

Logan Community Financial Services Limited

4 November 2025

The company has continued to produce results that have enabled record contributions to our community and social enterprise endeavours. Our focus has remained in maintaining these levels of support whilst continuing to ensure that the company position is suitably strong, having undertaken branch renewals and refurbishments keeping us firmly in our community.

In keeping with our policy to recognise the role that shareholders play in this endeavour we have resolved that a year-end dividend of 11cents per share , fully franked, be issued. This will result in our full year dividend being 14 cents and is believed to reflect a balance of retrospective reward coupled with future looking investments in focus.
