12 March 2021

### **Extension of Reporting Deadline for Half-Year Financial Statements**

Endless Solar Corporation Limited (**NSX: ESC**) (**the Company**) advises that the Company is relying on the Amended ASIC Relief (Extended Reporting and Lodgement Deadlines – Listed Entities) instrument 2020/451 to extend the lodgement date for its audited half-year accounts required to be lodged with ASIC and NSX under section 320 of the Corporations Act 2001 (Cth) and Listing Rule 6.10 respectively.

Under the relief, the deadline for lodgement of half-year year financial reports, including the directors' reports and auditor's reports, for entities with balance dates up to and including 7 January 2021 is extended by one month after half-year end. Accordingly, the Company will have an additional month in addition to the 75 day lodgement period to lodge its audited half-year financial statements for the half-year ended 31 December 2020.

Authorised for release by the Board of Endless Solar Corporation Limited.
