\$50,000.00 Grant for Sarina State High school

Students from Sarina State High School will be on the move thanks to a grant from Sarina **Community Bank**® Branch which has helped purchase a bus.

Sarina **Community Bank**® Branch is happy to help the school which had raised funds but had a shortfall to purchase the bus.

The High School tuck shop had worked hard to fundraise but hadn't quite got there and the branch is assisting to make up the difference.

The school has also made the bus available to community groups and others schools in the area to ensure maximum community benefit from the generous support of the **Community Bank**® branch.

Following the recent community forum where groups were able to highlight what they felt needed to be supported in the community, the idea of a community bus was strongly supported and the funds to the school now means there is a community bus available.

School principal Bruce Heggie said the support of the **Community Bank**® branch to help purchase the bus was fantastic and the school supports the idea of community access to it.

"We were very honoured to receive the funds which now means we can transport our students and provide a great community service," Mr Heggie said.

It's wonderful to see the sharing of a community resource which is why the branch was so keen to support funding the bus project as it ties in to the branch's philosophy of good for community and good for business.

We are able to support the bus project thanks to the customers who support and bank with us and we can then share this success with the community through grants and sponsorships.

It's not always easy for schools to receive government funding but we are able to share the profits we make locally back to the local community.

\$10,000 St Anne's Catholic Primary School Sarina

St Anne's Catholic Primary School students have branched out into the 21st century thanks to funds from Sarina **Community Bank**® Branch.

New computers to replace outdated ones have been purchased as well as new desktops for the refurbished library with the \$10,000 grant.

The computers will enhance the learning experience for students and as some of these will be placed in the library these will be made available for after-hours research and access to the community.

St Anne's Parents & Friends Association had been working hard to raise the funds for the new computers to enable the school to provide the latest technology but had not been able to raise all the required funds.

The Board and branch were very keen to support the fundraising efforts of the P&F and when approached by the Vice President, Megan Kerr, we wanted to help our future community leaders.

The youth in our community is a strong focus for the Board and the branch and this was such a worthwhile project we were more than happy to provide a grant for the computers.

Special bed donated to the Sarina Hospital

A \$12,500 specialised bed will make life more comfortable for palliative, rehabilitation and chronically ill patients in Sarina Hospital, thanks to the donation from Sarina **Community Bank**® Branch.

The specialised bed and air mattress called Versa Bed, cares for very sick and terminally ill patients in the Sarina and district community. It will benefit patients who will be able to stay or transfer to Sarina Hospital for their treatment and nursing care, instead of having to travel to Mackay for their treatment.

"We have one Versa Bed at the Sarina Hospital and without the support of Sarina **Community Bank**® Branch we would have found it difficult to purchase a second one. This special bed is in constant use, aids the very ill patients to minimise pressure injuries and aids our nursing staff to provide continuous high quality care for our patients." Maura Keogh, Director of Nursing at Sarina Hospital said.

We are committed to supporting the community and helping the hospital is of benefit to the whole community.

At Sarina **Community Bank**® Branch we recognise that health care, schools, sporting and community groups are an important part of the community.

That's why we show our support in many different ways. At the beginning of this year we donated 10 digital televisions for the Sarina Hospital and this grant now will purchase the specialised bed for very sick patients.
