19th October 2015 FOR IMMEDIATE RELEASE

FROM SINGAPORE

EDTRIN Signs Agreement with the Environment and Population Research Center Ltd. Of Bangladesh to Deliver Vocational Education

October 19, 2015 – EdTrIn has entered an agreement with the Environment and Population Research Center Ltd. (EPRC) of Dhaka, Bangladesh to provide vocational and certificate level education and training in the country.

Under the agreement EdTrIn and EPRC will:

- i. Deliver blended vocational and certificate level education and training to Bangladesh
- ii. Deliver English Language programs
- iii. Expand each others Student Acquisition platform to the country of Bangladesh
- iv. Commit to raise Economic capabilities of Bangladeshi's through the use of educational and training programs.

EdTrIn and EPRC are committed to providing education and training solutions to thousands of Bangladeshi's to improve their job skill standards and to raise the Economic well-being of the country. Prof. Bilqis Amin Hoque, Managing Director and CEO of EPRC commented, "EPRC is very excited about working with EdTrIn to explore new ways of bringing real economic change to our country. Together we hope to help thousands of people skill and income levels." Graeme Coomber, CEO of EdTrIn added, "We very much welcome this incredible partnership with EPRC. With EPRC's knowledge of the Bangladeshi market and EdTrIn's vision for managing an individuals lifelong learning journey, we hope to bring a positive impact to the people of Bangladesh."

Background

EDTRIN,

EdTrIn's name derives from the convergence of Education, Training and Innovation, is developing an integrated physical / digital education ecosystem designed to assist lifelong personal advancement for individuals through timely, personally relevant educational resources and ongoing career management. The company is developing and delivering more effective training and learning outcomes through smart technology and a better understanding of industry knowledge needs and capability gaps. The process is to continuously refine and innovate educational resources and delivery mechanisms that have business and consumer relevance in today's rapidly evolving commercial and social landscape.

The company's operational headquarters are located in Singapore and it also has developmental offices in Melbourne Australia. This places EDTRIN in the educational epicenter of the region, giving it premium entry to target markets in the Asia Pacific, China, Indian Sub-Continent, and Middle East and North African regions.

EPRC

EPRC is a multi-disciplinary research, education, training and networking non-government non-profit organization with a vision to redress sufferings of the poor through appropriate management/development of water, hygiene, wastes, sanitation, agriculture, forestry, energy, food, disaster risks, education, health, micro credit and social scopes in local, regional and global levels.
