needles...

Disclaimer

- Neither Telezon Limited, its directors, officers or employees make any representation or warranty as to the truth or accuracy, completeness, currency or reliability of any information provided to a potential investor or any other written or oral information made available to any potential investor or its advisers, and does not accept:
 - Any responsibility arising in any way for any errors in or omissions from any information or for any lack of accuracy, completeness, currency or reliability of any information made available; or
 - Any liability for any loss or damage suffered or incurred by the recipient or any other person as a result of or arising out of that person placing any reliance on the information or its accuracy, completeness, currency or reliability.
- The forecasts included in the presentation or any other written or oral forecasts made available to any potential investor or its advisers are not representations as to future matters. These forecasts are based on a large number of assumptions and are subject to significant uncertainties and contingencies, some, if not all, of which are outside the control of Telezon Limited. No representation is made that any forecast will be achieved. Actual future events may vary significantly from the forecasts. Each potential investor should make and must rely on its own inquiries and investigations regarding the assumptions, uncertainties and contingencies which may affect Telezon Limited's future operations and values and the impact that a variation of future outcomes may have on Telezon Limited
