Review of Operations

The Company's investment objectives are:

- Preservation of the capital of the Company;
- Achieve a high real rate of return, comprising both income and capital growth; and
- Deliver shareholders a secure income stream in the form of fully franked dividends.

The Company aims to achieve these objectives by seeking to invest for the medium to long-term in companies and construct an investment portfolio which will:

- Focus on the investment merits of individual stocks rather than market and economic trends;
- Invest in shares which it expects to yield dividends;
- Invest in securities which it assesses to be undervalued relative to their long term potential;
- Have the securities of between 20 and 60 issuers represented in its portfolio.

The Directors have established a number of key performance indicators that they use in their assessment of the Company's performance, including, earnings per share, dividends paid to shareholders and asset backing per share.

The Company earned a net profit after income tax of \$82,216 for the half year ended 31 December 2025.

In addition, the Company made a net unrealised profit of \$764,069 after income tax, which was transferred to the investment revaluation reserve.

The Company paid a fully franked dividend of 1 cent from its retained earnings during the period.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2025

NOTE 1: MATERIAL ACCOUNTING POLICIES

Basis of Preparation of the Condensed Financial Statements

The half-year consolidated financial statements are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard *AASB 134: Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34: Interim Financial Reporting.

Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's annual financial report for the year ended 30 June 2025, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and the Interpretations Financial Reporting Standards.

It is on this basis that the going concern assumption is appropriate.

NOTE 5: FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

	31.12.2025	30.06.2025

The fair value of listed securities is determined by valuing them at the last quoted market price as at balance date. In accordance with Australian Accounting Standards, this is considered "Level 1" under the fair value measurement hierarchy, which is defined as quoted prices (unadjusted) in active markets for identical assets or liabilities.

The fair value of unlisted managed funds is determined by valuing them at the net asset value provided by the fund manager as at balance date. Unlisted managed funds included in the Investment portfolio are considered "Level 2" under the fair value measurement hierarchy, which is defined as inputs other than quoted prices, which can be observed either directly (as prices) or indirectly (derived from prices).

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
