Chairman's Report

Dear Shareholders,

Heritage Brands Limited ('the Company') is pleased to announce an improved underlying trading result for the 2022 financial year with EBITDA (before significant items) of \$1.68m, up \$1.38m from the previous year. However, due to inventory write-offs to address legacy stock ageing issues and abnormal items associated with business restructuring costs, Heritage reported a net loss before tax of \$1.7m.

During the second half of the year the Company experienced difficult operating conditions with significant global supply chain issues impacting aspects of the business.

To address these challenges, the Company has implemented clear initiatives to position it for future growth including:

- restructuring the business around key growth channels including online marketplaces and international expansion;
- de-risking the supply chain by negotiating more flexible terms with suppliers with improved stocking policies and control;
- materially reducing legacy obsolete stock levels;
- reinvesting in our beauty brands as we move into the first Spring/Summer season since 2019 without Covid-19 related lockdowns;
- investing and growing our online ecommerce and expert initiatives with a focus on our pure essential oil brands and skin care, particularly In Essence and Le Tan; and
- ensuring that our existing and new portfolio product development is ethical and sustainable.

While the start to the 2023 financial year has shown improved results, we maintain a cautious outlook due to the continued uncertainty of Covid-19 impacts and inflationary pressures surrounding both domestic and international supply chains and markets.

Maxim Krok

Principal activities and significant changes in nature of activities

The principal activities of the Group during the financial year were the selling and distribution of branded cosmetics, toiletries, skincare, nail care products, oils and fragrances.

There were no significant changes in the nature of the Group's principal activities during the financial year.

Directors' Report

31 July 2022

2. Operating results and review of operations for the year

Operating results

For the year ending 31 July 2022, the consolidated net loss after tax of the Group was \$1,158,295 which masks the underlying health of the business due to the significant provisions for slow and aged inventory. The Group's EBITDA (before significant items) was \$1.68m in F22 versus \$0.37m the previous year. The improvement was largely the result of downsizing the Group's overhead structure to better reflect the current and projected trading environment and prioritising the wellbeing brands which performed better in the Covid-19 impacted retail market.

Review of Operations

Net revenue decreased marginally compared to last year which was primarily due to the continuing impacts of Covid-19 which resulted in both NSW and Victoria being in lockdown for significant periods during the spring / summer season (peak season). This led to lower foot traffic in bricks and mortar sales channels plus lower sales in key categories including beauty and self-tanning.

Business Risks

The directors consider the following to be the key material risks currently facing the Group:

- Inventory: continued management of the Company's inventory position, particularly with regards to slow and ageing products;
- Supply chain risk: continuity of supply from local and international suppliers; and
- Inflation: increasing global cost pressures and the Group's ability to mitigate through price rises.

Net Tangible Assets per Share in Cents	Cents	0.10	0.16	0.16	0.17	0.52

* Significant items include Inventory write offs and provisioning for obsolete stock.

4. Other items

Significant changes in state of affairs

There have been no significant changes in the state of affairs of entities in the Group during the year.

Dividends paid or recommended

No dividends have been declared or paid during the year (2021: \$Nil).

Events after the reporting date

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

Future developments and results

The Group's strategy is to grow the business organically and by acquisition as and when opportunities arise. Integral to this strategy is to focus on retail partners and pursue ongoing opportunities within the current brands owned and licensed by the Group. The current brands owned or licenced include Australis, Mode, Innoxia, Le Tan, Helios, In Essence, Oil Garden, Cottage Oil, Skin Republic, Cedel and 2XP.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Directors' Report

31 July 2022

Environmental issues

The Group's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

Company secretary

The following persons held the position of company secretary during and at the end of the financial year:

Christopher William McGibbon (CA (SA)) was appointed company secretary on 9 February 2009 and resigned as company secretary on 21 July 2022. Stephen Leslie Mason was appointed company secretary on 21 July 2022.

Meetings of directors

During the financial year, eighteen meetings of directors (including committees of directors) were held. Attendances by each director during the year were as follows:

	Directors' Meetings		Audit, Risk and Corporate Governance Committee		Remuneration Committee	
	Number eligible to attend	Number attended	Number eligible to attend	Number attended	Number eligible to attend	Number attended
KROK, Maxim	12	12	-	-	-	-
KAPLAN, Elliott	12	11	-	-	2	2
MASON, Stephen	12	12	4	4	-	-
MCCARTNEY, William	12	11	-	-	2	2
SMITH, Brent	12	12	4	4	-	-
GENDIS, Constantinos	12	12	-	-	-	-

Indemnification and insurance of officers and auditors

The Group has paid premiums to insure each of the directors against liabilities for costs and expenses incurred by them in defending legal proceedings arising out of their conduct while acting in the capacity of director or company secretary of the Company, other than conduct involving a wilful breach of duty in relation to the Company.

The directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors' and officers' liability and legal expenses insurance contracts as such disclosure is prohibited under the terms of the contract.

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of Heritage Brands Ltd and Controlled Entities.

Options

No options were granted as remuneration to key management personnel and other executives during the year.

During the year ended 31 July 2022, no ordinary shares of Heritage Brands Ltd and Controlled Entities were issued on the exercise of options granted.

No shares were issued during the year prior to the lapse of the options.

Heritage Brands Ltd and Controlled Entities

Directors' Report

31 July 2022

Non-audit services

The Board of Directors, in accordance with advice from the audit committee, is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the services disclosed below did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the audit committee prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided do not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

The following fees were paid or payable to the external auditors for non-audit services provided during the year ended 31 July 2022:

	2022	2021
	\$	\$
Taxation compliance services to Rothsay Chartered Accountants	13,113	11,870

Auditor's independence declaration

The auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001* for the year ended 31 July 2022 has been received and can be found on page 16 of the financial report.

Directors' Report

31 July 2022

Remuneration report (audited)

Remuneration policy

The remuneration policy of the Group has been designed to align key management personnel (KMP) objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the Group's financial results. The Board of Heritage Brands Ltd believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best key management personnel to run and manage the Group, as well as create goal congruence between directors, executives and shareholders.

The Board's policy for determining the nature and amount of remuneration for key management personnel of the Group is as follows:

- The remuneration policy has been developed by the Remuneration Committee and approved by the Board following professional advice from independent external consultants.
- All key management personnel receive a base salary (which is based on factors such as qualifications and experience), superannuation, fringe benefits, and performance incentives.
- Performance incentives are based on predetermined key performance indicators.
- Incentives paid in the form of options or rights are intended to align the interests of the KMP and the Group with those of the shareholders. In this regard, key management personnel are prohibited from limiting risk attached to those instruments by use of derivatives or other means.
- The Remuneration Committee reviews key management personnel packages annually by reference to the Group's performance, executive performance and comparable information from industry sectors.

The performance of key management personnel is measured against criteria agreed bi-annually with each executive and is based predominantly on the forecast growth of the Group's profits and shareholders' value. All bonuses and incentives must be linked to predetermined performance criteria. The Board may, however, exercise its discretion in relation to approving incentives, bonuses and options, and can recommend changes to the Committee's recommendations. Any changes must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth.

Key management personnel receive a superannuation guarantee contribution required by the law, which until 30th June 2022 was 10% and thereafter changed to 10.5%, and do not receive any other retirement benefits. Some individuals, however, have chosen to sacrifice part of their salary to increase payments towards superannuation.

Upon retirement, key management personnel are paid employee benefit entitlements accrued to the date of retirement. Any options not exercised before or on the date of termination will lapse.

All remuneration paid to key management personnel is valued at the cost to the Group and expensed.

The Board's policy is to remunerate non-executive directors at market rates for time, commitment and responsibilities. The Remuneration Committee determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of fees that can be paid to non-executive directors is subject to approval by shareholders at the Annual General Meeting, the current maximum is \$250,000 which was approved at the 2016 AGM.

Directors' Report

31 July 2022

Remuneration report (audited)

Remuneration details for the year ended 31 July 2022

Relationship between remuneration policy and company performance

The remuneration policy has been tailored to increase goal congruence between shareholders, directors and executives. Performance-based bonus based on key performance indicators aim to encourage the alignment of personal and shareholder interests.

Performance conditions linked to remuneration

The key performance indicators (KPIs) are set annually, with a certain level of consultation with key management personnel to ensure support. The measures are specifically tailored to the area each individual is involved in and has a level of control over. The KPIs target areas the Board believes hold greatest potential for the Group expansion and profit, covering financial and non-financial metrics as well as short and long-term goals. The level set for each KPI is based on budgeted figures for the Group and respective industry standards.

Performance in relation to the KPIs is assessed annually, with bonuses being awarded depending on the number and deemed difficulty of the KPIs achieved. Following the assessment, the KPIs are reviewed by the Remuneration Committee in light of the desired and actual outcomes, and their efficiency is assessed in relation to the Group's goals and shareholder wealth, before the KPIs are set for the following year.

The satisfaction of the financial performance conditions are based on a review of the audited financial statements of the Group, as such figures reduce any risk of contention relating to payment eligibility. The Board does not believe that performance conditions should include a comparison with factors external to the Group at this time.

Service Agreements

The remuneration and other terms of employment for the Managing Director and senior executives are set out in formal service agreements as summarised below.

All service agreements are for an unlimited duration. The agreements for executives (other than the Managing Director, Chief Executive Officer and Chief Finance and Information Officer which require three months' notice) may be terminated by giving six weeks' notice (except in cases of termination for cause where termination is immediate).

In cases of resignation, no separation payment is made to the executive, except for amounts due and payable up to the date of ceasing employment, including accrued leave entitlements.

Corporate Governance Statement

31 July 2022

The Board of Heritage Brands Ltd is committed to maintaining the highest standards of corporate governance. Corporate governance is about having a set of values that underpin the Group's everyday activities and values that ensure fair dealing, transparency of actions and to protect the interest of stakeholders.

The Group has been guided by the principles of corporate governance promoted by the National Stock Exchange ('NSX'). This statement outlines the main corporate governance practices followed by the Group, which takes into account the operational requirements of the Group. The Group's corporate governance framework includes a Board Charter and various policies, which are reviewed each year.

Role of the Board and Management

The Board's primary role is the overall operation and stewardship of the Group for the protection and enhancement of long-term shareholder value.

To fulfil this role, the Board is responsible for setting the overall strategic direction, financial objectives and operational goals of the Group and monitoring management's implementation of these. The Board is also responsible for overseeing succession planning for directors and senior management, determining remuneration for senior management and for directors (within shareholder approved limits), identifying and managing risk, monitoring the integrity of internal control and management information systems and approving and monitoring financial and other reporting.

The Board has delegated responsibility for the day-to-day operations and administration of the Group to the senior management team and these responsibilities are delineated by formal delegated authority. These responsibilities are reviewed against appropriate performance indices and updated at regular intervals including annual salary reviews and setting of the Group's key milestones.

Board Size and Composition

The Board determines its size and composition, subject to the limits imposed by the Group's Constitution, which requires a minimum of three and a maximum of ten directors. From time to time the Board may review the appropriate number of directors and may resolve to appoint additional directors who possess skills that will add value of the Board. New appointments are to be ratified by the members at the next Annual General Meeting.

Role of the Chairman

The Chairman, who is elected by the Board, presides over Board meetings and General meetings of the Group. The Chairman's responsibilities include providing effective leadership and ensuring effective performance of the Board and any committees and representing the views of the board to all relevant stakeholders. The Chairman is a non-executive director.

Board Meetings

Board Meetings are held in accordance with a calendar agreed to by Board members. The Chairman or any Director may convene additional meetings if required. The Chairman establishes meeting agendas to ensure adequate coverage of financial, strategic and major risk areas throughout the year.

Access to Information and Advice

All Directors have unrestricted access to Company's records and information. The Board collectively, and each Director individually, has the right to seek independent professional advice at the Group's expense to help them carry out their responsibilities. The Chairman's prior approval is required, and it may not be unreasonably withheld and, in its absence, Board approval must be sought before committing to independent professional advice.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Corporate Governance Statement (continued)

31 July 2022

Access to Information and Advice

Functions that are commonly delegated to committees are performed by specific members of the Board and the CEO. In addition, there are specific committees as follows:

- Audit, Risk and Corporate Governance Committee, and
- Remuneration Committee.

Each of the above has a Chairman and meets when necessary.

Risk Management

Approach to Risk Management

Taking and managing risk are central to everyday business and to building shareholder value. The Group's approach is to identify, assess and control the risks which affect its business. The intention is to enable risks to be balanced against appropriate rewards. The risk management approach links the Group's vision and values, objectives and strategies, and procedures and training.

Risk Management Roles and Responsibilities

The Board is responsible for approving and reviewing the Group's risk management strategy and policy. The Chief Executive Officer ('CEO') and Chief Financial Officer ('CFO') are responsible for implementing the Board's approved risk management strategy and developing policies, controls, processes and procedures to identify and manage risks in all of the Group's activities.

Financial Reporting

The Board receives regular reports about the financial condition and operational results of the Group. The CFO periodically provides formal statements to the Board and is responsible for ensuring that:

- The Group's financial statements present a true and fair view of the Group's financial condition and operational results; and
- the risk management and internal compliance and control systems are sound, appropriate and operating efficiently and effectively.

Internal Audit

There is no internal audit department. The assessment of the control system is undertaken by the CEO, the CFO and the Audit, Risk and Corporate Governance Committee. The Board also assists where required in the review of the Internal Control System.

Conflict of Interest

Any Director who has a conflict of interest must notify each other Director of this conflict prior to, or at the latest, at the first Board meeting subsequent to becoming aware of the conflict. Any services provided by Directors or transactions involving entities related to Directors or transactions involving entities related to Directors must be on arm's length terms and approved by the Board.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Corporate Governance Statement

31 July 2022

Code of Conduct

The Group has developed a Code of Conduct which deals with, amongst other areas, conflict of interest, personal gains and gifts, confidentiality, compliance with the law and policies and the work environment.

All Directors, managers and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the Group.

Trading in Company Securities

The Board has adopted a Securities Dealing Policy, which applies to all Directors and employees. The policy specifies the periods during which the purchase and sale of the securities may not occur and sets out a notification procedure concerning transactions.

Communication with Shareholders

The Board has adopted a Continuous Disclosure Policy and has implemented a procedure to ensure the prompt release to the NSX of price sensitive information. Shareholder newsletters are sent to shareholders at times deemed appropriate by the Board.

All Board members and the external auditor attend the Annual General Meeting and are available to answer questions. Notice of the AGM, and related papers, is sent to all Shareholders at least 28 days before the meeting. Resolutions are proposed on each substantially separate issue, including in relation to the Annual Accounts and the Director's Remuneration Report.

Diversity Policy

The Group is committed to social inclusion and has a policy of employing the best individual for the position, irrespective of race, gender or creed.

AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 307C OF THE *CORPORATIONS ACT 2001*

To the directors of Heritage Brands Ltd and Controlled Entities,

As lead auditor for the audit of Heritage Brands Ltd for the year ended 31 July 2022, I declare that, to the best of my knowledge and belief, there have been:

- no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in relation to Heritage Brands Ltd and the entities it controlled during the year.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

The financial report covers Heritage Brands Ltd and its controlled entities ('the Group'). Heritage Brands Ltd is a for-profit company limited by shares, incorporated and domiciled in Australia.

Each of the entities within the Group prepare their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The separate financial statements and notes of the parent entity, Heritage Brands Ltd, have not been presented within this financial report as permitted by amendments made to the *Corporations Act 2001*. The parent entity financial information is disclosed in Note 28.

The financial report was authorised for issue by the Directors on 27th September 2022.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and the *Corporations Act 2001*.

These financial statements comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The significant accounting policies used in the preparation and presentation of these financial statements are provided below and are consistent with prior reporting periods unless otherwise stated.

The financial statements are based on historical costs, except for the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

2 Summary of Significant Accounting Policies

(a) Basis for consolidation

The consolidated financial statements include the financial position and performance of controlled entities from the date on which control is obtained until the date that control is lost.

Intragroup assets, liabilities, equity, income, expenses and cashflows relating to transactions between entities in the consolidated entity have been eliminated in full for the purpose of these financial statements.

Appropriate adjustments have been made to a controlled entity's financial position, performance and cash flows where the accounting policies used by that entity were different from those adopted by the consolidated entity. All controlled entities have a July financial year end.

A list of controlled entities is contained in Note 23 to the financial statements.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(a) Basis for consolidation (continued)

Subsidiaries

Subsidiaries are all entities over which the parent has control. Control is established when the parent is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

Associates

Interests in associates, where the investor has significant influence over the investee, are accounted for using the equity method in accordance with AASB 128 *Investments in Associates and Joint Ventures*. Under this method, the investment is initially recognised at cost and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss and other comprehensive income of the investee after the date of acquisition.

(b) Business combinations

Business combinations are accounted for by applying the acquisition method which requires an acquiring entity to be identified in all cases. The acquisition date under this method is the date that the acquiring entity obtains control over the acquired entity.

The fair value of identifiable assets and liabilities acquired are recognised in the consolidated financial statements at the acquisition date.

Goodwill or a gain on bargain purchase may arise on the acquisition date, this is calculated by comparing the consideration transferred and the amount of non-controlling interest in the acquiree with the fair value of the net identifiable assets acquired. Where consideration is greater than the net assets acquired, the excess is recorded as goodwill. Where the net assets acquired are greater than the consideration, the measurement basis of the net assets are reassessed and then a gain from bargain purchase recognised in profit or loss.

All acquisition-related costs are recognised as expenses in the periods in which the costs are incurred except for costs to issue debt or equity securities.

Any contingent consideration which forms part of the combination is recognised at fair value at the acquisition date. If the contingent consideration is classified as equity then it is not remeasured and the settlement is accounted for within equity. Otherwise subsequent changes in the value of the contingent consideration liability are measured through profit or loss.

(c) Foreign currency transactions and balances

Foreign currency transactions are recorded at the spot rate on the date of the transaction.

At the end of the reporting period:

- Foreign currency monetary items are translated using the closing rate;
- Non-monetary items that are measured at historical cost are translated using the exchange rate at the date of the transaction; and
- Non-monetary items that are measured at fair value are translated using the rate at the date when fair value was determined.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(c) Foreign currency transactions and balances (continued)

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition or in prior reporting periods are recognised through profit or loss, except where they relate to an item of other comprehensive income.

(d) Revenue and other income

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Group expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer;
2. Identify the performance obligations;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations; and
5. Recognise revenue as and when control of the performance obligations is transferred.

Sale of Goods

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods and the performance obligation has been satisfied.

Other Income

Other income is recognised on an accruals basis when the Group is entitled to it.

(e) Leases

At the lease commencement, the Group recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Group believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Group's incremental borrowing rate is used.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(e) Leases (continued)

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based or a change in the Group's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(f) Deferral of Expenditure

Where goods or services have been paid for but not yet delivered, the Group recognises this expenditure as a prepayment until such time as the service has been delivered in full.

(g) Income Tax

The tax expense recognised in the statement of profit or loss and other comprehensive income comprises current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax is provided on temporary differences which are determined by comparing the carrying amounts of tax bases of assets and liabilities to the carrying amounts in the consolidated financial statements.

Deferred tax is not provided for the following:

- The initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).
- Taxable temporary differences arising on the initial recognition of goodwill.
- Temporary differences related to investment in subsidiaries, associates and jointly controlled entities to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(j) Financial instruments (continued)

Tax Consolidated Group

The Company and its wholly-owned Australian controlled entities have formed a tax-consolidated group under the tax consolidation legislation and as a consequence these entities are taxed as a single entity. Each entity in the Group recognises its own current and deferred tax assets and liabilities. Such taxes are measured using the 'stand-alone taxpayer' approach to allocation. Current tax liabilities (assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately transferred to the head entity.

The Group notified the Australian Tax Office that it had formed an income tax consolidated group to apply from 1 August 2010.

The tax consolidated group has entered into a tax funding agreement whereby each entity within the group contributes to the income tax payable by the Group in proportion to their contribution to the Group's taxable income. Differences between the amounts of net tax assets and liabilities derecognised and the net amounts recognised pursuant to the funding agreement are recognised as either a contribution by, or distribution to the head entity.

(h) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(j) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(j) Financial instruments

Financial instruments are recognised initially on the date that the Group becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(j) Financial instruments (continued)

Financial assets

Classification

On initial recognition, the Group classifies its financial assets at amortised cost

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Group's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less allowance for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis.

When determining whether the credit risk of a financial assets has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Group's historical experience and informed credit assessment and including forward looking information.

The Group uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(j) Financial instruments (continued)

The Group uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Group in full, without recourse to the Group to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Group in accordance with the contract and the cash flows expected to be received.

Other financial assets measured at amortised cost

Impairment of financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced a significant increase in credit risk then the lifetime losses are estimated and recognised.

Financial liabilities

The Group measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Group comprise trade and other payables, bank and other loans and lease liabilities.

(k) Inventories

Inventories are measured at the lower of cost and net realisable value. Cost of inventory is determined using the weighted average costs basis and is net of any rebates and discounts received.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimate costs of completion and the costs necessary to make the sale. Net realisable value is estimated using the most reliable evidence available at the reporting date and inventory is written down through an obsolescence allowance if necessary.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(l) Plant and equipment

Plant and equipment are measured using the cost model.

Depreciation

Plant and equipment is depreciated on a straight-line basis over the assets useful life to the Group, commencing when the asset is ready for use.

Leased assets and leasehold improvements are amortised over the shorter of either the unexpired period of the lease or their estimated useful life.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Plant and Equipment	7.5 - 40%
Leasehold improvements	7.5 - 40%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

When an asset is disposed, the gain or loss is calculated by comparing proceeds received with its carrying amount and is taken to profit or loss.

(m) Intangible assets

Goodwill

Goodwill is carried at cost less accumulated impairment losses. Goodwill is calculated as the excess of the sum of:

- i) the consideration transferred;
- ii) any non-controlling interest;
- iii) the acquisition date fair value of any previously held equity interest;

over the acquisition date fair value of net identifiable assets acquired in a business combination.

Goodwill is not amortised but is tested for impairment annually and is allocated to the Group's cash generating units or groups of cash generating units, which represent the lowest level at which goodwill is monitored but where such level is not larger than an operating segment. Gains and losses on the disposal of an entity include the carrying amount of goodwill related to the entity sold.

Changes in the ownership interests in a subsidiary are accounted for as equity transactions and do not affect the carrying values of goodwill.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(m) Intangibles (continued)

Trademarks

Trademarks are recognised at cost of acquisition. Trademarks have an indefinite life and are carried at cost less any accumulated amortisation and any impairment losses.

(n) Impairment of non-financial assets

At the end of each reporting period the Group determines whether there is any evidence of an impairment indicator for non-financial assets.

Where an indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.

(o) Borrowings

Borrowings are recorded at fair value. Borrowings are classified as current liabilities unless the Group has the unconditional right to defer settlement of the liability for at least 12 months from the balance sheet date. Finance costs are expensed when incurred.

(p) Employee entitlements

A liability is recognised for the Group's liability for employee entitlements arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

Superannuation

Obligations for contributions to superannuation plans are recognised as an employee benefit expense in profit or loss in the periods in which services are provided by employees.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(q) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

(r) Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share adjusts the basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

(s) Going concern basis of accounting

These financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, the Group incurred a loss of \$1,158,295 had net cash inflows from operating activities of \$1,263,150 and has a surplus in net current assets of \$273,693 as at 31 July 2022.

At the date of this report the directors are satisfied that there are reasonable grounds to believe that the Group will continue as a going concern for the following reasons:

- The shareholder loan of \$3 million, classified as a non-current liability, was rolled -over to 1 August 2023; and
- Management have implemented strategies to increase sales, improve margins and reduce costs to improve the profitability of the business. Results subsequent to year end show that the Group has traded profitably.

Should the Group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, nor to amounts of classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

(t) Adoption of new and revised accounting standards

The Group has adopted all standards which became effective for the first time at 31 July 2022, the adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Group.

Notes to the Financial Statements

For the Year Ended 31 July 2022

2 Summary of Significant Accounting Policies (continued)

(u) New accounting standards for application in future periods

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The directors have decided against early adoption of these Standards, but does not expect the adoption of these standards to have any impact on the reported position or performance of the Group.

3 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of goodwill

In accordance with AASB 136 Impairment of Assets, the Group is required to estimate the recoverable amount of goodwill at each reporting period.

Impairment testing is an area involving management judgement, requiring assessment as to whether the carrying value of assets can be supported by the net present value of future cash flows derived from such assets using cash flow projections which have been discounted at an appropriate rate and using a terminal value to incorporate expectations of growth thereafter.

In calculating the net present value of the future cash flows, certain assumptions are required to be made in respect of highly uncertain matters including management's expectation of:

- growth in EBITDA, calculated as adjusted operating profit before income tax, depreciation and amortisation;
- timing and quantum of future capital expenditure;
- long-term growth rates; and
- the selection of discount rates to reflect the risks involved

The Group prepares and approves next year's budget for its operations, which are used in the value in use calculations.

Changing the assumptions selected by management, in particular the discount rate and growth rate assumptions used in the cash flow projections, could significantly affect the Group's impairment evaluation and hence results.

The Group's review includes the key assumptions related to sensitivity in the cash flow projections. Further details are provided in Note 11.

Notes to the Financial Statements

For the Year Ended 31 July 2022

3 Critical Accounting Estimates and Judgments (continued)

Key estimates - receivables

Receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment allowance is included for any receivable where the entire balance is not considered collectible. The impairment allowance is based on the best information at the reporting date.

Key estimates - inventory

The allowance for obsolete stock assessment requires a degree of estimation and judgement. The level of the allowance is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence. The Directors believe that an allowance for obsolete stock of \$2,089,177 (2021: \$1,967,304) is reasonable and that all other inventories are carried at their realisable values as at the end of the financial year.

Key estimates – deferred taxes

Deferred tax is recognised on tax losses not yet used and on temporary differences where it is probable that there will be taxable revenue against which these can be offset. Management has made judgments as to the probability of future taxable revenues being generated against which tax losses will be available for offset based on budgets, current and future expected economic conditions.

4 Revenue and Other Income

	2022 \$	2021 \$
Revenue from contracts with customers		
- Gross sales from contracts with customers (recognised at a point in time)	60,305,863	61,222,090
- Trading terms	(12,994,090)	(12,982,240)
Net Sales	47,311,773	48,239,850
Revenue from other sources		
- Bank interest	4,345	207
- Royalties	23,265	22,568
Total Revenue	47,339,383	48,262,625
Other Income		
- Sundry income	209	50,001
	209	50,001

Notes to the Financial Statements

For the Year Ended 31 July 2022

5 Income Tax Expense

(a) The major components of tax expense (income) comprise:

	2022	2021
	\$	\$
Current tax benefit/(expense)		
Current tax - continuing operations	602,379	41,229
Deferred tax expense		
Deferred tax	(11,689)	(88,717)
	<u>590,690</u>	<u>(47,488)</u>

(b) Reconciliation of income tax to accounting profit:

Profit/(Loss) before tax	(1,748,985)	153,811
Income tax rate*	25%	30%
Income tax benefit/(expense)	437,246	(46,143)
Add:		
Tax effect of:		
- other non-assessable (non-allowable) items	29,997	(1,345)
- adjustment to deferred taxes for change in tax rate	98,448	-
- adjustment for current tax of prior periods	24,999	-
Income tax benefit/(expense)	<u>590,690</u>	<u>(47,488)</u>

*As revenue is below \$50 million the corporate tax rate of 25% is applied.

6 Operating Segments

Segment information

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

Operating segments are determined on the basis of financial information reported to the Board of Directors which is at the Group level. Accordingly, the consolidated entity is treated as one operating segment.

Therefore, management identified the Group as having only one reportable segment. The financial results from this reportable segment are equivalent to the financial statements of the Group as a whole. There have been no changes in the operating segments during the year.

Basis of accounting for purposes of reporting by operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision makers. The chief operating decision maker has been identified as the Board of Directors which makes strategic decisions.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

6 Operating Segments (continued)

Geographical information

Revenue attributable to external customers are mainly generated in Australia. All non-current assets are located in Australia.

Major customers

Revenues of approximately \$60.3 million (2022: \$ 52.0 million) are derived from 10 customers. These revenues represent 87% (2021: 87%) of total external gross revenue.

7 Cash and Cash Equivalents

	2022	2021
	\$	\$
Cash at bank and in hand	69,413	348,106
	<u>69,413</u>	<u>348,106</u>

8 Trade and Other Receivables

CURRENT

Trade receivables	8,032,811	6,005,983
Allowance for expected credit loss	(3,838)	(2,772)
Allowance for rebates, incentives, and discounts	(1,383,226)	(1,024,446)
	<u>6,645,747</u>	<u>4,978,765</u>
Prepayments and other debtors	1,380,085	1,550,048
Loan to Heritage Luma Pty Limited	-	70,000
Total current trade and other receivables	<u>8,025,832</u>	<u>6,598,813</u>

Notes to the Financial Statements

For the Year Ended 31 July 2022

8 Trade and Other Receivables (continued)

(a) Credit Risk

The carrying value of trade receivables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable in the financial statements.

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group.

Credit risk arises from cash and cash equivalents and outstanding receivables.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The Group has no significant concentration of credit risk with respect to any single counterparty or group of counterparties. The class of assets describes as 'trade and other receivables' is considered to be the main source of credit risk related to the Group.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The following table details the Group's trade and other receivables exposure to credit risk with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, within the terms and conditions agreed between the Group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there is objective evidence indicating that the debt may not be fully repaid to the Group.

31 July 2022	Current	< 30 days overdue	< 90 days overdue	> 90 days overdue	Total
Trade receivables	4,986,519	2,659,260	289,777	97,255	8,032,811
 31 July 2021	 Current	 < 30 days overdue	 < 90 days overdue	 > 90 days overdue	 Total
Trade Receivables	4,000,181	1,700,817	231,674	73,311	6,005,983

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

8 Trade and Other Receivables (continued)

(b) Collateral held as security

A registered general security agreement over trade receivables has been provided for certain debt. Refer to Note 14 for further details.

The carrying value of trade receivables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivables in the financial statements.

9 Inventories

	2022	2021
	\$	\$
CURRENT		
At net realisable value:		
Finished goods	9,550,842	12,635,808
Provision for slow moving and obsolete stock	(2,089,177)	(1,967,304)
Inventory in transit	926,677	423,050
	<u>8,388,342</u>	<u>11,091,554</u>

Write downs (write back) of inventories to net realisable value during the year were \$599,617 (2021: (\$871,159)).

10 Plant and equipment and right of use assets

	2022	2021
	\$	\$
Plant and equipment		
At cost	4,604,965	4,894,386
Accumulated depreciation	(4,035,020)	(4,204,176)

	<u>571,042</u>	<u>690,210</u>
Right-of-Use Assets		
At cost	2,843,409	1,967,078
Accumulated depreciation	(1,967,078)	(1,844,503)
Total right-of-use asset	<u>876,331</u>	<u>122,575</u>

Notes to the Financial Statements

For the Year Ended 31 July 2022

10 Plant and equipment and right of use assets (continued)

Movements in carrying amounts of intangible assets

Movement in the carrying amounts for each class of plant and equipment between the beginning and the end of the current financial year:

	Plant and Equipment	Leasehold Improvements	Right-of-Use Assets	Total
	\$	\$	\$	\$
Year ended 31 July 2022				
Balance at the beginning of year	690,210	-	122,575	812,785
Additions	237,407	1,197	876,331	1,114,935
Depreciation expense	(353,134)	(100)	(122,575)	(475,809)
Disposals	(4,538)	-	-	(4,538)
Balance at the end of the year	569,945	1,097	876,331	1,447,373

	Plant and Equipment	Leasehold Improvements	Right-of-Use Assets	Total
	\$	\$	\$	\$
Year ended 31 July 2021				
Balance at the beginning of year	722,645	121	729,480	1,452,246
Additions	348,943	-	-	348,943
Depreciation expense	(381,312)	(121)	(606,905)	(988,338)
Disposals	(66)	-	-	(66)
Balance at the end of the year	690,210	-	122,575	812,785

11 Intangible Assets

	2022	2021
	\$	\$
Goodwill		
Cost	12,596,828	12,596,828
Trademarks		
Cost	6,656,308	6,656,308
	19,253,136	19,253,136

Goodwill is not amortised. Trademarks have indefinite useful lives and are not amortised while they continue to exploit new channels without significant cost.

Notes to the Financial Statements

For the Year Ended 31 July 2022

11 Intangible Assets (continued)

Impairment Disclosures

For the purpose of impairment testing, goodwill and trademarks are allocated to cash-generating units which are based on the Group's reportable segments. The Group has determined that it has one CGU being consumer products.

The recoverable amount of the cash-generating unit is determined based on value-in-use calculations. Value-in-use is calculated based on the present value of cash flow projections over a 5-year period, using an estimated growth rate (which does not exceed the long-term growth rate for the industry) on the next year's budget, and a terminal value multiple. The cash flows are discounted using the Company's implied weighted average cost of capital.

The following assumptions were used in the value-in-use calculations:

Growth Rate		Discount Rate	
2022	2021	2022	2021
%	%	%	%
6	4	10	10

Sensitivity to Change of Assumptions

If the next year's financial budget used in the value-in-use calculation had been 10% lower than management's estimates at 31 July 2022, the Group would have a recoverable amount in excess of \$14 million against the carrying amount of intangible assets and plant and equipment.

If the pre-tax discount rate applied to the cash flow projections of this CGU had been 5% higher than management's estimates (15% instead of 10%), the Group would have not have a recoverable amount in excess of the carrying amount of intangible assets and plant and equipment. In the financial year 31 July 2022, there were no reasonably possible changes in any of the key assumptions that would have caused the carrying amount of the CGU to exceed its recoverable amount.

The calculations using the current assumptions approximate the carrying amount of intangible assets.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

12 Leases

Lease liabilities

The maturity analysis of lease liabilities based on contractual undiscounted cash flows is shown in the table below:

	< 1 year	1 - 5 years	> 5 years	Total undiscounted lease liabilities	Lease liabilities included in this Statement Of Financial Position
	\$	\$	\$	\$	\$
2022	450,000	472,500	-	922,500	876,331
2021	399,278	-	-	399,278	386,634

Statement of Profit or Loss and Other Comprehensive Income

The amounts recognised in the statement of profit or loss and other comprehensive income relating to leases where the Group is a lessee are shown below:

	2022	2021
	\$	\$
Interest expense on lease liabilities	27,551	59,832
Depreciation of right-of-use assets	122,575	606,905
Expense relating to short-term leases	410,000	410,000
	<u>560,126</u>	<u>1,076,737</u>

Statement of Cash Flows

Total cash outflow for leases	<u>824,185</u>	<u>1,052,165</u>
-------------------------------	----------------	------------------

13 Trade and Other Payables

CURRENT

Trade payables	6,003,860	4,716,820
Employee benefits	265,705	308,526
Sundry payables and accrued expenses	1,293,019	909,201
	<u>7,562,584</u>	<u>5,934,547</u>

Trade and other payables are unsecured, non-interest bearing and are normally settled within terms. The carrying value of trade and other payables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

Shareholder loans	3,000,000	3,000,000
	<u>3,000,000</u>	<u>3,000,000</u>

(a) Bank loan facility

The bank facility has been secured over:

- First registered general security agreement over the assets and undertakings of each company in the Group;
- Unlimited guarantee and indemnity given by each company in the Group;
- Right of entry deed with respect to property at 30 Bando Road, Springvale, Victoria; and
- Flawed asset arrangement over any cash deposits held with the Bank of Melbourne.

As at 31 July 2022, the Group has a credit facility of \$13,000,000 (2021: \$15,000,000) of which \$5,876,000 (2021: \$6,862,618) is unused.

Under the terms of the Bank Facility, the Group is required to comply with the following financial covenants on a six-monthly basis:

- a capital ratio of no less than 23%;
- a net senior debt to EBITDA ratio of less than 1.75 times; and
- a stock turn ratio of no less than 2.30 times.

Notes to the Financial Statements

For the Year Ended 31 July 2022

14 Borrowings (continued)

(b) Shareholder Loans

A secured loan facility of \$3,000,000 has been made available to the Group from three of the Company's shareholders

Material conditions of the shareholder loan are as follows:

- An establishment fee of 2% was charged;
- Interest is charged at 13% per annum (2022: 12%) from 1st August 2022 payable monthly in arrears;
- The shareholder loan which expired on the 1 August 2022 was rolled-over to 1 August 2023; and
- The loan is secured by a second registered general security agreement over the assets and undertakings of each company in the Group consented to by the Bank of Melbourne.

(c) Defaults and Breaches

The Group has a long-term bank facility which is subject to certain financial covenants. The facility agreement states that these covenants will be assessed at the end of each half, and reported to the bank within 45 days of the end of each half.

The Group have been advised by the Bank of Melbourne that it is in breach of its capital ratio and fixed charge coverage ratio financial covenants as at 31 July 2022 and at this point in time has not been asked to take any action to remedy the breach. The Bank of Melbourne do however reserve their rights to take action in respect of these breaches in the future. The Group has had constructive negotiations to extend the current facility at the date of this report to 31st March 2023

There were no defaults or breaches on any loans in the prior year.

At the end of the reporting period	1,801,111,087	1,801,111,087

The holders of ordinary shares are entitled to participate in dividends and the proceeds on winding up of the Company. On a show of hands at meetings of the Company, each holder of ordinary shares has one vote in person or by proxy, and upon a poll each share is entitled to one vote.

The Company does not have authorised capital or par value in respect of its shares.

(b) Capital Management

Capital of the Group is managed in order to maintain a sustainable debt to equity ratio, generate long-term shareholder value and ensure that the Group can fund its operations and continue as a going concern.

The Group's capital includes ordinary share capital and financial liabilities, supported by financial assets.

There are no externally imposed capital requirements.

The Group monitors capital through the gearing ratio, which is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents. Total capital is defined as equity per the statement of financial position plus net debt.

		2022	2021
		\$	\$

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

18 Financial Risk Management

The Group is exposed to a variety of financial risks through its use of financial instruments. The Group only enters into defensive Financial Instruments.

The Group's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets.

The Group does not speculate in financial assets.

The most significant financial risks to which the Group is exposed to are described below:

Specific risks

- Liquidity risk;
- Credit risk; and
- Market risk - being currency risk, interest rate risk and price risk.

Financial instruments used

The principal categories of financial instruments of the Group are:

- Trade receivables;
- Cash at bank;
- Trade and other payables; and
- Borrowings.

Objectives, policies and processes

Risk management is carried out by the Group's senior management under the delegated power from the Board of Directors. The CFO has primary responsibility for the development of relevant policies and procedures to mitigate the risk exposure of the Group, these policies and procedures are then approved by the Audit, Risk and Corporate Governance Committee and tabled at the board meeting following their approval.

Reports are presented at each board meeting regarding the implementation of these policies and any risk exposure which the Audit, Risk and Corporate Governance Committee believes the board should be aware of.

Specific information regarding the mitigation of each financial risk to which the Group is exposed is provided below.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

18 Financial Risk Management (continued)

Liquidity risk

Liquidity risk arises from the Group's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Group will encounter difficulty in meeting its financial obligations as they fall due.

The Group's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due. The Group maintains cash and finance facilities to meet its liquidity requirements for up to 30-day periods. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities.

The Group manages its liquidity needs by carefully monitoring scheduled debt servicing payments for financial liabilities as well as cash-outflows due in day-to-day business.

Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on the basis of a rolling 30-day projection. Long-term liquidity needs for a 180-day and a 360-day period are identified monthly.

At the reporting date, these reports indicate that the Group expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances.

The Group's liabilities have contractual maturities which are summarised below:

	Within 1 Year		1 to 5 Years		Total	
	2022	2021	2022	2021	2022	2021
	\$	\$	\$	\$	\$	\$
Financial liabilities due for payment						
Trade and other payables (excluding estimated annual leave)	7,562,584	5,934,547	-	-	7,562,584	5,934,547
Borrowings (excluding leases)	10,460,924	8,447,531	-	3,000,000	10,460,924	11,447,531
Total contractual outflows	18,023,508	14,382,078	-	3,000,000	18,023,508	17,382,078

The timing of expected outflows is not expected to be materially different from contracted cashflows.

Notes to the Financial Statements

For the Year Ended 31 July 2022

18 Financial Risk Management (continued)

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group.

Credit risk arises from cash and cash equivalents, derivative financial instruments and deposits with banks and financial institutions, as well as credit exposure to wholesale and retail customers, including outstanding receivables and committed transactions.

The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The utilisation of credit limits by customers is regularly monitored by line management. Customers who subsequently fail to meet their credit terms are required to make purchases on a prepayment basis until creditworthiness can be re-established.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The Board receives monthly reports summarising the turnover, trade receivables balance and ageing profile of each of the key customers individually and the Group's other customers analysed by industry sector as well as a list of customers currently transacting on a prepayment basis or who have balances in excess of their credit limits.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The Group has no significant concentration of credit risk with respect to any single counterparty or group of counterparties.

On a geographical basis, the Group has significant credit risk exposures in Australia given the substantial operations in that country.

Notes to the Financial Statements

For the Year Ended 31 July 2022

18 Financial Risk Management (continued)

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

(i) Foreign exchange risk

Exposure to foreign exchange risk may result in the fair value or future cash flows of a financial instrument fluctuating due to movement in foreign exchange rates of currencies in which the Group holds financial instruments which are other than the AUD functional currency of the Group.

Exposures to currency exchange rates arise from the Group's overseas sales and purchases.

To mitigate the Group's exposure to foreign currency risk, non-Australian dollar cash flows are monitored and forward exchange contracts may be entered into in accordance with the Group's risk management policies.

Whilst these forward contracts are economic hedges of the cash flow risk, the Group does not apply hedge accounting to these transactions. The implications of this decision are that unrealised foreign exchange gains and losses are recognised in profit and loss in the period in which they occur.

The exposure to foreign currency denominated financial assets and liabilities at balance date is not considered to be material.

(ii) Interest rate risk

The Group is exposed to interest rate risk as funds are borrowed at floating and fixed rates. Borrowings issued at fixed rates expose the Group to fair value interest risk.

At the reporting date, the Group is exposed to changes in market interest rates through its bank borrowings, which are subject to variable interest rates.

At 31 July 2022, if interest rates had increased by 100 basis points or decreased by 100 basis points from the year end rates with all other variables held constant, post-tax profit for the period would have been \$74k higher/\$74k lower, mainly as a result of higher/lower interest expense from borrowings. Other components of equity would have been \$74k lower/\$74k higher mainly as a result of an increase/decrease in the fair value of borrowings.

Accruals and other timing differences	481,785	(165,164)	316,621
Tax losses	2,606,319	755,854	3,362,173
Balance at 31 July 2022	3,088,104	590,690	3,678,794

*Deferred Tax Asset was calculated at a tax rate of 30%

20 Dividends

No dividends have been declared or paid during the year (2021: \$Nil).

Franking account

	2022	2021
	\$	\$
The franking credits available for subsequent financial years at a tax rate of 30%	5,034,881	5,034,881

The above available balance is based on the dividend franking account at year-end adjusted for franking credits that will arise from the payment of the current tax liabilities.

The ability to use the franking credits is dependent upon the Company's future ability to declare dividends.

Cashflows from operations	<u>1,263,150</u>	<u>927,993</u>

25 Contingencies

In the opinion of the Directors, the Company did not have any contingencies at 31 July 2022 (31 July 2021: None).

26 Related Parties

The Group's main related parties are as follows:

The Group's main related parties are Key management personnel (including all directors) - refer to Note 21.

Key management personnel - refer to Note 21.

Refer to interests in subsidiaries in Note 23 and interest in Associates in Note 24.

Refer to Note 14(b) for details on shareholder loans.

Other related parties include close family members of key management personnel and entities that are controlled or significantly influenced by those key management personnel or their close family members.

There were no transactions between related parties during the year.

Heritage Brands Ltd and Controlled Entities

ACN 081 149 635

Notes to the Financial Statements

For the Year Ended 31 July 2022

27 Parent entity

The following information has been extracted from the books and records of the parent, Heritage Brands Ltd and has been prepared in accordance with Accounting Standards.

The financial information for the parent entity, Heritage Brands Ltd and Controlled Entities has been prepared on the same basis as the consolidated financial statements except as disclosed below.

Investments in subsidiaries and associates

Investments in subsidiaries and associates are accounted for at cost in the financial statements of the parent entity. Dividends received from associates are recognised in the parent entity profit or loss, rather than being deducted from the carrying amount of these investments.

Tax consolidation legislation

Heritage Brands Ltd and its wholly owned Australian subsidiaries have formed an income tax consolidated group.

Each entity in the tax consolidated group accounts for their own current and deferred tax amounts. These tax amounts are measured using the 'stand alone taxpayer' approach to allocation.

Current tax liabilities (assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately transferred to the parent entity.

The tax consolidated group has entered into a tax funding agreement whereby each entity within the group contributes to the income tax payable by the Group in proportion to their contribution to the Group's taxable income. Differences between the amounts of net tax assets and liabilities derecognised and the net amounts recognised pursuant to the funding agreement are recognised as either a contribution by, or distribution to the head entity.

Directors' Declaration

The directors of the Company declare that:

1. the financial statements and notes for the year ended 31 July 2022 are in accordance with the *Corporations Act 2001* and:
 - a. comply with Accounting Standards, which, as stated in basis of preparation Note 1 to the financial statements, constitutes explicit and unreserved compliance with International Financial Reporting Standards (IFRS); and
 - b. give a true and fair view of the financial position and performance of the consolidated group;
2. the Chief Executive Officer and Chief Finance Officer have given the declarations required by Section 295A that:
 - a. the financial records of the Company for the financial year have been properly maintained in accordance with section 286 of the *Corporations Act 2001*;
 - b. the financial statements and notes for the financial year comply with the Accounting Standards; and
 - c. the financial statements and notes for the financial year give a true and fair view.
3. in the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Director

Maxim Krok

Dated 27 September 2022

HERITAGE BRANDS LTD

INDEPENDENT AUDITOR'S REPORT

To the members of Heritage Brands Ltd

Opinion

We have audited the financial report of Heritage Brands Ltd ("the Company") and its controlled entities ("the Group"), which comprises the statement of financial position as at 31 July 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the director's declaration.

In our opinion the financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Group's financial position as at 31 July 2022 and of its performance for the year ended on that date; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

HERITAGE BRANDS LTD

INDEPENDENT AUDITOR'S REPORT (continued)

Recoverability of Intangible Assets

At 31 July 2022 the Group has intangible assets of \$19,253,135.

The recorded value of intangible assets is assessed for recoverability by the directors at least annually or more frequently if events or changes in circumstances indicate that the asset may have suffered an impairment.

Recoverability is assessed through a discounted cash flow analysis, whereby future cash flows are estimated and a discount is applied in order to arrive at a present value of the future cash flows. The value derived is then compared with the recorded value of the intangible assets and if lower an impairment charge will be recorded.

We focused on this area given the significant judgement involved in assessing the recoverable amount of these assets.

Going Concern

We note that the Group has a cash balance of \$0.07 million, current assets of \$16.48 million, current liabilities of \$16.21 million and net current assets of \$0.27 million.

We also note that the company incurred a loss for the year of \$1.15 million and had cash inflows from operations of \$1.26 million.

Going concern was considered a key audit matter given historical losses.

How our Audit Addressed the Key Audit Matter

We checked the calculations and assessed the reasonableness of inputs into the directors' discounted cash flow analysis.

We also performed sensitivity checks of the discounted cash flow analysis.

We considered the appropriateness of the recoverability assessment and considered whether it was in line with Australian Accounting Standards and generally accepted accounting principles.

We assessed whether the disclosures included in the financial report met the requirements of Australian Accounting Standards.

How our Audit Addressed the Key Audit Matter

We considered the current financial position of the Group, Management's forecasts, subsequent events and results subsequent to year end.

HERITAGE BRANDS LTD

INDEPENDENT AUDITOR'S REPORT (continued)

Inventory Obsolescence

At 31 July 2022, the Group has inventories of \$8,388,342.

The Group recognises an allowance for obsolescence where it expects the net realisable value of inventory to fall below its cost price.

This will occur where inventory becomes aged, damaged or obsolete and will be sold below its cost price in order to clear.

We considered this area as a key audit matter as management exercises significant judgement in assessing the adequacy of the allowance for inventory obsolescence. Judgement involves the consideration of expected future sales, demand in inventory, probability of inventory becoming obsolete, aging profile of inventory and related historical sales experience.

Doubtful Debtors

At 31 July 2022, the Group's trade and other receivables balance was \$8,025,832.

The assessment of recoverability of trade and other receivables requires significant judgement in assessing the probability of significant financial difficulty of the debtor defaulting or delaying receipt of payments.

We focussed on this area given the significant judgement involved in assessing the recoverable amount of these assets.

How our Audit Addressed the Key Audit Matter

We assessed the consistency and reasonableness of management's basis for allowance of inventory obsolescence with respect to aged or slow-moving inventories.

We considered the results of management's previous actions to sell slow-moving inventory.

We assessed whether the disclosures included in the financial report met the requirements of Australian Accounting Standards.

How our Audit Addressed the Key Audit Matter

We obtained an understanding of the Group's processes and controls relating to the monitoring of trade receivables and review of credit risk of customers.

We selected a sample of debtors and checked the evidence of receipts from the customers subsequent to the year end.

We evaluated management's assumptions and estimates used to determine the allowance for doubtful debts

We assessed whether the disclosures included in the financial report met the requirements of Australian Accounting Standards.

HERITAGE BRANDS LTD

INDEPENDENT AUDITOR'S REPORT (continued)

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 31 July 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Director's Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

HERITAGE BRANDS LTD

INDEPENDENT AUDITOR'S REPORT (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on the Remuneration Report

We have audited the Remuneration Report included on pages 8 to 12 of the directors' report for the year ended 31 July 2022. The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion the Remuneration Report of Heritage Brands Ltd, for the year ended 31 July 2022, complies with section 300A of the *Corporations Act 2001*.
