### **Settlement of HPM sale**

Further to our announcement of the 2 August 2018, Vertua is pleased to announce the settlement of the sale of Horizon Print Management Pty Ltd. This concludes the company's activities in the printing industry.

The sale was for \$2,100,000 plus some working capital adjustments. There is a portion of the proceeds which are subject to certain specific performance over the next 12 months. The transaction will be taken up in full in the 30 September accounts and we will manage the recovery of the balance of proceeds in the ordinary course of business.

James Manning  
Managing Director
