OUR VALUES AND OBJECTIVES

- While our company is a corporation, our philosophy is that of a partnership. We do not view the company itself as the ultimate owner of assets, but instead as a conduit through which shareholders own the assets.
- We do not measure the company's performance by its revenue or its size, but by the growth of the intrinsic value of its shares. Our long-term financial goal is to maximise this growth by investing in businesses that generate cash and earn above average returns on the capital invested in them.
- We maintain a conservative approach to borrowing, and will reject investment opportunities that present themselves, rather than over extend our financial position.
- We are sensitive to our fiduciary obligations to our suppliers and creditors, and to our many long term shareholders, some of whom have committed significant portions of their investment funds to our care.
- We will be candid in reporting to shareholders, and will tell them everything about the business that we believe they would like to know.

EXECUTIVE CHAIRMAN'S LETTER

Dear Fellow Shareholders

Our company has again incurred a loss.

Results

The group recorded a consolidated net operating loss after tax for the year of \$109,861 compared to \$378,380 in the prior year an improvement of 71%.

The loss is equivalent to 7.85 cents per share, in comparison to a loss of 22.61 cents per share last year.

Net assets per ordinary share reduced to \$0.82 compared to \$0.86 per ordinary share in the previous year.

The group's level of gearing continues to remain low at 12.2%, reflecting your directors' continuing belief that current conditions are not conducive to increasing the level of borrowings to acquire additional assets.

Investment activity

The company has continued its cautious approach to making new investments during the year.

As at balance date the group had approximately 24% of its assets in listed investments, 43% in unlisted investments, 6% in cash and 27% in other assets.

Listed investments

We continued to carefully manage our portfolio of listed investments and took advantage of new investment opportunities as they arose. Details of the current holdings of investments are disclosed in Note 24 of the Financial Report.

Unlisted investments

Hamilton Capital Proprietary Limited (www.hamiltonam.com.au)

The group's major unlisted investment is its 33.17% interest in Hamilton Capital Pty Limited, which is the holding company for Hamilton Asset Management Limited.

Hamilton Capital Proprietary Limited's equity accounted contribution to our results for the current year was a loss of \$70,602, compared to a loss in the prior year of \$295,415.

During the year, the company focused on developing Hamilton Asset Management Limited's funds management business and on 1 July 2014, made available to the public, the Hamilton Investment Fund – Multi Asset Portfolio.

Through this fund investors gain an exposure to an investment portfolio consisting of the following asset classes cash, fixed interest, equities, swiss francs, gold and silver in a single fund.

A copy of the product disclosure statement and the investment strategy back testing report is available for downloading from www.multiassetfund.com.au.

The fund manager is currently examining various options to market this fund to potential investors.

FijiStock Brokers Limited (www.fijistockbrokers.com.fj)

FijiStock Brokers Limited is the group's only remaining interest in stockbroking.

During the year it put in place a number of new strategic initiatives, which were referred to in last years annual report which resulted in it making a small profit for the year compared to the loss it incurred in the previous year.

Foreign exchange controls were relaxed during the course of the year, and this has resulted in renewed interest in Fijian residents seeking investment opportunities in Australia.

Penrose Club Holdings Limited

The group continues to maintain its holding in Penrose Club Holdings Limited (Penrose) which is an unlisted property investment company. Penrose owns a substantial parcel of land together with the associated water extraction licences in the Southern Highlands of New South Wales. Progress in releasing value from this asset has been slower than expected. However the board of Penrose continues to explore various avenues to maximise the value from its land holding.

PRITCHARD EQUITY LIMITED

South Pacific Stock Exchange Limited (www.spse.com.fj)

The performance of the South Pacific Stock Exchange Limited (12.5% owned by the group) given the subdued state of equity markets in Fiji remained satisfactory.

Tyrex Solutions Pty Limited (www.tyrex.com.au)

Tyrex Solutions Pty Limited ("Tyrex") has been operating for more than 30 years providing sustainable solutions for businesses and householders by using recycled rubber to produce a range of ramps and other safety and commercial products.

Tyrex continued to grow its business during the year resulting in both increased turnover and profits.

Outlook

We continue to maintain a strong statement of financial position which provides us with the flexibility to take advantage of undervalued investment opportunities as they arise.

The group continues to look at opportunities that may involve it in the issue of wholesale structured finance products.

Chairman

DIRECTORS' REPORT

Your directors present their report on the group consisting of Pritchard Equity Limited and its controlled entities for the financial year ended 30 June 2014. In order to comply with the provisions of the *Corporations Act*, the directors report as follows:

Directors

The names of directors in office at any time during or since the end of the financial year are:

Steven Shane Pritchard
Enzo Pirillo
Gordon Bradley Elkington

The directors have been in office from the start of the financial year to the date of this report.

Company Secretary

Enzo Pirillo held the position of company secretary at the end of the financial year. Details of Mr Pirillo's qualifications are contained in the Information on Directors.

Principal Activities

During the year, the principal activity of the group was the acquisition of medium and long term investments in both listed and unlisted investments.

There were no significant changes in the nature of the company's principal activities during the financial year.

Dividends Paid or Recommended

No dividends were paid during the year.

Operating Results and Review of Operations

The consolidated net loss after providing for income tax and eliminating minority equity interests was \$145,937 compared to a loss of \$372,214 last year.

Financial Position

The net assets of the group as at 30 June 2014 were \$1,556,088 compared to \$1,422,565 as at 30 June 2013, an increase of \$133,523.

The group continues to maintain a strong liquidity position, and currently holds cash and readily realisable assets of \$577,054. During the year the group increased its short term borrowings from \$130,224 to \$199,365.

Significant Changes in State of Affairs

On 30 August 2013 the company converted the 2,699 preferred income equity securities into 256,405 A ordinary shares. Holders of preferred income equity securities were issued with 95 A ordinary shares for each preferred income equity securities that they held.

The directors are not aware of any other significant changes in the operations of the group, or the environment in which it operates, that will adversely affect the results of the group in subsequent years.

After Balance Date Events

No matters or circumstances have arisen since the end of the financial year which have significantly affected or may significantly affect the operations of the group, the results of those operations, or the state of affairs of the group in future financial years.

Future Developments, Prospects and Business Strategies

The group will continue to pursue its investment objectives for the long-term benefit of members. This will require the continued review of the investment strategy that is in place, and may require some changes to that strategy.

Further information on likely developments in the operations of the group and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the group.

PRITCHARD EQUITY LIMITED

Environmental Issues

The group's operations are not regulated by any significant environmental regulation under Commonwealth or State law.

REMUNERATION REPORT

This report details the nature and amount of remuneration for each director of Pritchard Equity Limited, and for the executives receiving the highest remuneration.

Remuneration policy

All issues in relation to the remuneration of both executive directors and non-executive directors are dealt with by the board of the company.

The constitution of Pritchard Equity Limited requires the approval by shareholders in general meeting of a maximum amount of remuneration per year to be allocated among non-executive directors as they determine. In proposing the maximum amount for consideration in general meeting, and in determining the allocation, the board takes account of the time demands made on directors, together with such factors as the general level of fees paid to directors. The amount of remuneration currently approved by shareholders for non-executive directors is a maximum of \$80,000 per annum.

Non-executive directors hold office until such time as they retire, resign or are removed from office in accordance with the constitution of the company. Non-executive directors do not receive any performance based remuneration.

Details of remuneration

The company has only two executives, Steven Pritchard and Enzo Pirillo (2013: two executives), both of whom are directors of the company.

Details of the remuneration for each director of the company are as follows.

**AUDITOR'S INDEPENDENCE DECLARATION
TO THE DIRECTORS OF
PRITCHARD EQUITY LIMITED**

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Pritchard Equity Limited.

As lead audit partner for the audit of the Pritchard Equity Limited financial report for the year ended 30 June 2014, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- i. the independence requirements of the Corporations Act 2001 in relation to the audit; and
- ii. any applicable code of professional conduct in relation to the audit.

CORPORATE GOVERNANCE STATEMENT

The Board has the responsibility of ensuring that the company is properly managed so as to protect and enhance the interests of shareholders, consistently with the company's meeting its obligations to all parties with which it interacts. To this end, the Board has adopted what it believes to be appropriate corporate governance policies and practices, having regard to its size and the nature of its activities.

The main corporate governance policies are summarised below.

Appointment and retirement of non-executive directors

It is the Board's policy to determine the terms of the appointment and retirement of non-executive directors on a case by case basis, and in conformity with the requirements of the Listing Rules and the *Corporations Act*.

Director qualifications

In choosing directors, the company seeks to appoint those individuals who have a significant personal or family ownership interest in the company's ordinary shares. These persons must also have high integrity, business skills, shareholder orientation and a genuine interest in the company.

Board size

The board presently consists of three members, two of whom are executive directors. Under the company's constitution, the board must consist of not less than three members and not more than 10. The board periodically reviews the number of its directors, having regard to the nature and extent of the company's operations.

Directors' responsibilities

The basic responsibility of the directors is to exercise their business judgment to act in what they believe to be the best interests of the company and its shareholders, and to conduct themselves in accordance with their fiduciary duties.

Directors' access to independent professional advice

It is the board's policy that any committees established by the board should:

- be entitled to obtain independent professional or other advice at the company's cost, unless the board determines otherwise;
- be entitled to obtain such resources and information from the company, its employees and advisers, as they may require; and
- operate in accordance with any terms of reference established by the board.

Board meetings

The Chairman of the Board is responsible for establishing the agenda for each board meeting. Each director is free to suggest items for inclusion on the agenda and to raise at any board meeting subjects that are not on the agenda. At least once each year the board reviews the company's long term plans and the principal issues that the company will face in the future.

Audit committee

The board has established an audit committee, which meets with the external auditors at least once a year. The Audit Committee addresses the financial and compliance responsibilities of the board, and monitors in particular:

- the adequacy of the company's internal controls and procedures to ensure compliance with all applicable legal obligations;
- the adequacy of financial risk management processes; and
- any reports prepared by the external auditor.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards and Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. This financial report has been authorised for issue on the date of the Directors Declaration.

The financial report covers the separate financial statements of the company and the consolidated financial statements of the Group.

Pritchard Equity Limited is a listed public company, incorporated and domiciled in Australia.

Australia Accounting Standards include Australian equivalents to International Financial Reporting Standards ("AIFRS"). Compliance with AIFRS ensures that the financial statements and notes of the Company comply with International Financial Reporting Standards ("IFRS").

The Group has not applied any Australian Accounting Standards or AASB interpretations that have been issued at balance date but are not yet operative for the year ended 30 June 2014 ("the inoperative standards"), except for AASB 9. The impact of the inoperative standards has been assessed and the impact has been identified as not being material. The Group only intends to adopt inoperative standards at the date at which their adoption becomes mandatory.

The adoption of the various Australian Accounting Standards and Interpretations in issue but not yet effective will not impact the Group's accounting policies. However, the pronouncements will result in changes to information currently disclosed in the financial statements. The Group does not intend to adopt any of these pronouncements before their effective dates.

Basis of Preparation

Reporting Basis and Conventions

The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with the historical cost convention.

All amounts are presented in Australian dollars, unless otherwise noted.

The financial statements were authorised for issue by the directors on 10 September 2014.

a. Principles of Consolidation

A controlled entity is any entity of which Pritchard Equity Limited has the power to control the financial and operating policies so as to obtain benefits from its activities.

A list of controlled entities is contained in Note 2 to the financial statements.

All controlled entities have a 30 June financial year-end.

All inter-company balances and transactions between entities in the Group, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the application of those policies by the company.

Minority equity interests in the equity and results of the entities that are controlled are shown as a separate item in the consolidated financial report.

b. Associate Accounting Policy

Associates are entities over which the Company has significant influence but not control, generally accompanied by a shareholding of between 20 per cent and 50 per cent of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost in the Company's financial statements.

PRITCHARD EQUITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

c. Fair Value of Financial Assets and Liabilities

The fair value of cash and cash equivalents, borrowings and non-interest monetary financial assets and liabilities of the Group approximate their carrying value.

The fair value for assets that are actively traded on a market is determined by reference to market prices prevailing at balance date, where the securities are traded on an organised market. Where a security is not so traded, its fair value is determined by the Directors.

d. Income from the Provision of Services

Revenue arising from brokerage commissions and fee income are recognised by the Group on an accruals basis as and when services have been provided.

e. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments.

f. Plant and Equipment

Plant and equipment is included at cost less accumulated depreciation and any impairment in value. All plant and equipment is depreciated over its estimated useful life, commencing from the time assets are held ready for use.

The depreciation rates for each class of asset are as follows:

Furniture and fittings 12 – 33%

Office equipment 20 – 40%.

g. Goodwill

Goodwill on acquisition is initially measured at cost, being the excess of the costs of the business combination over the acquirer's interest in the fair value of the identifiable assets, liabilities and contingent liabilities.

Following initial recognition, goodwill is measured at cost less accumulated impairment losses. Goodwill is reviewed for impairment, annually, or more frequently if events or changed circumstances indicate that the carrying amount is impaired.

h. Foreign Currency Transactions and Balances

Foreign currency transactions during the year are converted to Australian currency using the exchange rates applicable at the dates of the transactions. Amounts receivable and payable in foreign currencies at balance date are converted at the rates of foreign exchange ruling at that date.

i. Holdings of Securities

The designation of securities within the investment portfolio as "financial assets measured at fair value through other comprehensive income" is consistent with the Director's view of these assets as being held for the long term for both capital growth and for the provision to the Group of dividends and distribution of income rather than to make a profit from their sale, which is the purpose of securities held in the trading portfolio.

PRITCHARD EQUITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(i) Valuation of investment portfolio

Securities, including listed and unlisted shares and notes and options, are initially brought to account at cost, which is the cost of acquisition including transaction costs, and are revalued to market values continuously.

Increments and decrements on equity instruments are recognised as other comprehensive income and taken to the Asset Revaluation Reserve.

Where disposal of an investment occurs, any revaluation increment or decrement relating to it is transferred from the Asset Revaluation Reserve to the Statement of Profit or Loss and Other Comprehensive Income.

(ii) Valuation of trading portfolio

Securities, including listed and unlisted shares and notes, are initially brought to account at cost, which is the cost of acquisition including transaction costs, and are revalued to market values continuously.

Increments and decrements on the value of securities in the trading portfolio are taken directly through the Income Statement.

(iii) Income from holdings of securities

Distributions relating to listed securities are recognised as income when those securities are quoted ex-distribution, and distributions relating to unlisted securities are recognised as income when received. If the distributions are capital returns on ordinary securities the amount of the distribution is treated as an adjustment to the carrying value of the securities.

j. Excess of current liabilities over current assets

At 30 June 2014, the Group's current liabilities (\$347,951) exceed its current assets (\$195,520) by \$152,431. Notwithstanding the deficiency, the financial statements have been prepared on a going concern basis which contemplates the realisation of assets and the extinguishment of liabilities in the ordinary course of business.

The directors will realise a portion of the Group's investment portfolio to enable it to meet any debts as and when they fall due and payable if required. It is on this basis that the Group has prepared its financial statements on a going concern basis.

k. Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result, and when that outflow can be reliably measured.

l. Taxation

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that are in place or are substantially in place at the balance date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled.

Deferred tax is credited in the Income Statement except where it relates to items that may be credited directly to equity, where the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised and on the basis that no adverse change will occur in income taxation legislation and in the anticipation that the Group will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

PRITCHARD EQUITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

m. Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

n. Critical accounting judgements and key sources of estimation uncertainty

The Group makes estimates and assumptions concerning the future. These estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities have been recognised for Capital Gains Tax (CGT) on the unrealised gain in the Investment Portfolio at current tax rates.

As the directors do not intend to dispose of the portfolio, this tax asset may not be crystallised. In addition, the tax liability that arises on disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains at the time of disposal.

The Group has recognised deferred tax assets in relation to carried forward revenue and capital losses and deductible temporary differences as disclosed in Note 15. The Group recognises these assets only if the Group considers it is probable that future taxable amounts will be available to utilise these temporary differences and losses. The Group intends to not dispose of portfolio assets until there are gains on the investments which the Directors believe will be sufficient to recoup the deferred tax assets.

o. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Board has been identified as the chief operating decision-maker, as it is responsible for allocating resources and assessing performance of the operating segments.

NOTE 20: FINANCIAL INSTRUMENTS

(a) Financial Risk Management

Accounting Standards identify three types of risk associated with financial instruments (i.e. the Group's investments, receivables, payables and borrowings).

Credit Risk

This as the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk is managed as noted in the Notes to the financial statements with respect to cash and trade and other receivables. None of these assets are over due or considered to be impaired.

Liquidity Risk

This as the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Group monitors its cash-flow requirements and ensures that it has either cash or access to short term borrowing facilities available sufficient to meet any payments.

The Group's inward cash-flows depend upon the level of distributions received and the sale of securities. The Group's major cash outflow is the purchase of securities, the level of which is manageable by the Board. Furthermore, a substantial proportion of the Group's assets is in the form of readily tradeable securities which can be sold if necessary. The current financial liabilities are shown in Notes 16 and 17.

Market Risk

This as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market price.

By its nature as the Group invests a substantial proportion of its assets in tradeable securities. The Group is always subject to market risk as it invests its capital in securities which are not risk free, i.e. the market price of these securities can fluctuate.

A general fall in market prices of 5% or 10%, if spread equally over all assets in the investment and trading portfolios would lead to a reduction in the Group's equity of \$22,729 or \$45,458 respectively.

The Group seeks to minimise market risk by ensuring that it is not, in the opinion of the Board, overly exposed to one company or one particular sector of the market. The relative weightings of the individual securities and relevant market sectors are reviewed regularly, and risk can be managed by reducing exposure where appropriate. The Group does not have set parameters as to a minimum or maximum amount of the portfolio that can be invested in a single company or sector.

The Group's investment by sector is as follows:

	2014	2013
	%	%
Materials	0.44	0.69
Capital goods	9.69	15.30
Energy	-	0.01

NOTE 20: FINANCIAL INSTRUMENTS (CONTINUED)

Securities representing over 5 per cent of the combined investment and trading portfolio at 30 June 2014 were:

	Portfolio
	%
Penrose Club Holdings Limited	28.03
Illuminator Investment Company Limited	21.52
VB Holdings Limited	9.63
Tyrex Solutions Unit Trust	6.91
Imperial Pacific Limited	5.31

No other security represents over 5 per cent of the Group's investment and trading portfolios.

Interest Rate Risk

The Group is exposed to interest rate risk, which is the risk that the value of a financial instrument will fluctuate as a result of changes in market interest rates. The risk is managed by the Group maintaining an appropriate mix between fixed and floating rate borrowings. The effective average of interest rates on:

- (a) short term borrowings was 7.87% (2013: 8.12%)
- (b) long term borrowings was 7% (2013: 7%).

As at the 30 June 2014 the Group's interest bearing short term borrowings totalled \$199,365. Given the amount of borrowings involved the Group does not believe they are subject to any material interest rate risks.

Currency Risk

A proportion of the Group's assets are exposed to movements in the value of foreign currencies relative to the Australian dollar. Considering the quantum of the assets in absolute terms as well as relative terms compared to the Groups total assets it is not cost-effective to hedge against foreign currency fluctuations.

(b) Fair Value Measurement

The consolidated entity measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- Trading portfolio; and
- Investment portfolio.

The Company does not subsequently measure any liabilities at fair value on a recurring basis, or any assets or liabilities at fair value on a non-recurring basis.

Fair value hierarchy

AASB 13 *Fair Value Measurement* requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

- (i) Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1);
- (ii) Measurements based on inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
- (iii) Measurements based on inputs for the asset or liabilities that are not based on observable market data (unobservable inputs) (level 3).

Further information on the determination of the fair value is set out below:

(i) Trading portfolio – Level 1

The Company's trading portfolio consists of shares listed on the Australia Stock Exchange and National Stock Exchange. The valuation of listed investments has been obtained on the basis of quoted prices (unadjusted) in an active market for an identical security at 30 June 2014.

(ii) Investment Portfolio – Level 1

The Company's Level 1 investments consist of shares and subordinated notes and are listed on the Australian Stock Exchange, National Stock Exchange and other public stock exchanges. The valuation of listed investments has been obtained on the basis of quoted prices (unadjusted) in an active market for an identical security at 30 June 2014.

(iii) Investment Portfolio – Level 2

The Company's Level 2 Investment portfolio investments consist of unlisted shares and trusts. The valuation of these investments have been determined on the basis of the Company's share of the investment's net assets as at 30 June 2014

NOTE 22: SEGMENT REPORTING

Pritchard Equity Limited, its controlled and associated entities carry on the business of an investment company and financial services company, within Australia and Fiji.

Description of segments

The board makes the strategic resource allocations for the Group. The Group has therefore determined the operating segments based on the reports reviewed by the Board, which are used to make strategic decisions. The Board is responsible for the Group's entire portfolio of investments and considers the business to have a single operating segment. The Board's asset allocation decisions are based on a single, integrated investment strategy, and the Group's performance is evaluated on an overall basis. The Group invests in equity securities and other instruments to provide shareholders with attractive investment returns through access to a steady stream of fully franked dividends and enhancement of capital invested.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
PRITCHARD EQUITY LIMITED**

We have audited the accompanying financial report of Pritchard Equity Limited, which comprises the statement of financial position as at 30 June 2014, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state that the financial report, comprising the financial statements and notes complies with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
