Activities

No field work was undertaken during the quarter except as required in preparation for the upcoming drill program at Pegmont and the testing of copper-gold targets at SC-3 and SC-8. RC Drilling commenced at Pegmont on 8 July 2013.

Mining Leases ML 2620, 2621 and 2623 were renewed for a further 10 years to 31 January 2022. They cover the outcrop of the Pegmont lead-zinc deposit.

General discussions with several parties are ongoing in respect to the possible development of the New Hope gold-cobalt deposit. A review of previous drill data has highlighted a small near surface high grade target which requires follow up drill testing.

Sharetrading activities have been limited due to lack of interest in resource issue arising from an overvalued Aussie dollar. These activities resulted in a realised trading loss of \$28,143 for the half year (2012 – loss \$120,005). A small profit is forecasted during the next six months to December 2013 as there has occurred a pickup of investor interest in oversold mineral producers.

Changes In State Of Affairs

During the half year there occurred a significant run down in the company's cash resources which if left unaddressed will constrain future exploration activities. Apart from that there was no significant change in the Company's state of affairs other than that referred to in the half year accounts or notes thereto.

AUDITORS' INDEPENDENCE -SECTION 307C

The following is a copy of a letter received from the Company's auditors:

Independent Review Report to the Members of Pegmont Mines Limited

The financial report and directors' responsibility

The interim consolidated financial report comprises the statement of financial position, statement of comprehensive income, statement of changes in equity, cashflow statement, accompanying notes to the financial statements, and the directors' declaration for Pegmont Mines Limited for the half-year ended 30 June 2013.

The Company's directors are responsible for the preparation and fair presentation of the consolidated financial report in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Review approach

We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim consolidated financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated financial position as at 30 June 2013 and the performance for the half year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Pegmont Mines Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

Independence

In conducting our review we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim consolidated financial report of Pegmont Mines Limited is not in accordance with the Corporations Act 2001, including:

- giving a true and fair view of the consolidated financial position as at 30 June 2013 and of the performance for the half-year ended on that date; and
- complying with Australian Accounting Standard AASB134 Interim Financial Reporting and the Corporations Regulations 2001.
