Comments by directors

Comments on the following matters are required by the Exchange or, in relation to the half yearly statement, by AASB 134: Interim Financial Reporting. The comments do not take the place of the directors' report and statement (as required by the Corporations Act) but may be incorporated into the directors' report and statement. For both half yearly and preliminary final statements, if there are no comments in a section, state NIL. If there is insufficient space in comment, attach notes to this statement.

Basis of accounts preparation

If this statement is a half yearly statement, it is a general purpose financial report prepared in accordance with the listing rules and AASB 134: Interim Financial Reporting. It should be read in conjunction with the last annual report and any announcements to the market made by the issuer during the period. This report does not include all notes of the type normally included in an annual financial report.

A description of each event since the end of the current period which has had a material effect and is not related to matters already reported, with financial effect quantified (if possible). In a half yearly report, provide explanatory comments about any seasonal or irregular factors affecting operations (as per paragraphs 16(b), 16(b) and Aus 16.1 of AASB 134: Interim Financial Reporting)

There are no matters or circumstances that have arisen since the end of the half year reporting period that have significantly affected or may significantly affect the operations of the company, the results of those operations or the state of affairs of the company.

Any other factors which have affected the results in the period, or which are likely to affect results in the future, including those where the effect could not be quantified.

9. **Equity accounting** If an *issuer* adopts equity accounting, no comparative equity accounting figures are required in the first period following its adoption.
10. **Rounding of figures** This statement anticipates that the information required is given to the nearest \$1,000. However, an *issuer* may report exact figures, if the \$A'000 headings are amended. If an *issuer* qualifies under ASIC Class Order 98/0100 dated 15 July 2004, it may report to the nearest million dollars, or to the nearest \$100,000, if the \$A'000 headings are amended.
11. **Comparative figures** Comparative figures are to be presented in accordance with AASB 101: *Presentation of Financial Statements* or AASB 134: *Interim Financial Reporting* as appropriate and are the unadjusted figures from the last annual or half year report as appropriate. However, if the previously reported figures are adjusted to achieve greater comparability, in accordance with an accounting standard or other reason, a note explaining the adjustment must be included with this statement. If no adjustment is made despite a lack of comparability, a note explaining the position should be attached.
12. **Additional information** An *issuer* may disclose additional information about any matter, and must do so if the information is material to an understanding of the financial statements. The information may be an expansion of the material contained in this statement, or contained in a note attached to the statement. The requirement under the listing rules for an *issuer* to complete this statement does not prevent the *issuer* issuing statements more frequently. Additional material lodged with the ASIC under the *Corporations Act* must also be given to the *Exchange*. For example, a *directors'* report and declaration, if lodged with the ASIC, must be given to the *Exchange*.
13. **Accounting Standards** the *Exchange* will accept, for example, the use of International Accounting Standards for *foreign issuers*. If the standards used do not address a topic, the Australian standard on that topic (if one exists) must be complied with.
14. **Borrowing corporations** This statement may be able to be used by an *issuer* required to comply with the *Corporations Act* as part of its half yearly financial statements if prepared in accordance with Australian Accounting Standards.
15. **Details of expenses** AASB 101: *Presentation of Financial Statements* requires disclosure of expenses according to either their nature or function. For foreign entities, there are similar requirements in other accounting standards accepted by the *Exchange*. *Issuers* must disclose details of expenses using the layout (by nature or function) employed in their accounts.

The information in *items 7.1 - 7.2* may be provided in an attachment to Appendix 3

Relevant items AASB 101: *Presentation of Financial Statements* requires the separate disclosure of specific revenues and expenses which are of a size, nature or incidence that disclosure is *relevant*, as defined in AASB 101, in explaining the financial performance of the *issuer*. There is an equivalent requirement in AASB 134: *Interim Financial Reporting*. For foreign entities, there are similar requirements in other accounting standards accepted by the *Exchange*.

16. **Dollars** If reporting is not in A\$, all references to \$A must be changed to the reporting currency. If reporting is not in thousands of dollars, all references to "000" must be changed to the reporting value.
17. **Discontinuing operations**

Entities must either provide a description of any significant activities or events relating to discontinuing operations equivalent to that required by *paragraph 7.5 (g) of AASB 134: Interim Financial Reporting*, or, the details of discontinuing operations they are required to disclose in their accounts in accordance with AASB 5: *Non-current Assets for Sale and Discontinued Operations*

In any case, the information may be provided as an attachment to this Appendix 3.
