Re: Iqnovate Ltd – Request For Trading Halt

Iqnovate Ltd requests a trading halt on the trading of its securities on the NSX. The reason is to ensure that there is an informed market on the trading of securities in Iqnovate Ltd pending an announcement.

The company considers the trading halt to last up to 24hrs with trading to commence on the earlier of the announcement or the expiration of the 24 hrs.

A handwritten signature in black ink, consisting of a large, stylized 'S' shape with a horizontal line through the middle, followed by a smaller 'S' shape.
