of interest. The Board will annually confirm the membership of the committee.

The committee's primary responsibilities are to:

- oversee the existence and maintenance of internal controls and accounting systems;
- oversee the management of risk within the Company;
- oversee the financial reporting process;
- review the annual and half-year financial reports and recommend them for approval by the Board of Directors;
- nominate external auditors;
- review the performance of the external auditors and existing audit arrangements; and
- ensure compliance with laws, regulations and other statutory or professional requirements, and the Company's governance policies.

## Corporate governance (continued)

**(e) Shareholder Communication**

The Board strives to ensure that Shareholders are provided with sufficient information to assess the performance of the Company and its Directors and to make well-informed investment decisions.

Information is communicated to Shareholders through:

- annual and half-yearly financial reports and quarterly reports;
- annual and other general meetings convened for Shareholder review and approval of Board proposals;
- continuous disclosure of material changes to NSX for open access to the public; and
- the Company maintains a website where all NSX announcements, notices and financial reports are published as soon as possible after release to NSX.

The auditor is invited to attend the annual general meeting of Shareholders. The Chairman will permit Shareholders to ask questions about the conduct of the audit and the preparation and content of the audit report.

**(f) Identification and Management of Business Risk**

The Board has identified the significant areas of potential business and legal risk of the Company. The identification, monitoring and, where appropriate, the reduction of significant risk to the Company will be the responsibility of the CEO and the Board.

The Board reviews and monitors the parameters under which such risks will be managed. Management accounts will be prepared on a monthly basis, and reviewed with the CEO at subsequent Board meetings. Budgets are prepared and compared against actual results.

**(g) Remuneration**

The Chairman and the non-executive Directors are entitled to draw Directors fees and receive reimbursement of reasonable expenses for attendance at meetings. From October 2008 the Board has resolved not to pay Director's fees until further notice. The Company is required to disclose in its annual report details of remuneration to Directors. The maximum aggregate annual remuneration which may be paid to non-executive Directors is \$250,000. This amount cannot be increased without the approval of the Company's shareholders.

**(h) Securities Trading Disclosure**

The Company has a formal policy for dealing in the Company's securities by Directors, employees and contractors. This sets out their obligations regarding disclosure of dealing in the Company's securities.

The Constitution permits Directors to acquire securities in the Company, however Company policy prohibits Directors and senior management from dealing in the Company's securities at any time whilst in possession of price sensitive information and for 24 hours after:

- any major announcements;
- the release of the Company's annual financial results to NSX; and
- the annual general meeting.

Directors must advise the Chairman of the Board before buying or selling securities in the Company. All such transactions are reported to the Board. In accordance with the provisions of the Corporations Act 2001 and the Listing Rules, the Company advises NSX of any transaction conducted by Directors in the securities of the Company.
