Moralltach Global PLC is pleased to announce several assured changes to its management team.

The company has appointed 2 new directors to replace those 4 who recently resigned at the CEO's request.

The new directors are Mr. Wiberg and Mr. Pritchard, who each bring with them a wealth of experience (see short biographies below).

The company has also appointed Ms. Natalia Kuk as Chief Financial Officer (see short biography below).

In addition to these changes, Mr. Kieran Brennan will become Chairman of the company and Mr. Tomas Brennan will replace Kieran as the new CEO.

Taking into consideration the new appointees' strong corporate backgrounds, the company has formed this new professional and more aggressive management team which it believes will deliver improved performance.

Mr. Pritchard

Thirty years' experience as a business / marketing trouble-shooter and consultant with many of the world's leading companies, including The Coca-Cola Company, Citibank, Anheuser Busch, Mercedes Benz, Frito Lay and dozens more. In sport, Bob directed marketing programs and corporate relationships for Formula One, The Los Angeles Raiders, World Heavyweight Champion Evander Holyfield, Legends Tennis, Skins Golf, Indy Racing teams and 100 Years of Hollywood film making global celebration.

Los Angeles based businessman, entrepreneur and marketing consultant for 30 years dividing his time between Europe, North and South America, Australia and Asia. Global specialist in business development with SME's.

Mr. Wiberg

Tommy is a serial entrepreneur with 20-years of experience in systems development and 14-years as marketing manager for Hewlett-Packard Sweden. He is the CEO and the founder of ZoFlyNow corporation, an IT consultancy company for cloud-based systems for the retail, airline and tourism industries. Currently also serving as CEO of The Bot Factory developing AI and ML marketing systems since 2015.

Ms. Kuk

Natalia Kuk comes with 23 years of international experience in investment banking and risk management [including 10-years working for European Bank for Reconstruction and Development in London]. Natalia held a number of positions and was responsible for all aspects of loan and mezzanine/equity financing including origination, structuring, syndications, portfolio management and workout. Natalia served as a Board member of several companies in Eastern Europe with primary responsibility of improvement of the financial function.
