**NOTES TO THE CONDENSED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of the Condensed Financial Statements

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standard *AASB 134: Interim Financial Reporting*, Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards *IAS 34 Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and must be read in conjunction with the most recent annual financial report.

The condensed financial statements have been prepared on the basis of historical cost, except for the revaluation of certain assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2016 annual financial report for the financial year ended 30 June 2016, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The company has not applied any Australian Accounting Standards or AASB interpretations that have been issued at balance date but are not yet operative for the half year ended 31 December 2016 ("the inoperative standards"). The impact of the inoperative standards has been assessed and has been identified as not being material. The company only intends to adopt inoperative standards at the date at which their adoption becomes mandatory.

The adoption of the various Australian Accounting Standards and Interpretations in issue but not yet effective will not impact the company's accounting policies. However, the pronouncements will result in changes to information currently disclosed in the financial statements. The company does not intend to adopt any of these pronouncements before their effective dates.
