Annual Report - Formatting

EBS advises that it has asked the NSX to replace the annual report lodged on 28 October due to a number of formatting anomalies in the financial report section which may have occurred on the original upload.

The financial report itself is as lodged on 9 September. Both the financial report and other parts of the annual report remain unaltered apart from formatting corrections. In all other respects they are correct as originally released.

Shareholders are being advised directly of this announcement in line with the company's usual practice.

The annual report has now been released by the NSX and posted on EBS' own website with the correct formatting.

Jeremy Martineau
Company secretary
e-Business Systems Ltd
