### Benefits of Investing in Illuminator Shares

Illuminator Investment Company Limited was incorporated in 2003, and listed on the Stock Exchange of Newcastle Limited on 18 June 2004. Illuminator Investment Company Limited was the first Newcastle based company to list on the Stock Exchange of Newcastle Limited and the first Newcastle based listed institutional investor. Some of the benefits of investing in Illuminator Investment Company Limited shares include:

- **Diversification of Risk**

In order to diversify the risk in its investment portfolio, Illuminator intends to manage its investment portfolio with a view to building the number of issuers in the Portfolio to a minimum of 20 and a maximum of 60.

- **Professional Management**

The investment portfolio of Illuminator is managed by Pritchard & Partners Pty. Limited, which is a participant of the National Stock Exchange of Australia Limited (NSX), formerly the Stock Exchange of Newcastle Limited and licensed by the Australian Securities & Investments Commission.

- **Fixed Capital Base Not Affected by Unexpected Cash Inflows or Outflows**

Illuminator is able to invest for the medium to long term, as it has a fixed capital base and does not need to manage constant inflows and outflows of additional capital.

- **Regular Reporting to the National Stock Exchange of Australia Limited**

Illuminator reports its performance to the NSX and shareholders on a bi annual basis and it announces its net asset backing to the NSX monthly. In addition, as a listed company, Illuminator complies with the continuous disclosure requirements of the NSX. Copies of all announcements to the NSX are also posted on the Illuminator internet site [www.illuminator.com.au](http://www.illuminator.com.au).

## INVESTMENT MANAGER'S REPORT

### Investment Objectives

The investment objectives of Illuminator Investment Company Limited, are to:

- Preserve the capital of the Company;
- Achieve a high real rate of return, comprising both income and capital growth; and
- Deliver investors a secure income stream in the form of fully franked dividends.

### Investment Philosophy

The Manager, in order to achieve the Company's investment objectives, seeks to invest for the medium to long-term in companies and construct an investment portfolio for the Company which will:

- Focus on the investment merits of individual stocks rather than market and economic trends;
- Invest in shares which it expects to yield dividends;
- Invest in securities which it assesses to be undervalued relative to their long term potential; and
- Have the securities of between 20 and 60 issues represented in its portfolio.

The Manager does not intend to follow the weightings of any index.

### Investment Manager's Comments

We continued to seek to buy shares in companies that we know and understand and which we believe have favourable long term prospects. We consider the quality and commitment of management to be particularly important and see the effective re-investment of free cash flow to be one of the key sources of increased value for our investments.

The major acquisitions in the investment portfolio during the year were shares in Bellamy's Australia Limited, Beacon Lighting Group Limited and Link Administration Holdings Limited.

We sold some of our holding in Blackmores Limited for a considerable amount of profit following a strong increase in price of the shares. We also sold our holding of shares in Medibank Private Limited, Hunter Hall International and the balance of our holding in Prime Financial Group Limited.

An opportunity arose during the year to acquire 9.06% of the issued capital of Winpar Holdings Limited in exchange for shares in Illuminator Investment Company Limited; this had the effect of increasing the issued capital of Illuminator Investment Company Limited by 30.17%. As at 30<sup>th</sup> June 2016 the company held 9.67% of the issued capital of Winpar Holdings Limited.

One of our major disadvantages is the size of our Company, relative to the fixed costs that we are currently incurring and which continue to increase. We continue to actively examine ways to increase our size in order to achieve greater economies of scale for the Company.

## CORPORATE GOVERNANCE STATEMENT

The Board has the responsibility of ensuring the Company is properly managed so as to protect and enhance shareholders interests in a manner that is consistent with the Company's responsibility to meet its obligations to all parties with which it interacts. To this end, the Board has adopted what it believes to be appropriate corporate governance policies and practices having regard to its size and nature of activities.

The main corporate governance policies are summarised below.

### **Appointment and Retirement of Non-Executive Directors**

It is the Board's policy to determine the terms and conditions relating to the appointment and retirement of non-executive directors on a case by case basis and on conformity with the requirements of the Listing Rules and the Corporations Act.

### **Director's Access to Independent Professional Advice**

It is the Board's policy that any committees established by the Board should:

- Be entitled to obtain independent professional or other advice at the cost of the Company, unless the Board determines otherwise.
- Be entitled to obtain such resources and information from the Company including direct access to employees of and advisers to the Company as they might require.
- Operate in accordance with the terms of reference established by the Board.

### **Audit Committee**

The Audit Committee meets with the external auditors at least once a year. This committee addresses the financial and compliance oversight responsibilities of the Board. The specific activities include assessing and monitoring:

- The adequacy of the Company's internal controls and procedures to ensure compliance with all applicable legal obligations.
- The adequacy of the financial risk management processes.
- The appointment of the external auditor, any reports prepared by the external auditor and liaising with the external auditor.

### **Board Participation in Management**

Under the Management Agreements, the Manager has discretion to acquire and dispose of investments on behalf of the Company. Investments consistent with the Investment Guidelines may be undertaken without consultation with the Board.

Any proposed investment that does not fall within this Investment Guidelines or any change in the Investment Guidelines proposed by the Manager requires the prior approval of the Board which may be withheld in its absolute discretion.

## DIRECTORS' REPORT

Your directors present their report on the Company for the financial year ended 30 June 2016. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

### Directors

The names of directors in office at any time during or since the end of the year are:

Steven Shane Pritchard

Daniel Di Stefano

Darval Warwick Thomas

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

### Company Secretary

The following persons held the position of company secretary at the end of the financial year:

Daniel Di Stefano held the position of joint company secretary at the end of the financial year. Further details in respect of the qualifications of the Company Secretary are contained in the information of Directors.

Enzo Pirillo held the position of joint company secretary at the end of the financial year. Enzo has a Bachelor of Commerce degree from the University of Newcastle and is a Certified Practising Accountant.

### Principal Activities

The principal activity of the Company during the financial year was making medium to long term investments in securities.

There were no significant changes in the nature of the Company's principal activities during the financial year.

### Operating Results

The loss of the Company after providing for income tax amounted to \$18,327 (2015: \$9,695).

### Dividends Paid or Recommended

Dividends paid or declared for payment are as follows:

2015 Final ordinary dividend of 1.00 cents per share payable on 5 November 2015.	\$28,982
2016 Final ordinary dividend of 1.00 cents per share payable on 7 November 2016.	\$38,315

### Listed Investment Company Capital Gains

In 2001 the Government made changes to Capital Gains Tax relating to Listed Investment Companies ("LIC's"). The changes affect the company in situations where the Company makes a taxable capital gain on the sale of equity securities from their investment portfolios which have been held for longer than one year. This means that Illuminator is able to pass on to certain classes of shareholders a special tax deduction which is attached to its dividend. Its purpose is to put shareholders into a similar after-tax position to that which would apply if the capital gain had been made by them directly.

Arising from the sale of some of our holdings, the company has made some taxed LIC capital gains this year. This year's final dividend will be sourced from these gains. The amount which shareholders may be able to claim as a tax deduction depends upon their individual situation. The shareholders should also refer to the information provided on the dividend statement.

### Review of Operations

The Company incurred a loss of \$18,327 for the year compared to a loss of \$9,695 last year.

The amount of dividends and distributions received by the Company increased by 3.03% to \$35,231 which was an increase of \$1,036.

During the year, the Company exchanged 888,125 of its fully paid ordinary shares for 373,716 fully paid ordinary shares in Winpar Holdings Limited. This resulted in the Company acquiring 9.06% of the issued capital of Winpar Holdings Limited

The Shareholders equity increased during the year by \$346,992 to \$1,491,536 or 30.32%.

## DIRECTORS' REPORT (CONTINUED)

### Significant Changes in State of Affairs

There were no significant changes in the state of affairs of the Company during the financial year.

### After Balance Date Events

There have been no activities which have significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the Company in the future.

### Future Developments, Prospects and Business Strategies

The Company will continue to pursue its investment objectives for the long-term benefit of members. This will require the continued review of the investment strategy that is in place and may from time to time require some changes to that strategy.

We do not believe it is possible or appropriate to make a prediction on the future course of markets or the performance of our investments. Accordingly, we do not provide a forecast of the likely results of our activities.

### Environmental Issues

The Company's operations are not regulated by any significant environmental regulation under the law of the Commonwealth and State.

### REMUNERATION REPORT

This report details the nature and amount of remuneration for each director of Illuminator Investment Company Limited, and for the executives receiving the highest remuneration.

#### Remuneration policy

All issues in relation to remuneration of both Executive Directors and Non-Executive Directors are dealt with by the board of the Company.

The constitution of Illuminator Investment Company Limited requires approval by the shareholders in general meetings of a maximum amount of remuneration per year to be allocated between Non-Executive Directors as they determine. In proposing the maximum amount for consideration in general meeting, and in determining the allocation, the Board takes account of the time demands made on Directors, together with such factors as the general level of fees paid to Directors. The amount of remuneration currently approved by shareholders for Non-Executive Directors is a maximum of \$45,000 per annum.

Non-Executive Directors hold office until such time as they retire, resign or are removed from office under the terms set out in the constitution of the Company.

Non-Executive Directors do not receive any performance based remuneration.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards and Interpretations, and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The financial report covers Illuminator Investment Company Limited as an individual entity. Illuminator Investment Company Limited is a listed public company, incorporated and domiciled in Australia.

Accounting standards include Australian equivalents to International Financial Reporting Standards ('A-IFRS'). Compliance with A-IFRS ensures that the financial statements and notes of the Company comply with International Financial Reporting Standards ('IFRS'). The Company is a 'for profit entity'.

The Company has not applied any Australian Accounting Standards or AASB interpretations that have been issued as at balance date but are not yet operative for the year ended 30 June 2016 ("the inoperative standards"), except for AASB 9. The impact of the inoperative standards has been assessed and the impact has been identified as not being material. The Company only intends to adopt inoperative standards at the date at which their adoption becomes mandatory.

### Basis of Preparation

#### *Reporting Basis and Conventions*

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied. All amounts are presented in Australian dollars, unless otherwise noted.

The financial statements were authorised for issue by the directors on 8 September 2016.

### Accounting Policies

The following is a summary of the material accounting policies adopted by the Company in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

#### **a. Investment Portfolio**

##### (i) Statement of Financial Position classification

The Company has an investment portfolio.

The investment portfolio relates to holdings of securities which the directors intend to retain on a long-term basis.

The investment portfolio is classified as a 'non-current asset'.

Ordinary securities within the investment portfolio are classified as 'financial assets measured at fair value through other comprehensive income', whilst securities within the trading portfolio are classified as 'assets measured at fair value through the Income Statement' in accordance with AASB 9.

##### (ii) Valuation of investment portfolio

Securities, including listed and unlisted shares and notes and options, are initially brought to account at cost, which is the cost of acquisition including transaction costs, and are revalued to market values continuously. Increments and decrements on Ordinary Securities are recognised as Comprehensive Income and taken to the Investment Revaluation Reserve.

Where disposal of an investment occurs, any revaluation increment or decrement relating to it is transferred from the Investment Revaluation Reserve to retained earnings. Subsequently, any revaluation or decrement to the extent of a capital profits reserve balance relating to the disposal of an investment is transferred to the Capital Profits Reserve.

# ILLUMINATOR INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(iv) Determination of market value

Market value for the purposes of valuing holdings of the securities is determined by reference to market prices prevailing at balance date, predominantly the last sale price, where the securities are traded on an organised market. Where a security is not so traded, its fair value is determined by the Directors.

(v) Income from holding of securities

Distributions relating to listed securities are recognised as income when those securities are quoted ex-distribution basis and distributions relating to unlisted securities are recognised as income when received. If the distributions are capital returns on ordinary securities the amount of the distribution is treated as an adjustment to the carry value of the securities.

**b. Fair Value of Financial Assets and Liabilities**

The fair value of cash and cash equivalents, and non-interest bearing monetary financial assets and liabilities of the Company approximates their carrying value.

**c. Income Tax**

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance sheet date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

**d. Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments. Bank overdrafts are shown within borrowings in current liabilities and on the statement of financial position.

**e. Public Offer Costs**

The costs incurred in the establishment of the Company and its subsequent public offerings have been charged directly against issued capital.

**f. Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**g. Comparative Figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**h. Foreign Currency Transactions and Balances**

Foreign currency transactions during the year are converted to Australian currency using the exchange rates applicable at the dates of the transactions. Amounts receivable and payable in foreign currencies at balance date are converted at the rates of foreign exchange ruling at that date.

**i. Borrowings**

The Company is party to an agreement under which BT Securities Limited have agreed to accept listed securities beneficially held by the Company as security under the loan facility.

**j. Excess of Current Liabilities over Current Assets**

At 30 June 2016, the Company has current assets of \$20,420 and current liabilities of \$160,490, deficiency of \$140,070. The financial report has been prepared on a going concern basis, which contemplates the realisation of assets and satisfaction of liabilities in the ordinary course of business. The Directors will realise a portion of the Company's investment portfolio to enable the Company to meet any debts as and when they fall due and payable if required. It is on this basis that the going concern assumption is considered appropriate.

**k. Split between Revenue and Capital in Other Comprehensive Income**

'Capital' relates to realised or unrealised gains (and the tax thereon) on securities within the Investment portfolio and excludes income in the form of distributions and dividends which are recorded as 'Revenue'. All other items, including expenses, are recorded as Net Operating profit, which is equivalent to 'Revenue'.

**l. Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Board has been identified as the chief operating decision-maker, as it is responsible for allocating resources and assessing performance of the operating segments.

**m. Critical Accounting Estimates and Judgements**

The preparation of financial reports in conformity with AIFRS requires the use of certain critical accounting estimates. This requires the Board and management to exercise their judgement in the process of applying the Company's accounting policies.

The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities have been recognised for Capital Gains Tax (CGT) on the unrealised gain in the Investment Portfolio at current tax rates.

As the directors do not intend to dispose of the portfolio, this tax liability may not be crystallised at the amount disclosed in Note 15. In addition, the tax liability that arises on disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains at the time of disposal.

The Company has recognised deferred tax assets in relation to carried forward revenue and capital losses and deductible temporary differences as disclosed in Note 12. The Company recognises these assets only if the Company considers it is probable that future taxable amounts will be available to utilise these temporary differences and losses. The Company intends to not dispose of portfolio assets until there are gains on the investments which the Directors believe will be sufficient to recoup the deferred tax assets.

Apart from these, there are no key assumptions or sources of estimation uncertainty that have a risk of causing a material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period.

## NOTE 18: SEGMENT REPORTING

### (a) Description of segments

The Board makes the strategic resource allocations for the Company. The Company has therefore determined the operating segments based on the reports reviewed by the Board, which are used to make strategic decisions. The Board is responsible for the Company's entire portfolio of investments and considers the business to have a single operating segment. The Board's asset allocation decisions are based on a single, integrated investment strategy, and the Company's performance is evaluated on an overall basis. The Company invests in equity securities and other instruments to provide shareholders with attractive investment returns through access to a steady stream of fully franked dividends and enhancement of capital invested.

### (b) Segment information provided to the Board

The internal reporting provided to the Board for the Company's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of Australian Accounting Standards, except that net assets are reviewed both before and after the effects of capital gains tax on investments (as reported in the Company's Net Tangible Asset announcements to the NSX). The Board considers the Company's net operating profit after tax to be a key measure of the Company's performance. This amount excludes the impact of unrealised gains/losses on options and any gains or losses on the Company's investment portfolio and reconciles to the Company's profit before tax as follows:

<b>Net operating loss after income tax benefit</b>	(18,327)	(9,695)
Add back income tax benefit	(20,415)	(16,246)
<b>Loss before tax</b>	<b>(38,742)</b>	<b>(25,941)</b>

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

### NOTE 18: SEGMENT REPORTING (CONTINUED)

In addition, the Board regularly reviews the net asset value per share both before and after provision for deferred tax on the unrealised gains in the Company's long-term investment portfolio. Deferred tax is calculated as set out in notes 1(c) and 1(m). The relevant amounts as at 30 June 2016 and 30 June 2015 were as follows:

	2016	2015
	\$	\$
<b>Net tangible asset backing per share</b>		
Before tax	0.35	0.34
After tax	0.39	0.40

#### (c) Other segment information

The Company operates in one business segment, being that of a listed investment company. The Company operates from Australia only and therefore has only one geographical segment. However the Company has investment exposures in different countries which are shown below. The Company invests in securities listed on overseas stock exchanges. Details of the geographical exposures are as follows:

### NOTE 23: COMPANY DETAILS

The registered office and principal place of business of Illuminator Investment Company Limited is:

10 Murray Street  
HAMILTON NEW SOUTH WALES 2303

### NOTE 24: FINANCIAL RISK MANAGEMENT

Accounting Standards identify three types of risk associated with financial instruments (i.e. the Company's investments, receivables, payables and borrowings):

#### a. Credit Risk

The standard defines this as the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk is managed as noted in the Notes to the financial statements with respect to cash and trade and other receivables. None of these assets are over-due or considered to be impaired.

#### b. Liquidity Risk

The standard defines this as the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company monitors its cash-flow requirements and ensures that it has either cash or access to short term borrowing facilities sufficient to meet any payments.

The assets of the Company are largely in the form of readily tradeable securities which can be sold on-market if necessary.

#### c. Interest Rate Risk

The Company is exposed to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates. The effective average of interest rates on short term borrowings was 6.87% (2015: 6.87%). A rise in interest rates of 1% will result in the company incurring additional finance costs of \$1,407 (2015: \$514), whilst a fall 1% will result in interest savings of \$1,407 (2015: \$514).

#### d. Capital Management

It is the Board's policy to maintain a strong capital base so as to maintain investors and market confidence.

To achieve this, the Board monitors the Company's net tangible assets, its levels of borrowings and its investment performance.

The company seeks to raise additional capital by way of

- a dividend reinvestment plan; and
- issue of new shares by way of a prospectus.

The capital structure of the Company consists of Issued capital, reserves and retained earnings as disclosed in notes 16 and 17.

The Company is not subject to any externally imposed capital requirements.

#### e. Market Risk

The standard defines this as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market price.

By its nature as the Company invests a substantial proportion of its assets in tradeable securities the Company is always subject to market risk as it invests its capital in securities which are not risk free i.e. the market price of these securities can fluctuate.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

### NOTE 24: FINANCIAL RISK MANAGEMENT (CONTINUED)

A general fall in market prices of 5% and 10%, if spread equally over all assets in the total portfolio would lead to a reduction in the Company's equity of \$74,157 and \$148,314 (2015: \$52,139 and \$104,278) respectively, assuming a flat tax rate of 30%.

The Company seeks to minimise market risk by ensuring that it is not in the opinion of the Board, overly exposed to one company or one particular sector of the market. The relative weightings of the individual securities and relevant market sectors are reviewed regularly and risk can be managed by reducing exposure where appropriate. The Company does not have set parameters as to a minimum or maximum amount of the portfolio that can be invested in a single company or sector.

#### f. Fair value measurements

The following table provides the fair values of the Company's asset and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy.

1. quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
2. inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
3. inputs for the asset or liabilities that are not based on observable market data (unobservable inputs) (level 3).

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ILLUMINATOR INVESTMENT COMPANY LIMITED

### Report on the Financial Report

We have audited the accompanying financial report of Illuminator Investment Company Limited, which comprises the statement of financial position as at 30 June 2016, and statement of profit or loss and other comprehensive income, statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

### Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
