### Benefits of Investing in Florin Shares

Florin Mining Investment Company Limited ("Florin") was incorporated in 2004, and listed on the National Stock Exchange of Australia Limited in 2005. Some of the benefits of investing in Florin Mining Investment Company Limited shares include:

- **Diversification of risk**

In order to diversify the risk in its investment portfolio, Florin intends to manage its investment portfolio with a view to building the number of issuers in the Portfolio to a minimum of 20 and a maximum of 100.

- **Professional Management**

The investment portfolio of Florin is managed by Hamilton Asset Management Limited, which is licensed by the Australian Securities & Investments Commission.

- **Fixed Capital Base Not Affected by Unexpected Cash Inflows or Outflows**

Florin is able to invest for the medium to long term, as it has a fixed capital base and does not need to manage constant inflows and outflows of additional capital.

- **Regular Reporting to the National Stock Exchange of Australia Limited**

Florin reports its performance to the NSX and shareholders on a biannual basis and it announces its net asset backing to the NSX monthly. In addition, as a listed company, Florin complies with the continuous disclosure requirements of the NSX. Copies of all announcements to the NSX are also posted on the Florin internet site [www.florin.com.au](http://www.florin.com.au).

## INVESTMENT MANAGER'S REPORT

### Investment Objectives

The investment objectives of Florin Mining Investment Company Limited, are to:

- Preserve the capital of the Company;
- Achieve a high real rate of return, comprising both income and capital growth; and
- Generally, to limit the investments of the Company to natural resource companies being those companies:
  - who derive a significant proportion of their revenues from the mining of base and precious metals, industrial minerals, and bulk commodities, the production of oil and gas or geothermal or other renewable energy sources; or
  - have a significant proportion of their assets invested, or they propose to invest a significant proportion of their assets, in activities involved in the exploration for base and precious metals, industrial minerals, and bulk commodities, the production of oil and gas or geothermal or other energy from renewable resources.

### Investment Philosophy

The Manager seeks to maximise the capital growth of the Company's portfolio by investing in natural resource companies. Investments are primarily in mining or exploration companies – that are either producing or exploring for base and precious metals, industrial minerals, bulk commodities, oil and gas or in those companies producing or developing the production of energy from renewable resources.

Whilst in making its investment decisions the Manager will generally take a medium to long term view, it may however, from time to time acquire investments with a view to profit through short term trading opportunities.

The Manager:

- focuses on the investment merits of individual stocks rather than market and economic trends; and
- seeks to invest in shares which it assesses to be undervalued relative to their longer term growth prospects.

The following table shows the progress of Florin Mining Investment Company Limited:

Year	Dividends Cents Per Share	Net Profit/(loss) \$	Issued Capital \$	Issued Ordinary Shares	Net Assets \$
2005	-	(54,070)	977,073	5,127,502	934,776
2006	-	297,636	977,073	5,127,502	1,352,710

# FLORIN MINING INVESTMENT COMPANY LIMITED

## CORPORATE GOVERNANCE STATEMENT

The Board has the responsibility of ensuring the Company is properly managed so as to protect and enhance shareholders interests in a manner that is consistent with the Company's responsibility to meet its obligations to all parties with which it interacts. To this end, the Board has adopted what it believes to be appropriate corporate governance policies and practices having regard to its size and nature of activities.

The main corporate governance policies are summarised below.

### **Appointment and Retirement of Non-Executive Directors**

It is the Board's policy to determine the terms and conditions relating to the appointment and retirement of non-executive directors on a case by case basis and on conformity with the requirements of the Listing Rules and the Corporations Act.

### **Director's Access to Independent Professional Advice**

It is the Board's policy that any committees established by the Board should:

- Be entitled to obtain independent professional or other advice at the cost of the Company, unless the Board determines otherwise.
- Be entitled to obtain such resources and information from the Company including direct access to employees of and advisers to the Company as they might require.
- Operate in accordance with the terms of reference established by the Board.

### **Audit Committee**

The Audit Committee intends to meet with the external auditors at least once a year. This committee addresses the financial and compliance oversight responsibilities of the Board. The specific activities include assessing and monitoring:

- The adequacy of the Company's internal controls and procedures to ensure compliance with all applicable legal obligations.
- The adequacy of the financial risk management processes.
- The appointment of the external auditor, any reports prepared by the external auditor and liaising with the external auditor.

### **Board Participation in Management**

Under the Management Agreements, the Manager has discretion to acquire and dispose of investments on behalf of the Company. Investments consistent with the Investment Guidelines may be undertaken without consultation with the Board.

Any proposed investment that does not fall within this Investment Guidelines or any change in the Investment Guidelines proposed by the Manager requires the prior approval of the Board which may be withheld in its absolute discretion.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## DIRECTORS' REPORT

Your directors present their report on the company for the financial year ended 30 June 2017. In order to comply with the provisions of the Corporations Act 2001, the directors' report as follows:

### Directors

The names of directors in office at any time during or since the end of the year are:

Steven Pritchard

Daniel Di Stefano

Peter Cameron

Enzo Pirillo

Victor Gowan Burley (resigned 14 July 2016)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

### Company Secretary

The following persons held the position of company secretary at the end of the financial year:

Daniel Di Stefano held the position of joint company secretary at the end of the financial year. Further details in respect of Daniel Di Stefano's qualifications are contained in the Information on Directors.

Brett Hall held the position of joint company secretary as at the end of the financial year. Brett Hall has a Bachelor of Commerce degree and is a Certified Practising Accountant.

### Principal Activities

The principal activity of the Company during the financial year was making medium to long term investments in securities.

There were no significant changes in the nature of the Company's principal activities during the financial year.

### Operating Results

The profit of the company after providing for income tax amounted to \$42,157 (2016: \$113,875).

### Dividends Paid or Recommended

There was no dividends paid in the current or previous financial years.

### Review of Operations

The shareholders equity increased during the year by \$31,772 or 1.57% to \$2,050,703. This comprised of \$42,157 in operating profit, realised losses on the investment portfolio of \$34,435, and unrealised gains of \$24,051.

The price of shares in natural resource companies continued to be depressed as they have been over the last few years, with the one bright spot being the rise in the price of Australian gold producers.

During the year the Company sold a total of \$165,204 of securities from its trading portfolio. As at year end the value of the trading portfolio was \$558,280 in comparison to \$526,937 at the end of the prior year.

The company has a long term target of reducing the trading portfolio so that it represents no more than 10% of the overall assets of the company.

The Company continued to add to its investment portfolio with the acquisition of a number of additional holdings with an emphasis on those companies that are paying dividends or have good prospects of doing so in the future.

At the end of the year the value of the investment portfolio had increased by \$728,050 to \$1,403,154 compared to \$675,104 at the end of the previous year.

### Significant Changes in State of Affairs

There were no significant changes in the state of affairs of the Company during the financial year.

### After Balance Date Events

There have been no activities which have significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the Company in the future.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## DIRECTORS' REPORT

### Future Developments, Prospects and Business Strategies

The Company will continue to pursue its investment objectives for the long-term benefit of members. This will require the continued review of the investment strategy that is in place and may require some changes to that strategy.

Further information on likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the Company.

### Environmental Issues

The Company's operations are not regulated by any significant environmental regulation under the law of the Commonwealth and State.

## REMUNERATION REPORT

This report details the nature and amount of remuneration for each director of Florin Mining Investment Company Limited, and for the executives receiving the highest remuneration.

### Remuneration policy

All issues in relation to remuneration of both Executive Directors and Non-Executive Directors are dealt with by the board of the Company.

The constitution of Florin Mining Investment Company Limited requires approval by the shareholders in general meetings of a maximum amount of remuneration per year to be allocated between Non-Executive Directors as they determine. In proposing the maximum amount for consideration in general meeting, and in determining the allocation, the Board takes account of the time demands made on Directors, together with such factors as the general level of fees paid to Directors. The amount of remuneration currently approved by shareholders for Non-Executive Directors is a maximum of \$80,000 per annum.

Non-Executive Directors hold office until such time as they retire, resign or are removed from office under the terms set out in the constitution of the Company.

Non-Executive Directors do not receive any performance based remuneration.

### Remuneration Report

#### Details of remuneration for year ended 30 June 2017

Details of the remuneration for each Director of the Company was as follows:

<b>2017</b>	Salary & Fees	Superannuation Contributions	Other	Total

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards and Interpretations, and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The financial report covers Florin Mining Investment Company Limited as an individual entity. Florin Mining Investment Company Limited is a listed public company, incorporated and domiciled in Australia.

Accounting standards include Australian equivalents to International Financial Reporting Standards ('A-IFRS'). Compliance with A-IFRS ensures that the financial statements and notes of the Company comply with International Financial Reporting Standards ('IFRS'). The Company is a 'for profit entity'.

The Company has not applied any Australian Accounting Standards or AASB interpretations that have been issued as at balance date but are not yet operative for the year ended 30 June 2017 ("the inoperative standards"), except for AASB 9. The impact of the in operative standards has been assessed and the impact has been identified as not being material. The Company only intends to adopt inoperative standards at the date at which their adoption becomes mandatory.

### Basis of Preparation

#### *Reporting Basis and Conventions*

The financial report has been prepared on the basis of historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied. All amounts are presented in Australian dollars, unless otherwise noted.

The financial statements were authorised for issue by the directors on 11 September 2017.

### Accounting Policies

The following is a summary of the material accounting policies adopted by the Company in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

#### **a. Investment and Trading Portfolios**

##### **(i) Statement of Financial Position classification**

The Company has two portfolios of securities, the investment portfolio and the trading portfolio.

The investment portfolio relates to holdings of securities which the directors intend to retain on a long-term basis.

The trading portfolio comprises securities held for short term trading purposes.

The investment portfolio is classified as a 'non-current asset', whereas the trading portfolio is classified as a 'current asset'.

Ordinary securities within the investment portfolio are classified as 'financial assets measured at fair value through other comprehensive income', whilst securities within the trading portfolio are classified as 'assets measured at fair value through the Income Statement' in accordance with AASB 9.

##### **(ii) Valuation of investment portfolio**

Securities, including listed and unlisted shares and notes and options, are initially brought to account at cost, which is the cost of acquisition including transaction costs, and are revalued to market values continuously. Increments and decrements on Ordinary Securities are recognised as comprehensive income and taken to the Investment Revaluation Reserve.

Where disposal of an investment occurs, any revaluation increment or decrement relating to it is transferred from the Investment Revaluation Reserve to retained earnings. Subsequently, any revaluation or decrement to the extent of a capital profits reserve balance relating to the disposal of an investment is transferred to the Capital Profits Reserve.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(iii) Valuation of trading portfolio

Securities, including listed and unlisted shares and notes, are initially brought to account at cost which is the cost of acquisition including transaction costs and are revalued to market values continuously.

Increments and decrements on the value of securities in the trading portfolio are taken directly through to the Income Statement.

(iv) Determination of market value

Market value for the purposes of valuing holdings of the securities is determined by reference to market prices prevailing at balance date, predominantly the last sale price, where the securities are traded on an organised market. Where a security is not so traded, its fair value is determined by the Directors.

(v) Income from holding of securities

Distributions relating to listed securities are recognised as income when those securities are quoted ex-distribution basis and distributions relating to unlisted securities are recognised as income when received. If the distributions are capital returns on ordinary securities the amount of the distribution is treated as an adjustment to the carry value of the securities.

**b. Fair Value of Financial Assets and Liabilities**

The fair value of cash and cash equivalents, and non-interest bearing monetary financial assets and liabilities of the Company approximates their carrying value.

**c. Income Tax**

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

**d. Initial Public Offer Costs**

The costs incurred in the establishment of the Company and its subsequent public offerings have been charged directly against issued capital.

**e. Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments. Bank overdrafts are shown within borrowings in current liabilities and on the statement of financial position.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### f. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### g. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### h. Foreign Currency Transactions and Balances

Foreign currency transactions during the year are converted to Australian currency using the exchange rates applicable at the dates of the transactions. Amounts receivable and payable in foreign currencies at balance date are converted at the rates of foreign exchange ruling at that date.

#### i. Borrowings

The Company is party to an agreement under which BT Securities Limited have agreed to accept listed securities beneficially held by the Company as security under the loan facility.

#### j. Split between Revenue and Capital in Other Comprehensive Income

'Capital' relates to realised or unrealised gains (and the tax thereon) on securities within the Investment portfolio and excludes income in the form of distributions and dividends which are recorded as 'Revenue'. All other items, including expenses, are recorded as Net Operating profit, which is equivalent to 'Revenue'.

#### k. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Board has been identified as the chief operating decision-maker, as it is responsible for allocating resources and assessing performance of the operating segments.

#### l. Critical Accounting Estimates and Judgements

The preparation of financial reports in conformity with AIFRS requires the use of certain critical accounting estimates. This requires the Board and management to exercise their judgement in the process of applying the Company's accounting policies.

The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities have been recognised for Capital Gains Tax (CGT) on the unrealised gain in the Investment Portfolio at current tax rates.

As the directors do not intend to dispose of the portfolio, this tax liability may not be crystallised at the amount disclosed in Note 16. In addition, the tax liability that arises on disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains at the time of disposal.

The Company has recognised deferred tax assets in relation to carried forward revenue and capital losses and deductible temporary differences as disclosed in Note 13. The Company recognises these assets only if the Company considers it is probable that future taxable amounts will be available to utilise these temporary differences and losses. The Company intends to not dispose of portfolio assets until there are gains on the investments which the Directors believe will be sufficient to recoup the deferred tax assets.

Apart from these, there are no key assumptions or sources of estimation uncertainty that have a risk of causing a material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

	2017	2016
	\$	\$

### NOTE 13: DEFERRED TAX ASSETS

The deferred tax asset is made up of the following estimated tax benefits:

- Capital losses	78,867	80,319
- Temporary differences	4,886	4,781
	<u>83,753</u>	<u>85,100</u>

Tax losses not recognised:

- Unused tax losses for which no deferred tax asset has been recognised	1,242,151	1,252,738
- Potential tax benefit @ 30%	<u>372,645</u>	<u>375,821</u>

The above potential tax benefit for tax losses has not been recognised in the statement of financial position. The deferred tax asset has only been recognised to the extent of the deferred tax liability.

### NOTE 14: TRADE AND OTHER PAYABLES

Sundry creditors and accrued expenses	<u>36,460</u>	<u>33,808</u>
---------------------------------------	---------------	---------------

Payables are non-interest bearing and unsecured.

### NOTE 15: BORROWINGS

Short-term borrowings - secured	<u>4,037</u>	<u>5,524</u>
---------------------------------	--------------	--------------

The above short-term borrowings are secured by listed securities held in the company's investment and trading portfolios. Repayment of the facility is done either through the use of cash received from dividends and distributions or the sale of securities. The effective interest rate on short term borrowings – secured was 7.12% (2016: 7.37%). The amount of the facility unused at year end is \$80,816 (2016: \$26,676).

### NOTE 16: DEFERRED TAX LIABILITIES

Provision for deferred income tax is attributable to:

- Deferred capital gains tax	65,291	52,608
- Temporary differences	18,463	32,492
	<u>83,754</u>	<u>85,100</u>

### NOTE 17: ISSUED CAPITAL

16,961,769 (2016: 16,961,769) fully paid ordinary shares	17a	<u>3,225,920</u>	<u>3,225,920</u>
--	-----	------------------	------------------

#### a. Ordinary shares

At the beginning of reporting period	3,225,920	3,225,920
At the end of reporting period	<u>3,225,920</u>	<u>3,225,920</u>

Ordinary shares participate in dividends and the proceeds on winding up of the Company in proportion to the number of shares held.

At shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

Changes to the then Corporations Law abolished the authorised capital and par value concept in relation to share capital from 1 July 1998. Therefore, the company does not have a limited amount of authorised capital and does not calculate a par value for issued shares.

Investment revaluation	18b	(44,406)	(68,457)
		<b>515,571</b>	<b>480,651</b>

### 18a. Capital Profits Reserve

#### Movements During the Year

Opening balance	549,108	445,143
Transfer from retained earnings	10,869	103,965
Closing Balance	<b>559,977</b>	<b>549,108</b>

The capital profits reserve records capital profits made upon the sale of investments in the Company's investment portfolio.

### 18b. Investment Revaluation Reserve

#### Movements During the Year

Opening balance	(68,457)	(115,947)
Revaluation of the investment portfolio	24,051	47,490
Closing Balance	<b>(44,406)</b>	<b>(68,457)</b>

The investment revaluation reserve records revaluations of the Company's investment portfolio.

## NOTE 19: SEGMENT REPORTING

### (a) Description of segments

The Board makes the strategic resource allocations for the Company. The Company has therefore determined the operating segments based on the reports reviewed by the Board, which are used to make strategic decisions. The Board is responsible for the Company's entire portfolio of investments and considers the business to have a single operating segment. The Board's asset allocation decisions are based on a single, integrated investment strategy, and the Company's performance is evaluated on an overall basis. The Company invests in equity securities and other instruments to provide shareholders a high real rate of return, comprising both income and capital growth.

### (b) Segment information provided to the Board

The internal reporting provided to the Board for the Company's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of Australian Accounting Standards, except that net assets are reviewed both before and after the effects of capital gains tax on investments (as reported in the Company's Net Tangible Asset announcements to the NSX). The Board considers the Company's net operating profit after tax to be a key measure of the Company's performance. This amount excludes the impact of unrealised gains/losses on options and any gains or losses on the Company's investment portfolio and reconciles to the Company's profit before tax as follows:

# FLORIN MINING INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

	2017	2016
	\$	\$

### NOTE 19: SEGMENT REPORTING (continued)

Net operating profit after income tax expenses/ (benefit)	42,157	113,875
Add back income tax expense	-	-
Profit/ (loss) before tax	<b>42,157</b>	<b>113,875</b>

In addition, the Board regularly reviews the net asset value per share both before and after provision for deferred tax on the unrealised gains in the Company's long-term investment portfolio. Deferred tax is calculated as set out in notes 1(c) and 1(l). The relevant amounts as at 30 June 2017 and 30 June 2016 were as follows:

### Net tangible asset backing per share

Before tax	0.12	0.12
After tax	0.12	0.12

### (c) Other segment information

The Company operates in one business segment, being that of a listed investment company. The Company operates from Australia only and therefore has only one geographical segment. However the Company has investment exposures in different countries which are shown below. The Company invests in securities listed on overseas stock exchanges. Details of the geographical exposures are as follows:

2017	Revenue \$	Unrealised Gains/(losses) \$	Market Value \$	Portfolio %

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 22: DIRECTORS AND EXECUTIVES DISCLOSURE

In accordance with the Corporations Amendments Regulation 2005 (No.4) the Company has transferred the disclosure required by AASB 124 from the notes to the Financial Statements to the Directors' Report under the heading of Remuneration Report.

### NOTE 23: INVESTMENT TRANSACTIONS

The total number of contract notes that were issued for transactions in investments during the year was 85 (2016: 147). Each contract note may involve multiple transactions. The total brokerage paid on these contract notes was \$11,636 (2016: \$15,446).

### NOTE 24: COMPANY DETAILS

The registered office of the Company is:

10 Murray Street  
HAMILTON NEW SOUTH WALES 2303

The principal place of business is:

10 Murray Street  
HAMILTON NEW SOUTH WALES 2303

### NOTE 25: FINANCIAL RISK MANAGEMENT

Accounting Standards identify three types of risk associated with financial instruments (i.e. the Company's investments, receivables, payables and borrowings):

#### a. Credit Risk

The standard defines this as the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk is managed as noted in the Notes to the financial statements with respect to cash and trade and other receivables. None of these assets are over-due or considered to be impaired.

#### b. Liquidity Risk

The standard defines this as the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company monitors its cash-flow requirements and ensures that it has either cash or access to short term borrowing facilities sufficient to meet any payments.

The assets of the Company are largely in the form of readily tradeable securities which can be sold on-market if necessary.

#### c. Market Risk

The standard defines this as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market price.

By its nature as the Company invests a substantial proportion of its assets in tradeable securities the Company is always subject to market risk as it invests its capital in securities which are not risk free i.e. the market price of these securities can fluctuate.

A general fall in market prices of 5% and 10%, if spread equally over all assets in the total portfolio would lead to a reduction in the Company's equity of \$98,072 and \$196,143 respectively, assuming a tax rate of 30%.

The Company seeks to minimise market risk by ensuring that it is not in the opinion of the Board, overly exposed to one company or one particular sector of the market. The relative weightings of the individual securities and relevant market sectors are reviewed regularly and risk can be managed by reducing exposure where appropriate. The Company does not have set parameters as to a minimum or maximum amount of the portfolio that can be invested in a single company or sector.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 25: FINANCIAL RISK MANAGEMENT (Continued)

The Company's investment across industry sectors as at 30 June is as below:	2017	2016
	%	%
Cash & Equivalents	15.37	41.44
Energy	19.06	9.50
Materials	52.81	48.17
Metals & Mining	12.76	0.89
	<b>100.00</b>	<b>100.00</b>

### Securities representing over 5 per cent of the investment and trading portfolios at 30 June were:

No securities represented over 5 per cent of the Company's investment and trading portfolios.

The Company is exposed to currency risk as some of its investments are quoted in currency other than Australian dollars. As noted in Note 19, the extent of those securities listed on the overseas stock exchanges is minimal, which significantly mitigates the Company's currency risk.

#### d. Interest Rate Risk

The standard defines this as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company monitors its interest rate exposure and the interest bearing liabilities are kept to a minimum.

A rise in interest rates of 1% will result in the company incurring additional finance costs of \$40 (2016: \$55), whilst a fall of 1% will result in interest savings of \$40 (2016: \$55).

#### e. Capital Management

It is the Board's policy to maintain a strong capital base as to maintain investors and market confidence.

To achieve this, the Board monitors the Company's net tangible assets, its levels of borrowings and its investment performance.

The Company raises additional capital by use of the dividend reinvestment plan.

The capital structure of the Company consists of Issued capital, reserves and retained earnings as disclosed in notes 17 and 18.

The Company is not subject to any externally imposed capital requirements.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

### NOTE 25: FINANCIAL RISK MANAGEMENT (Continued)

#### f. Fair value measurements

The following table provides the fair values of the Company's asset and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy.

1. quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
2. inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
3. inputs for the asset or liabilities that are not based on observable market data (unobservable inputs) (level 3).

30 June 2017	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets at fair value through other comprehensive income					
Investment Portfolio (Equities)	12	1,403,154	-	-	1,403,154
Financial assets/(liabilities) at fair value through profit or loss					
Trading Portfolio	9	558,280	-	-	558,280
Total		<b>1,961,434</b>	<b>-</b>	<b>-</b>	<b>1,961,434</b>

The fair value of financial instruments traded in active markets (including publicly traded derivatives) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

There were no transfers between Level 1, 2 and 3 for assets measured at fair value on a recurring basis during the reporting period (2016: no transfers).

### NOTE 26: SUBSEQUENT EVENTS AFTER 30 JUNE 2017

There have been no activities which have significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the Company in the future.

# FLORIN MINING INVESTMENT COMPANY LIMITED

## DIRECTORS' DECLARATION

1. In the opinion of the Directors of Florin Mining Investment Company Limited:
  - a. The financial statements and notes as set out on pages 2 to 31 are in accordance with the Corporations Act 2001, including:
    - (i) Giving a true and fair view of its financial position as at 30 June 2017 and of its performance for the financial year ended on that date; and
    - (ii) Complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
  - b. There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.
2. The financial statements comply with International Financial Reporting Standards.

Signed in accordance with a resolution of the Directors.

Steven Shane Pritchard  
Director

11 September 2017

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF FLORIN MINING INVESTMENT COMPANY LIMITED

#### Report on the Financial Report

##### Opinion

We have audited the accompanying financial report of Florin Mining Investment Company Limited (the company), which comprises the statement of financial position as at 30 June 2017, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion:

- a) The financial report of Florin Mining Investment Company Limited is in accordance with the Corporations Act 2001, including:
  - i) Giving a true and fair view of the Company's financial position as at 30 June 2017 and of its performance for the year ended on that date; and
  - ii) Complying with Australian Accounting Standards and the Corporations Regulations 2001.

##### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. Our responsibilities under those standards are further described in the Auditor's Responsibility section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Independence

We are independent of the Company in accordance with the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

##### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period.

These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For the matters below, our description of how our audit addressed each matter is provided in that context.

## 1. Valuation & Existence of Trading & Investment Portfolios

### Why significant

As at 30 June 2017, a significant proportion of the Company's assets comprised of trading and investment securities. The fair value of financial assets is \$1,961,434 (2016: \$1,202,042) as disclosed in Notes 9 and 12 of the financial report.

These financial assets are listed securities classified as 'level 1' financial instruments in accordance with the classification under Australian Accounting Standards where quoted prices in active markets are available for identical assets.

Refer to page 17 Note 1 (a) for details of these assets and page 31 Note 25 (f) for the level 1 classification.

Based on the above, we have considered the valuation and existence of financial assets to be a Key Audit Matter.

### How our audit addressed the key audit matter

We used independent sources to perform substantive testing on a sample of financial assets. This included:

- agreeing the quantity of securities held and recognised in the financial report to external independent trading registers;
- confirming the market value as at 30 June 2017 using reputable and active trading websites; and
- reviewing reconciliations prepared by management and supporting documentation to confirm market movements. This included agreeing the gain/loss incurred throughout the period to transaction reports.

We also assessed the appropriateness of the related disclosures in Notes 1 (a), 9, 12 and 25.

## 2. Recognition and Valuation of Deferred Tax Assets

### Why significant

As disclosed in Note 13 of the financial report, at 30 June 2017 the Company has recorded a deferred tax asset of \$83,753 relating to deductible temporary differences and tax losses incurred.

As noted in Note 1(c) of the financial report, deferred tax assets are only recognised if the Company considers it probable that future taxable income will be generated to utilise these temporary differences and losses.

Significant judgement is required in forecasting future taxable income.

Based on the above, we have considered the recognition and valuation of deferred tax assets to be a Key Audit Matter.

### How our audit addressed the key audit matter

We have assessed and challenged management's judgements relating to the Company's ability to generate future taxable income, and also the recognition criteria under AASB 112.

Our procedures included but were not limited to:

- the reasonableness of key assumptions with respect to future income and expenditure;
- reviewing the nature of the deferred tax asset (i.e. temporary differences or revenue / capital losses) and its probability of being realised.

We have also assessed the appropriateness of the disclosures included in Note 13 in respect of the deferred tax balances.

## Other Information

The Directors are responsible for the other information. The other information comprises the information included in the company's Annual Report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

### Other Information (cont'd)

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Directors' Responsibilities for the Financial Report

The Directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In Note 1, the Directors also state, in accordance with Australian Accounting Standard AASB 101 Presentation of Financial Statements, that the financial report complies with International Financial Reporting Standards.

In preparing the financial report, the Directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using a going concern basis of accounting unless the Directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

### Auditor's Responsibilities for the Audit of the Financial Report

Our responsibility is to express an opinion on the financial report based on our audit. Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individual or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report.

The procedures selected depend on the auditor's judgement, including assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

## Auditor's Responsibilities for the Audit of the Financial Report (cont'd)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the entity to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements. We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on the Remuneration Report

### Opinion

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2017.

In our opinion, the Remuneration Report of Florin Mining Investment Company Limited for the year ended 30 June 2017, complies with section 300A of the Corporations Act 2001.

### Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
