Bendigo Telco expands its portfolio through the acquisition of Luma

Technology provider and integrator, Bendigo Telco Limited (NSX: BCT) is pleased to announce the acquisition of Luma, a digital-first telecommunications provider with a highly engaged and loyal customer base.

The acquisition represents an important step in Bendigo Telco's long-term growth strategy, expanding the Company's presence in the consumer telecommunications market while adding a scalable digital capability and a complementary customer base.

Luma has established a strong reputation for delivering simple, customer-focused telecommunications services, underpinned by exceptional customer loyalty. Bendigo Telco intends to preserve the qualities that have made Luma successful while investing in future growth, innovation and enhanced customer experiences.

Highlights

Customers:	Additional ~3,000 customers
Revenue to Group:	\$2,000,000 to \$2,200,000
Purchase price:	\$820,000 to \$880,000 payable in cash
Completion date:	Transaction to be completed 1 July 2026 with customers transferred 1 August 2026

The acquisition further strengthens Bendigo Telco's diversified telecommunications portfolio and reinforces the Company's commitment to delivering sustainable long-term value for customers and shareholders.
