

AGM — 10 November 2012

Sarina Bowls Club

The Annual General Meeting of Sarina & District Community Financial Services Ltd, is to be held on Saturday 10 November, commencing at 1pm. All shareholders are invited to attend. This is your way to show support to your Directors and Staff for another excellent year.

From the Chairman....

Our business is set up to give a fair return to shareholders and to invest a large portion of our income share in grants and sponsorships to not for profit organisations. Our capacity to contribute to the sustainability and prosperity of our community has more than doubled. In 2011-2012 we have made provision for future Community Grants for \$194,318. We have already paid out sponsorships and donations to local organisations of \$67,044.

This is a very gratifying result which is a combination of increasing support from existing and new customers and the exemplary efforts of our staff and directors. Our actual figures have bettered budget targets. For example, gross income was 16.8% above budget and gross expenses were 5.45% under budget.

Sarina Golf Club

Imagine a **Community Bank**® golf buggy as a promotional tool, that's just what we have. Sarina golf club made a sponsorship application for a buggy and allowed us to sign write, with our logos. What a great result.

The golf club allows us to use it for our functions such as the Coal to Coast and Sarina Show. All other times it circulates around the golf course with happy golfers promoting our bank. This is a win win for them and us.

Staff

Directors

Sarina State High School

We had our entry at the weekend of the 15/16 September 2012. There were 120 teams competing over the 24 hours and we finished 5th in the Junior Boys division and 26th overall. A great result that was only possible with the support of Sarina **Community Bank**® Branch. Thanks again and we hope to do better next year.

Cheers

David Sanewski

Guidance Officer

Sarina Hospital

Patients and visitors to Sarina Hospital are now switched on to digital television thanks to a 2011 grant of 10 TV's from Community Enterprise Foundation™ made possible by Sarina **Community Bank**® Branch. "Without the support of Sarina **Community Bank**® we would have found it difficult to replace the old portable television sets," Maura Keogh, Director of Nursing at Sarina Hospital said.

The hospital recently also received a donation of \$13,500 for the purchase of a palliative care bed. This equipment greatly assists both patient and the nursing staff.
