Notes to the financial statements for the half-year ended 31 December 2011

Note 1: Summary of significant accounting policies

Basis of Preparation

These general purpose financial statements for the interim half year reporting period ended 31 December 2011 have been prepared in accordance with the requirements of the *Corporations Act 2001 and* Australian Accounting Standard AASB 134: Interim Financial Reporting.

This interim financial report is intended to provide users with an update of the latest annual financial statements of Bendigo Community Telco Limited. As such, it does not contain information that represents relatively insignificant changes during the half year within the Company. It is therefore recommended that this financial report be read in conjunction with the annual financial statements for the year ended 30 June 2011, together with any public announcements made during the following half year.

Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements, except in relation to the matters discussed below.

Critical Accounting Estimates and Judgments

The critical estimates and judgments are consistent with those applied and disclosed in the June 2011 annual report.

New and Revised Accounting Requirements Applicable to the Current Half-year Reporting Period

For the half-year reporting period to 31 December 2011, a number of new and revised Accounting Standard requirements became mandatory for the first time, some of which are relevant to the Company. A discussion of these new and revised requirements that are relevant to the Company is provided below:

- AASB 124: Related Party Disclosures (December 2009)
 - AASB 124 (December 2009) introduces a number of changes to the accounting treatment of related parties compared to AASB 124 (December 2005, as amended), including the following:
 - The definition of a "related party" is simplified, clarifying its intended meaning and eliminating inconsistencies from the definition, including:
 - the definition now identifies a subsidiary and an associate with the same investor as related parties of each other;
 - entities significantly influenced by one person and entities significantly influenced by a close member of the family of that person are no longer related parties of each other;
 - the definition now identifies that, whenever a person or entity has both joint control over a second entity and joint control or significant influence over a third party, the second and third entities are related to each other; and
 - the definition now clarifies that a post-employment benefit plan and an employer sponsor of such a plan are related parties of each other.
 - A partial exemption is provided from the disclosure requirements for governmentrelated entities. Entities that are related by virtue of being controlled by the same government can provide reduced related party disclosures.

Application of AASB 124 (December 2009) did not have a significant impact on the financial statements of the Company.

Notes to the financial statements for the half-year ended 31 December 2011

Note 1: Summary of significant accounting policies (cont.)

 AASB 2010–4: Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project [AASB 1, AASB 7, AASB 101 & AASB 134 and Interpretation 13]

This Standard details numerous non-urgent but necessary changes to Accounting Standards arising from the IASB's annual improvements project. Key changes include:

- clarifying the application of AASB 108 prior to an entity's first Australian-Accounting-Standards financial statements;
- adding an explicit statement to AASB 7 that qualitative disclosures should be made in the context of the quantitative disclosures to better enable users to evaluate an entity's exposure to risks arising from financial instruments;
- amending AASB 101 to clarify that disaggregation of changes in each component of
 equity arising from transactions recognised in other comprehensive income is required
 to be presented, but is permitted to be presented in the statement of changes in equity
 or in the notes:
- adding a number of examples to the list of events and transactions that require disclosure under AASB 134; and
- making sundry editorial amendments to various Standards and Interpretations.

Application of the amendments in AASB 2010–4 did not have a significant impact on the financial statements of the Company.

 AASB 1054: Australian Additional Disclosures and AASB 2011–1: Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project [AASB 1, AASB 5, AASB 101, AASB 107, AASB 108, AASB 121, AASB 128, AASB 132 & AASB 134 and Interpretations 2, 112 & 113]

AASB 1054 sets out the Australian-specific disclosures that are additional to IFRS disclosure requirements.

The disclosure requirements in AASB 1054 were previously located in other Australian Accounting Standards

Application of AASB 1054 did not have a significant impact on the financial statements of the Company.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

- i. giving a true and fair view of the entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
