

Community contribution survey.

Logan Community Financial Services Limited was set up to provide banking and community services for Logan that benefit the whole community. It is now a very exciting time for the Company, as we are about to start identifying the community groups and organisations that, with our assistance, can make a difference to the lives of Logan residents. Now we need your help. Please tell us what areas you would like to see your Company support, and note any particular needs that you feel are not being met within the community at present.

Bendigo Bank is committed to ensuring your privacy is protected and understands your concerns regarding the confidentiality and security of personal information you provide to us. Your feedback is completely anonymous and will be used to develop our community support strategies and policies.

Comments:

Should support be local or across the whole of Logan?

When deciding who to support, we need to decide if we will primarily support groups and events local to each branch, or if we will focus on groups and events that can benefit the whole of Logan, reaching residents who don't live near a branch. Please indicate your preference.

☐ Primarily local ☐ Primarily across the whole of Logan
