

2010-11

APGF continues to position itself as a major Australian-focused property fund manager.

We achieve this through our ongoing commitment to building sustainable value for all of our stakeholders.

At APGF we have a highly-skilled and experienced team who make a significant difference to investment performance.

APGF's people are industry professionals with decades of experience across numerous property cycles. We have a track record of successfully making and integrating strategic acquisitions with strong investment metrics to deliver long term value to our security holders.

We understand the key driver of value during challenging times is intensive asset management to maximise income. APGF achieves this through our specialised in-house asset management team that is responsible for all leasing and property management across the APGF portfolio.

APGF's people have remained focused and highly motivated through a period of considerable market volatility and their ongoing commitment continues to strengthen our business, culture and values

CHAIRMAN AND MANAGING DIRECTOR'S REPORT

ECONOMIC ENVIRONMENT

The outlook for the global economy has recently deteriorated as downside risks have increased. Worsening US economic data and ongoing European sovereign debt concerns have resulted in declining investor confidence and volatile financial markets. Investors now fear the US economic recovery may be unraveling, prompting concerns of a "double dip" economic recession.

The "multi-speed" economic recovery, featuring major disparities between regions and countries, has become a dominant theme in the current challenging global environment. The Asia Pacific Region continues to lead the global economy, while the US, Europe and Japan are lagging. There are now real concerns about how this slow down will impact on the Asia Pacific Region, in particular the Chinese manufacturing sector and commodity prices.

The Australian economy continues to perform soundly, however evidence of the "multi-speed" economy also persists as conditions in sectors such as retail, tourism and construction remain subdued. There is also disparity in the performance of Australia's states. Concerns about the global economic outlook and signs of a peak in Australia's employment rate have also dampened consumer confidence and retail sales. The household sector is paying down debt and lifting its savings rate as a result of these fears. While Australia's economy remains the envy of most advanced countries the outlook is far less certain given the backdrop of global economic volatility.

PROPERTY MARKET

The "multi-speed" theme is also playing out in Australian property markets. Quality commercial office properties are performing relatively well while lesser quality commercial and residential properties are still facing significant headwinds. While the availability and cost of bank finance remains an issue, credit conditions have improved over the past 12 months.

APGF remains cautiously optimistic about a continued recovery in commercial property rents and capital values over the next few years, although forced sales by banks and the wind up of unlisted property funds may place pressure on non A grade property valuations.

APGF's experienced management team is focused on maximising investor returns through proactive asset management. APGF will continue to focus on property fundamentals and maximising each individual property's net operating income. Given APGF's extensive experience across all property cycles, we understand that this is the best way to deliver sustainable performance and long-term value to investors.

2010/11 RESULT

APGF continues to progress its recovery and is rebuilding value through this phase of the property cycle. This is evidenced by the Fund's reported profit after tax of \$3.5 million for 2010/11. This result substantially exceeds the after tax profit of \$0.7 million delivered in 2009/10.

APGF's net asset value per stapled security as at 30 June 2011 is 65 cents (30 June 2010, 67 cents).

CAPITAL MANAGEMENT

APGF continues to respond proactively to the challenging credit and property market conditions to minimise risk and efficiently manage its capital base.

The Fund continues to comply with all of its headstock debt covenants and has maintained a sound capital position.

APGF's capital management strategy is to target distributions that are in line with underlying profits with the aim of ensuring sustainable investor returns. The distribution rate was maintained at 3.5 cents per stapled security per annum in the 2010/11 financial year.

CORPORATE STRATEGY

Over the past few years, APGF has successfully acquired and integrated property funds management businesses. Attractive counter-cyclical acquisition opportunities have continued to emerge, albeit at a slower pace, in the current market.

APGF continues to maintain a close watching brief on potential earnings accretive acquisitions in the property funds management sector.

The APGF Board is conscious of the impact of dilutive and discounted equity raisings on existing security holders. It is for this reason APGF has not undertaken an equity raising during the past three financial years.

However, the APGF Board is committed to providing a liquidity event for investors within the next 12 months and is currently investigating a number of options to achieve this outcome.

OUTLOOK

The Fund is in a sound financial position and well placed to restore investor value as it emerges from the challenging economic and property conditions of the past few years.

We would like to thank all of our stakeholders for their continued commitment and support, particularly over the past few challenging years. The Board will continue to focus on ensuring the momentum of APGF's recovery is maintained and investors' returns are maximised over the longer term.

BOARD OF DIRECTORS

NEIL EDWIN SUMMERSON

BCom, FCA, FAICD, FAIM Chairman

Neil Summerson is non-executive Chairman of the company. He is currently and has been a director of several public, private and government corporations and has over 35 years experience practising as a Chartered Accountant. During the last three years Neil has served and continues to serve as a Director of Bank of Queensland Limited and subsidiaries (appointed Director 5 December 1996, appointed Chairman 20 August 2008) and Australian Made Campaign Limited (appointed 29 November 2002). He was a partner and Managing Partner (Queensland) of Ernst & Young and a past State Chairman of the Institute of Chartered Accountants. As a practising chartered accountant Neil's field of expertise was in corporate reconstruction, mostly in the building and property sectors and consequently he has broad experience in property development and construction. His core strengths include strategic planning, risk management, corporate governance, regulatory compliance and financial analysis.

GEOFFREY MICHAEL MCMAHON

BEcon, BCom, FCPA, FAICD, FCIM, F FIN Managing Director

Geoffrey ('Geoff') McMahon is Managing Director of the company. He has worked in the property sector for more than 22 years and is responsible for the Fund's corporate strategy, property funds management, investments and developments. Geoff has been involved in over \$1 billion worth of property investments and developments and has been a driving force within the Fund since its inception. Geoff has significant experience in corporate finance and strategy, property funds management, property investment, property development, capital raising and management, risk management, corporate governance and financial management.

ROBERT BRYAN

BSc (Hons, Geology), FAusIMM Non-Executive Director

Robert ('Bob') Bryan is a founding Director of the Australian Property Growth Fund. Bob has had a long term involvement in both the property and mining industries in Australia and South East Asia.

In 1983 Bob founded Pan Australian Mining Ltd and in the capacity as Managing Director oversaw the development of a major gold mine at Mt Leyshon in Queensland. He sold out his controlling interest in 1989 for \$41 million. In the same year, he established a private property business, the Leyshon Group. In 2006 Leyshon morphed into the Australian Property Growth Fund with the introduction of outside equity. Bob is the major shareholder of APGF.

However, in 1996, consistent with a long time interest in mining, Bob established a new mineral exploration company, Pan Australian Resources Ltd, that now operates a major copper gold mine in Laos. That company is now valued at \$2 billion. And then in 2000, Bob founded the Queensland Gas Company to search for coal seam gas in Queensland. QGC was sold in 2008 for \$5.6 billion.

Bob is an Honorary Life Member of the Queensland Resources Council and a former director of the Sustainable Minerals Institute within the University of Queensland.

In 2007, Bob was awarded the Institute Medal from the Australasian Institute of Mining and Metallurgy for his contribution to the Mining Industry. In 2009, Bob was an inaugural inductee into the Queensland Business Leaders Hall of Fame, and in 2010 received an Honorary Doctorate of Business from the University of Queensland for services to the Mining Industry.

SCOTT EDWARD BRYAN

BSc (Hons, Geology), PhD Non-Executive Director

Scott Bryan is a founding Director of the Fund. He resigned from the Board of APGM as a non-executive Director on 22 March 2010 but remains a Director of APGL. Scott Bryan is a geologist, graduating from the University of Queensland with First Class Honours in Geology and having obtained a PhD from Monash University. Scott was a Research Fellow at Yale University, Senior Lecturer at Kingston University in the United Kingdom and a Principal Research Fellow with the Sustainable Minerals Institute at the University of Queensland. Since April 2010 Scott has been a Vice Chancellor's Research Fellow at the Queensland University of Technology. Scott has been on the Board of APGL since 2004 and has been involved in property funds management, development and investment through his directorship of Leyshon Group since 2001.

KENNETH ROSS PICKARD

BCom, FCA, MAICD

Non-Executive Director

Kenneth ('Ken') Pickard is a founding Director of the Fund. He resigned from the Board of APGM as a non-executive Director on 22 March 2010 but remains a Director of APGL. Ken is the Managing Director of Moore Stephens (Queensland) Limited Chartered Accountants, a Queensland based firm of approximately 150 staff providing a full range of financial services to clients. Ken was a partner of Ernst & Young from 1982, a position he held until the formation of his own firm, Pickards BDS in 1996, which subsequently became Moore Stephens (Queensland) in July 2007. He has over 30 years experience in property, business services, consulting and audit. Ken has developed a wide range of skills for the provision of accounting services and financial management advice to all business sectors including manufacturing, marine and the property industry.

OPPOSITE PAGE - LEFT TO RIGHT: GEOFF MCMAHON, NEIL SUMMERSON, BOB BRYAN, KEN PICKARD, SCOTT BRYAN

MANAGEMENT TEAM

MICHAEL O'REILLY

Juris Doctor, MIEF, MA (IRAP), FAPI, MRICS

of Property and is responsible for all of the Fund's asset management. Michael is a Fellow of the Australian Property Institute with over 35 years experience in the property industry, during which he has held a number of senior management positions in Australia and

Michael has a broad range of expertise centred on investment property including asset management, portfolio analysis, performance strategies, risk management and tenant advocacy.

ADRIANO CRAGNOLINI

BBus (Acc), CA, F FIN Chief Financial Officer

Adriano Cragnolini is

Mark Rundle has a degree in land economics and is a qualified property valuer with 25 years experience in property valuation, feasibility analysis, finance and development.

He has successfully managed the development of numerous multi-million dollar commercial, retail and residential projects in several Australian cities.

ROBERT CARUANA

B.Com (Economics and Industrial Relations) Senior Retail Asset Manager

Robert Caruana is APGF's Senior Retail Asset Manager and is responsible for the Fund's retail assets.

He has over 20 years experience in retail having spent the last 10 years with GPT/Lend Lease and Mirvac in senior portfolio roles responsible for the management and leasing of many leading Australian shopping centres.

Robert holds real estate licenses in NSW, Queensland and Victoria.

IAN FORTESCUE

Senior Asset Manager

lan Fortescue is Senior Asset Manager and is responsible for APGF's NSW, Canberra, Victorian and Western Australian assets.

He has 17 years experience in commercial and industrial property leasing with the past eight years as a manager of APGF and its predecessor companies' assets.

ANDREW PAGE

BEc, Grad Cert Prop Ec Senior Asset Manager

Andrew Page is a Senior Asset Manager responsible for all of APGF's Queensland commercial property assets. Andrew has 20 years experience in property asset management having managed commercial, industrial and retail assets for major organisations during his career.

He holds a Bachelor of Economics from University of Queensland and has postgraduate qualifications in Property Economics from the Queensland University of Technology.

BRIDGET WOODS

Dip Inv Rel, Dip FS(FP) Investor Relations Manager -Property Funds Management

Bridget Woods is Investor Relations Manager and is responsible for communications with investors in APGF's managed property funds.

Having held a senior management role in an ASX 300 listed property trust, Bridget has transferred her experience and knowledge to APGF and since her appointment in April 2008 has introduced significant innovations to investor communications.

TRUST ASSETS

12 CREEK STREET ("BLUE TOWER"), BRISBANE CBD

Blue Tower's \$8 million services upgrade was completed in May 2011.

The two lowest levels of the building's car park were inundated in Brisbane's January 2011 floods. While the building performed well with a relatively quick reopening following the flood, a number of improvements have been undertaken which will be beneficial in the event of a future flood event.

A substantial new lease was secured with BMA Coal in early February 2011, which has resulted in the building's vacancy rate now being less than 1%.

The Brisbane CBD office market continues to recover from the fallout of the economic downturn as a result of the credit crisis. This is reflected in Blue Tower's valuation which increased from \$240 million at 30 June 2010 to \$250 million at 30 June 2011. This supports APGF's view that we have passed through the lowest point in the commercial property valuation cycle for quality properties.

TRUST ASSETS

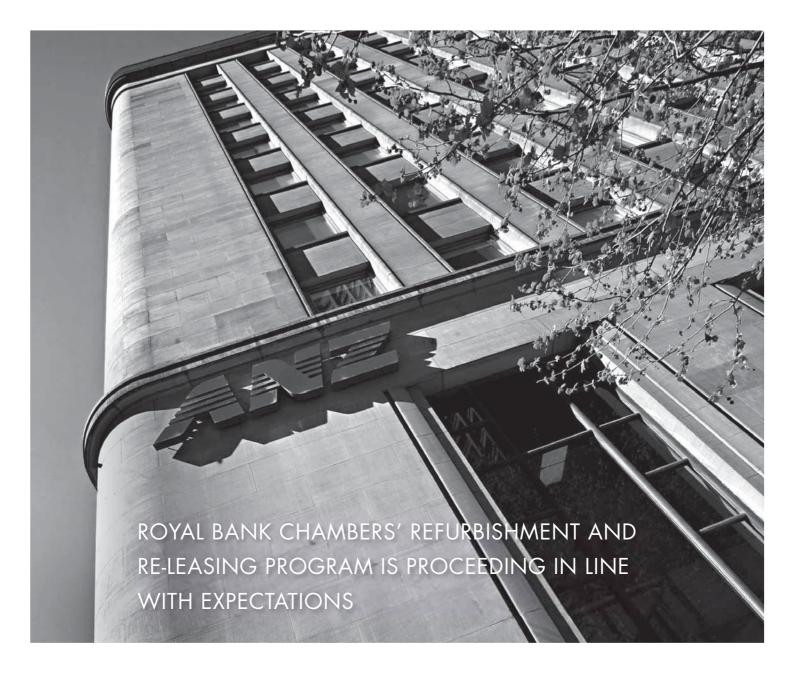

WESTPAC CONCORD CAMPUS, CONCORD WEST, SYDNEY

Westpac Concord Campus, located in Concord West, just 15 kilometres from the Sydney CBD, was acquired by APGF in October 2007.

This is a 16,500 square metre commercial/business park development comprising office accommodation along with other facilities and is fully-leased to Westpac Bank until October 2012.

The property has good long-term prospects for repositioning. Negotiations are on-going with Westpac in relation to the

The property's \$49 million valuation remained unchanged as at 30 June 2011.

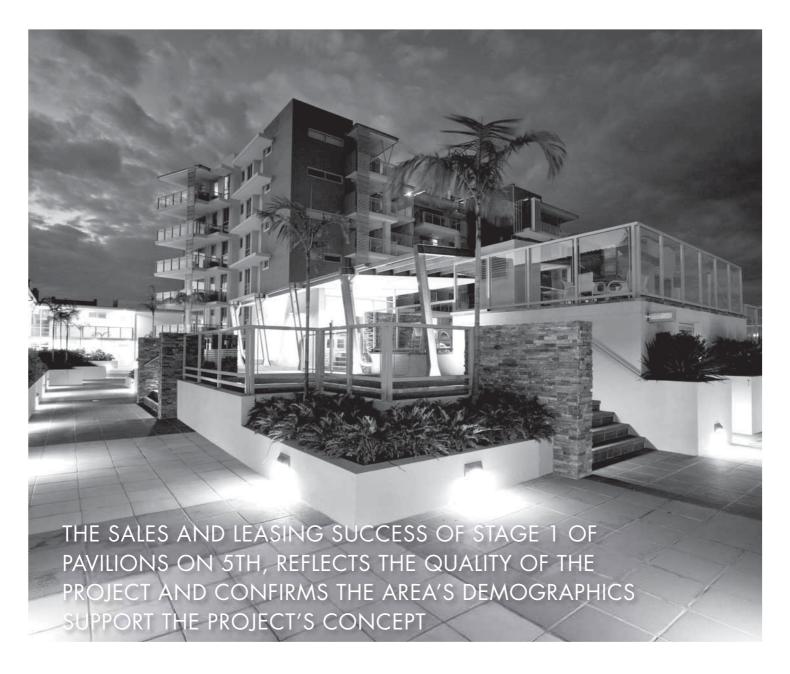

TRUST ASSETS

ROYAL BANK CHAMBERS, MELBOURNE CBD

APGF acquired the classic sandstone Royal Bank Chambers building in Melbourne's prestigious Collins Street in October 2007.

ANZ has a long-term lease over the retail banking chambers. As previously advised, ANZ vacated the nine upper floors in December 2009. The refurbishment and re-leasing program is proceeding in line with expectations, with four floors being refurbished and re-leased as at 30 June 2011.

As at 30 June 2011, the building was valued at \$31.275 million, an increase compared to its 30 June 2010 valuation of \$30.3 million. This reflects the building's prime location and the relative strength of the Melbourne CBD leasing

DEVELOPMENT PROJECTS

PAVILIONS ON 5TH, PALM BEACH

APGF continued to progress the development of the \$125 million Pavilions on 5th mixed retail and residential project in 2010/11.

Construction of Stage 1 was completed in June 2009. As at 7 September 2011, 100 of the 104 apartments have settled and the retail precinct is fully leased.

Despite the economic environment of the past 12 months and the depressed nature of the Gold Coast market, the sales and leasing success of Stage 1 reflects the quality of the project and confirms the area's demographics support the project's

Stage 2 of the project, comprising an additional 98 apartments and a dedicated dining and café precinct, is in the pre-selling and pre-leasing phase. To date, approximately 29 of the Stage 2 apartments are subject to a sales contract or expression of interest. Construction of Stage 2 will commence once sufficient pre-sales are secured.

For more information, please visit www.pavilionson5th.com.au

ULLADULLA, **NEW SOUTH WALES**

Both of APGF's Ulladulla land subdivisions are quality projects but continue to be impacted by the fallout from the credit crisis and the softening of the New South Wales south coast residential market.

APGF continues to market the developed lots in the Springfield Meadows estate and will look to exit the Dolphin Point land holding over the next 12 to 18 months.

APGF gained its interests in these two properties through the acquisition of a property funds management business in mid-2007.

For more information, please visit www.springfieldmeadows.com.au

PROPERTY FUNDS MANAGEMENT

APGF's property funds management business currently has assets under management comprising approximately \$1.2 billion and 50 properties. It offers managed fund investment opportunities across sectors including: commercial office; retail; hotel; and industrial properties. Properties are located in Sydney, Melbourne, Brisbane, Perth, Canberra, Hobart, Newcastle, Gold Coast and Cairns.

The funds management business is performing well, providing an attractive after tax return on equity. The business continues to provide stable, recurring funds management income

APGF is continuing to focus on the proactive management of property assets to maximise net income and enhance investors' returns.

The Fund has developed a reputation as a consolidator within the industry following several acquisitions including: the Elderslie property funds management business in June 2007; the Domaine property funds management business in March 2009; and the PFA property funds management business in April 2010.

APGF benefits from its substantial property funds management business in several ways, including:

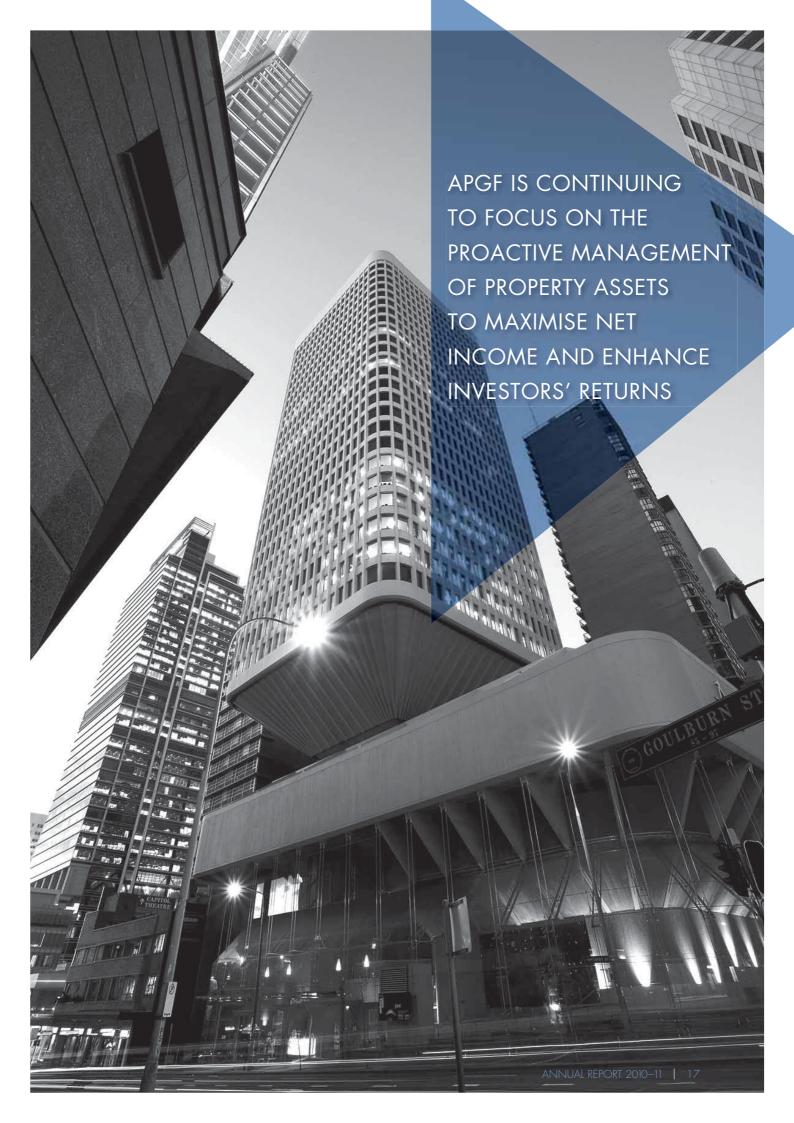

- Attractive return on equity;
- Stable recurring funds management fee income;
- Approximately 10,000 investors throughout Australia;
- Attractive project pipeline; and
- Geographic and property sector diversification.

APGF has a strong brand in property funds management and has increased its market share during the sector's recent cyclical low.

The increase in market share provided by recent acquisitions places APGF in a strong strategic position in the property funds management sector and enhances our ability to continue to grow and increase the profitability of the business as market conditions improve.

APGF Management Limited (APGM) completed its proposal to merge up to 10 of its managed Funds in March 2011. The ultimate merged fund comprised three Funds accounting for more than 50% of the gross assets and 55% of investors in the eligible Funds.

Despite a number of APGM Funds becoming the subject of predatory action from a competitor during the period under review, APGM was successful in maintaining its role as responsible entity and manager for seven of the 10 Funds under takeover. The three Funds which voted to change responsible entity represented approximately 2% of APGF's total funds under management. APGM maintained 71% of the assets and 77% of investors in Funds, which were under takeover.

FUND INFORMATION

This Consolidated Annual Financial Report covers Australian Property Growth Fund ('APGF' or 'Fund'), which comprises the stapled entities of Australian Property Growth Trust ('APGT') and Australian Property Growth Limited ('APGL'). Under Australian Accounting Standards, APGT is the nominated parent entity of the stapled structure.

APGT has a 99.99% ownership interest in Blue Tower Trust ('BTT').

APGL has a 100% ownership interest in:

- APGL (Palm Beach) Pty Ltd ('APB')
- APGF Administration Pty Ltd ('APGA')
- APGF Property Limited ('APL')
- Austgrowth Property Syndicates Limited ('APS')
- Austgrowth Investment Management Pty Ltd ('AIM')
- APGF Management Limited ('APGM')
- Domaine Property Funds Limited ('DPF')
- Property Funds Australia Limited ('PFA')

APGL has a 99% ownership interest in:

• APGF (Victoria) Pty Ltd ('VIC')

APGM is the Trustee and Responsible Entity of APGT and BTT. The Fund's structure is described further in the Directors' Report.

The Fund's functional and presentation currency is AUD (\$) and all values are rounded to the nearest thousand dollars (\$000) unless otherwise stated.

A description of the Fund's operations and of its principal activities is included in the review of operations and activities in the Directors' Report on pages 20 to 31. The Directors' Report is not part of the financial report.

Corporate Information for both APGM (the Trustee and Responsible Entity of APGT) and APGL is as follows:

Registered office and principal place of business is located at:

Level 15 12 Creek Street Brisbane QLD 4000 Phone +61 7 3004 1222

DIRECTORS' REPORT

The Board of Directors of APGF Management Limited ('APGM'), the Trustee and Responsible Entity of Australian Property Growth Trust ('APGT'), and the Board of Directors of Australian Property Growth Limited ('APGL') present their financial report on the Fund consisting of APGT and APGL and their controlled entities for the year ended 30 June 2011.

DIRECTORS

The names and details of the Directors of APGM as the Trustee and Responsible Entity for APGT and APGL in office during the period and until the date of this report are provided below. Directors were in office for the entire period unless otherwise stated.

NAMES, QUALIFICATIONS, EXPERIENCE AND SPECIAL RESPONSIBILITIES

APGM as Trustee and Responsible Entity for APGT:

Neil Edwin Summerson BCom, FCA, FAICD, FAIM

Neil Summerson is non-executive Chairman of the company. He is currently and has been a director of several public, private and government corporations and has over 35 years experience practising as a Chartered Accountant. During the last three years Neil has served and continues to serve as a Director of Bank of Queensland Limited and subsidiaries (appointed Director 5 December 1996, appointed Chairman 20 August 2008) and Australian Made Campaign Limited (appointed 29 November 2002). He was a partner and Managing Partner (Queensland) of Ernst & Young and a past State Chairman of the Institute of Chartered Accountants. As a practising chartered accountant Neil's field of expertise was in corporate reconstruction, mostly in the building and property sectors and consequently he has broad experience in property development and construction. His core strengths include strategic planning, risk management, corporate governance, regulatory compliance and financial analysis.

Geoffrey Michael McMahon BEcon, BCom, FCPA, FAICD, FCIM, F FIN

Geoffrey ('Geoff') McMahon is Managing Director of the company. He has worked in the property sector for more than 22 years and is responsible for the Fund's corporate strategy, property funds management, investments and developments. Geoff has been involved in over \$1 billion worth of property investments and developments and has been a driving force within the Fund since its inception. Geoff has significant experience in corporate finance and strategy, property funds management, property investment, property development, capital raising and management, risk management, corporate governance and financial management.

Adriano Julius Cragnolini B.Bus(Acc), CA, F FIN

Adriano Cragnolini joined the Board of APGM as an executive Director on 22 March 2010. Adriano has 17 years experience in senior management positions spread between public practice experience at Ernst & Young Australia, and in commerce working for a diversified property/hospitality group based in Papua New Guinea as well as a venture capital backed IT start-up company based in London. Adriano is responsible for the Fund's corporate finance, risk management, regulatory compliance and property funds management.

APGL:

Neil Edwin Summerson (Non-executive Chairman) - Refer APGM above

Geoffrey Michael McMahon (Managing Director) - Refer APGM above.

Robert Bryan BSc (Hons, Geology), HonDBus Qld, FAusIMM

Robert ('Bob') Bryan is a founding Director of the Australian Property Growth Fund. Bob has had a long term involvement in both the property and mining industries in Australia and South East Asia.

In 1983 Bob founded Pan Australian Mining Ltd and in the capacity as Managing Director oversaw the development of a major gold mine at Mt Leyshon in Queensland. He sold out his controlling interest in 1989 for \$41 million. In the same year, he established a private property business, the Leyshon Group. In 2006 Leyshon morphed into the Australian Property Growth Fund with the introduction of outside equity. Bob is the major shareholder of APGF.

However, in 1996, consistent with a long time interest in mining, Bob established a new mineral exploration company, Pan Australian Resources Ltd, that now operates a major copper gold mine in Laos. That company is now valued at \$2 billion. And then in 2000, Bob founded the Queensland Gas Company to search for coal seam gas in Queensland. QGC was sold in 2008 for \$5.6 billion.

Bob is an Honorary Life Member of the Queensland Resources Council and a former director of the Sustainable Minerals Institute within the University of Queensland.

APGM as Trustee and Responsible Entity for APGT (continued):

In 2007, Bob was awarded the Institute Medal from the Australasian Institute of Mining and Metallurgy for his contribution to the Mining Industry. In 2009, Bob was an inaugural inductee into the Queensland Business Leaders Hall of Fame, and in 2010 received an Honorary Doctorate of Business from the University of Queensland for services to the Mining Industry.

Scott Edward Bryan BSc (Hons, Geology), PhD

Scott Bryan is a founding Director of the Fund. He resigned from the Board of APGM as a non-executive Director on 22 March 2010 but remains a Director of APGL. Scott Bryan is a geologist, graduating from the University of Queensland with First Class Honours in Geology and having obtained a PhD from Monash University. Scott was a Research Fellow at Yale University, Senior Lecturer at Kingston University in the United Kingdom and a Principal Research Fellow with the Sustainable Minerals Institute at the University of Queensland. Since April 2010 Scott has been a Vice Chancellor's Research Fellow at the Queensland University of Technology. Scott has been on the Board of APGL since 2004 and has been involved in property funds management, development and investment through his directorship of Leyshon Group since 2001.

Kenneth Ross Pickard BCom, FCA

Kenneth ('Ken') Pickard is a founding Director of the Fund. He resigned from the Board of APGM as a non-executive Director on 22 March 2010 but remains a Director of APGL. Ken is the Managing Director of Moore Stephens (Queensland) Limited Chartered Accountants, a Queensland based firm of approximately 150 staff providing a full range of financial services to clients. Ken was a partner of Ernst & Young from 1982, a position he held until the formation of his own firm, Pickards BDS in 1996, which subsequently became Moore Stephens (Queensland) in July 2007. He has over 30 years experience in property, business services, consulting and audit. Ken has developed a wide range of skills for the provision of accounting services and financial management advice to all business sectors including manufacturing, marine and the property industry.

Sally Kathleen Smith BBus (Human Resource Management)

Sally acts as alternate Director for Scott Bryan. Sally has extensive experience in human resource management having worked in various senior positions involving strategic planning, development and implementation of human resource policies and advice to executive management for Queensland Government. Since 1995 Sally has been on the board of Leyshon Group and has been involved in Leyshon Group's property funds management, development and investments.

COMPANY SECRETARY

Adriano Julius Cragnolini B.Bus(Acc), CA, F FIN

Adriano Cragnolini was appointed company secretary of APGM and APGL on 16 March 2007. Refer APGM above for qualifications and experience.

Luis Garcia MBA, Dip Fin Ad, CPA

From 6 July 2011, Luis Garcia was appointed joint company secretary of APGM. Luis is employed full time by APGF as a Senior Funds Manager having 36 years experience in senior management positions in banking and finance and he has been involved in the property funds management industry since 1998.

APGM as Trustee and Responsible Entity for APGT (continued):

Relevant interests in units of APGT and shares of APGL

[#] The holdings of N Summerson, G McMahon and R Bryan each include the same 90,421,693 securities held by the Leyshon Group

The Directors are not party to any contract to which the Directors may be entitled to a benefit or that confer a right to call for or deliver interests in APGT or APGL.

FUND INFORMATION

STRUCTURE OF AUSTRALIAN PROPERTY GROWTH FUND ('APGF' OR 'THE FUND')

The Fund was created by the stapling of units issued by APGT to shares issued by APGL on 21 December 2004. The stapled securities are treated as one security and are quoted and traded together on the Bendigo Stock Exchange ('BSX'). The stapled securities cannot be traded or dealt with separately.

APGT was created by a Trust Deed dated 14 May 2004 as amended from time to time. Units were issued under Prospectus and Product Disclosure Statements dated 8 November 2004 and 19 July 2006 and through placements approved by unit holders at General Meetings held on 20 December 2007 and 28 November 2008. On 19 September 2006 APGT acquired a 99.99% ownership interest in Blue Tower Trust ('BTT').

APGL was incorporated on 2 November 2004 and issued shares under Prospectus and Product Disclosure Statements dated 8 November 2004 and 19 July 2006 and through placements approved by shareholders at General Meetings held on 20 December 2007 and 28 November 2008. APGL has a 100% ownership interest in:

Entity	Date of Incorporation/Acquisition
APGL (Palm Beach) Pty Ltd ('APB')	21 March 2005
APGF Administration Pty Ltd ('APGA')	14 June 2007
APGF Property Limited ('APL')	22 June 2007
Austgrowth Property Syndicates Limited ('APS')	22 June 2007
Austgrowth Investment Management Pty Ltd ('AIM')	22 June 2007
APGF Management Limited ('APGM')	31 December 2007
Domaine Property Funds Limited ('DPF')	13 March 2009
Property Funds Australia Limited ('PFA')	12 April 2010

The two entities comprising the Fund remain separate legal entities in accordance with the Corporations Act 2001, and are each required to comply with the reporting and disclosure requirements of Accounting Standards and the Corporations

The Fund's stapled security structure allows investors to derive income from passive property ownership (Creek Street, Concord Campus, Collins Street and future projects) supplemented by profits from property funds management and property development (Palm Beach, Ulladulla and future projects).

The Fund is subject to a Stapling Deed (formerly called Stapling and Asset Management Deed) dated 8 November 2004, amended on 4 September 2006 and later amended on 13 May 2008 to remove the Asset Management provisions from the Deed.

FUND INFORMATION (CONTINUED) NATURE OF OPERATIONS AND PRINCIPAL ACTIVITIES

The Fund was established to invest in and develop a portfolio of quality property projects and businesses including:

- 12 Creek Street, Brisbane (formerly known as Comalco Place), a 37 level commercial office building located in the heart of Brisbane CBD's "golden triangle";
- 99 Melbourne Street, South Brisbane, a five level commercial office building located next to Brisbane's Exhibition and Convention Centre (sold in September 2010);
- 7 King Street, Concord West Sydney, a commercial/business park development fully occupied by Westpac Bank, that includes approximately 16,500 m² of office accommodation and parking for 485 cars;
- 287-301 Collins Street, Melbourne, a 13 level Art-Deco style office building situated in one of the most traditional Collins Street locations in Melbourne's CBD;
- Property funds management business managing property trusts/syndicates containing properties encompassing commercial office, industrial, hotel and retail property sectors in Sydney, Melbourne, Brisbane, Perth, Canberra, Newcastle, Gold Coast and Cairns;
- Palm Beach Plaza, Gold Coast Highway, Palm Beach, Gold Coast. This site is to be developed into an approximate 5,000m² retail and commercial complex and 202 residential apartments to be known as 'Pavilions on 5th'. The project is being developed in two stages over 2007-2013, with construction of stage one completed in June 2009;
- Springfield Meadows and Dolphin Point properties located at Ulladulla, New South Wales; and
- Future projects which satisfy the Fund Managers' project selection criteria.

OPERATING AND FINANCIAL REVIEW

REVIEW OF OPERATIONS FOR THE YEAR

(a) Property Investment

APGT's investment strategy is to invest in a quality portfolio of properties that are supported by long term rental income. During the year ended 30 June 2011, APGT owned the following properties:

- 12 Creek Street, Brisbane this 37 level 32,000m² commercial office building in Brisbane's CBD has recently completed an \$8 million services upgrade. New air-conditioning chillers and controls have been installed, the foyer refurbished and the lift upgrade is now complete. The Brisbane CBD office market remains sound, although the economic uncertainty has led to a short-term reduction in tenant demand. The recent increased occupancy of the building has increased the property's valuation by \$10 million during the year since 30 June 2010 to be \$250 million at 30 June 2011;
- 287-301 Collins Street, Melbourne (Royal Bank Chambers building) built around 1940 this 13 level Art-Deco style sandstone building is situated in one of the most traditional Collins Street locations in Melbourne's CBD. The building was fully occupied by ANZ Bank until 31 December 2009 when ANZ vacated the nine upper floors. The property is being repositioned through refurbishment and re-leasing of the vacant floors (two full floor leases executed as at June 2011). The relative strength of the Melbourne commercial leasing markets and the excellent location of the property are reflected in the property's valuation increasing to \$31.275 million at 30 June 2011 (\$0.975 million higher than 30 June 2010). The property is currently held for sale;
- 99 Melbourne Street, South Brisbane this five level 6,200m² commercial office building has been fully occupied during the period and was valued at \$28.2 million at 30 June 2010 (\$0.2 million higher than 30 June 2009). This property was sold in September 2010 for a base price of \$28.5 million; and
- 7 King Street, Concord West Sydney (Westpac Campus) located just 15 kilometres from the Sydney CBD, this commercial/business park development comprises approximately 16,500m² of office accommodation together with childcare facilities, café, gymnasium and 485 car parks and was purpose built for Westpac Bank in 1997. Westpac is the sole tenant and is committed to the property until October 2012. The property is in excellent condition and has great potential for market repositioning. The property's value is maintained at \$49 million at 30 June 2011 (consistent with 30 June 2010). The property is currently held for sale.

OPERATING AND FINANCIAL REVIEW (CONTINUED) REVIEW OF OPERATIONS FOR THE YEAR (CONTINUED)

(b) Property Development

During the year ended 30 June 2011, APGF has been involved in the following property development projects:

- The Palm Beach Project is situated on the corner of the Gold Coast Highway, Fourth Avenue and Fifth Avenue, Palm Beach, Gold Coast. The Palm Beach site, comprising two lots totalling 9,819m², is to be developed into an approximate 5,000m² retail and commercial complex and 202 residential apartments to be known as 'Pavilions on 5th'. The project is being developed in two stages between 2007-2012, with construction of stage one completed in June 2009. As at 7 September 2011, 100 of the 104 stage one residential units had settled (86 settled by 30 June 2010, 99 settled by 30 June 2011), one unit was subject to an unconditional contract of sale, two units were subject to a conditional contract of sale, and one unit was not sold. Pre-selling of stage two of the project has commenced with 29 of the total 98 stage two units subject to unconditional contracts of sale. Construction of this stage will commence once sufficient stage two pre-sales are achieved; and
- The Springfield Meadows and Dolphin Point properties located at Ulladulla, New South Wales are residential land subdivisions substantially impacted by the fallout from the global financial crisis and the resultant downturn in the property development sector. The Board has resolved to sell these properties over the next 12-18 months.

(c) Property Funds Management

The property funds management business had approximately \$1.6 billion in funds under management as at 30 June 2011. The properties under management are located across Australia (including Brisbane, Sydney, Melbourne, Perth, Gold Coast, Cairns and the Hunter Region of New South Wales) and encompass investments in commercial office, industrial, hotel and retail properties.

After originally acquiring a property funds management business from Elderslie Finance Corporation Limited on 22 June 2007, APGF has continued to expand its property funds management business through acquisitions of:

- APGF Management Limited, the Responsible Entity and Trustee of APGT and BTT and the asset manager of APGF's projects, on 31 December 2007;
- Domaine Property Funds Limited ('DPF') and controlled entities from Domaine Holdings Pty Ltd (a member of the Mirvac Group) on 13 March 2009. DPF manages several significant unlisted property funds with approximately \$625 million of property assets at acquisition date; and
- Property Funds Australia Limited ('PFA') from Mirvac Holdings Limited (a member of the Mirvac Group) on 12 April 2010. PFA managed the PFA Diversified Property Trust before management was transferred to APGF Management Limited.

ECONOMIC ENVIRONMENT

The outlook for the global economy has recently deteriorated as downside risks have increased. Worsening US economic data and ongoing European sovereign debt concerns have resulted in declining investor confidence and volatile financial markets. Investors now fear the US economic recovery may be unraveling, prompting concerns of a "double dip" economic recession.

The "multi-speed" economic recovery, featuring big disparities between regions and countries, has become a dominant theme in the current challenging global environment. The Asia Pacific Region continues to lead the global economy, while the US, Europe and Japan are lagging. There are now real concerns about how this slow down will impact on the Asia Pacific Region, in particular the Chinese manufacturing sector and commodity prices.

OPERATING AND FINANCIAL REVIEW (CONTINUED)

The Australian economy continues to perform soundly, however evidence of the "multi-speed" economy also persists as conditions in sectors such as retailing, tourism and construction remain subdued. There is also disparity among the states with recent commentary highlighting a negative outlook for Queensland, despite the current mining boom. Concerns about the global economic outlook and signs that the employment rate in Australia may have peaked have also dampened consumer confidence and retail sales. The household sector is paying down debt and lifting its savings rate as a result of these fears. While Australia's economy remains the envy of most advanced economies the outlook is far less certain given the backdrop of global economic volatility.

The "multi-speed" theme is also playing out in Australian property markets, with quality commercial office properties performing relatively well. However, lesser quality commercial and residential properties are still facing significant headwinds. While the availability and cost of bank finance remains an issue, credit conditions have improved over the past twelve months.

APGF remains cautiously optimistic about a continued recovery in commercial property rents and capital values over the next few years, although forced sales by banks and the wind up of unlisted property funds may place pressure on non A grade property valuations.

EMPLOYEES

At 30 June 2011 APGL had 24 employees (2010: 20) and APGM had no employees (2010: Nil).

RESULTS

The net operating result of the Fund is presented in the Statement of Comprehensive Income. The net profit attributable to the security holders for the year ended 30 June 2011 was \$3,493,000 (2010:\$693,000). A summary of results for the year by significant industry segments is set out below.

(a) Property Investment

The net profit attributable to the security holders from the property investment operations for the year ended 30 June 2011 was \$9,377,000 (2010: \$3,064,000). Reflected in this result are net revaluation increments/(decrements) on investment properties of \$6,496,000 (2010: \$3,434,000 decrement).

The January 2011 Brisbane flood had minimal impact on the operations of APGF. The lower two levels of the carpark/ basement at 12 Creek Street, Brisbane CBD (Blue Tower) were flooded which caused some damage to the building's services and equipment. As a result of proactive action by APGF's Asset Managers, Blue Tower was only closed for one week, which was significantly less than most of the neighbouring CBD commercial office towers. APGF has been reimbursed by its insurer for the reinstatement of property damage and consequential loss of income arising from the flood and our insurance brokers have confirmed that any remaining items will be covered by our insurance cover.

(b) Property Development

Revenues and profits from property development are recognised on settlement. The net loss attributable to the security holders from these operations for the year ended 30 June 2011 is \$8,651,000 (2010: \$5,175,000 loss). This loss included non-cash losses on the Springfield Meadows and Dolphin Point properties of \$2,873,000 (2010: \$3,996,000) and Palm Beach of \$900,000 (2010: Nil).

(c) Property Funds Management

The net profit attributable to the security holders from the property funds management operations for the year ended 30 June 2011 is \$2,766,000 (2010: \$2,804,000). This result included management fee asset decrements of \$3,407,000 (2010: \$1,107,000).

DISTRIBUTIONS/DIVIDENDS

A final distribution was declared for the year ended 30 June 2010 of 0.875 cents per stapled security in respect of the guarter ended 30 June 2010 and was paid on 30 July 2010.

Distributions to security holders during the year were paid quarterly including a capital distribution of 0.875 cents per stapled security paid on 30 October 2010 in respect of the quarter ended 30 September 2010, a capital distribution of 0.875 cents per stapled security paid on 29 January 2011 in respect of the quarter ended 31 December 2010 and a capital distribution of 0.875 cents per stapled security paid on 23 April 2011 in respect of the guarter ended 31 March 2011.

OPERATING AND FINANCIAL REVIEW (CONTINUED) RESULTS (CONTINUED)

A final distribution was declared for the year ended 30 June 2011 of 0.875 cents per stapled security in respect of the quarter ended 30 June 2011 and was paid on 30 July 2011.

All distributions declared for the year ended 30 June 2011 were paid from APGT.

No dividends were paid or proposed by APGL during the year.

SECURITY HOLDER RETURNS

The Fund generated strong returns to investors for the period from establishment until 30 June 2007, but a deterioration in the markets in which the Fund operates had a negative impact on the results for the years ended 30 June 2008 and 30 June 2009. Positive results have been generated for the years ended 30 June 2010 and 30 June 2011. Based on current market conditions, the Directors have adopted a conservative position in respect of the projects of the Fund and as a consequence have recorded impairment losses and valuation decrements on some assets. The Directors believe that the Fund's strategy of focussing on quality projects that generate long-term capital growth and stable rental income streams will continue to deliver strong returns to investors in the longer term. APGF's experienced management team is focused on maximising investor returns through pro-active asset management. APGF will continue to focus on property fundamentals and maximise each individual property's net operating income to deliver sustainable performance and maximise long term value to investors.

The Fund's key financial measures are detailed below:

	2011	2010	2009	2008	2007
Basic earnings per stapled security (cents)	1.5	0.3	(28.8)	(3.2)	31.7
Net asset value per stapled security (cents)	65.2	67.2	70.4	107.7	119.5
Assets under management (\$ million) #	1,557	1,828	1,346	947	890

[#] Includes properties owned directly by the Fund and also properties owned by syndicates or trusts managed by the Fund.

SECURITIES ON ISSUE

A total of 227,580,022 stapled securities were on issue at 30 June 2011 (2010: 227,580,022). There were no stapled securities issued during the year (2010: Nil). For further details refer Note 21.

FUND ASSETS

At 30 June 2011, the Fund owned total assets to the value of \$422,836,000 (2010: \$457,660,000). The basis for valuation of assets is disclosed in Note 2 to the financial statements.

FEES PAID TO THE RESPONSIBLE ENTITY AND ASSOCIATES

APGM received fees during the year relating to property management from APGT and BTT. Fees paid to the Responsible Entity and its associates out of the Fund during the financial year are disclosed in Note 24 to the financial statements.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

Significant changes to the state of affairs of the Fund during the years were:

- sale of the 99 Melbourne Street, Brisbane property for \$28.5 million in September 2010;
- creation of the APGF Real Estate Investment Trust (AREIT) from the merger of syndicates which APGM acts as responsible entity (ADPF, APS 5 and APS 7); and
- the retirement as responsible entity of several syndicates (Brisbane, Canberra, APS18).

Further information on these changes is provided in the Review of Operations and the notes to the financial statements.

OPERATING AND FINANCIAL REVIEW (CONTINUED) SIGNIFICANT EVENTS AFTER THE BALANCE DATE

The Directors are not aware of any matter or circumstance not otherwise dealt with in the reports or the accounts that has significantly affected or may significantly affect the operations of the Fund, the results of those operations or the state of affairs of the Fund in subsequent financial years.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS

The investment strategy of the Fund will be maintained in accordance with the APGT and APGL constitutions and investment objectives. In the foreseeable future it is expected that APGT will continue its property investment business and APGL will continue its property development and property funds management businesses. The Fund will continue to review opportunities to grow its property investment, property development and property funds management businesses.

ENVIRONMENTAL REGULATION AND PERFORMANCE

The operations of the Fund are not subject to any particular and significant environmental regulation under a law of the Commonwealth or of a State or Territory. There have been no known breaches of any other environmental requirements applicable to the Fund.

There is unlikely to be any material impact on APGF's operations and future results from the Federal Governments' proposed Carbon Tax. APGF is monitoring this issue and planning for the possible introduction of this tax.

OPTIONS

No options over unissued securities or interests in the entities of the Fund were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

INDEMNIFICATION AND INSURANCE OF OFFICERS AND AUDITORS

The Fund has not given or agreed to give any indemnity to an officer or auditor of the Fund and has not paid any premium for insurance against those officers' or auditor's liability for legal costs. Insurance and indemnity arrangements concerning officers of the Fund were continued throughout the year. The policy of insurance prohibits the disclosure of the liability covered and the premium paid or payable. The Fund has not given or agreed to indemnify the auditors.

CORPORATE GOVERNANCE

In recognising the need for the highest standards of corporate behaviour and accountability, the Directors of APGM and APGL support the principles of corporate governance.

SCOPE OF RESPONSIBILITY OF THE BOARDS

The Directors have a strong commitment to good corporate governance. Their guiding principle in meeting this responsibility is to act honestly, conscientiously and fairly in accordance with the law in the interests of investors and other stakeholders.

COMPLIANCE COMMITTEE

Compliance matters are monitored and managed by the Compliance Committee in accordance with the compliance plan and Australian Financial Services Licence ("AFSL"). The majority of the Compliance Committee members are persons who are external and unrelated to APGM and whose role is to supervise APGM's compliance with the compliance plan, AFSL and the Corporations Act 2001.

The Compliance Committee reports to APGM's Board and if necessary, ASIC, in relation to compliance issues. During the year ended 30 June 2011 four compliance committee meetings were held. The members of the Compliance Committee during the period, and a summary of their attendance at meetings, is provided below:

	Number of meetings eligible to attend	Number of meetings attended
Karen Prentis	4	4
Adriano Cragnolini	4	4
Kathleen Armstrong	4	4

CORPORATE GOVERNANCE (CONTINUED)

The functions of the Compliance Committee are essentially governed by APGT's compliance plan. The original compliance plan was registered and approved by ASIC prior to registration of APGT as a managed investment scheme. The current master compliance plan for APGT was adopted by the Responsible Entity and lodged with ASIC with effect from 13 April 2010.

AUDIT AND RISK COMMITTEE

APGL has established an Audit and Risk Committee to advise on the establishment of a framework to monitor internal controls, business risks and appropriate ethical standards for the management of the Fund.

The committee performs a variety of functions relevant to risk management and internal and external reporting and report to the Boards following each meeting. The members of the Audit and Risk Committee during the period, and a summary of their attendance at meetings, is provided below:

	Number of meetings eligible to attend	Number of meetings attended
Ken Pickard (Chairman)	4	4
Neil Summerson	4	3
Geoff McMahon (as alternate for Neil Summerson)	1	1

REMUNERATION COMMITTEE

It is the Fund's objective to provide maximum stakeholder benefit from the retention of a high quality Board and executive team by remunerating Directors and key executives fairly and appropriately with reference to relevant employment market conditions. For details of the Fund's remuneration philosophy and framework and the remuneration received by Directors and other Key Management Personnel please refer to Note 27(b).

The Boards are responsible for determining and reviewing compensation arrangements for the Directors themselves and the Managing Director and executive team. APGL has established a Remuneration Committee comprising four non-executive Directors. The members of the committee are:

- Neil Summerson (Chairman):
- Ken Pickard:
- · Robert Bryan; and
- Scott Bryan.

The committee discharges its responsibilities regarding the public reporting of remuneration information, determining and reviewing remuneration arrangements for the Directors and executives and other matters.

During the year ended 30 June 2011 no Remuneration Committee meetings were held as the Committee determined no significant changes would occur to remuneration due to the difficult financial conditions.

CODE OF CORPORATE GOVERNANCE

Overview

The Directors of APGM and APGL are committed to maintaining a high standard of corporate governance that yields the best results for the Fund's security holders and other stakeholders.

To achieve its objectives, the Fund endeavours to be an organisation that rewards its security holders, is responsible to its stakeholders' needs and partners with the community.

Good corporate governance is not just about compliance, but about values and behaviour. The Directors of APGM and APGL have developed and implemented policies and practices which take into account the latest edition of the ASX Principles of Good Corporate Governance and Best Practice Recommendations ('Principles') developed by the ASX Corporate Governance Council and published in August 2007.

These policies are reviewed annually and their maintenance is overseen by the Directors.

A summary of the Fund's corporate governance policies and practices, organised in order of the Principles, is set out below.

CORPORATE GOVERNANCE (CONTINUED) CODE OF CORPORATE GOVERNANCE (CONTINUED)

Principle 1: Board and Management

This Code of Corporate Governance ('Code') sets out the key governance principles adopted by APGM and APGL in governing the Fund. The Code recognises the fundamental difference between the Directors' roles and responsibilities and that of management - the Directors' main role is to set corporate strategy and goals with management being responsible for their implementation.

Annual performance reviews were conducted during the reporting period for senior executives against appropriate measures.

Principle 2: Board Structure

At 30 June 2011 the Board of APGM had three Directors (including the Chairman) one of whom was a non-executive Director and APGL had five Directors (including the Chairman) four of whom were non-executive Directors. The roles of the Chairman and Managing Director are exercised by different individuals.

The Boards have established an Audit & Risk Committee, Compliance Committee and Remuneration Committee. Due to the limited size of the Boards, the role of a nominations committee has been assumed by the Boards. Every Director and Committee Member of the Boards has the right to seek independent professional advice in connection with carrying out their duties at the expense of the Fund. Written approval of the Chairman is required prior to a Director or Committee Member seeking independent professional advice.

The Boards do not consider that a Director's independence, age or length of service on the Board is a factor affecting a Director's ability to act in the best interests of security holders and the Fund.

Annual formal performance reviews are not conducted for the Boards, committees and for individual Directors.

Principle 3: Ethical and Responsible Decision Making

Directors are expected at all times to uphold the Code of Corporate Governance in order to promote the interests of the Fund and its security holders and to drive its relationships and responsibilities with security holders, stakeholders and the broad community.

Through training initiatives on compliance with legal obligations, regular reviews of corporate policies including the Conflict of Interests Policy and related party registers, and enforcement of the Code of Corporate Governance, the Boards strive to actively promote ethical and responsible decision-making within the operations and activities of the Fund.

Principle 4: Integrity of Financial Reporting

The Audit and Risk Committee operates under a written charter approved by the Boards and focuses on issues relevant to the integrity of the Fund's financial reporting and risk management. The Audit and Risk Committee is charged with making recommendations to the Boards on the adequacy of the external audits and the independence of the external auditors, internal controls, and risk management and compliance procedures.

The Audit and Risk Committee also monitors and liaises with the Responsible Entity's Compliance Committee to ensure that the conditions of the Responsible Entity's AFSL are adhered to at all times.

The Boards do not consider the independence of the Audit & Risk Committee is a factor affecting the committee's ability to safeguard the integrity of the Fund's financial reporting practices.

The Managing Director and Chief Financial Officer must annually state in writing to the Boards that the Fund's annual audited statutory financial reports present a true and fair view, in all material respects, of the Fund's financial position and operational results in accordance with the relevant accounting standards.

Principle 5: Timely and Balanced Disclosure

The Boards are committed to keeping the market informed in a timely and balanced manner of all material information concerning the Fund including its financial position, performance, ownership and governance. The Boards are committed to creating and maintaining an informed market in its securities and enhancing corporate governance by encouraging a culture of transparency in relation to the Fund's operations and corporate activities. The Fund will also provide relevant information to media organisations, to ensure the broadest possible communication with security holders and the general market.

The Managing Director and Company Secretary are responsible for communications with the BSX.

CODE OF CORPORATE GOVERNANCE (CONTINUED)

Principle 6: Respect Rights of Security holders

The Boards will promote effective communication with security holders, by providing them with ready access to balanced, understandable information about the Fund and encourage their participation at general meetings. The Fund maintains an informative website that contains copies of press releases, annual reports, security holders information, policies and contact details.

Principle 7: Recognise and Manage Risk

The Boards believe that risk management and internal controls are a critical part of the Fund's operations and a comprehensive risk management program has been developed. Management of risk is a key function of the Audit and Risk Committee under its charter.

Due to the size of the Fund, the Boards do not have a defined internal audit function. It is incumbent on the Audit & Risk Committee to manage the inherent risks and preserve the independence of the external audit role.

The Audit & Risk Committee has reported to the Boards that the Fund's management of its material business risks is effective for the reporting period.

The Managing Director and Chief Financial Officer must annually state in writing to the Boards that the declaration provided in accordance with Section 295A of the Corporations Act in respect of the Fund's annual audited statutory financial report is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

Principle 8: Remuneration

The Board's Remuneration Committee discharges the Board's responsibilities regarding the public reporting of remuneration information, compensation of non-executive Directors, senior executives and other matters. Additional information on the remuneration of Directors and other Key Management Personnel is provided in Note 27(b).

MEETINGS OF DIRECTORS

During the financial year, four meetings of Directors of APGL and four meetings of Directors of APGM were held. The number of meetings attended by each Director was:

	APG	M	APGL		
Directors	Number of meetings eligible to attend	Number of meetings attended	Number of meetings eligible to attend	Number of meetings attended	
N Summerson	4	4	4	4	
G McMahon	4	4	4	4	
R Bryan	N/a	N/a	4	4	
S Bryan	N/a	N/a	4	2	
K Pickard	N/a	N/a	4	4	
A. Cragnolini	4	3	N/a	N/a	
S Smith *	N/a	N/a	2	2	

^{*} S Smith is the Alternate Director of APGL for Scott Bryan.

A summary of attendance at committee meetings by Directors is included in the Corporate Governance section of this report.

ROUNDING

The amounts contained in this report and in the financial report have been rounded to the nearest \$1,000 (unless otherwise stated) under the option available to the Fund under ASIC Class Order 98/0100. The Fund is an entity to which the Class Order applies.

AUDITOR INDEPENDENCE AND NON-AUDIT SERVICES **AUDITOR INDEPENDENCE**

We have obtained an independence declaration from our auditors, Ernst & Young, as attached at page 32.

NON-AUDIT SERVICES

The following non-audit services were provided by the Fund's auditor, Ernst & Young. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of each type of non-audit service provided means that auditor independence was not compromised.

Ernst & Young received or are due to receive the following amounts for the provision of non-audit services:

Tax compliance and advisory services

\$38.850

This statement is made in accordance with a resolution of the Directors of APGM as Trustee and Responsible Entity for APGT and the Directors of APGL.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2011

1. CORPORATE INFORMATION

The Consolidated Annual Financial Report of Australian Property Growth Fund ('APGF' or 'the Fund') for the year ended 30 June 2011 was authorised for issue in accordance with a resolution of Directors on 9 September 2011.

Australian Property Growth Trust ('APGT' or 'the Trust') is an Australian registered managed investment scheme. APGF Management Limited ('APGM'), the Trustee and Responsible Entity of the Trust, is incorporated and domiciled in Australia.

Australian Property Growth Limited ('APGL') is a company limited by shares incorporated and domiciled in Australia.

The nature of the operations and principal activities of the Fund are described in the Directors' Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The financial report is a general-purpose financial report, which has been prepared in accordance with the Trust's constitution, the requirements of the Corporations Act 2001, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board. The financial report has also been prepared on a historical cost basis, except for investment properties and management fee assets which have been measured at fair value.

The financial report is presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$000) unless otherwise stated.

The financial report is to be read in conjunction with any public announcements by the Fund during the year in accordance with continuous disclosure obligations arising under the Corporations Act 2001 and the BSX Listing Rules.

(b) Statement of compliance

The financial report complies with Australian Accounting Standards and International Financial Reporting Standards ('IFRS') as issued by the International Accounting Standards Board.

New Accounting Standards, Interpretations and Other Regulatory Changes

Changes in accounting policy and disclosures

The accounting policies adopted are consistent with those of the previous financial year except as follows for new and amended Australian Accounting Standards and AASB Interpretations adopted by the Fund as of 1 July 2010. When the adoption of the Standard or Interpretation is deemed to have an impact on the financial statements or performance of the Fund, its impact is described below:

AASB 2009-5

Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project – The subject of amendments to the standards are set out below:

- AASB 5 Disclosures in relation to non-current assets (or disposal groups) classified as held for sale or discontinued operations
- AASB 8 Disclosure of information about segment assets
- AASB 101 Current/non-current classification of convertible instruments
- AASB 107 Classification of expenditures that does not give rise to an asset
- AASB 117 Classification of leases of land
- AASB 118 Determining whether an entity is acting as a principle or an agent
- AASB 136 Clarifying the unit of account for goodwill impairment test is not larger than an operating segment before aggregation
- AASB 139 Treating loan prepayment penalties as closely related embedded derivatives, and revising the scope exemption for forward contracts to enter into a business combination contract.

FOR THE YEAR ENDED 30 JUNE 2011

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) 2.

(b) Statement of compliance (continued)

Changes in accounting policy and disclosures (continued)

AASB 2010-3

Amendments to Australian Accounting Standards arising from the Annual Improvements Project

[AASB 3, AASB 7, AASB 121, AASB 128, AASB 131, AASB 132 & AASB 139]

Limits the scope of the measurement choices of non-controlling interest (NCI) to instruments that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation. Other components of NCI are measured at fair value.

Requires an entity (in a business combination) to account for the replacement of the acquiree's share-based payment transactions (whether obliged or voluntarily), in a consistent manner i.e., allocate between consideration and post combination expenses.

Clarifies that contingent consideration from a business combination that occurred before the effective date of AASB 3 Revised is not restated.

Clarifies that the revised accounting for loss of significant influence or joint control (from the issue of IFRS 3 Revised) is only applicable prospectively.

Interpretation 19 Extinguishing Financial Liabilities with Equity Instruments

This interpretation clarifies that equity instruments issued to a creditor to extinguish a financial liability are "consideration paid" in accordance with paragraph 41 of IAS 39. As a result, the financial liability is derecognised and the equity instruments issued are treated as consideration paid to extinguish that financial liability.

The interpretation states that equity instruments issued as payment of a debt should be measured at the fair value of the equity instruments issued, if this can be determined reliably. If the fair value of the equity instruments issued is not reliably determinable, the equity instruments should be measured by reference to the fair value of the financial liability extinguished as of the date of extinguishment.

The above changes did not have any material impact on the financial statements of the Fund.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Accounting Standards Issued But Not Yet Effective

Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective have not been adopted by the consolidated entity for the annual reporting period ending 30 June 2011. The impact of these new or amended standards and interpretations (to the extent relevant to the consolidated entity) are set out in the table below.

Sum	mary	Applic'n Date of Standard	Applic'n Date for entity*
AAS	SB 9 Financial Instruments	1 January 2013	1 July 2013
asse 39	B 9 includes requirements for the classification and measurement of financial sts resulting from the first part of Phase 1 of the IASB's project to replace IAS Financial Instruments: Recognition and Measurement (AASB 139 Financial numents: Recognition and Measurement).		
med	se requirements improve and simplify the approach for classification and surement of financial assets compared with the requirements of AASB 139. main changes from AASB 139 are described below.		
(a)	Financial assets are classified based on (1) the objective of the entity's business model for managing the financial assets; (2) the characteristics of the contractual cash flows. This replaces the numerous categories of financial assets in AASB 139, each of which had its own classification criteria.		
(b)	AAASB 9 allows an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument.		
(c)	Financial assets can be designated and measured at fair value through profit or loss at initial recognition if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities, or recognising the gains and losses on them, on different bases.		
<u>Imp</u>	act on entity Financial Report		
The if ar	Fund has not yet determined the extent of the impact of the amendments, iy.		
AAS	B 2009-11 Amendments to Australian Accounting Standards arising from B 9[AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 121, 127, 128, 132, 136, 139, 1023 & 1038 and Interpretations 10 & 12]	1 January 2013	1 July 2013
sets The Acc	the amendments arise from the issuance of AASB 9 Financial Instruments that out requirements for the classification and measurement of financial assets. The requirements in AASB 9 form part of the first phase of the International counting Standards Board's project to replace IAS 39 Financial Instruments: Cognition and Measurement.

	amendment makes numerous editorial changes to a range of Australian punting Standards and Interpretations.		
exer be u the p editor	articular, it amends AASB 8 Operating Segments to require an entity to cise judgement in assessing whether a government and entities known to under the control of that government are considered a single customer for purposes of certain operating segment disclosures. It also makes numerous orial amendments to a range of Australian Accounting Standards and pretations, including amendments to reflect changes made to the text of IFRS are IASB.		
<u>Imp</u>	act on entity Financial Report		
	se amendments are not expected to affect the financial statements of Fund.		
	B 2010-2 Amendments to Australian Accounting Standards arising from aced disclosure requirements	1 July 2013	1 July 2013
redu	Standard makes amendments to many Australian Accounting Standards, cing the disclosure requirements for Tier 2 entities, identified in accordance AASB 1053, preparing general purpose financial statements.		
<u>Imp</u>	act on entity Financial Report		
	Fund will apply Tier 1 requirements and it is not likely to affect the financial ements of the Fund.		

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Summary	Applic'n Date of Standard	Applic'n Date for entity*
AASB 1053 Application of Tiers of Australian Accounting Standards	1 July 2013	1 July 2013
This Standard establishes a differential financial reporting framework consisting of two Tiers of reporting requirements for preparing general purpose financial statements:		
 (a) Tier 1: Australian Accounting Standards (b) Tier 2: Australian Accounting Standards – Reduced Disclosure Requirements 		
Tier 2 comprises the recognition, measurement and presentation requirements of Tier 1 and substantially reduced disclosures corresponding to those requirements.		
The following entities apply Tier 1 requirements in preparing general purpose financial statements:		
(a) For-profit entities in the private sector that have public accountability (as defined in this Standard)		
(b) The Australian Government and State, Territory and Local Governments		
The following entities apply either Tier 2 or Tier 1 requirements in preparing general purpose financial statements:		
(a) For-profit private sector entities that do not have public accountability		
(b) All not-for-profit private sector entities		
Public sector entities other than the Australian Government and State, Territory and Local Governments.		
Impact on entity Financial Report		
The Fund will apply Tier 1 requirements and it is not likely to affect the financial statements of the Fund.		
AASB 1054 Australian Additional Disclosures	1 July 2011	1 July 2011
This standard is as a consequence of phase 1 of the joint Trans-Tasman Convergence project of the AASB and FRSB.		
This standard relocates all Australian specific disclosures from other standards to one place and revises disclosures in the following areas:		
(a) Compliance with Australian Accounting Standards		
(b) The statutory basis or reporting framework for financial statements		
(c) Whether the financial statements are general purpose or special purpose		
(d) Audit fees Imputation credits		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Summary	Applic'n Date of Standard	Applic'n Date for entity*
AASB 2010-4 Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project [AASB 1, AASB 7, AASB 101, AASB 134 and Interpretation 13]	1 January 2011	1 July 2011
Emphasises the interaction between quantitative and qualitative AASB 7 disclosures and the nature and extent of risks associated with financial instruments.		
Clarifies that an entity will present an analysis of other comprehensive income for each component of equity, either in the statement of changes in equity or in the notes to the financial statements.		
Provides guidance to illustrate how to apply disclosure principles in AASB 134 for significant events and transactions.		
Clarifies that when the fair value of award credits is measured based on the value of the awards for which they could be redeemed, the amount of discounts or incentives otherwise granted to customers not participating in the award credit scheme, is to be taken into account.		
Impact on entity Financial Report		
These amendments are only expected to affect the presentation of the Fund's financial report and will not have a direct impact on the measurement and recognition of amounts disclosed in the financial report.		
AASB 2010-5 Amendments to Australian Accounting Standards	l January 2011	1 July 2011
[AASB 1, 3, 4, 5, 101, 107, 112, 118, 119, 121, 132, 133, 134, 137, 139, 140, 1023 & 1038 and Interpretations 112, 115, 127, 132 & 1042]		
This Standard makes numerous editorial amendments to a range of Australian Accounting Standards and Interpretations, including amendments to reflect changes made to the text of IFRS by the IASB.		
These amendments have no major impact on the requirements of the amended pronouncements.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 2010-6 Amendments to Australian Accounting Standards – Disclosures on Transfers of Financial Assets [AASB 1 & AASB 7]	1 July 2011	1 July 2011
The amendments increase the disclosure requirements for transactions involving transfers of financial assets. Disclosures require enhancements to the existing disclosures in AASB 7 where an asset is transferred but is not derecognised and introduce new disclosures for assets that are derecognised but the entity continues to have a continuing exposure to the asset after the sale.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Summary	Applic'n Date of Standard	Applic'n Date for entity*
AASB 2010-7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023, & 1038 and interpretations 2, 5, 10, 12, 19 & 127]	1 January 2013	1 July 2013
The requirements for classifying and measuring financial liabilities were added to AASB 9. The existing requirements for the classification of financial liabilities and the ability to use the fair value option have been retained. However, where the fair value option is used for financial liabilities the change in fair value is accounted for as follows: • The change attributable to changes in credit risk are presented in other comprehensive income (OCI)		
The remaining change is presented in profit or loss		
If this approach creates or enlarges an accounting mismatch in the profit or loss, the effect of the changes in credit risk are also presented in profit or loss.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 2010-8 Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets [AASB 112]	1 January 2012	1 July 2012
These amendments address the determination of deferred tax on investment property measured at fair value and introduce a rebuttable presumption that deferred tax on investment property measured at fair value should be determined on the basis that the carrying amount will be recoverable through sale. The amendments also incorporate SIC-21 Income Taxes – Recovery of Revalued Non-Depreciable Assets into AASB 112.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB10 Consolidated Financial Statements	1 January 2013	1 July 2013
AASB 10 establishes a new control model that applies to all entities. It replaces parts of AASB 127 Consolidated and Separate Financial Statements dealing with the accounting for consolidated financial statements and Interpretation-12 Consolidation – Special Purpose Entities.		
The new control model broadens the situations when an entity is considered to be controlled by another entity and includes new guidance for applying the model to specific situations, including when acting as a manager may give control, the impact of potential voting rights and when holding less than a majority voting rights may give control. This is likely to lead to more entities being consolidated into the group.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Summary	Applic'n Date of Standard	Applic'n Date for entity*
AASB 11 Joint Arrangements	1 January 2013	1 July 2013
AASB 11 replaces AASB 131 Interests in Joint Ventures and Interpretation – 13 Jointly – controlled Entities – Non-monetary Contributions by Ventures. AASB 11 uses the principle of control in AASB 10 to define joint control, and therefore the determination of whether joint control exists may change. In addition AASB 11 removes the option to account for jointly controlled entities (JCEs) using proportionate consolidation.		
Instead, accounting for a joint arrangement is dependent on the nature of the rights and obligations arising from the arrangement. Joint operations that give the venturers a right to the underlying assets and obligations themselves is accounted for by recognising the share of those assets and obligations. Joint ventures that give the venturers a right to the net assets is accounted for using the equity method. This may result in a change in the accounting for the joint arrangements held by the group.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 12 Disclosure of Interests in Other Entities	1 January 2013	1 July 2013
AASB 12 includes all disclosures relating to an entity's interests in subsidiaries, joint arrangements, associates and structures entities. New disclosures have been introduced about the judgements made by management to determine whether control exists, and to require summarised information about joint arrangements, associates and structured entities and subsidiaries with non-controlling interests.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 13 Fair Value Measurement	1 January 2013	1 July 2013
AASB 13 establishes a single source of guidance under AASB for determining the fair value of assets and liabilities. AASB 13 does not change when an entity is required to use fair value, but rather, provides guidance on how to determine fair value under AASB when fair value is required or permitted by AASB. Application of this definition may result in different fair values being determined for the relevant assets.		
AASB 13 also expands the disclosure requirements for all assets or liabilities carried at fair value. This includes information about the assumptions made and the qualitative impact of those assumptions on the fair value determined.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Statement of compliance (continued)

Summary	Applic'n Date of Standard	Applic'n Date for entity*
IAS 1 Financial Statement Presentation	1 July 2012	1 July 2012
These amendments improve how we present components of other comprehensive income.		
Impact on entity Financial Report.		
These amendments will affect only the presentation of the other comprehensive income.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 2011-1 Amendments to Australian Accounting Standards arising from the <u>Trans-Tasman Convergence project</u>	1 July 2011	1 July 2011
[AASB 1, AASB 5, AASB 101, AASB 107, AASB 108, AASB 121, AASB 128, AASB 132, AASB 134, Interpretation 2, Interpretation 112, Interpretation 113]		
This Standard makes amendments to many Australian Accounting Standards, removing the disclosures which have been relocated to AASB 1054.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		
AASB 2011-2 Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence project – Reduced disclosure regime [AASB 101, AASB 1054]	1 July 2013	1 July 2013
This Standard makes amendments to the application of the revised disclosures to Tier 2 entities, that are applying AASB 1053.		
Impact on entity Financial Report		
The Fund has not yet determined the extent of the impact of the amendments, if any.		

^{*} designates the beginning of the applicable annual reporting period.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Significant accounting judgements, estimates and assumptions

In the process of applying the Fund's accounting policies management has made various judgements, estimations and assumptions. Where significant, further information on these judgements, estimates and assumptions are disclosed in the relevant notes to the financial statements. The significant estimates are in relation to the measurement of the fair value of investment properties (Note 16), management fee assets (Note 14 & 2(e)(iii)), goodwill impairment testing (Note 15), measurement of net realisable value of inventories (Note 10), measurement of fair value of other liabilities (Note 20) and in determining the allocation of costs associated with revenue recognition on property development (Note 2(e)(iv)).

(d) Basis of consolidation (including accounting for investment in subsidiaries)

The consolidated financial statements comprise the financial statements of APGT ("the parent entity") and its controlled entities as at 30 June each year ("the Fund"). Under AASB 3, APGT is considered to be the parent entity of APGL. The consolidated financial statements have been drawn up in accordance with ASIC Class Order 05/642 relating to combining accounts under stapling, and for the purposes of fulfilling the requirements of the Bendigo Stock Exchange (BSX).

Subsidiaries are all those entities over which the Fund has the power to govern the financial and operating policies so as to agin benefits from their activities.

The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. In preparing consolidated financial statements, all intercompany balances and transactions, income and expenses, profit and losses resulting from intra-group transactions have been eliminated in full.

Subsidiaries are fully consolidated from the date on which control is obtained by the Fund and cease to be consolidated from the date on which control is transferred out of the Fund.

In the books of the parent entity, investments in subsidiaries for which the primary undertaking is to hold investment properties are accounted for on the basis described in Note 2(1). All other investments in subsidiaries are accounted for at cost in the separate financial statements of the parent entity.

The Fund accounts for acquisitions of subsidiaries using the acquisition method of accounting. The acquisition method of accounting involves recognising at acquisition date, separately from goodwill, the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree. The identifiable assets acquired and the liabilities assumed are measured at their acquisition date fair values. The difference between these items and the fair value of the consideration (including the fair value of any pre-existing investments in the acquiree) is goodwill or a discount on acquisition.

A change in the ownership interest of a subsidiary that does not result in a loss of control is accounted for as an equity

Non-controlling interests not held by the Fund are allocated their share of net profit after tax in the statement of comprehensive income and are presented within equity in the consolidated balance sheet, separately from parent security holders' equity. Losses are attributed to the non-controlling interest even if that results in a deficit balance.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue brought to account but not received at balance date is recognised as a receivable. Revenue received in advance is classified as prepaid income and recognised as revenue over the period to which the revenue received relates. The following specific recognition criteria must also be met before revenue is recognised:

(i) Interest income

Revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

(ii) Rental income and recoverable outgoings

Rental income from investment properties is accounted for on a straight-line basis for fixed increase leases over the lease term. Contingent rental income is recognised as income in the years in which it is earned. Lease incentives granted are recognised as an integral part of the total rental income.

(iii) Management fee income

Revenue from management fees is recognised as and when the fee could be estimated reliably and its receipt is probable. These fees are calculated as follows:

- Project delivery management fees in respect of development projects are recognised in accordance with the relevant Development Management Agreement for each project. This reflects the proportion of the project that has been settled.
- Property funds management fees (including performance fees and leasing fees) are recognised as services are performed in accordance with the relevant Property Management Agreement, Asset Management Agreement or Constitution for each entity.
- Where the fee is not yet due for settlement, but is reliably calculated based on the fair value of underlying assets managed, the fair value of those underlying assets is determined based on management's assessment of the current valuation of the assets held by the respective syndicates and trusts, taking into account independent valuations of those assets or recent market transactions for assets with similar characteristics, and applying the appropriate fee percentage as prescribed by the relevant Property Management Agreement, Asset Management Agreement or Constitution for each entity. If more than one fee may apply the lower rate is used. The movement in the fair value of the Management Fee Asset is shown as a separate line item of profit or loss within the Statement of Comprehensive
- Other management fee revenue is recognised upon attaining control of the right to receive payment of the fee.

(iv) Property development sales income

Sales revenue in respect of property development projects is recognised on settlement of individual units of inventory. Costs in relation to individual settled units of inventory are recognised in proportion to the total costs for the project that the settled units of inventory represent.

All revenue is stated net of the amount of goods and services tax.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Borrowing costs

Borrowing costs such as interest are recognised as an expense when incurred. Borrowing costs relating specifically to the acquisition, construction or production of a qualifying asset are capitalised as part of inventories.

(g) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(h) Trade and other receivables

Trade receivables, which generally have 30-60 day terms, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

Collectibility of trade receivables is reviewed on an ongoing basis. An allowance for impairment is made when there is objective evidence that the entity will not be able to collect the debts. Bad debts are written off when identified. Financial difficulties of the debtor and default payments are considered objective evidence of impairment.

(i) Derivative financial instruments

The Fund uses derivative financial instruments such as interest rate swaps and interest rate caps to hedge its risks associated with interest rate fluctuations. Such derivative financial instruments are stated at fair value on the date on which a derivative contract is entered into and are subsequently remeasured to fair value.

For the purposes of hedge accounting, hedges are classified as either fair value hedges when they hedge the exposure to changes in the fair value of a recognised asset or liability; or cash flow hedges when they hedge exposure to variability in cash flows that is attributable either to a particular risk associated with a recognised asset or liability or to a forecast transaction

In relation to cash flow hedges which meet the conditions for hedge accounting (incl interest rate swaps), any gain or loss from remeasuring the hedging instrument at fair value is recognised directly in equity. For cash flow hedges that do not meet the conditions for hedge accounting (incl interest rate caps), but are used by the Fund to provide an economic hedge, any gains or losses arising from remeasuring the instrument at fair value is recognised in the profit and loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised, or no longer qualifies for hedge accounting. At that point in time, any cumulative gain or loss on the hedging instrument recognised in equity is kept in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to the statement of comprehensive income.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities based on the current period's taxable income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Deferred income tax is provided on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax asset is only recognised to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Unrecognised deferred income tax assets are reassessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

Under current tax legislation, APGT and BTT are not liable to pay income tax provided their taxable income and taxable realised gains are fully distributed to unit holders.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(k) Other taxes

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax ('GST') except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable;
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Cash flows are included in the Cash Flow Statement on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(I) Investment properties

Property (including land and buildings) held for long-term rental yield is classified as an investment property.

Initially, investment properties are measured at cost including transaction costs.

Subsequent to initial recognition, investment properties are carried at fair value. Fair value is based on active market prices, adjusted for any difference in the nature, location or condition of the specific asset or where this is not available, an appropriate valuation method which may include discounted cashflow projections and the capitalisation method. The fair value reflects, among other things, rental income from current leases and assumptions about rental income from future leases in light of current market conditions. It also reflects any cash outflows (excluding those relating to future capital expenditure) that could be expected in respect of the property.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Trust and the cost of the item can be measured reliably.

In the books of the parent entity, investments in subsidiaries for which the primary undertaking is to hold investment properties are accounted for on the above basis.

Land and buildings (including integral plant and equipment) that comprise the investment property are not depreciated.

Gains or losses arising from changes in the fair values of investment properties are included in the statement of comprehensive income in the year in which they arise.

Investment properties are derecognised when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal.

Any gains or losses on derecognition of an investment property are recognised in the statement of comprehensive income in the year of derecognition.

Investment properties which are held for sale in the next 12 months from the reporting date are classified as current assets, others are classified as non-current assets.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(m) Investments and other financial assets

Financial assets in the scope of AASB 139 Financial Instruments: Recognition and Measurement are classified as either financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, or available-for-sale investments, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Fund determines the classification of its financial assets after initial recognition and, when allowed and appropriate, re-evaluates this designation at each financial year-end.

Of the four classifications described above, the Fund currently only holds the following:

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are carried at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Available for Sale Investments

Available-for-sale investments are those non-derivative financial assets that are designated as available-for-sale or are not classified as either at fair value through profit or loss, loans and receivables or held-to-maturity investments. After initial recognition available-for-sale investments are measured at fair value with gains or losses being recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is recognised in profit or loss.

The fair value of investments with no active market is determined using appropriate valuation techniques.

Impairment

The Fund assesses at each balance sheet date whether a financial asset or group of financial assets is impaired.

Financial assets carried at amortised cost

If there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (ie the effective interest rate computed at initial recognition). The carrying amount of the asset is reduced either directly or through use of an allowance account. The amount of the loss is recognised in profit or loss.

If, in a subsequent year, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. Any subsequent reversal of an impairment loss is recognised in profit or loss, to the extent that the carrying value of the asset does not exceed its amortised cost at the reversal date.

(n) Trade and other payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Fund prior to the end of the financial year that are unpaid and arise when the Fund becomes obliged to make future payments in respect of the purchase of these goods and services.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(o) Interest bearing loans and borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Fund has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

(p) Inventories (Development Properties)

Development land, including the acquisition costs of the land, together with associated development costs is valued at the lower of cost and net realisable value. Borrowing costs relating specifically to a qualifying asset are capitalised as part of inventories.

(q) Provisions

Provisions are recognised when the Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Fund expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the balance sheet date using a discounted cash flow methodology. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the time value of money and the risks specific to the liability. The increase in the provision resulting from the passage of time is recognised in finance costs.

(i) Dividends

A provision for dividends is not recognised as a liability unless the dividends are declared, determined or publicly recommended on or before reporting date.

(ii) Distributions

A provision for distributions is not recognised as a liability unless the distributions are declared, determined or publicly recommended prior to balance date.

(iii) Employee leave benefits

Wages, salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within 12 months of the reporting date are recognised in respect of the employees' services up to reporting date. They are measured at the amounts expected to be paid when the liabilities are settled. Expenses from non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

Long service leave

The liability for long service leave is recognised and measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to the expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(r) Contributed equity and unit holders' funds

Issued and paid up capital is recognised at the fair value of the consideration received by the Fund. Each issued security confers upon the security holder an equal interest in the Fund, and is of equal value. A security does not confer any interest in any particular asset or investment of the Fund. The rights, obligations and restrictions attached to each security holder are identical in all respects.

Any transaction costs arising on the issue of securities are recognised directly in equity as a reduction of the security proceeds received.

(s) Earnings per security (EPS)

Basic EPS is calculated as net profit attributable to security holders of the parent where securities are classified as equity, adjusted to exclude costs of servicing equity (other than dividends/distributions) divided by the weighted average number of ordinary securities.

Diluted EPS is calculated as net profit attributable to security holders where securities are classified as equity, adjusted for:

- costs of servicing equity (other than dividends/distributions);
- the after tax effect of dividends/distributions and interest associated with dilutive potential ordinary securities that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the year that would result from the dilution of potential

divided by the weighted average number of ordinary securities and dilutive potential ordinary securities, adjusted for any bonus element.

(t) Leasing fees expense

Commissions paid for negotiating and executing the on-going renewal of tenant lease agreements are capitalised as a part of investment property and expensed on a straight line basis over the lease term on the same basis as the lease income.

(u) Leasing incentives

Incentives provided to lessees, which may take the form of rent free periods, rebates and lessor-paid fit-outs and improvements, are capitalised as part of the carrying amount of investment properties and amortised on a straight line basis over the lease term as a reduction of rental income.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(v) Business combinations

For business combinations completed after 1 July 2009

Business combinations are accounted for using the acquisition method. The consideration transferred in a business combination shall be measured at fair value, which shall be calculated as the sum of the acquisition date fair values of the assets transferred by the acquirer, the liabilities incurred by the acquirer to former owners of the acquiree and the equity issued by the acquirer, and the amount of any non-controlling interest in the acquiree. For each business combination, the acquirer measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's net assets. Acquisition related costs are expensed as incurred.

When the Fund acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic conditions, the Fund's operating or accounting policies and other pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree. If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is measured at fair value as at the acquisition date through profit or loss.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in accordance with AASB 139 either in profit or loss or in other comprehensive income. If the contingent consideration is classified as equity it shall not be remeasured.

For business combinations completed before 1 July 2009

The purchase method of accounting is used to account for all business combinations regardless of whether equity instruments or other assets are acquired. Cost is measured as the fair value of the assets given, securities issued or liabilities incurred or assumed at the date of exchange plus costs directly attributable to the combination. Where equity instruments are issued in a business combination, the fair value of the instruments is their published market price as at the date of exchange unless it can be demonstrated that the published price at the date of exchange is an unreliable indicator of fair value and that other evidence and valuation methods provide a more reliable measure of fair value. Transaction costs arising on the issue of equity instruments are recognised directly in equity.

All identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the net fair value of the entity's share of the identifiable net assets acquired is recognised as goodwill. If the cost of acquisition is less than the entity's share of the net fair value of the identifiable net assets of the subsidiary, the difference is recognised as a gain in the income statement, but only after a reassessment of the identification and measurement of the net assets acquired.

Where settlement of any part of the consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(w) Operating segments

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity), whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. This includes start up operations which are yet to earn revenues. Management will also consider other factors in determining operating segments such as the existence of a line manager and the level of segment information presented to the board of directors.

Operating segments have been identified based on the information provided to the chief operating decision makers being the executive management team.

The group aggregates two or more operating segments when they have similar economic characteristics, and the segments are similar in each of the following respects:

- nature of the products and services,
- nature of the production processes
- type or class of customer for the products and services
- methods used to distribute the products or provide the services, and if applicable
- nature of the regulatory environment.

Operating segments that meet the quantitative criteria as prescribed by AASB 8 are reported separately. However, an operating segment that does not meet the quantitative criteria is still reported separately where information about the segment would be useful to the users of the financial statements.

Information about other business activities and operating segments, if any, that are below the quantitative criteria are combined and disclosed in a separate category for "all other segments".

(x) Distributions

The Trust fully distributes its taxable income, including taxable capital gains arising from the disposal of investments, to unitholders on a quarterly basis or at such other times the Directors consider appropriate. Capital losses are not distributed to unitholders but are retained to be offset against any future realised capital gains. The Trust is currently in a tax loss position and as such does not have any net taxable income to distribute.

(y) Goodwill

Goodwill acquired in a business combination is initially measured at the cost of the business combination, being the excess of the consideration transferred over the fair value of the Fund's interest in net identifiable assets acquired and liabilities assumed. If this consideration transferred is lower than the fair value of the net identifiable assets of the subsidiary acquired the difference is recognised in profit and loss.

Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Fund's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Fund are assigned to those units or groups of units. Each unit or group of units to which the goodwill is so allocated represents the lowest level within the Fund at which the goodwill is monitored for internal management purposes, and is not larger than an operating segment determined in accordance with AASB 8.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (or group of cash-generating units) to which the goodwill relates. When the recoverable amount of the cash-generating unit (or group of cash-generating units) is less than the carrying amount, an impairment loss is recognised.

Impairment losses for goodwill are not subsequently reversed.

FOR THE YEAR ENDED 30 JUNE 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(z) Plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Such cost includes the cost of replacing parts that are eligible for capitalisation. All other repairs and maintenance are recognised in the profit and loss as incurred.

Depreciation is calculated on a straight-line or diminishing value basis over the estimated useful life of the specific assets as follows:

Leasehold improvements - 13 years

Office equipment - 3 to 10 years

The assets residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, at each financial year end.

An item of plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

3. OPERATING SEGMENTS

The Fund has identified its operating segments based on the internal reports that are reviewed and used by the executive management team (the chief operating decision makers) in assessing performance and in determining the allocation of resources. The primary reporting format for the group is business segments.

The operating segments are determined by management so as to aggregate operations with similar characteristics including nature of products produced or services provided, assets used in conducting that activity and relative risks of those activities. The operating segments identified are:

- Property investment this business invests in commercial office buildings that are supported by long term rental income
- Property funds management this business receives management fees for the provision of asset management and related services to property syndicates/trusts.
- (iii) Property development this business acquires and develops appropriate sites into residential land subdivisions, residential apartments or retail centres. Once the developments are completed revenue is derived from the sale of the land subdivisions, apartments or retail centres produced.

All identified operating segments are also reporting segments.

Overhead costs incurred are allocated to each business segment on a proportional basis based on resources required to manage each segment so as to determine the segment result.

The accounting policies adopted by the Fund in reporting on segments internally are the same as those adopted in Note 2 and also those adopted in the prior period.

⁽i) Under current tax legislation, APGT (the parent) and BTT are not liable to pay income tax provided their taxable income and taxable realised gains are fully distributed to unit holders.

FOR THE YEAR ENDED 30 JUNE 2011

5.	INCOME TAX (CONTINUED) Balance Sheet		Statement of Comprehensive Income		
	Deferred income tax	2011 \$000	2010 \$000	2011 \$000	2010 \$000
	Deferred income tax	φοσο	Ψ000	\$000	φοσο
	Deferred income tax at 30 June relates to the following:				
	Deferred tax liabilities				
	Investments	11	13	2	(13)
	Income receivable	22	15	(7)	(6)
	Management fee asset	1,826	2,423	597	(2,423)
		1,859	2,451		
	Deferred tax assets				
	Formation costs and share issue costs	24	69	(45)	(37)
	Borrowing costs	10	15	(5)	(9)
	Accrued expenses	262	493	(231)	357
	Leave liabilities	218	180	38	12
	Plant and equipment	-	95	(95)	95
	Work in progress expensed	3,645	2,085	1,560	(876)
	Net (deferred tax asset)/deferred tax liability acquired - (refer Note 28)			-	16
		4,159	2,937	1,814	(2,884)
	Losses available for offset against future taxable income	4,792	4,782	10	3,498
	Gross deferred income tax assets	8,951	7,719		
	Net deferred income tax assets	7,092	5,268		
	Deferred tax income/(expense)			1,824	614

Under current tax legislation, APGT (the parent) is not liable to pay income tax provided its taxable income and taxable realised gains are fully distributed to unit holders, therefore no tax disclosures are made for APGT.

The group has tax losses of \$3,670,000 on which no deferred tax asset has been recognised. The Fund has brought to account the tax effect of benefits from APGL's tax losses arising in Australia. The tax effect of these losses is \$4,792,000 (2010: \$4,782,000) and these are available indefinitely for offset against future taxable profits of the companies in which the losses arose. The Fund has recognised tax losses to the extent that forecasts indicate it is probable that sufficient taxable income will be earned to recoup the recognised losses.

The deferred tax asset will only be obtained if:

- (a) future assessable income is derived of a nature and of an amount sufficient to enable the asset to be realised;
- (b) the conditions for deductibility imposed by tax legislation continue to be complied with; and
- (c) no changes in tax legislation adversely affect the Fund in realising the benefit.

Tax consolidation

APGL and its 100% owned Australian resident subsidiary (APB) formed a tax consolidated group with effect from 21 March 2005. APGA joined the tax consolidated group on 14 June 2007, APL, APS and AIM joined the tax consolidated group on 22 June 2007, APGM joined the tax consolidated group on 31 December 2007, DPF, ADPL and ADUT joined the tax consolidated group on 13 March 2009 and PFA joined the tax consolidated group on 12 April 2010. APGL is the head entity of the tax consolidated group. Members of the group have entered into a tax sharing arrangement in order to allocate income tax expense to the wholly owned subsidiaries on a pro-rata basis. In addition the agreement provides for the allocation of income tax liabilities between the entities should the head entity default on its tax payment obligations. At the balance date, the possibility of default is remote.

FOR THE YEAR ENDED 30 JUNE 2011

5. INCOME TAX (CONTINUED)

Tax effect accounting by members of the tax consolidated group

Members of the tax consolidated group have entered into a tax funding agreement. The tax funding agreement provides for the allocation of current taxes to members of the tax consolidated group in accordance with their accounting profit for the year, while deferred taxes are allocated to members of the tax consolidated group in accordance with the principles of AASB 112 Income Taxes. The allocation of taxes under the tax funding agreement is recognised as an increase/decrease in the subsidiaries' intercompany accounts with the tax consolidated group head company.

6. EARNINGS PER SECURITY

Basic earnings per security amounts are calculated by dividing net profit/(loss) for the year attributable to security holders of the Fund by the weighted average number of ordinary outstanding securities during the year.

Diluted earnings per security amounts are calculated by dividing net profit/(loss) for the year attributable to security holders of the Fund by the weighted average number of ordinary outstanding securities during the year plus the weighted average number of securities that would be issued on the conversion of all the dilutive potential securities into securities.

The following represents the income and security data used in the basic and diluted earnings per security comparisons:

	Consol	Consolidated	
	2011 \$000	2010 \$000	
Net profit/(loss) attributable to security holders of the Fund *	3,493	693	
	Number	Number

	Trade and other debtors – related parties (iii)	2,589	-
	Advances to syndicate (iii)	2,433	-
		8,085	-

- Trade and other debtors and amounts receivable from related parties (syndicates/trusts under management) are noninterest bearing and are generally settled on 30-60 day terms. A provision for impairment loss is recognised when there is objective evidence that an individual trade receivable is impaired. There have been no impairment losses recognised in the year ended 30 June 2011 (2010: Nil).
- This advance, which is unsecured with no set repayment terms, has been made to a syndicate for which an entity in the Fund acts as Responsible Entity. An advance of \$2,300,000 has interest charged at APGL's cost of borrowing plus a margin of 5% pa. All other advances are interest free.
- (iii) Non-current trade and other debtors and amounts receivable from related parties (syndicates/trusts under management) are subject to a loan agreement due for repayment by 30 June 2013. Interest is charged at the bank bill rate plus a margin of 2%. A provision for impairment loss is recognised when there is objective evidence that an individual trade receivable is impaired. There have been no impairment losses recognised in the year ended 30 June 2011 (2010: Nil).

	\$000	\$000

31 – 60 days	270	438
61 – 90 days	57	146
+ 91 days	588	2,716
Total	3,608	4,383

2011

2010

FOR THE YEAR ENDED 30 JUNE 2011

9. TRADE AND OTHER RECEIVABLES

Receivables past due but not considered impaired are \$915,000 for the consolidated entity 2010: \$3,300,000). The past due but not considered impaired receivables for the consolidated entity includes amounts totalling \$588,000 (2010: \$2,963,000) receivable from syndicates under the management of the Fund. The Directors have agreed to defer settlement of these amounts (as allowed under the respective Product Disclosure Statements of the syndicates) whilst new financing arrangements for those syndicates are being finalised. Payment terms for the other amounts have not been renegotiated. Management has been monitoring and has been in direct contact with the relevant debtor and is satisfied that payment will be received and that no material items are impaired.

Other balances within trade and other receivables do not contain impaired assets and are not past due. It is expected that these other balances will be received when due.

(v) During the comparative period, the Directors assessed that certain loans, which were settled on 22 February 2010 were impaired and impairment losses were recognised in the year ended 30 June 2010 of \$2,031,000. The loans were settled as part of the consideration paid to transfer the titles to the Springfield Meadows and Dolphin Point development properties into the name of APGL. As a result of this transfer, the loan relationship with the other party

Fair value and risk exposure

Due to the short term nature of the current receivables, their carrying value is assumed to approximate their fair value.

The maximum exposure to credit risk at balance date is the fair value of receivables. Collateral is not held as security for any receivables, nor is it the Fund's policy to transfer (on-sell) receivables to special purpose entities. Details regarding interest rate risk exposure is disclosed in Note 22.

	Consolid	dated

^{*} APGT has no direct ownership in APGL or its controlled entities but is considered to be the parent entity of APGL under AASB 3 (refer Note 2 (d)).

(ii) Fair value of investments in unlisted unit trusts

Investments in unlisted unit trusts are categorised as Level 3 financial instruments as defined by AASB 7. Accordingly fair value is estimated using inputs for the asset that are not based on observable market data and specifically is based on the net asset values of the respective entities at balance date.

FOR THE YEAR ENDED 30 JUNE 2011

		Consolidated

15.GOODWILL	2011 \$000	2010 \$000	
Non-Current			
Goodwill			
Opening balance	13,197	13,053	
Other additions/(decrease) *	(34)	144	
Closing balance	13,163	13,197	

^{*} This amount is a result of the change in the fair value of the contingent consideration in respect of the acquisition of DPF in the 2009 financial year.

(i) Description of Goodwill

After initial recognition, goodwill acquired in a business combination is measured at cost less any accumulated impairment losses. Goodwill is not amortised but is subject to impairment testing on an annual basis or whenever there is an indication of impairment (refer below).

(ii) Impairment testing

For the purposes of impairment testing, goodwill acquired through business combinations has been allocated to one individual cash generating unit, the Property Funds Management ('PFM') unit. PFM is a reportable segment (refer Note 3). The amount of goodwill after providing for impairment allocated to this unit is \$13,162,000 (2010: \$13,197,000).

The goodwill was acquired in the following transactions:

- SPFM acquisition (APL, APS and AIM) which occurred on 22 June 2007 resulting in goodwill of \$15,553,000. At 30 June 2008 the Directors considered that this asset was impaired, and recognised an impairment loss of \$5,000,000 in the accounts in that period; and
- DPF acquisition which occurred on 13 March 2009 resulting in goodwill of \$2,500,000. This amount has decreased by \$35,000 in the year ended 30 June 2011 (2010: increase \$144,000) as a result of changes to the fair value of contingent consideration relating to the acquisition of DPF.

FOR THE YEAR ENDED 30 JUNE 2011

15.GOODWILL (CONTINUED)

The recoverable amount of the PFM unit is based on fair value and takes into account multiples of earnings and also discounted cash flow techniques using five-year cash flow projections as at 30 June 2011 that have been approved by senior management. The after tax discount rate applied to cash flow projections is 13.04% (2010: 12.32%) and cash flows beyond the five-year period are included through a terminal value based on an Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) multiple of 7.6. The growth rate of management fee income, which is normally based on the values of properties managed, is assumed to be 3% per annum (2010: 3% per annum) which Directors consider to be less than the long term average growth rate in the property industry. The inflation rate applicable to management fee income that is not based on the value of properties managed, and also for expenses paid, is assumed to be 3% per annum (2010: 3% per annum) which the Directors consider to be an appropriate long term estimate based on their assessment of economic forecaster's projections.

The key assumptions that the fair value is most sensitive to are:

- · Applicable EBITDA multiples and discount rates used the EBITDA multiples and discount rates are based on averages paid on recent transactions of similar businesses.
- expected earnings the earnings multiple has been applied to future expected earnings as forecast by management. This is based on historical results adjusted for the expected impact of management's future plans for the PFM unit.

The Directors are of the view that no reasonable change in EBITDA multiples and discount rates used would cause the recoverable amount of the unit to be materially less than its carrying amount. The Directors are of the view that the continued slow down in the property market can have a significant impact on expected earnings assumptions. Management notes that a decrease of 16% in the expected growth forecast would decrease the value-in-use fair value figure below its carrying amount.

	Closing balance at end of year	330,275	347,500

(b) The assets of APGT and BTT are pledged as security to ANZ Banking Group Ltd and Suncorp-Metway Ltd under registered mortgage debentures granted by APGM as Custodian for APGT and BTT.

Included in the balances of property investments are assets over which mortgages have been granted as security over bank loans. The terms of the mortgages preclude the assets being sold or being used as security for further mortgages without the permission of the mortgage holder. The mortgage also requires buildings that form part of the security to be fully insured at

Total		298,211	330,275	347,500	367,150

^{*} Fair value as assessed by the APGM Directors in accordance with AASB 140 Investment Property.

The Directors' valuations and valuations by Knight Frank have been prepared with consideration given to market sentiment, the passing income and initial yield and fully leased yield basis after taking into account current market conditions and comparable sales evidence if available. The valuations as at 30 June 2011 are based on initial yields of 7.11% (2010: 6.70%) for Creek Street, 7.90% (2010: 7.90%) for King Street and 6.50% (2010: 6.50%) for Collins Street. The property at 99 Melbourne Street Brisbane was sold in September 2010.

The global market for all types of property has been severely affected in recent years by volatility in global financial markets. The lower levels of liquidity and volatility in the banking sector have translated into a general weakening of market sentiment towards property and the number of property transactions has significantly reduced.

Fair value of investment property is the price at which the property could be exchanged between knowledgeable, willing parties in an arm's length transaction. A "willing seller" is not a forced seller prepared to sell at any price. The best evidence of fair value is given by current prices in an active market for similar property in the same location and condition. The current lack of comparable market evidence means that there is less certainty in regard to valuations.

The fair value of investment property has been adjusted to reflect market conditions at the end of the reporting period. While this represents the best estimates of fair value as at the balance sheet date, the current market uncertainty means that if investment property is sold in future the price achieved may be higher or lower than the fair value recorded in the financial report.

- ** Latest Independent Valuations are based on fair values as assessed using a fair market value approach between a willing buyer and seller by:
- 12 Creek Street Knight Frank Valuations Queensland dated 22 June 2011.
- 7 King Street DTZ Australia (NSW) Pty Ltd dated 18 August 2008.
- 287-301 Collins Street Charter Keck Cramer dated 7 August 2008.
- 99 Melbourne Street Knight Frank Valuations Queensland dated 4 August 2008.

The investment properties are subject to fixed term lease agreements at market rates with various escalation clauses and extension options with various tenants.

The primary tenants of:

- 7 King Street, Concord, Sydney is Westpac Banking Corporation;
- 287-301 Collins Street, Melbourne is ANZ Banking Group;
- 99 Melbourne Street, Brisbane is Stockland Ltd (building sold September 2010);
- 12 Creek Street, Brisbane Various Tenants with no individual tenant occupying a significant tenancy.

FOR THE YEAR ENDED 30 JUNE 2011

Other creditors and accruals	203	-
Accruals (iii)	-	1,119
Prepaid income (ii)	-	-
Accrual for deferred consideration	219	
	422	1,119

- (i) Trade creditors are non-interest bearing and are normally settled on 30 day terms.
- (ii) Prepaid income is non-interest bearing and recognised as income over the period to which the prepayment relates.
- (iii) Other creditors and accruals are non-interest bearing and are generally settled between 30 and 60 days of amounts becoming due and payable. The non-current portion represents amounts that are not expected to be settled within 12 months of balance date for contingent consideration payable on the acquisition of DPF and for a rent guarantee provided in respect of Palm Beach project sales.
- (iv) Deferred consideration paid on 30 September 2010 to Mirvac Limited for the acquisition of PFA by APGL (refer Note
- (v) Accrued distribution represents a distribution for the June quarter (Note 7).

Fair value and risk exposure

The carrying value of the trade and other payables approximate their fair value. The fair values of contingent consideration payable for the acquisition of DPF and the rent guarantee provided in respect of Palm Beach project sales have been calculated by discounting the expected future cash flows at prevailing market interest rates.

Details of interest rate and liquidity risk exposure is disclosed in Note 22.

21. MEMBERS' INTERESTS (CONTINUED)

Capital Management

When managing the capital base, management's objective is to ensure the Fund continues as a going concern as well as to maintain optimal returns to security holders and benefits for other stakeholders. Management also aims to maintain a capital structure that ensures the lowest cost of capital available to the entity, whilst also complying with any capital requirements of relevant regulatory authorities.

The Fund's normal capital management strategy is to target distributions that are in line with profits with the aim of ensuring the sustainability of investor returns, while Management is constantly adjusting the capital structure to take advantage of favourable costs of capital or returns on assets. As the market is constantly changing, management may change the amount of dividends or distributions to be paid to security holders, return capital to security holders, issue new stapled securities or sell assets to reduce debt.

During 2011, the Fund paid distributions of \$7,965,000 (2010: \$7,965,000) at the rate of 3.50 cents (2010: 3.50 cents) per stapled security.

Management monitors capital through the gearing ratio (total interest bearing liabilities divided by total capital). The target for the Fund's gearing ratio is between 40% and 65% for investment properties and up to 80% (depending on level of pre-sales) for development projects. The gearing ratios at 30 June 2011 and 2010 were as follows:

	Со	nsolidated
	2011 \$000	2010 \$000
Total interest bearing liabilities	260,133	289,880
Total equity	148,369	152,842
Total capital	408,502	442,722
Gearing ratio	63.68%	65.48%

FOR THE YEAR ENDED 30 JUNE 2011

22. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's principal financial instruments comprise receivables, payables, bank and other loans, cash and short-term deposits and derivatives.

The Fund manages its exposure to key financial risks, including interest rate risk, in accordance with the Fund's financial risk management policy. The objective of the policy is to support the delivery of the Fund's financial targets whilst protecting future financial security.

The Fund enters into derivative transactions, principally interest rate swaps and interest rate caps. The purpose is to manage the interest rate risk arising from the Fund's operations and its sources of finance. Trading in derivatives has not been undertaken. The main risks arising from the Fund's financial instruments are interest rate risk, credit risk and liquidity risk. The Fund is not exposed to any material foreign currency risk. The Fund uses different methods to measure and manage different types of risks to which it is exposed. These include:

- monitoring levels of exposure to interest rate risk and assessments of market forecasts for interest rates,
- ageing analysis and monitoring of specific credit allowances are undertaken to manage credit risk, and
- liquidity risk is monitored through the development of rolling cash flow forecasts.

The Board reviews and agrees policies for managing each of these risks as summarised below.

Primary responsibility for identification and control of financial risks rests with the Audit and Risk Committee under the authority of the Board. The Board reviews and agrees policies for managing each of the risks identified below, including hedging cover of interest rate risk, credit allowances and monitoring future cash flow forecast projections.

RISK EXPOSURE AND RESPONSES

Interest rate risk

The Fund's exposure to market interest rates relates primarily to the Fund's long-term debt obligations and interest rate swaps and caps. The level of debt is disclosed in Note 18.

At balance date, the Fund had the following mix of financial assets and liabilities exposed to Australian variable interest rate risk that are not designated in cash flow hedges:

	Cor	nsolidated
	2011 \$000	2010 \$000
Financial assets		
Cash and cash equivalents	7,802	17,405
Receivables	11,550	2,300
	19,352	19,705
Financial liabilities		
Secured bank loans	241,393	270,880
Unsecured loan from related party	19,970	-
	261,363	270,880
Net exposure	(242,011)	(251,175)

FOR THE YEAR ENDED 30 JUNE 2011

22. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED) RISK EXPOSURE AND RESPONSES (CONTINUED)

Interest rate risk (continued)

The Fund's policy is to manage its finance costs using a mix of fixed and variable rate debt, while there is no specified policy on the mix of fixed and variable rates.

The Fund constantly analyses its interest rate exposure. As part of this process consideration is given to potential renewals of existing positions, alternative financing, alternative hedging positions and the mix of fixed and variable interest rates.

The following sensitivity analysis is based on the interest rate risk exposures in existence at the balance sheet date. Based on average values of financial assets and financial liabilities for the year ended 30 June 2011, if interest rates had moved with all other variables held constant, post tax profit and member's interest would have been affected as follows:

Judgements of reasona	ıbly possible mover	nents	Post Tax P	rofit	Other Comprehensive Income	
in interest rates:	ioi, possibio illovoi		Higher/ (Lo	ower)	Higher/ (Lo	wer)
	2011	2010	2011	2010	2011	2010
	Basis Points	Basis Points	\$000	\$000	\$000	\$000
Consolidated						
Increase	50	50	(1,041)	(1,128)	-	-
Decrease	25	25	521	564	-	-

Reasonably possible movements in interest rates were determined based on the Fund's current credit profile and relationships and ongoing negotiations with financial institutions and management's assessment of economic forecaster's expectations of movements in interest rate markets.

The movements in profit are due to higher interest rates on variable rate debt and cash balances. The sensitivity in profits is higher in 2011 than in 2010 because of an increase in outstanding borrowings and reduction in cash balances during the period. The movement in equity excludes the post tax profit impact above.

Credit risk

Credit risk arises from the financial assets of the Fund, which comprise cash and cash equivalents, trade and other receivables and derivative instruments. The Fund's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments. Exposure at balance date is addressed in each applicable note.

The Fund trades only with recognised, creditworthy counterparties, and as such, collateral is not requested nor is it the Fund's policy to securitise its trade and other receivables. The Fund does not hold any credit derivatives to offset its credit

It is the Fund's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivables balances are monitored on an ongoing basis with the result that the Fund's exposure to bad debts is not significant.

FOR THE YEAR ENDED 30 JUNE 2011

22. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED) RISK EXPOSURE AND RESPONSES (CONTINUED)

Liquidity risk

Liquidity risk is the risk the Fund will not have sufficient funds to settle a transaction on the due date. The Fund's main liquidity risk is its ability to refinance its existing borrowings when they expire. To limit this risk, management has arranged a number of separate fully drawn bank facilities with various maturity dates. Cash flow forecasts and liquidity are monitored on an ongoing basis. This includes an assessment of expected cash flows and the availability of suitable collateral which could be used to secure additional funding if required. The liquidity position is assessed and managed under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the Fund.

The table below summarises the maturity profile of the Fund's financial liabilities at balance date based on contractual undiscounted repayment obligations. Cash flows for financial liabilities without fixed amount or timing are based on the conditions and expectations existing at balance date. The contractual maturities of the Fund's financial liabilities are:

Financial liabilities	<6 Months	6-12 Months	1-5 Years	> 5 Years	Total
Year ended 30 June 2011	\$000	\$000	\$000	\$000	\$000
Consolidated					
Trade and other payables	10,186	-	422	-	10,608
Interest bearing loans & borrowings	65,570	44,444	193,715	-	303,729
Other liabilities	-	-	3,000	-	3,000
	75,756	44,444	197,137	-	317,337
Year ended 30 June 2010					
Consolidated					
Trade and other payables	15,884	493	1,227	-	17,604
Interest bearing loans & borrowings	58,887	10,252	241,608	-	310,747
Other liabilities	-	-	3,000	-	3,000
	74,771	10,745	245,835	-	331,351

Fair value

The recognised financial assets and liabilities included in the Fund's Balance Sheet are carried at values which Directors consider approximates their net fair value.

The methods for estimating fair value are outlined in the relevant notes to the financial statements.

FOR THE YEAR ENDED 30 JUNE 2011

23. COMMITMENTS AND CONTINGENCIES

Capital Commitments

At 30 June 2011 outstanding contracted capital commitments for expenditure were \$Nil (2010: \$670,000). These capital commitments are all due for settlement within 12 months of the balance sheet date.

Bank Guarantees

At 30 June 2011 bank guarantees provided by the Fund total \$37,500 (2010: \$400,000). These guarantees are secured by cash accounts held with the bank.

Contingencies

APGL had agreed to provide Interest Servicing Guarantees to the Commonwealth Bank of Australia ("CBA") in respect of loans provided by CBA to some of the trusts/syndicates for which subsidiaries of APGL act as Responsible Entity and Trustee. Under the terms of these guarantees APGL was liable to pay CBA any interest not paid to CBA by the relevant trusts/syndicates. As at 30 June 2011, APGL had not been required to pay any amounts under these guarantees as all interest due and payable had been paid by the relevant trusts/syndicates. All of these loans, other than the Penrith Property Syndicate loan, have been repaid to CBA by 31 July 2011.

The Directors are of the opinion that there are no other contingent liabilities or assets as at balance date that are not already provided for or disclosed in the notes to the financial statements.

Operating lease commitments - Fund as lessor

Some of the properties owned by the Fund are leased to third parties under operating leases.

	Сог	nsolidated
Future minimum rental revenues under non-cancellable operating leases are as follows:	2011 \$000	2010 \$000
- not later than one year	29,413	27,708
- later than one year and not later than five years	53,183	50,849
- later than five years	11,032	9,429
Total	93,628	87,986

Operating lease commitments - Fund as lessee

The Fund has entered into operating leases over office premises and office equipment.

	Cor	nsolidated
Future minimum rentals payable under non-cancellable operating leases are as follows:	2011 \$000	2010 \$000
- not later than one year	123	158
- later than one year and not later than five years	129	180
- later than five years	-	-
Total	252	338

FOR THE YEAR ENDED 30 JUNE 2011

24. RELATED PARTY DISCLOSURES

APGT is the parent entity of the entities listed in Note 13 (i). APGM is the Trustee and Responsible Entity of APGT and BTT.

Key Management Personnel

Details relating to directors and key management personnel of APGM and APGL are included in Note 27.

Scheme Management and Transaction Fees

Subsidiaries of the Fund act as Responsible Entity and provide asset management services (APGM, APL, APS, DPF and PFA) and property management services (APGM and AIM) to the following trusts and syndicates:

APGT (i)	PFA Diversified Property Trust (iv)
BTT (i)	Merrylands Property Syndicate (iii)

Amounts received or due and receivable by other auditors for other services in relation to the Fund and any other entity in the Fund		
- other audit services – compliance plan audit	4,400	7,350
- other audit services — audit of outgoings	7,760	5,900
	12,160	13,250

26. SIGNIFICANT EVENTS AFTER THE BALANCE DATE

The Directors are not aware of any matter or circumstance not otherwise dealt with in the reports or the accounts that has significantly affected or may significantly affect the operations of the Fund, the results of those operations or the state of affairs of the Fund in subsequent financial years.

FOR THE YEAR ENDED 30 JUNE 2011

27. DIRECTORS AND EXECUTIVES DISCLOSURES

(a) Key Management Personnel ("KMP")

The KMP of APGM, the Trustee and Responsible Entity of APGT during the year and up to the date the financial report was authorised for issue, are:

Directors

N. E. Summerson Chairman (non-executive) G. M. McMahon Managing Director A. J. Cragnolini Director (executive)

Executives

M. O'Reilly Director, Asset Management L. Garcia Senior Funds Manager

M. S. Rundle General Manager - Property Development

APGM, as the Responsible Entity of APGT, is considered to be included in KMP of APGT. There were no changes to the KMP after reporting date and before the date the financial report was authorised for issue.

(b) Compensation for KMP

The Remuneration Committee assesses the appropriateness of the nature and amount of remuneration of Directors and executives on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality, high performing Board and executive team.

For the Fund to attract, motivate and retain highly skilled KMP, it embodies the following in its remuneration framework:

- provide competitive rewards to attract high calibre executives;
- link executive rewards to security holder value;
- have a significant portion of remuneration 'at risk'; and
- establish appropriate, demanding performance hurdles for variable executive remuneration.

Non-executive Director Remuneration

The Fund seeks to aggregate remuneration at a level that provides the Fund with the ability to attract and retain Directors of the highest calibre, whilst incurring a cost that is acceptable to security holders.

At the General Meetings held on 20 December 2007 security holders approved an aggregate remuneration for nonexecutive Director remuneration of \$350,000 per year for the Fund. The non-executive Directors do not participate in any incentive programs and the only retirement benefits they receive is through superannuation contributions included in their fees derived during the period of their directorship.

The remuneration of non-executive Directors for the years ended 30 June 2011 and 30 June 2010 is detailed in Tables 1 and 2. The remuneration paid to Non-executive Directors includes their involvement in committees of the Fund.

FOR THE YEAR ENDED 30 JUNE 2011

27. DIRECTORS AND EXECUTIVES DISCLOSURES (CONTINUED)

(b) Compensation for KMP (Continued)

Executive Remuneration

The Fund aims to reward executives with a level and mix of remuneration commensurate with their position and responsibilities within the Fund so as to:

- reward executives for Fund, business unit and individual performance against targets set by reference to appropriate
- align the interests of executives with those of security holders; and
- ensure total remuneration is competitive by market standards.

The Remuneration Committee has entered into a detailed contract of employment with the Managing Director and other senior executives. Details of these contracts are provided below.

Remuneration consists of the following key elements:

- Fixed remuneration (base salary, superannuation and non-monetary benefits);
- Variable remuneration
- short term incentive ('STI'); and
- long term incentive ('LTI').

The fixed and variable remuneration (potential short and long term incentives) for each executive is set out in Tables 1 and 2 below. While the amounts are based upon targets, the incentives represent no more than 20% of the fixed remuneration component. Non-monetary benefits are included in remuneration packages.

Fixed Remuneration

Fixed remuneration is reviewed annually by the Remuneration Committee. The process consists of a review of Fund, business unit and individual performance, relevant comparative remuneration externally and internally and, where appropriate, external advice on policies and practices.

Variable Remuneration - Short Term Incentive ('STI')

Actual STI payments granted to each executive depend on the extent to which specific targets set at the beginning of the financial year are met. The targets consist of a number of benchmarks and key performance indicators ('KPIs') covering both financial and non-financial, corporate and individual measures of performance. The targets can include measures such as contribution to net profit after tax, capital management strategies, risk management, business development and leadership/team contribution. The specific measures chosen represent the key drivers for the short term success of the Fund and provide a framework for delivering long term value.

The Remuneration Committee has determined that due to the difficult financial conditions there will be no STI amounts payable to KMP for the years ended 30 June 2011 and 30 June 2010.

Variable Remuneration – Long Term Incentive ('LTI')

There is currently no LTI plan established. It is intended that a LTI plan for the senior executives of the Fund will be established in the future.

Employment Contracts

The Managing Director and senior executives are employed under Executive Employment Agreements except for Michael O'Reilly who is employed under a Consultancy Agreement. These agreements have no fixed period or termination date. The terms of the current agreements are summarised below:

			Fixed Remuneration		tice Required on to be given by:
	Position	Commencement Date	(per annum)	Executive	Employer
G. McMahon	Managing Director	1 January 2008 **	\$700,000	3 months	12 months
A. Cragnolini	Executive Director	1 January 2008 **	\$275,000	3 months	3 months
M. O'Reilly	Director of Property	1 January 2008 **	\$500,000	6 months	6 months
L. Garcia	Senior Funds Manager	21 June 2007	\$275,000	6 months	6 months
M. Rundle	General Manager - Property Development	1 January 2008 **	\$250,000	3 months	6 months

^{*} The minimum notice can be varied in the following circumstances:

- if either the employer or executive gives notice of termination to the other, the employer may terminate the employment of the executive immediately or at any time during the notice period and pay to the executive their fixed remuneration for the balance of the notice period,
- · notwithstanding the notice periods disclosed above, the employer may terminate the contract at any time without notice or payment in lieu of notice if the executive:
 - is guilty of misconduct;
 - is charged with any offence that involves fraud or dishonesty or any other offence that is punishable by imprisonment, or any offence that in the employer's reasonable opinion, affects the executive's suitability for their position;
 - neglects their duties or is incompetent;
 - becomes bankrupt or compound with, or assigns their estate for the benefit of, one or more of the executive's
 - engages in conduct of a sort which, in the employer's reasonable opinion, may injure its reputation; or
 - breaches his obligations in respect of confidential information or protection of the employer's goodwill.

^{**} Previously employed by an entity related to the external manager of the Fund at the time.

27. DIRECTORS AND EXECUTIVES DISCLOSURES (CONTINUED)

(d) Loans to or from KMP and their related parties

The Fund entered into the following loan facilities with KMP or their related entities during the period:

- On 9 April 2010 the Fund borrowed \$10,000,000 from Bryan Family Foundation Limited aff The Bryan Foundation, an entity for which R. Bryan acts as Director. This loan expires on 31 December 2012. Interest is payable at the rate of 12% pa.
- On 30 June 2010 the Fund borrowed \$3,000,000 from Glendower Investments Pty Ltd atf Glendower Investments Superannuation Fund, an entity for which N.E. Summerson is a Director and beneficiary. This loan expires on 31 December 2012. Interest is payable at the rate of 12% pa.
- On 14 June 2011, the Fund borrowed \$1,000,000 from G & M Rees Investments Pty Ltd atf G & M Rees Investment Trust, an entity for which GM McMahon acts as Director and is a beneficiary. This loan expires on 31 December 2012. Interest is payable at the rate of 15% per annum.
- On 20 June 2011, the Fund borrowed \$5,000,000 from R Bryan, Director. This loan expires on 31 December 2012. Interest is payable at the rate of 15% per annum.
- On 29 June 2011, the Fund borrowed \$1,000,000 from Glendower Investments Pty Ltd atf Glendower Investments Superannuation Fund, an entity for which NE Summerson is a Director and Beneficiary. Funds were provided as follows: \$970,000 on 29 June 2011 and \$30,000 on 1 August 2011. This loan expires on 31 December 2012. Interest is payable at the rate of 15% per annum.

There were no other loans between the Fund and the KMP during the period.

(e) Other transactions and balances with KMP and their related parties

- (i) APGM, as the Responsible Entity of APGT, is considered to be included in the KMP of APGT. Compensation is paid to APGM in the form of fees which are disclosed in Note 24.
- (ii) The Fund entered into the following transactions with Leyshon Pty Ltd ('Leyshon') during the period:
 - a. Provision of accounting and support services and office accommodation by APGFA to Leyshon of \$272,000 (2010: \$260,000).

These transactions between the Fund and Leyshon result from normal dealings with those companies in accordance with the relevant Management Agreement and Asset Transfer and Services Agreement.

- (iii) The Fund also entered into the following transactions with Michael O'Reilly (Aus) Pty Ltd (formerly Collins O'Reilly) ('MOR') during the period:
 - a. Provision of executive assistant services by MOR to APGFA for the year ended 30 June 2011 of \$80,000 (2010: \$80,000).

These transactions between the Fund and MOR result from normal dealings with those companies in accordance with Agreements between those entities.

FOR THE YEAR ENDED 30 JUNE 2011

28. BUSINESS COMBINATIONS

ACQUISITION OF PROPERTY FUNDS AUSTRALIA LIMITED

On 12 April 2010 APGL acquired a 100% interest in Property Funds Australia Limited ('PFA') from Mirvac Holdings Limited (a member of the Mirvac Group). The total cost of the acquisition was \$14,043,000 and comprised a cash payment of \$8,043,000 with the remaining \$6,000,000 was paid on 30 September 2010.

PFA managed the PFA Diversified Property Trust with approximately \$547 million of property assets at acquisition date.

The fair value of the identifiable assets and liabilities of PFA as at the date of acquisition are:

	Recognised on Acquisition	Carrying Value
	\$000	\$000
Cash and cash equivalents	3,217	3,217
Receivables	3	3
Investments	233	233
Management fee assets (Note 14)	10,764	10,764
	14,217	14,217
Trade and other payables	158	158
Deferred tax liability	16	16
	174	174
Fair value of identifiable net assets	14,043	14,043
Cost of acquisition		
- Purchase price (paid 12 April 2010)	8,043	
- Purchase price (paid 30 September 2010)	6,000	
Total cost of acquisition	14,043	
The cash outflow on acquisition is as follows:		
- Net cash acquired with PFA	3,217	
- Cash paid	(8,043)	
Net cash outflow	(4,826)	

From the date of acquisition to 30 June 2010, PFA contributed a profit of \$468,000 to the net result of the Fund. If the acquisition of PFA had taken place at the beginning of the comparative financial year (1 July 2009), the profit of the Fund for the year ended 30 June 2010 (excluding asset write-offs totalling \$8.9 million made in PFA accounts prior to acquisition date) would have been \$2,672,000 and the revenue (before investment property revaluation decrements) would have been \$78,494,000.

FOR THE YEAR ENDED 30 JUNE 2011

29. PARENT ENTITY INFORMATION

	Consolidated	
The following information relates to APGT as an individual entity	2011 \$000	2010 \$000
Current assets	109,501	32,850

Issued capital	178,992	186,957
Undistributed earnings	(12,983)	(24,695)
Total members' interests	166,009	162,262
Net profit/(loss) from operating activities after income tax	11,712	4,949
Total comprehensive income for the period	11,712	4,949

Provision of Ongoing Financial Support to APGL

At 30 June 2011 APGT has agreed to provide ongoing financial support to APGL to ensure APGL continues to be able to pay its debts as and when they become due and payable. This financial support is through the provision of ongoing funding as required up to a maximum amount of \$20 million and APGT not requiring repayment of existing and future advances to APGL before 31 December 2012. The Directors do not expect the provision of this financial support to result in any liability or loss to APGT.

At 30 June 2011 APGT has not entered into any other guarantees in relation to debts of subsidiaries (2010: Nil).

Contingent Liabilities of APGT

The Directors are of the opinion that there are no contingent liabilities or assets as at balance date that are not already provided for or disclosed in the notes to the financial statements.

Capital Commitments of APGT

At 30 June 2011 outstanding contracted capital commitments for expenditure were \$Nil (2010: \$71,000). These capital commitments are all due for settlement within 12 months of the balance sheet date.

DIRECTORS' DECLARATION

In accordance with a resolution of the Directors of APGF Management Limited as Trustee and Responsible Entity for Australian Property Growth Trust and the Directors of Australian Property Growth Limited, we state that:

- (1) In the opinion of the Directors:
 - (a) the financial statements and notes of the consolidated entity are in accordance with the Corporations Act 2001 including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001;
 - (b) the financial statements and notes also comply with International Financial Reporting Standards as disclosed in Note 2;
 - (c) there are reasonable grounds to believe that the Trust will be able to pay its debts as and when they become due and payable;
- (2) This declaration has been made after receiving the declarations required to be made to the Directors in accordance with section 295A of the Corporations Act 2001 for the financial year ended 30 June 2011.

Independent auditor's report to the security holders of Australian **Property Growth Fund**

Comprising the financial report of Australian Property Growth Trust and its controlled entities.

We have audited the accompanying financial report of Australian Property Growth Fund (comprising the consolidated financial report of Australian Property Growth Trust (the "Trust") and the entities it controlled) (collectively referred to as the "Fund"), which comprises the statement of financial position as at 30 June 2011, the statement of comprehensive income, the statement of changes in security holders' interests and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity. The Fund, as the consolidated entity, comprises the Trust and the entities it controlled at the year's end or from time to time during the financial year.

Directors' responsibility for the financial report

The directors of the APGF Management Limited, the Responsible Entity of the Fund ("the directors") are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 2(b), the directors also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

> Liability limited by a scheme approved under Professional Standards Legislation

Independence

In conducting our audit we have complied with the independence requirements of the Corporations Act 2001. We have given to the directors of the Trust a written Auditor's Independence Declaration, a copy of which is included in the directors' report. We confirm that the Auditor's Independence Declaration would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion:

- a. the financial report of Australian Property Growth Fund (comprising the consolidated financial report of Australian Property Growth Trust and its controlled entities) is in accordance with the Corporations Act 2001, including:
 - giving a true and fair view of the consolidated entity's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
 - complying with Australian Accounting Standards and the Corporations Regulations 2001; ii
- the financial report also complies with International Financial Reporting Standards as disclosed in Note 2(b).
