INTERIM FINANCIAL REPORT FOR THE HALF-YEAR ENDED 31ST DECEMBER, 2019

Interim Financial Report

DIRECTORS' REPORT

Your directors submit the financial report of the Company for the half-year ended 31 December 2019. In order to comply with the provisions of the *Corporations Act 2001*, the directors report as follows:

Directors

The names of directors who held office during or since the end of the half-year:

Steven Pritchard

Daniel Di Stefano

Peter Cameron

Enzo Pirillo

The above named directors held office during and since the end of the half-year.

Review of Operations

The investment objectives of Florin Mining Investment Company Limited, are to:

- Preserve the capital of the Company;
- Achieve a high real rate of return, comprising both income and capital growth; and
- Generally, to limit the investments of the Company to natural resource companies being those companies:
 - ✓ who derive a significant proportion of their revenues from the mining of base and precious metals, industrial minerals, and bulk commodities, the production of oil and gas or geothermal energy; or
 - have a significant proportion of their assets invested, or they propose to invest a significant proportion of their assets, in activities involved in the exploration for base and precious metals, industrial minerals, and bulk commodities, the production of oil and gas or geothermal energy.

The Company seeks to maximise the capital growth of the Company's portfolio by investing in natural resource companies. Investments are primarily in mining or exploration companies – that are either producing or exploring for base and precious metals, industrial minerals and bulk commodities. From time to time the portfolio may have exposure to oil, gas and geothermal energy companies.

Whilst in making its investment decisions the Company will generally take a medium to long term view, it may however, from time to time acquire investments with a view to profit through short term trading opportunities.

The Company:

- focuses on the investment merits of individual stocks rather than market and economic trends; and
- seeks to invest in shares which it assesses to be undervalued relative to their longer term growth prospects.

The Directors have established a number of key performance indicators that they will use in their assessment of the Company's performance, including, earnings per share, dividends paid to shareholders and asset backing per share.

The Company earned a net profit after tax of \$44,558 for the half year ended 31 December 2019.

The asset backing per share increased by 4.5%, from 15.5 cents as at 30 June 2019 to 16.2 cents as at 31 December 2019. As at the 31 December 2019 the company had short term borrowings of \$54,038.

Auditor's Declaration

The lead auditor's independence declaration under section 307C of the Corporations Act 2001 is set out on page 2 for the half-year ended 31 December 2019.

This report is signed in accordance with a resolution of the Board of Directors.

Steven Pritchard

Dated this 13th

13th day of March 2020

FLORIN MINING INVESTMENT COMPANY LIMITED

Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

I am pleased to provide the following declaration of independence to the directors of Florin Mining Investment Company Limited.

As lead audit partner for the review of the financial statements of Florin Mining Investment Company Limited for the half-year ended 31 December 2019, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Interim Financial Report

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of the Condensed Financial Statements

The half-year condensed financial statements are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard *AASB 134: Interim Financial Reporting.* Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34: Interim Financial Reporting.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2019 and any public announcements made by Florin Mining Investment Company Limited during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

The half-year report does not include full disclosures of the type normally included in an annual financial report.

The condensed financial statements have been prepared on the basis of historical cost, except for the revaluation of the trading and investment portfolios. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2019 annual financial report for the year ended 30 June 2019, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and the Interpretations Financial Reporting Standards.

New standards and interpretations adopted by the Company

AASB 16 Leases

AASB 16 Leases, issued in February 2016, includes significant changes for lease accounting, particularly for lessees. For lessees, almost all leases go on the statement of financial position as the distinction between operating and financing leases has been removed. Under the new standard, an asset (the right to use the lease item) and a financial liability to pay rentals are recognised. The only exemptions from this are short-term and low-value leases. The accounting for lessors have not significantly changed. This standard is effective for annual reporting periods beginning on or after 1 January 2019. This standard did not have a material impact on the Company's accounting policies nor the amounts recognised in the financial statements.

There were no new standards, interpretations or amendments to existing accounting standards that are not mandatory for the interim reporting period ending 31 December 2019.

The following significant accounting policies have been adopted in the preparation and presentation of the half year financial report from 1 July 2019 to 31 December 2019.

(a) Holdings of Securities

(i) Statement of Financial Position classification

The Company has two portfolios of securities, the investment portfolio and the trading portfolio.

The investment portfolio relates to holdings of securities which the directors intend to retain on a long-term basis, and has been classified as a non-current asset.

The trading portfolio comprises securities held for short term trading purposes and is classified as a current asset.

(ii) Valuation of investments

Securities, including listed and unlisted shares, notes and options, are initially brought to account at cost (including any associated transaction costs) and are continuously carried at fair value.

Fair value for the purposes of valuing holdings of securities is determined by reference to market prices prevailing at balance date, predominantly last sale price, where the securities are traded on an organised market. Where a security is not so traded, its fair value is determined by the Directors.

Interim Financial Report

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(iii) Gains and losses on investments

Investment portfolio - Fair Value through Other Comprehensive Income (FVTOCI)

All gains and losses (realised and unrealised) on equity instruments held in the investment portfolio are reported as "Other Comprehensive Income".

Cumulative gains and losses are transferred from the investment revaluation reserve to retained profits or the realised capital gains reserve when the investments are sold. The realised capital gains reserve is used primarily to record gains upon which Capital Gains Tax has been or will be paid, and which consequently are available for distributions to shareholders as Listed Investment Company Capital gains, which enable many shareholders to claim some of this as a tax deduction.

Trading Portfolio - Fair Value through Profit and Loss

Realised and unrealised gains and losses arising from changes in the fair value of the trading investments are included in the Statement of Profit or Loss in the period in which they arise.

(iv) Income from holdings of securities

Distributions relating to listed securities are recognised as income when those securities are quoted exdistribution basis. Distributions relating to unlisted securities are recognised as income when received unless the distributions are capital returns in which case the amount of the distribution is treated as an adjustment to the cost base of the securities.

(b) Income Tax

The Company adopts the liability method of tax-effect accounting whereby the income tax expense is based on the profit from ordinary activities adjusted for any non-assessable or disallowed items.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the Statement of Profit or Loss except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

(c) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

INDEPENDENT AUDITOR'S REVIEW REPORT

To THE MEMBERS OF FLORIN MINING INVESTMENT COMPANY LIMITED

Report on the Half-Year Financial Report Conclusion

We have reviewed the accompanying half-year financial report of Florin Mining Investment Company Limited (the company), which comprises the statement of financial position as at 31 December 2019, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Florin Mining Investment Company Limited is not in accordance with the Corporations Act 2001 including:-

- (a) giving a true and fair view of the company's financial position as at 31 December 2019, and of its financial performance for the half-year ended on that date; and
- (b) complying with the Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. In accordance with the Corporations Act 2001, we have given the directors' of the company a written Auditor's Independence Declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors' of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the Corporations Regulations 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2019 and its performance for the half year ended on that date, and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Florin Mining Investment Company Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

Auditor's Responsibility (cont'd)

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
