Dear Sir / Madam

Gladiator Metals Corp – Application for listing

We act for Gladiator Metals Corp. (BC Registry ID BC0873388, ARBN 693 952 895, Canadian BN 827172057) (**Gladiator** or the **Company**) in connection with its proposed listing on the National Stock Exchange (**NSX**) and for official quotation of CHESS Depositary Interests (**CDIs**) over fully paid common shares in the Company (**Shares**) on the NSX (**Listing**).

This letter is the Company's formal application for Listing submitted under Appendix 1 of the NSX Listing Rules (**Application**).

Where indicated, further details are in the Company's information memorandum dated 14 September 2026 (**Information Memorandum**) which is incorporated by reference. Unless otherwise defined, capitalised terms in this Application have the meaning given to them in the Information Memorandum.

1 General

1.1 Name of the applicant, date and place of incorporation

The applicant is Gladiator Metals Corp., a company incorporated in British Columbia, Canada on 8 February 2010 pursuant to the provisions of the *Business Corporations Act (British Columbia)* (**BCBCA**), as Cairo Resources Inc. The Company changed its name to Gladiator Metals Corp. on 8 October 2021.

1.2 Registration under the Corporations Act

On 20 January 2026, the Company was registered as a foreign company under the *Corporations Act 2001* (Cth) (**Corporations Act**) with ARBN 693 952 895.

1.3 Principal registered office and share register locations

The Company's principal registered office and principal place of business is Suite 1012, 1030 West Georgia Street, Vancouver, British Columbia, V6E 2Y3 Canada. The Company's Australian registered office is C/o Patricia Holdings, Suite 2, Level 1, 9-11 Grosvenor Street, Neutral Bay, NSW 2089 Australia.

The Company maintains a share register at the following addresses:

- **Canadian registry and transfer agent:** Odyssey Trust Company, Suite 1310, 1140 West Pender Street, Vancouver, British Columbia, V6E 4G1 Canada; and
- **Australian CDI registry:** Computershare Investor Services Pty Limited, Level 17, 221 St Georges Terrace, Perth WA 6000 Australia.

Refer to the Corporate Directory in Section 11 of the Information Memorandum for further details.

1.4 Formal request for Listing

Gladiator formally applies for admission to the NSX Official List and official quotation of CDIs over fully paid common shares in Gladiator. One CDI represents an interest in one fully paid common share.

CDIs confer beneficial ownership in foreign securities, such as the Shares, on the CDI Holder. Legal title to the Shares will be held by an Australian depositary nominee, being CHESS Depositary Nominees Pty Ltd (**CDN**), a subsidiary of ASX.

CDN will receive notice of any meeting of Shareholders and is entitled to attend and vote at the meeting. CDI Holders may also attend any meeting of Shareholders. As CDI Holders will not appear on the Company's principal register of members as the legal holders of the Shares, they will not be entitled to vote at meetings of holders of Shares (and their CDIs will not count towards any relevant quorum requirements at such meetings). If a CDI Holder wishes to vote at a meeting of Shareholders, they must:

- instruct CDN, as the legal owner of the Shares, to vote the Shares underlying their CDIs in a particular manner. A voting instruction form will be sent to CDI Holders with the notice of meeting or proxy statement for the meeting and this must be completed and returned to the CDI Registry prior to the meeting; or
- convert their CDIs into a holding of Shares and vote these at the meeting (although if the former CDI Holder later wishes to sell their investment on NSX, it would be necessary to convert the Shares back to CDIs). In order to vote in person, the conversion must be completed prior to the record date for the meeting. See Section 9.3 of the Information Memorandum for further information regarding the conversion process.

As each CDI represents one Share, a CDI Holder is entitled to one vote for every CDI they hold.

Refer to Sections 9.2, 9.3 and 9.4 of the Information Memorandum for further details.

1.5 Proposed method of Listing

The Company is seeking a Compliance Listing of its CDIs on the NSX. The Company is presently listed on the TSX-V and seeks a secondary listing on the NSX, while maintaining its primary listing on the TSX-V.

No public offer is proposed, and no new capital will be raised by the Company as a result of the Listing.

The distribution of CDIs will be dependent on the holders of Shares electing to transmute their Shares from the Canadian register to CDIs on the Australian register.

Refer to Sections 7.2, 8.1 and 9.11 of the Information Memorandum for further details.

1.6 Estimated market capitalisation

Based on the closing price of the Shares on the TSX-V of CAD\$2.58 on 11 September 2026 (**Last Practicable Date**), and a total of 116,526,797 Shares on issue, the Company's estimated market capitalisation is approximately CAD\$300.6 million (approximately A\$302.9 million based on a CAD:AUD exchange rate of A\$1 = CAD\$0.9924 (being the exchange rate as at the Last Practicable Date)).

1.7 Net proceeds and use of proceeds

On 22 June 2026, the Company announced a fully allocated non-brokered private placement to raise gross proceeds of CAD\$35.04 million (**Private Placement**), through the issue of 10,000,000 Shares. The Private Placement was led by BlackRock World Mining Trust and settled on 15 July 2026.

The Company has approximately CAD\$43.1 million in cash reserves (inclusive of the proceeds of the Private Placement) as at the Last Practicable Date. The proceeds of the Private Placement, together with the Company's existing cash reserves, are expected to fully fund and accelerate the Company's 2026 and 2027 exploration program at the Whitehorse Copper Project. Refer to Section 8.1(c) of the Information Memorandum for further details.

No public offer is proposed in connection with the NSX admission and therefore, the Company does not intend to raise any funds in connection with the Listing.

Refer to Sections 7.2 and 8.1 of the Information Memorandum for further details.

1.8 Other stock exchange listings

The Company's Shares are listed for trading on the TSX-V under the symbol "GLAD". The Company is also listed on the OTCQB under the symbol "GDTRF" and the FSE under the symbol "ZX7".

Refer to Section 3.1 of the Information Memorandum for further details.

2 Share capital and ownership

2.1 Capital structure

(a) Capital structure

The details of the Company's share capital are as follows:

Class	Fully paid common shares
Number	116,526,797
Voting rights	One vote for every common share held
Amount of fully paid up shares	116,526,797

The Company has authorised an unlimited number of common shares without par value. As at the Last Practicable Date, the Company has on issue the following Securities:

Security	Number
Shares ¹	116,526,797
Options ²	9,335,000
Restricted Stock Units (RSUs) ³	3,350,000
Warrants ⁴	300,000
Total	129,511,797

Notes:

- 1 The figures shown above are as at the Last Practicable Date.
- 2 The rights attaching to the Shares are summarised in the 'Canadian law' column of the table in Section 9.4 of the Information Memorandum. This comprises: (a) 5,000,000 Shares issued to the Optionor in February 2026 which are subject to six-month voluntary escrow; and (b) 10,000,000 Shares issued under the Private Placement in July 2026, which are subject to a four-month hold period under applicable Canadian securities laws. See Section 8.1(c) of the Information Memorandum for further details.
- 3 The terms of the Options are summarised in Section 9.5 of the Information Memorandum.
- 4 The terms of the RSUs are summarised in Section 9.6 of the Information Memorandum.
- 5 The terms of the Warrants are summarised in Section 9.7 of the Information Memorandum.

Refer to Section 8.1 of the Information Memorandum for further details.

The Company has not issued any securities since 28 February 2026 (being the date of its most recent audited financial statements) other than:

- the issue of Shares on exercise of existing Options and RSUs;
- the issue of 1,000,000 Options and 1,000,000 RSUs to certain directors, officers and consultants of the Company on 22 June 2026; and
- the issue of 10,000,000 Shares under the Private Placement on 15 July 2026; and
- the issue of 300,000 Warrants to eligible finders, comprising Velocity Trade Capital Ltd and Arlington Group Asset Management Limited, under the Private Placement on 15 July 2026.

(b) Directors, officers and management's interest in Securities

As at the Last Practicable Date, the Directors, officers and management of the Company have an interest in Securities as follows:

	Shares	Options	RSUs	% (Undiluted)	% (Diluted)
Jason Bontempo	1,807,275	1,775,000	1,100,000	1.55	3.62
Darren Devine	682,267	750,000	325,000	0.59	1.36
Shawn Khunkhun	1,345,633	600,000	200,000	1.15	1.66
Marcus Harden	790,000	1,000,000	575,000	0.68	1.83

	Shares	Options	RSUs	% (Undiluted)	% (Diluted)
Matthew Roma	80,000	450,000	175,000	0.07	0.54
Kell Nielsen	625,000	700,000	325,000	0.54	1.27

Refer to Section 4.3(a) of the Information Memorandum for further details.

(c) Substantial shareholders

As at 14 August 2026, the Shareholders who are registered as holding an interest in 5% or more of the Shares on issue (on an undiluted basis) are set out below:

Name	Number	Percentage (%)
CDS & CO.	97,357,222	83.549
Ambercloud PTY Ltd.	8,537,950	7.327

In Canada, a majority of publicly traded securities are held in the Canadian Depositary for Securities (referred to in the table above as 'CDS & CO.'). CDS is the legal registered holder of the number of Shares noted in the table above, however beneficial ownership remains with the relevant shareholder. CDS is often used to hold shares which are beneficially owned by 'objecting beneficial owners' who object to their names being known to issuers. Therefore, there is no ability of Gladiator to trace the beneficial ownership of CDS & CO.

Gladiator notes however that it is aware that, as at the date of this Application:

- Kluane Drilling Ltd. is the registered holder of 5,000,000 Shares (representing approximately 4.291% of Shares on issue on an undiluted basis);
- Kluane Drilling Ltd. is also the beneficial owner of 6,900,541 Shares held through a broker account under CDS & CO.; and
- Kluane Drilling Ltd. therefore has a beneficial interest in 11,900,541 Shares (representing approximately 10.21% of the Shares on issue on an undiluted basis).

Similarly, BlackRock is the beneficial owner of 6,000,000 Shares held through a broker account under CDS & CO., which were issued under the Private Placement in July 2026 and are subject to a four-month hold period under applicable Canadian securities laws. BlackRock therefore has a beneficial interest in 6,000,000 Shares (representing approximately 5.15% of the Shares on issue on an undiluted basis).

Refer to Section 8.2 of the Information Memorandum for the Company's top 20 Shareholders.

2.2 Shareholder list

See comments at section 2.1(c) above regarding Shares legally registered to CDS & CO.

This Application does not show the allotment dates or consideration payable for each Share given the widely held nature of the register and the fact that the Shares are freely tradeable on the TSX-V.

A distribution schedule for the Shares on issue as at 14 August 2026 is as follows:

Shareholding	Number of holders	Number of ordinary shareholders	% of issued capital
1 – 49,000	2,528	2,528	8.48%
50,000 – 99,999	43	43	3.39%
100,000 – 499,999	50	50	13.15%
500,000 – 999,999	13	13	10.61%
≥ 1,000,000	19	19	62.37%

3 Securities

The securities to be quoted are CDIs, each representing one underlying Share.

CDI Holders hold beneficial ownership in the Shares, with legal title to the underlying Shares held by CDN. The Shares underlying the CDIs will rank equally with the existing Shares on issue.

The CDIs will be held in uncertificated form and are transferable and settled through ASX's Clearing House Electronic Sub-register System (**CHESS**) in accordance with the ASX Settlement Operating Rules.

Refer to Sections 9.2, 9.3 and 9.4 of the Information Memorandum for further details.

4 History and nature of business

(a) Nature of business

The Company is a mineral exploration company with its principal asset being the Whitehorse Copper Project near Whitehorse, Yukon Territory, Canada, which comprises 731 quartz claims and 17 crown grants.

The Company first acquired an interest in the Whitehorse Copper Project in 2022, pursuant to an option agreement to acquire a 100% legal and beneficial interest in 309 quartz claims and 17 crown grants (**Whitehorse Option**). As at the date of this Application, there is no Mineral Resource estimate on the Whitehorse Copper Project.

The Company acquired the Whitehorse Option from H. Coyne & Sons Ltd (including the seven quartz claims held by Josh Bailey, to be transferred to the Company following the exercise of the Whitehorse Option) (**Optionor**) in 2022 and since then, has conducted expenditure on the quartz claims and crown grants. The Company will be entitled to exercise the Whitehorse Option provided it has satisfied the relevant expenditure, payment and Share issuance conditions (summarised in Section 3.4(a) of the Information Memorandum). The Company has already satisfied all of its expenditure conditions. There were additional payment conditions (including cash and Share issues) to the Optionor, the first two of

which have been satisfied with the remaining CAD\$125,000 to be paid, and 6,000,000 Shares to be issued, to the Optionor on or by 14 February 2029.

In addition to the Whitehorse Option, since 3 March 2023, the Company has staked an additional 422 quartz claims (**KELL series Claims**), which are held directly by the Company, including 55 quartz claims at the Jackson Copper-Skarn prospect (located approximately 12-17 km from the western edge of the main Whitehorse Copper Project and within the same geologic sequence), consisting of quartz claims KELL 350-388, 451-462, 464-465 and F KELL 463.

The Whitehorse Copper Project is an advanced-stage copper, molybdenum, silver and gold skarn exploration project covering approximately 140 km², which spans approximately 35 km of potential strike along the historically productive “Whitehorse Copper Belt”. Parts of the belt were historically mined, and the Whitehorse Copper Project benefits from existing infrastructure, including road access, power, rail transport and an available local workforce. As at the date of this Application, the Company is conducting significant exploration on the Whitehorse Copper Project, as well as extensive geophysical programs (including induced polarisation and gravity surveys) over prospective areas and known targets. Refer to Section 3.4(b) of the Information Memorandum for an overview of the exploration undertaken at the Whitehorse Copper Project. Refer to Section 9.14 and Attachment A of the Information Memorandum for JORC disclosures relating to the Company’s exploration results.

The Company also previously held, through its wholly owned Australian subsidiary, Bangles Gold, exploration licences comprising the Koonenberry North Project, an early-stage gold exploration project located in the northwestern part of New South Wales, Australia. From 2021 to 2023, the Company undertook exploration activities at the Koonenberry North Project. On 4 December 2023, these exploration licences held by Bangles Gold expired without renewal. Gladiator determined not to renew those licences, following the Company’s strategic decision to focus on the exploration and development of its Whitehorse Copper Project.

The Company retains no active tenements in Australia.

(b) Works program and expenditure

We note NSX’s request to comment on the Company’s ‘Approved Expenditure’ (as defined in TSX-V Policy 1.1) in relation to the Whitehorse Copper Project for the prior three years. ‘Approved Expenditures’ relate to funds spent on a project prior to listing as required to allow the project to qualify for listing and, therefore, the Company does not presently have ‘Approved Expenditure’ given it is not relevant in the circumstances.

The Company’s actual exploration expenditure on the Whitehorse Copper Project for the prior three financial years is as follows:

Financial year	Exploration Expenditure (CAD\$)
Year ended 28 February 2026	16,603,861
Year ended 28 February 2025	6,001,199
Year ended 29 February 2024	4,745,229

The NI 43-101 report dated 22 November 2022 outlined recommended Phase 1 and Phase 2 programs for the Whitehorse Copper Project. All Phase 1 and 2 work programs have been completed and all minimum work expenditures to exercise the Whitehorse Option have been met. In order to exercise the Whitehorse Option, the Company is only required to fund the remaining cash payment of CAD\$125,000 and issue 6,000,000 Shares on or by 14 February 2029.

Notwithstanding the Company's completion of the Phase 1 and Phase 2 programs and minimum expenditures to exercise the Whitehorse Option, the Company is intending to advance exploration and resource definition at the Whitehorse Copper Project. The Company's proposed works programme for the 12 months post-Listing comprises more than 45,000 m of diamond drilling targeting areas of known mineralisation and geophysical targets, further ground sampling, structural mapping and ongoing geophysical initiatives (including induced polarisation and ground gravity surveys). Work is ongoing to digitise and integrate historic datasets into GIS and 3D environments to inform field activities. Refer to Section 3.4(b) of the Information Memorandum for further details.

The proposed exploration budget for the 12 months post-Listing is as follows:

Item	Budgeted amount (CAD\$)
Staffing	1,890,196
Consultants	565,164
Drilling	7,222,788
Assaying	1,314,933
Geophysics	770,000
Direct Exploration	706,317
Capital – Property, Plant and Equipment	17,600
TOTAL	12,486,997

Refer to section 6(b) of this Application for further details in relation to the Company's 12-month budget.

(c) Annual turnover

The Company is a mineral exploration company and does not generate operating revenue. Total expenses (before other income) for the three most recent audited financial years were as follows:

- (i) for the year ended 28 February 2026: CAD\$22,099,934;
- (ii) for the year ended 28 February 2025: CAD\$10,451,591; and
- (iii) for the year ended 29 February 2024: CAD\$7,639,913.

The increase in expenses is primarily attributable to increased exploration expenditure on the Whitehorse Copper Project.

(d) Company History

A brief history of the Company over the last five years is as follows:

- On 8 October 2021, the Company changed its name from Cairo Resources Inc. to Gladiator Metals Corp.
- On 14 October 2021, the Company acquired its wholly owned subsidiary, Bangles Gold (which held the Koonenberry North Project).
- On 8 November 2022, the Company acquired the Whitehorse Option.
- On 4 December 2023, the exploration licences held by Bangles Gold which formed the Koonenberry North Project expired. Gladiator determined not to renew those exploration licences, instead focusing on its operations at the Whitehorse Copper Project.
- In September 2025, the Company completed a CAD\$22.5 million 'bought deal' private placement, the proceeds of which are being applied towards exploration expenditure on the Whitehorse Copper Project and general working capital.
- On 20 January 2026, the Company was registered as a foreign company under the Corporations Act.
- On 22 June 2026, the Company announced the Private Placement to raise gross proceeds of CAD\$35.04 million, through the issue of 10,000,000 Shares, which settled on 15 July 2026. The proceeds of the Private Placement will be used to fund and accelerate the Company's 2026 and 2027 exploration program at the Whitehorse Copper Project. Refer to Section 8.1(c) of the Information Memorandum for further details.

Refer to Sections 3.1, 3.3 and 6 of the Information Memorandum for further details.

Refer to Section 6.2 of the Information Memorandum for further details.

(b) Working capital and budget

The Company's working capital as at the Last Practicable Date is approximately CAD\$44 million (inclusive of the proceeds of the Private Placement).

The Company's audited consolidated financial statements for the year ended 28 February 2026 include a note regarding a material uncertainty with respect to the Company's ability to continue as a going concern. Notwithstanding the material uncertainty noted on going concern, the Directors believe that the Company has sufficient funds (including the proceeds of the Private Placement) to adequately meet the Company's current exploration commitments and short-term working capital requirements. However, the Company will require further funding in the future for its exploration and development costs, and there can be no assurances that such funding will be available on acceptable terms, or at all.

A comparison of the Company's cash and working capital position as at 28 February 2026 and the Last Practicable Date is set out in the table below. These changes are due to continued ongoing operations

as the Company focuses on advancing the Whitehorse Copper Project. All figures below are in Canadian dollars (CAD).

	Year ended 28 Feb 2026 \$	Management accounts as at Last Practicable Date \$
Current Assets	20,198,824	44,481,146
Working capital	14,696,081	44,014,890

The Company's current budget for the 12 months post-Listing is as follows. This is based on the Company's current intentions and remains subject to change.

Item	Budgeted amount (CAD\$)
Exploration	12,486,997
General and administrative	125,000
Investor relations and marketing	250,000
Consulting	715,000
Professional fees	75,000
Transfer agent and regulatory fees	275,941 ¹
Total	13,927,938

Note 1: Comprising approximately A\$175,500 in initial listing fees and approximately A\$38,800 in annual listing fees for the initial year of Listing (total approximately A\$214,300 (CAD\$215,941)), converted at an exchange rate of A\$1 = CAD\$0.9924 (being the exchange rate as at the Last Practicable Date), in addition to the existing transfer agent and regulatory fees allocation of CAD\$60,000.

The only budgeted amount item with a meaningful variance from the Company's historical spending in the two prior financial years relates to investor relations and marketing. As the Company becomes more established and its market presence grows, it benefits from increased organic exposure through newsletter writers and analyst coverage. As a result, there is a reduced need for paid marketing campaigns, leading to lower anticipated spending in this area.

7 Employees

As at the date of this Application, the Company employs 13 people.

The Company also engages certain key personnel (being Jason Bontempo (Executive Director and CEO), Darren Devine (Non-Executive Director and Chairperson), Shawn Khunkhun (Non-Executive

Director), Marcus Harden (President) and Matthew Roma (Chief Financial Officer)) under consulting agreements through their respective entities. Refer to Section 9.8(a) of the Information Memorandum for further details.

Employment levels are subject to seasonal fluctuations driven by exploration activity, which is concentrated in the Yukon drilling season (approximately May to December). During the preceding 12 months, employment levels (including contractors engaged on the Whitehorse Copper Project) have fluctuated between a minimum of 12 and a maximum of 19.

8 Child entities

The Company has one wholly owned subsidiary, Bangles Gold Pty Ltd (ACN 644 078 295) (**Bangles Gold**). Bangles Gold is a private Australian incorporated company that previously held the exploration licences comprising the Koonenberry North Project which expired on 4 December 2023 without renewal.

The details of Bangles Gold's share capital are as follows:

Class	Fully paid ordinary shares
Number	1,500,000
Amount of fully paid up shares	1,500,000
Shareholder	Gladiator (100%)

Refer to Section 3.2 of the Information Memorandum for further details.

9 Dividends

No dividends have been declared or paid by the Company or any child entity in the past three financial years.

The Company does not intend to pay dividends in the short term and will focus on capital growth. Any future determination as to the payment of dividends by the Company will be at the discretion of the Directors and after taking into account factors such as the availability of distributable earnings, the operating results and financial condition of the Company, future capital requirements, general business and other factors considered relevant by the Directors.

Refer to Section 8.5 of the Information Memorandum for further details.

12 Management

12.1 Directors, officers and key management

Details of the Company's Directors, officers and key management are set out below, including their qualifications, areas of expertise, principal functions and any committee roles.

As part of the Whitehorse Option, the Company granted the Optionor the right to nominate a Director to the Board, which the Optionor has not yet exercised. The Directors cannot comment on the Optionor's future intentions regarding this nomination right, but have not received any notice from the Optionor that it intends to exercise this right in the short-term.

(a) Board committees

The Board has established three committees: the Audit Committee, the Compensation Committee, and the Corporate Governance Committee.

Audit Committee

The current Audit Committee members are Mr Darren Devine (Chair), Mr Shawn Khunkhun and Mr Jason Bontempo.

Compensation Committee

The current Compensation Committee members are Mr Shawn Khunkhun (Chair) and Mr Darren Devine.

The primary role of the Compensation Committee is to determine the compensation of the Company's directors and executive officers. The Compensation Committee intends for executive compensation to be consistent with the Company's business plans, strategies and goals, including the preservation of working capital. Executive compensation is intended to provide appropriate compensation that permits the Company to attract and retain highly qualified and experienced senior executives and to encourage superior performance by the Company.

Corporate Governance Committee

The current Corporate Governance Committee members are Mr Darren Devine (Chair), Mr Shawn Khunkhun and Mr Jason Bontempo.

The roles and responsibilities of the Corporate Governance Committee are to (amongst other things):

- develop the Company's approach to corporate governance issues and ensure that:
 - governance of the Company is implemented in compliance with the Board Governance Manual;
 - the Company's governance and the adequacy thereof is reviewed at least annually; and
 - the Company complies to the extent practicable with the governance guidelines set out in the applicable laws;
- ensure that standards of ethical conduct are developed and monitored;
- provide advice to the Board regarding proposed committee nominations; and
- review transactions or arrangements (financial or otherwise) between the Company and one or more directors or officers, other than compensation decisions, and make recommendations to the Board with respect thereto.
