FROM SINGAPORE

EDTRIN Signs Partnership Agreement With Entamico Enterprises For Enhanced Education and Training Delivery To Global Markets

October 19, 2015 – Edtrin Group Pty. Ltd. and Entamico Enterprises today signed an agreement to partner in the delivery of Education and Training services to the Australian, New Zealand and Asian Pacific markets. The agreement will add significant value to each business as well as provide leverage and resources to develop new markets. In order to tightly align their relationship and objectives each company has taken an equity stake of a one million (1,000,000) Shares/CDI's in each others organisations.

The partnership will strengthen the core focus of each organisation on Content Development, Platform Enhancement and Student Advocacy in the delivery of quality Vocational Education. Entamico's education arm Entamio and EdTrIn's Australia Operations will effectively work as one organisation from the 1st November 2015.

Joanne Brooks the CEO and Director of Entamico and Director of Entamio said "I am delighted to have finalised a partnership agreement with EdTrIn Group Limited. This partnership will provide a perfect blend of systems, people and products that has not been seen in the market to date".

Entamico Enterprises Limited sees this partnership as one that will solidify our position in the Australian and New Zealand market and provide overseas opportunities much sooner than initially planned. The like minded team at Edtrin Group Limited share the values of Entamico which will only prove to ensure this partnership is successful and enable both companies to succeed in the market place.

Graeme Coomber CEO of the EdTrin Group expressed similar sentiment's to Entamico CEO, "EdTrin is thrilled with this new partnership with Entamico Enterprises. Not only will this strategic alignment place the partnership as one of the dominant players Australia in the vocational market it will also provide a solid base for expansion in Asia Pacific markets. The education and training sectors are undergoing significant disruptive changes and I am confident the EdTrin and Etamico are going to be at the forefront of bringing beneficial change to individuals seeking greater value and relevance from the learning process

Background

EDTRIN,

EdTrin's name derives from the convergence of Education, Training and Innovation, is developing an integrated physical / digital education ecosystem designed to assist lifelong personal advancement for individuals through timely, personally relevant educational resources and ongoing career management. The company is developing and delivering more effective training and learning outcomes through smart technology and a better understanding of industry knowledge needs and capability gaps. The process is to continuously refine and innovate educational resources and delivery mechanisms that have business and consumer relevance in today's rapidly evolving commercial and social landscape.

The company's operational headquarters are located in Singapore and it also has developmental offices in Melbourne Australia. This places EdTrin in the educational epicenter of the region, giving it premium entry to target markets in the Asia Pacific, China, Indian Sub-Continent, and Middle East and North African regions.
