MANAGER'S REPORT

It is with much pleasure that I present the first Annual Report for The Metropolitan Collection – Brisbane Direct Property Investment (encompassing both the Syndicate and the Trust) being for the period ended June 30, 1999.

Although the Portfolio had been held for only three months (at the end of that financial year) there has been significant activity. The board of Property Funds Australia Limited (PFA) was pleased with the state of delivery of all properties at settlement. Two of the properties were either under construction or refurbishment at the time the Prospectus was issued. We believe the Portfolio will provide sound investment performance during the term of the Investment and as Manager are committed to maximising the performance of your investment.

Review of Acquisition

The purchase of the properties was completed within the prospectus timetable. All settlements were effected in April, 1999. Settlement of the Coorparoo property was 41 days ahead of schedule.

It was pleasing that total acquisition costs were over \$600,000 less than estimated in the prospectus. However, some post-settlement purchase price adjustments are expected as a consequence of the Queensland Department of Natural Resources issuing new unimproved valuations for the Coorparoo and Anzac Square properties. These adjustments are a consequence of the value of the relevant properties being increased due to an increase in net property income as a result of a reduction in rates and land tax related to unimproved valuations being less than anticipated.

Finance Facilities

Details of the finance facilities finalised were outlined in the May Investor Update. As stated in that Update, a saving of \$125,841 was generated for the Syndicate (as compared with Prospectus estimates) over the initial five year term of the loan facility. The average rate of interest on the initial acquisition loans is 6.66%.

Investment and Borrowing Policies of the Joint Investment

There have been no changes to the investment and borrowing policies outlined in the Prospectus.

Anzac Square Property

This property is essentially running to plan. We have been successful in an application to the Brisbane City Council to establish in an area that was originally dedicated for storage by the vendor to be now used for a retail purpose such as a coffee shop. With this approval in place we are now seeking tenants at a considerably higher rent than its value as storage thereby enhancing the value of the asset.

Coorparoo Property

The office component of this property is meeting the needs of the National Australia Bank well. The Vendor's marketing of the retail component of the property is also proceeding in accordance with the anticipated lease-up program. A distinct restaurant precinct is being established within this development with such uses as wood-fired

pizza and Italian, European style café, wine bar and Asian restaurant coming about as tenancies.

Proposals have been announced for significant residential unit/apartment and office developments in the immediate proximity of this property. These will further enhance the viability of the businesses in the Syndicate's property and continue the urban renewal of this Coorparoo inner-city district.

MacGregor Property

The construction of Building 1 is nearing completion. A leasing/marketing campaign is underway with discussions occurring with prospective tenants.

The Changing Environment

In the last 12 months there have been significant issues to be dealt with by the managed property investment sector. These have included Year 2000 compliance programs, the introduction of a goods and services tax (GST) and mooted changes to the manner in which income distributed by certain trusts are taxed. We continue to actively monitor and deal with each of these issues.

Year 2000

On certain changes of date, including from 1999 to 2000, there is a risk of disruption to, or failure of the computer systems affecting properties of the nature of those owned by the Syndicate. Various warranties and indemnities were obtained from the vendors of the Syndicate's properties in respect of Year 2000 compliance. The Year 2000 issue, however, is unique. There can be no assurance that the steps taken by any entity will successfully remove all of the risks associated with the transition to the Year 2000.

Managed Investments Act

This Act has had the effect outlined in Section 18.5 of the Prospectus. As required by this Act, Trust Company of Australia Limited gave notice on 30 June, 1999 of its intention to retire as Trustee. It is our current intention for Trust Company of Australia to have an ongoing role as the Custodian and that it will continue to hold title to the properties on behalf of Investors. The Manager now has been issued with a variation of its securities dealers licence by the Australian Securities and Investments Commission to enable it to be a responsible entity for fixed term property syndicates and trusts.

Before the end of the current financial year, it is proposed that (as required by the Act) the Syndicate Deed and the Trust Deed will be amended to become Constitutions and that the Manager will become the single responsible entity for the Syndicate and the Trust with Trust Company of Australia continuing as Custodian.

Whilst the above changes will require a certain amount of re-documentation, we do not believe that it will in any way change the commercial aspects of your Investment.

GST

Royal assent to the GST legislation was granted 8 July, 1999. The announcement of the regulations that will enable us to have a full understanding of the effect of the GST legislation are not expected to be made until mid-November, 1999. The Manager is currently reviewing the impact of the introduction of a GST on the Portfolio. We expect an interim report from the Syndicate's taxation and legal advisers to be available

by the next Investor Update although absolute certainty will not be possible until the regulations for that tax are known.

Tax Reform Proposals

At the time of the issue of this Report, the Federal Government had just released the final Ralph Committee report. This report is not law but a recommendation. The Government's initial and general attitude to that report has been made public by "press release". We expect any changes in the business tax regime will be more certain by the end of this year. The implications of that report are being considered by us and we expect to be able to report more fully to investors in the next Investor Update.

Financial Results

After accounting depreciation of \$800,809 and Division 10(D) deductions of \$35,054 the Syndicate recorded an accounting loss of \$342,647 and a tax loss of \$339,650.

In the case of the Trust, an accounting loss of \$158,283 and a tax loss of \$87,585 was recorded for the period.

Distributions – for the period ended June 30, 1999

The distribution for the period equated to a yield of 9.5% per annum on the capital subscribed by Investors. Distributions are made from the Investment's surplus cash flows (i.e. net profit after adding back depreciation for plant, equipment and buildings, and the amortisation of intangibles and other non-cash items). They are not related to the tax position.

Distribution Policies – for the year ending June 30, 2000

The board of Property Funds Australia has determined that distributions will continue at the prospectus forecast rate of 9.5% per annum.

State of Affairs

In the opinion of the Manager, there were no significant changes in the state of affairs of the Investment.

Principal Activities

The principal activity of the Syndicate is to invest in three properties being those properties described in the Prospectus. The principal activity of the Trust is to invest via the Syndicate into the same three properties. There has been no significant change in the nature of the activities of the Syndicate or the Trust during the year.

Environmental Regulation

Neither the Syndicate or the Trust are subject to any particular and significant environmental regulation under either Commonwealth or State legislation other than that any real property located in the state of Queensland would be subject to.

Events Subsequent to Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report, any item, transaction or event (other than as disclosed in this report) of a material or unusual nature likely, in the opinion of the Manager, to significantly affect the operations of the Syndicate or the Trust, the results of those operations or the state of affairs of the Syndicate or the Trust, in future financial years.

Indemnification and Insurance of Officers and Auditors

No insurance premiums are paid out of the assets of the Syndicate or the Trust in regards to insurance cover provided to the Manager, the Trustee or the Auditors of the Syndicate or the Trust. As long as the officers of the Manager act in accordance with the Syndicate and/or Trust Deed and the law, the Manager remains indemnified out of the assets of the relevant Investment against losses incurred while acting on behalf of the Syndicate/Trust. The auditors are in no way indemnified out of the assets of the Syndicate/Trust.

Conclusion

We trust that you are satisfied with the service you receive. Our investor relations staff regularly receive positive feedback about the quality of our investor communication service as recognised by the Public Relations Institute of Australia 1998 National Gold Award for excellence in investor relations and communication.

On behalf of Property Funds Australia Limited, I would like to thank each of you for your support of The Metropolitan Collection – Brisbane.

**NOTES TO AND FORMING PART OF THE ACCOUNTS
 FOR THE PERIOD ENDED JUNE 30, 1999**

NOTE 1: STATEMENT OF ACCOUNTING POLICIES

These financial accounts are a general purpose financial report that have been prepared in accordance with Accounting Standards and other mandatory professional reporting requirements (Urgent Issues Group Consensus Views). The financial accounts have also been prepared on the basis of historical costs and do not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

The following is a summary of the material policies adopted by the syndicate in the preparation of the financial accounts.

(a) Income & Expenditure

Property and other income and expenditure are accounted for on an accrual basis.

(b) Property, Plant and Equipment

Freehold land and buildings are brought to account at cost or at independent or Trustee's valuation.

The syndicate has not charged depreciation on buildings as the interest in land and buildings is held as an investment property.

The carrying amount of fixed assets is reviewed annually by the syndicate trustee to ensure it is not in excess of the recoverable amount of those assets. The recoverable amount is assessed on the basis of expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining the recoverable amounts.

Plant and equipment are depreciated on the diminishing value basis using the rates determined by Napier & Blakely Pty Ltd Depreciation Consultants in their report for income tax purposes.

(c) Capitalised Costs

Costs associated with the establishment of the Syndicate, issue of the Prospectus and the Borrowing Costs incurred in relation to the funding of the acquisition of the investment property have been capitalised. The costs are amortised over 5 years which is the estimated period of the investment in accordance with the Prospectus.

(d) Income Tax

The Syndicate itself is not subject to income tax as all the Investors are entitled to its taxable income/tax loss in any one tax year.

(e) Cash

For the purpose of the Statement of Cashflows, Cash includes Cash at Bank.

INDEPENDENT AUDIT REPORT
TO THE OWNERS OF
***The Metropolitan Collection* - BRISBANE SYNDICATE**

SCOPE

We have audited the Financial Statements of The Metropolitan Collection - Brisbane Syndicate for the financial year ended 30 June 1999 as set out on pages (1) to (13). The Trustee is responsible for the preparation and presentation of the financial statements and the information they contain. The Manager has prepared the financial statements from accounting records maintained by the Manager. We have conducted an independent audit of these financial statements in order to express an opinion on them to the owners.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial statements are free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Accounting Standards, other mandatory professional reporting requirements (Urgent Issues Group Consensus View), statutory requirements and the terms of the syndicate deed so as to present a view which is consistent with our understanding of The Metropolitan Collection - Brisbane Syndicate's financial position, the results of their operations and their cash flows.

The audit opinion expressed in this report has been formed on the above basis.

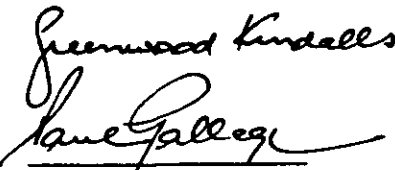

AUDIT OPINION

In our opinion, the Financial Statements of The Metropolitan Collection - Brisbane Syndicate are properly drawn up:

- (a) so as to give a true and fair view of:
 - (i) the state of affairs of The Metropolitan Collection - Brisbane Syndicate as at 30 June 1999 and their results and cash flows for the period ended on that date; and
 - (ii) the other matters required by the Corporations Law to be dealt with in the financial statements;
- (b) in accordance with the provisions of the Corporations Law;
- (c) in accordance with applicable Accounting Standards and other mandatory professional reporting requirements; and
- (d) in accordance with the terms of the Syndicate Deed.
