16 September 2014

Leadership Changes at Bendigo Community Telco Ltd.

Bendigo Community Telco wishes to announce the appointment of Mr Jeff Jordan who has recently commenced in the role of General Manager with the company.

Jeff Jordan has a wealth of international experience in the telecommunications and technology fields. Previously he provided advisory services to the Bendigo and Adelaide Bank as a project director that deployed a branch delivery system while he was employed by Olivetti Corporation.

More recently Jeff Jordan held a role with Coldwell Banker in Spokane, Washington, USA as a real estate broker and as a mobile technology advisor. Jeff Jordan has a wealth of knowledge in sales management and business development.

The Directors of the Bendigo Community Telco look forward to a period of continued growth for the company with diversification into the NBN market and continued expansion of the current range telecommunications and data management services so as to capitalise on the strong performance achieved during the past financial year.

It was with regret that Mr Adam Lacey, the recently appointed CEO, has left the company to attend to personal and family matters.

About Bendigo Community Telco

BCT is a telecommunications company headquartered in Bendigo Victoria. The Company is listed on the National Stock Exchange (NSX), with a large proportion of the shared being owned by local businesses, staff and individual shareholders.
