NSX RELEASE

AdvanceTC Limited (NSX:A88)

05 May 2017

NEW MAGIC X6L SMARTPHONE GOES INTO PRODUCTION

AdvanceTC Ltd ('AdvanceTC' or the 'Company') would like to inform that its new model, MAGIC X6L Android Smartphone, is going into its first Production run. Mr Herve Jegou, the Company's Smartphone subsidiary CEO, has approved the production trial whilst in the Company's production factory in China in April.

The Company will proceed to the next phase in the process, which will be the first production run within the next two weeks. This first production run will be 4,000 units, which has been presold.

The production factory has allocated a production capacity of up to 10,000 units for this model for Q2, ramping up to 50,000 units in Q3 and 100,000 units in Q4.

The Company is optimistic of the year performance as is supported by the release of trade statistic gathered by Persistence Market Research, which shows that the Asia Pacific Area is the fastest growing and largest smartphone consumer market in the world, accounting for 518 million smartphones, growing at 5.8% per annum*.
