#### Commentary on Results

The COVID-19 pandemic has created unprecedented economic uncertainty. Actual economic events and conditions in the future may be materially different from those estimated by the Group at the reporting date. As responses by government continue to evolve, management recognise that it is difficult to reliably estimate with any degree of certainty the potential impact of the pandemic after the reporting date on the Group's operations, its future results and financial position.

#### Dividend Reinvestment Plans

The company does not have a dividend reinvestment plan.

#### Control Gained over Entities during the year

There have been no changes in the Group to the half-year ended 30 June 2020

#### Auditors' review and description of likely disputes or qualifications

The financial statements were subject to a review by the auditors and the review report is attached as part of the Interim Report

##### Principal activity and significant changes in nature of activity

The principal activity of the Group during the financial year were providing events management service, particularly in the entertainment industry, personalised events, Government projects and Corporate events.

The Group is a Malaysian based events management service provider in the entertainment industry, specialising in providing personalised events, government projects and corporate events. The Group is an integrated agency providing its clients with a full range of services, including event planning and implementation, client servicing and support, public relations and advertising, equipment rental, artist management, technical support, manpower management and permit management. The Group has, since incorporation, managed and organised various local and international events, ranging from private dinners to major scale international concerts. The Group currently possesses committed and secured contracts from its buyers and customers.

The Group has employed and developed capable senior managers with extensive experience within the events management to ensure quality event management services are provided to the clients.

##### *Changes in nature of activity*

The coronavirus pandemic created a challenging environment for the Group for the half year ended 30 June 2020, with curtailed movement, the global near-halt in travel and tourism and the various measures taken by the Australian and Malaysian government in dealing with the pandemic, this has caused the Group to redesign its growth strategy in order to improve the Group's financial condition as follows:

- The Group has continued its efforts to change and adapt its business model to the current economic environment. Significant progress has been made for the online gaming venture. Negotiations with the developers of the certain online games to host weekend game tournaments for multiple players at the same time. These negotiations are at an advanced stage with finalisation of the format of the games being the last piece to be agreed. The website and related infrastructure for hosting the games has been developed and gone through successful beta testing. Registration for the first tournament is expected to commence by October 2020.
- The Group is currently exploring other business opportunities for hosting virtual exhibitions and are currently undergoing market research activities into the business venture and finalising agreements with potential suppliers and partners with a view to be able to operate and conduct business activities within the confines of the Movement Control Orders as issued by the Malaysian government.
- The Group continues to implement financial measures appropriate to the business environment to minimise costs while sustaining operations until the new business ventures become revenue generating.
- The Directors have pledged to continue providing financial support to the Group, as well as raising additional capital and other forms of financing as required.

Given the progress of current plans, the Directors believe the pandemic set back is temporary in nature and that there is growth opportunity ahead for the Group.

**Directors' Report**

30 June 2020

**Review of operations**

At 30 June 2020, the Group has recorded a net profit after tax for the half year of MYR 83,911 (30 June 2019: profit after tax for the half year MYR 60,075). Operating cash inflows in the half year were MYR 2,284,979 (30 June 2019 half year outflow: MYR 874,255) and as at 30 June 2020, the Group had net current assets of MYR 594,605 (31 December 2019 net current liabilities: MYR 1,523,197).. COVID-19 has materially affected the Groups operations.

While the financial condition of the Group gives rise to a material uncertainty in relation to the Group’s ability to realise its assets and settle its liabilities at the amounts stated in the financial information, with the current availability of cash and liquid assets, the Directors consider the Group will be able to meet its obligations as and when they fall due. Accordingly, these financial statements have been prepared on a going concern basis. No adjustments have been made to the financial information relating to the recoverability or classification of the recorded asset amounts and classification of liabilities that may be necessary should the Group not continue as a going concern.

Other than as stated above, no other matters or circumstances have arisen since the end of the financial period which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

**Auditor’s independence declaration**

The auditor’s independence declaration in accordance with section 307C of the *Corporations Act 2001* for the year ended 30 June 2020 has been received and can be found on page 3 of the financial report.

This report is signed in accordance with a resolution of the Board of Directors.

### Notes to the Financial Statements

For the Half-Year Ended 30 June 2020

The financial report covers E-Plus Limited and its controlled entities ('the Group'). E-Plus Limited is a for-profit Company limited by shares, incorporated and domiciled in Australia. The Group prepares its financial statements based on the currency of the primary economic environment in which the entity operates (functional currency).

The consolidated financial statements are presented in Malaysian Ringgits (MYR) which is the parent entity's functional and presentation currency.

The financial report was authorised for issue by the Directors on 11 September 2020.

#### 1 Basis of Preparation

This condensed consolidated interim financial report for the reporting period ending 30 June 2020 has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The principal activities of the Group during the financial year were providing events management service, particularly in the entertainment industry, personalised events, Government projects and Corporate events.

The interim financial report is intended to provide users with an update on the latest annual financial statements of the Group. As such it does not contain information that represents relatively insignificant changes occurring during the year within the Group. This condensed consolidated financial report does not include all the notes normally included in an annual financial report. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 31 December 2019, together with any public announcements made during the year.

#### Changes in accounting policies, accounting standards and interpretations

The accounting policies adopted in the preparation of the financial statements for the half-year ended 30 June 2020 are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the period ended 31 December 2019.

#### 2 Summary of Significant Accounting Policies

The accounting policies adopted in the preparation of the financial report are consistent with those of the previous financial year and corresponding interim reporting period, except for the adoption of AASB 16: Leases, which took effect from 1 January 2019 and restatement of comparative balances, both detailed below.

##### Leases - Adoption of AASB 16

The Group has adopted AASB 16 Leases using the modified retrospective (cumulative catch up) method from 1 January 2019 and therefore the comparative information as at 31 December 2019 has not been restated and has been prepared in accordance with AASB 117 Leases and associated Accounting Interpretations.

The Group elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets) and as such, no balances were recognised in the consolidated half year financial report as a result of the adoption.

### Notes to the Financial Statements

For the Half-Year Ended 30 June 2020

#### 3 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made are:

##### a) Going concern

The directors have prepared financial statements on a going concern basis which contemplates the continuity of normal business activity and realisation of assets and settlement of liabilities in the normal course of business.

At 30 June 2020 the Group has recorded a net profit after tax for the half year of MYR83,911 (30 June 2019 profit after tax for the half year MYR 60,075). The Group also incurred operating cash inflows in the half year of MYR2,284,979 (30 June 2019 half year outflow MYR 874,255). As at 30 June 2020 the Group has net current assets of MYR594,605 (31 December 2019 net current liabilities: MYR1,523,197). COVID-19 has materially affected the Groups operations.

This gives rise to a material uncertainty in relation to the Group's ability to realise its assets and settle its liabilities at the amounts stated in the financial information. However, the Directors consider the Group will be able to meet its obligations as and when they fall due based on the following assumptions, which the Directors consider:

- Raising additional capital or securing other forms of financing;
- Generating recurring revenues as a result of change of business model to virtual events, online gaming, and securing major events projects that conforms to the 'new normal' brought by the pandemic;
- Being able to continue to operate during the COVID -19 disruptions currently being experienced; and
- Receiving continued financial support from the directors.

Accordingly, these financial statements have been prepared on a going concern basis. No adjustments have been made to the financial information relating to the recoverability or classification of the recorded asset amounts and classification of liabilities that may be necessary should the Group not continue as a going concern.

##### b) Recoverability of receivables

The measurement of the recoverability of the Group's receivables at reporting date requires judgement from management by taking into account past historical date, knowledge of the receivable and timing of cash flows when recoverability is measured. They have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date

##### c) Classification of payables

The significant deterioration in the Group's operating results and financial position has led directors to seek moratoriums on payment of related party payable balances as part of managing the Group's cash flow and ongoing liquidity in order to maintain ongoing liquidity in during the tough economic conditions.

The accounting effect of the moratoriums is that the due dates on trade payables of \$1,465,660 now fall after 12 months from the date of the half year-financial report and have been classified as non-current liabilities on the consolidated balance sheet at 30 June 2020.

Whether the Group will be able to settle these on the revised due dates remains uncertain due. Any breaches on payment without further approved waivers could result in these trade payables being called, which in turn would revert the classification back to current.

##### d) Recoverability of property plant and equipment

Property, plant & equipment and investment property which are held at cost principally comprise buildings, store fixtures and fittings, computer equipment and motor vehicles. These are tested for impairment annually or when conditions dictate.

#### 10 Events Occurring After the Reporting Date

The financial report was authorised for issue on 11 September 2020 by the board of directors.

Due to the current situation in relation to COVID-19, the business and economic environment is extremely uncertain with governments taking increasingly stringent steps to contain or delay the spread of COVID-19. Due to these circumstances, there is a significant increase in business and economic uncertainty, which is, for example, evidenced by more volatile markets, and uncertainty in asset values. COVID-19 has had significant impacts on local and global economies and has affected the Group. Group has taken actions to mitigate the uncertainties and risks and will continue to do so as required.

While the financial condition of the Company gives rise to a material uncertainty in relation to the Group's ability to realise its assets and settle its liabilities at the amounts stated in the financial information with the current availability of cash and liquid assets, the Directors consider the Group will be able to meet its obligations as and when they fall due. Accordingly, these financial statements have been prepared on a going concern basis. No adjustments have been made to the financial information relating to the recoverability or classification of the recorded asset amounts and classification of liabilities that may be necessary should the Group not continue as a going concern.

Other than as stated above, no events significant to the information, no other matters or circumstances have arisen since the end of the financial period which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years. No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF E-PLUS LIMITED AND CONTROLLED ENTITIES

### REPORT ON THE HALF-YEAR FINANCIAL REPORT

We have reviewed the half-year financial report of E-Plus Limited and Controlled Entities, (the Group), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the Directors' Declaration of the Company.

We do not express a conclusion on the accompanying financial report of the Group. Because of the significance of the matters described in the Basis of Disclaimer of Conclusion section of our report, we have not been able to perform the review procedures necessary to provide a conclusion on the review of the financial report.

#### ***Basis for Disclaimer of Conclusion***

The financial statements include the following material items for which we have been unable to obtain sufficient appropriate review evidence. These items are:

- a) As stated in Note 4, the Group has MYR 4,687,263 of receivables, MYR 4,491,388 of which are from related parties. We were unable to obtain sufficient appropriate evidence about the carrying amount of these receivables. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.
- b) Note 3 (a) of the half-year financial report discloses conditions that indicate the existence of the material uncertainties, relating to the matters surrounding the continuing use of the going concern assumption in preparation of these financial statements. We have been unable to obtain sufficient appropriate review evidence to support management's assessment of the Group's ability to continue as a going concern, and the effect of COVID-19 on the Group's operations and cash flows.
- c) The Group has MYR 693,022 of fixed assets, MYR 503,131 of which pertains to the office space in use which the Group owns. We were unable to obtain sufficient appropriate evidence about the recoverable amount of the office space and consequently we are unable to determine whether any adjustments to those amounts were necessary.

We consider the impact of the above matters to be material and pervasive to the financial statements of the Group.

We conducted our review in accordance with ASRE 2410 *Review of Financial Report Performance by the Independent Auditor of the Entity*. Our responsibilities under those standards are further

described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our review of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

## ***Responsibility of the Directors for the Financial Report***

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## ***Auditor's Responsibility for the Review of the Financial Report***

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, had we not we do not express an audit opinion.
