## **ZKP Director Appointment**

---

ZKP Group Limited is pleased to announce following the Annual General Meeting held today that Gary Francis has been appointed a director of the Company.

Mr Francis is an Engineer with over 30 years professional experience in the construction industry having worked in senior positions with a number of major construction companies on large scale projects both in Australia and Asia.

In the past decade, Mr Francis has held independent Director positions with a number of listed and private companies. Currently he is a director of Korvest Limited (ASX: KOV), a publicly listed company specialising in hot dip galvanising and the metal fabrication of various products for the mining, infrastructure and industrial markets in Australia and a director of CTL Australia Group Limited, a public company which is in the process of listing on the ASX that specialises in steel processing and fabrication. Mr Francis also acts as an advisor to Custodian International, a cyber, people and infrastructure security advisory firm; Rider, Levett, Bucknall, a global property and construction consultancy; and FMG Engineering, an engineering consultant operating out of New South Wales, Victoria and South Australia.

Mr Francis is a Member of the KPMG Audit Committee Institute and the Australian Institute of Company Directors and holds a BSc (Hons) Civil Engineering from Southampton University, UK.

Mr. Francis' knowledge, skills and experience enable him to be well positioned and highly respected within our organization.
