Resolutions 3(a) and (b) will be ordinary resolutions which require at least 50% of all votes cast on each of the resolutions to be cast in favour of the resolution.

The quorum for Resolutions 3(a) and (b) will be three (3) members present personally or by proxy, attorney or representative.

4. Return of Capital

The Board considers that there are relatively few investment opportunities that suit the investment mandate of the Company and that the Company has capital that is surplus to requirements and should be returned to shareholders. Accordingly, the Company proposes to implement an equal capital reduction to return 90 cents per ordinary share to each holder of ordinary shares in the Company. The record date for determining entitlements to receive the return of capital is 7.00 pm on 6 December 2017.

The Capital return will involve returning a total of \$1,924,947.90 to shareholders.

As at 30 June 2017, the Company held cash of \$2,358,089, and the Company's total liabilities were \$25,827.

As at the date of this notice of meeting, the Company holds cash of \$2,231,675, and its liabilities are \$33,854.

Following the implementation of the capital reduction, the Company will hold cash of approximately \$272,873.

No adverse tax consequences are expected to arise for the Company from the capital return.

The Board considers that the reduction of capital is fair and reasonable to the Company's shareholders as a whole and does not materially prejudice the Company's ability to pay its creditors.

If the capital reduction is implemented, the exercise price of the options on issue will be adjusted from \$1.00 to \$0.10. There are 32,271 options on issue.

Taxation implications for shareholders arising from implementation of the proposed capital return will depend on the circumstances of each shareholder. Accordingly, shareholders are encouraged to seek their own professional advice in relation to their tax position. Neither the Company nor any of its officers, employees or advisers assumes any liability or responsibility for advising shareholders members about the tax consequences for them from the proposed capital return.

Resolution 4 is proposed as an ordinary resolution.

The Company's directors unanimously recommend that shareholders vote in favour of the proposed reduction of capital. Each Director intends to vote all the Company's shares held or controlled by him in favour of the proposed reduction of capital.
