NSX RELEASE

AdvanceTC Limited (NSX:A88)

24 April 2017

AdvanceTC Ltd starts European Design office in France

AdvanceTC Limited ("AdvanceTC" or the "Company") would like to announce that the Chairman and CEO, Mr. CP Loi, and Mr. Herve Jegou, CEO of the Company's JV subsidiary AdvanceTC Cilicon SAS, has officiated the Company's new office in France this month.

The new office, which is located at No.17 Avenue George V, 75008 Paris, will be managed by Mr. Herve Jegou, who is highly qualified and experienced in Android Technology and Industrial Design. The Paris office will be responsible for the development of industrial design and technological innovations. This office will also act as the servicing and promoting centre of the Company's products and technology services in Europe. This will provide AdvanceTC with the platform to enter into the vast European market.

The Company is confident that the new JV would provide the ideal association to tap into the lucrative European market of half a billion consumers and propel the Company onto a global market where its innovative technology will benefit even a much wider population. The Smartphone Business Unit, which is responsible for the Research, Design, Development and Distribution of all Magic branded Smartphone, is located right in the heart of this lucrative market.
