#### **DIRECTORS' BENEFITS**

Since the end of previous financial year, no director has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the financial statements, or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with any director or with a firm of which the director is a member or with a company in which the director has a substantial financial interest.

Neither during nor at the end of the financial year was the Company a party to any arrangements whose object was to enable the directors to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

#### OTHER STATUTORY INFORMATION

Before the Income Statement and Balance Sheet of the Company were made out, the directors took reasonable steps:

- i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provisions for doubtful debts, and that there are no doubtful debts have been provided for and there is no known bad debts; and
- ii) to ensure that any current assets which were unlikely to realise in the ordinary course of business their value as shown in the accounting records of which were written down to an amount which they might be expected so to realise.

(Incorporated in Malaysia)

#### DIRECTORS' REPORT FOR THE YEAR ENDED 31ST DECEMBER, 2015

#### OTHER STATUTORY INFORMATION (cont'd)

At the date of this report, the directors are not aware of any circumstances:

- i) that would require any other amount to be written off as bad debts or provided for as doubtful debts;
- ii) that would render the values attributed to the current assets in the financial statements of the Company misleading;
- iii) which have arisen which render adherence to the existing methods of valuation of assets or liabilities in the financial statements of the Company misleading or inappropriate; and
- iv) not otherwise dealt with in this report or in the financial statements of the Company, that would render any amount stated in the respective financial statements misleading.

At the date of this report, there does not exist:

- i) any charge on the assets of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- ii) any contingent liability in respect of the Company that has arisen since the end of the financial year.

As at 31st December, 2015, the net current liabilities exceed its current assets by RM715,097 (2014: RM1,317,252) and capital deficit of RM Nil (2014: RM245,718). In the opinion of the directors, the Company will not be able to meet its obligations when they fall due unless continuous financial support is being made available to the Company.

In the opinion of the directors:

- i) the results of the operations of the Company for the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature; and
- ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Company for the financial year in which this report is made.

#### HOLDING COMPANY

The directors regard IMK Resources Sdn. Bhd., a company incorporated in Malaysia, as the holding company.

# INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF INNO MIND WORKS SDN. BHD.

(Incorporated in Malaysia)

#### Report on the Financial Statements

We have audited the financial statements of INNO MIND WORKS SDN. BHD., which comprise the balance sheet as at 31st December, 2015, and the income statement, statement of changes in equity and cash flow statement for the financial year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 8 to 22.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia, and for such internal control as the directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter

Without qualifying our opinion, we would like to draw your attention that the Company has prepared its financial statements by applying the going concern basis. The applicability of this basis is dependent upon the Company's ability to operate profitably in the future and to continue to receive adequate financial support to sustain operations and to meet its obligations as and when they fall due. As at 31st December, 2015, the net current liabilities of the Company exceeded the current assets by RM715,097 (2014: RM1,317,252) and capital deficit of RM Nil (2014: RM245,718).

#### NOTES TO THE FINANCIAL STATEMENTS – 31ST DECEMBER, 2015

#### 1. **GENERAL**

The Company is principally engaged in event organizer, advertisement and media industries. There has been no significant change in the nature of this activity during the financial year.

The Company is a private limited liability company, incorporated and domiciled in Malaysia.

The registered office is located at M1-10-09 Menara 8trium, Level 10, Jln Cempaka SD12/5, Bdr Sri Damansara 52200 Kuala Lumpur.

The principal place at which business is carried on is located at Unit 23-06, Level 23, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No.8, Jalan Kerinchi, 59200 Kuala Lumpur.

#### 2. FINANCIAL RISK MANAGEMENT POLICIES

The Company's financial risk management policy seeks to ensure that adequate financial resources are available for development of the Company's businesses whilst managing its risks.

The main areas of the financial risks faced by the Company and the policy in respect of the major areas of treasury activity are set out as follows:

#### a. Credit risk

The credit risk is controlled by the application of credit approvals, limits and monitoring procedures.

#### b. Liquidity and Cash Flow risks

The Company seeks to achieve a balance between certainty of funding even in difficult times for the markets or the Company and a flexible, cost-effective borrowing structure. This is to ensure that at the minimum, all projected net borrowing needs are covered by committed facilities. Also, the objective for debt maturity is to ensure that the amount of debt maturing in any one year is not beyond the Company's means to repay and refinance.

#### c. Interest rate risk

the interest rate exposure arises from the Company's borrowings and deposits, and is managed through the use of fixed and floating rate debts.

(Incorporated in Malaysia)

#### NOTES TO THE FINANCIAL STATEMENTS – 31ST DECEMBER, 2015

#### 3. ACCOUNTING POLICIES

#### a. Basis of Accounting

The financial statements of the Company are prepared under the historical cost convention unless specifically stated otherwise and comply with approved accounting standards issued by the Malaysian Accounting Standards Board in material respects.

The preparation of financial statements requires management to exercise judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the balance sheet date, and reported amounts of income and expenses during the financial year.

Although these estimates are based on management's best knowledge of current events and actions, historical experiences and various other factors, including expectations for future events that are believed to be reasonable under the circumstances, actual results may ultimately differ from these estimates.

#### b. Property, plant and equipment and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment of assets (if any). It is depreciated on a straight line basis at rates calculated to write off the cost of the assets over their estimated useful lives. The annual rates are:

Furniture & fittings	10%
Office equipment	10%
Computers	33%
Renovation	10%
Motor vehicles	20%
Office signboard	10%
Billboard	10%
Freehold land & buildings	2%

Freehold land and buildings in progress are not depreciated. Leasehold lands are depreciated over the period of the respective leases.

#### c. Deferred Taxation

Deferred taxation is provided on material timing differences using the liability method except where it can be demonstrated with reasonable probability that the tax deferrals will continue in the foreseeable future.

Deferred tax benefits are only recognized when there is a reasonable expectation of realisation in the near future.

(Incorporated in Malaysia)

#### NOTES TO THE FINANCIAL STATEMENTS – 31ST DECEMBER, 2015

#### 3. ACCOUNTING POLICIES (cont'd)

#### d. Receivables

Receivables are carried at anticipated realisable value. Bad debts are written off in the year in which they are identified.

#### e. Cash and cash equivalent

The statement of cash flows classifies changes in cash and cash equivalents according to operating, investing and financing activities. The Company does not consider any of the assets other than cash and bank balances and short term investments, reduced by bank overdrafts to meet the definition of cash and cash equivalents. The statement of cash flow is prepared using the indirect method.

Cash and cash equivalents comprise bank balances, cash in hand and short term highly liquid assets that are readily convertible to cash without significant risk of changes in value less bank borrowings that are not subject to fixed term of repayment.

#### f. Impairment of Assets

The carrying values of assets are reviewed for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount is the higher of an asset's net selling price and its value in use, which is measured by reference to discounted future cash flows. Recoverable amounts are estimated for individual assets, or if it is not possible, for the cash-generating unit.

An impairment loss is charged to the income statement immediately, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of previously recognised revaluation surplus for the same asset.

Subsequent increase in the recoverable amount of an asset is treated as reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in the income statement immediately, unless the asset is carried at revalued amount. A reversal of an impairment loss on a revalued asset is credited directly to revaluation surplus. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in the income statement, a reversal of that impairment loss is recognised as income in the income statement.

(Incorporated in Malaysia)

#### NOTES TO THE FINANCIAL STATEMENTS – 31ST DECEMBER, 2015

#### 3. ACCOUNTING POLICIES

#### g. Financial Instruments

Financial instruments carried on the balance sheet include cash and bank balances, investments, receivable, payable and borrowings. The particular recognition methods adopted are disclosed in the individual accounting policy statements associated with each item.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as liability are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Company has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### h. Revenue recognition

Revenue relating to sale of goods is recognised net of discounts when transfer of risks and rewards have been completed.

#### i. Hire purchase payables

Assets required by way of hire purchase or finance leases are stated at an amount equal to the lower of their fair values and the present value of the minimum lease payments at the inception of the leases, less accumulated depreciation and impairment losses. The corresponding liability is included in the balance sheet as borrowing. In calculating the present value of the minimum lease payment, the discount factor is the interest rate implicit in the lease, when it is practicable to determine, otherwise the company's incremental borrowing rate is used.

Lease payment is apportioned between the finance costs and the reduction of the outstanding liability. Finance cost, which represent the difference between the total leasing commitments as the fair value of the assets acquired, are recognize as an expenses in the income statement over the term of the remaining balance of the obligation for each accounting period.
