Notes

True and fair view If this statement does not give a true and fair view of a matter (for example, because compliance with an Accounting Standard is required) the entity must attach a note providing additional information and explanations to give a true and fair view.

Income tax If the amount provided for income tax in this statement differs (or would differ but for compensatory items) by more than 15% from the amount of income tax *prima facie* payable on the profit before tax, the entity must explain in a note the major items responsible for the difference and their amounts.

Additional information An entity may disclose additional information about any matter, and must do so if the information is material to an understanding of the financial statements. The information may be an expansion of the material contained in this statement, or contained in a note attached to the statement.

BSX additional information

Additional Information required by the Bendigo Stock Exchange Limited and not shown elsewhere in this report is as follows. The information is current as at 30 June 2011.

There are no material differences between the Annexure 3A and the information in the financial documents in the Annual Report.

(a) Distribution of equity securities

The number of shareholders, by size of holding, are:

Share Distribution Schedule	Holders	Shares Held	% L/C

No options over issued shares or interests in the Company were granted to Directors or Executives during or since the end of the financial year and there were no options outstanding at the date of this report.

The Directors and Executive do not own any options over issued shares or interests in the Company at the date of this report.

Indemnifying officers or auditor

Indemnities have been given, during and since the end of the financial year, for any persons who are or have been a Director or an officer, but not an auditor, of the Company. The insurance contract prohibits disclosure of any details of the cover.

Environmental issues

The Company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth, State or Territory.

Proceedings on behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceedings during the year.

Corporate governance

The Company has implemented various corporate governance practices, which include:

- a) Director approval of operating budgets and monitoring of progress against these budgets;
- b) Ongoing Director training; and
- c) Monthly Director meetings to discuss performance and strategic plans

The Company has not appointed a separate audit committee due to the size and nature of operations. The normal functions and responsibilities of an audit committee have been assumed by the Board.

Non-audit services

The Board is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied that the services disclosed below did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the Board prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided do not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

The following fees for non-audit services were paid/payable to the external auditors during the year ended 30 June 2011:

Taxation services:	\$5,900

Financial report for the year ended 30 June 2011

REMUNERATION REPORT

This report details the nature and amount of remuneration for each key management person of the Company, and for the Executives receiving the highest remuneration.

Remuneration of Directors

No income was paid or was payable or otherwise made available, to the Directors of the Company during the years ended 30 June 2011 and 30 June 2010.

Remuneration policy

The remuneration policy of the Company has been designed to align key management personnel objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the Company's financial results. The Board of the Company believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best key management personnel to run and manage the Company, as well as create goal congruence between Directors, Executives and shareholders.

The Board's policy for determining the nature and amount of remuneration for key management personnel of the Company is as follows:

- The remuneration policy, setting the terms and conditions for the key management personnel, was developed by the Board.
- All key management personnel receive a base salary (which is based on factors such as length of service and experience), and superannuation.
- The Board reviews key management personnel packages annually by reference to the Company's performance, Executive performance and comparable information from industry sectors.

The performance of key management personnel is measured against criteria agreed annually with each Executive and is based predominantly on the forecast growth of the Company's profits and shareholders' value. All bonuses and incentives must be linked to predetermined performance criteria. The Board may, however, exercise its discretion in relation to approving incentives and bonuses, which must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of Executives and reward them for performance that results in long-term growth in shareholder wealth.

The key management personnel receive a superannuation guarantee contribution required by the government, which is currently 9%, and do not receive any other retirement benefits. Some individuals may have chosen to sacrifice part of their salary to increase payments towards superannuation.

All remuneration paid to key management personnel is valued at the cost to the Company and expensed.

Performance-based remuneration

As part of each key management personnel's remuneration package there is a performance-based component, consisting of key performance indicators (KPIs). The intention of this program is to facilitate goal congruence between key management personnel with that of the business and shareholders. The KPIs are set annually, with a certain level of consultation with key management personnel to ensure buy-in. The measures are specifically tailored to the areas each key management personnel is involved in and has a level of control over. The KPIs target areas the Board believes hold greater potential for Company expansion and profit, covering financial and non-financial as well as short- and long-term goals. The level set for each KPI is based on budgeted figures for the Company and respective industry standards.

Performance in relation to the KPIs is assessed annually, with bonuses being awarded depending on the number and deemed difficulty of the KPIs achieved. Following the assessment, the KPIs are reviewed by the remuneration committee in light of the desired and actual outcomes, and their efficiency is assessed in relation to the Company's goals and shareholder wealth, before the KPIs are set for the following year.

In determining whether or not a KPI has been achieved, the Company bases the assessment on audited figures.

Company performance, shareholder wealth and executive remuneration

The remuneration policy has been tailored to increase goal congruence between shareholders and Executives.

ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED

ABN 69 102 349 655

Financial report for the year ended 30 June 2011

The method applied in achieving this aim is a performance based bonus based on KPIs. The Company believes this policy to have been effective in increasing shareholder wealth over the past years.

Key management personnel remuneration policy

The remuneration structure for key management personnel is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the company. The contracts for service between the company and key management personnel are on a continuing basis, the terms of which are not expected to change in the immediate future. Upon retirement key management personnel are paid employee benefit entitlements accrued to date of retirement.

The employment conditions of the key management personnel are formalised in contracts of employment. All Executives are permanent employees of the Company.

The employment contracts stipulate a resignation periods. The Company may terminate an employment contract without cause by providing appropriate written notice or making payment in lieu of notice, based on the individual's annual salary component together with a redundancy payment. Termination payments are generally not payable on resignation or dismissal for serious misconduct. In the instance of serious misconduct the Company can terminate employment at any time.

Performance income as a proportion of total remuneration

Executives are paid performance based bonuses based on set monetary figures, rather than proportions of their salary. This has led to the proportions of remuneration related to performance varying between individuals. The Board has set these bonuses to encourage achievement of specific goals that have been given a high level of importance in relation to the future growth and profitability of the Company.

The Board will review the performance bonuses to gauge their effectiveness against achievement of the set goals, and adjust future years' incentives as they see fit to ensure use of the most cost effective and efficient methods.

ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED

ABN 69 102 349 655

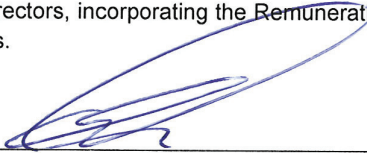

Financial report for the year ended 30 June 2011

The accompanying notes form part of these financial statements

1. Statement of significant accounting policies

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The financial report covers the Company as an individual entity. The Company is a public company, incorporated and domiciled in Australia.

Australian Accounting Standards set out accounting policies that the Australian Accounting Standards Board (AASB) has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs modified where applicable by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The financial statements were authorised for issue on 8 September 2011 by the Directors of the Company.

(a) Income tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Current tax assets and liabilities are offset where a legally enforceable right of set off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

NOTES TO THE FINANCIAL STATEMENTS

Financial report for the year ended 30 June 2011

(b) Plant and equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial year in which they are incurred.

Depreciation

The depreciable amount of all fixed assets, is depreciated on a straight line basis over their useful lives to the economic entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

<i>Class of Fixed Asset</i>	<i>Depreciation Rate</i>
Plant and equipment	20% - 40%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

(c) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to entities in the Company are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the year.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

NOTES TO THE FINANCIAL STATEMENTS

Financial report for the year ended 30 June 2011

(d) Financial instruments

Recognition and Initial Measurement

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the Company becomes a party to the contractual provisions of the instrument. Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the Company no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Classification and Subsequent Measurement

i. Financial assets at fair value through profit or loss

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Realised and unrealised gains and losses arising from changes in fair value are included in profit or loss in the period in which they arise.

ii. Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method.

iii. Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost using the effective interest rate method.

iv. Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either designated as such or that are not classified in any of the other categories. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

v. Financial Liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

Derivative instruments

Derivative instruments are measured at fair value. Gains and losses arising from changes in fair value

ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED

ABN 69 102 349 655

NOTES TO THE FINANCIAL STATEMENTS

Financial report for the year ended 30 June 2011

are taken to the Statement of Comprehensive Income unless they are designated as hedges.

The Company does not hold any derivative instruments.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the Company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

Financial Guarantees

Where material, financial guarantees issued, which require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due, are recognised as a financial liability at fair value on initial recognition. The guarantee is subsequently measured at the higher of the best estimate of the obligation and the amount initially recognised less, when appropriate, cumulative amortisation in accordance with AASB 118: Revenue. Where the Company gives guarantees in exchange for a fee, revenue is recognised under AASB 118.

The Company has not issued any financial guarantees.

(e) Impairment of assets

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Comprehensive Income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs

(f) Intangibles

Franchise fee

The franchise fee paid by the Company pursuant to a Franchise Agreement with Bendigo Bank is being amortised over the initial five (5) years period of the agreement, being the period of expected economic benefits of the franchise fee.

(g) Employee benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(h) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(i) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial

position.

(j) Revenue and other income

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

(k) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use of sale.

All other borrowing costs are recognised in income in the period in which they are incurred.

(l) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(m) Comparative figures

When required by Australian Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(n) Critical accounting estimates and judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Key estimates — Impairment

The Company assesses impairment at each reporting date by evaluating conditions specific to the Company that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

No impairment has been recognised in respect of intangibles for the year ended 30 June 2011. Should the projected turnover figures be materially outside of budgeted figures incorporated in value-in-use calculations, an impairment loss would be recognised up to the maximum carrying value of intangibles at 30 June 2011 amounting to \$80,005.

(o) New Accounting Standards for Application in Future Periods

At the date of this financial report the following standards, which may impact the entity in the period of initial application, have been issued but are not yet effective:

Reference	Title	Summary	Application date (financial years beginning)	Expected Impact
AASB 9	<i>Financial Instruments</i>	Replaces the requirements of AASB 139 for the classification and measurement of financial assets. This is the result of the first part of Phase 1 of the IASB's project to replace IAS 39.	1 January 2013	No expected impact on the entity.
AASB 124	<i>Related Party Disclosures</i>	Revised standard. The definition of a related party is simplified to clarify its intended meaning and eliminate inconsistencies from the application of the definition.	1 January 2011	Disclosure Only.

The Company has decided against early adoption of these standards.

Income tax attributable to the Company	<u>(4,754)</u>	<u>(4,081)</u>

At reporting date, the Company had tax losses of \$234,184 (2010: \$108,352) which are available to offset future years' taxable income.

The future income tax benefit of these tax losses is \$70,255 (2010: \$32,506). This benefit has not been recognised as an asset in the statement of financial position as there is not a high probability of its realisation. The benefits will only be obtained if:

- the Company derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the loss to be realised;
- the Company continues to comply with the conditions for deductibility imposed by the law; and
- no changes in tax legislation adversely affect the Company in realising the benefit from the deductions for the losses.

NOTES TO THE FINANCIAL STATEMENTS

Financial report for the year ended 30 June 2011

19. Financial risk management

The Company's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable, loans, bills and leases.

The directors' overall risk management strategy seeks to assist the Company in meeting its financial targets, whilst minimising potential adverse effects on financial performance.

a. Financial risk management policies

Risk management policies are approved and reviewed by the Board of Directors on a regular basis. These include the credit risk policies and future cash flow requirements.

The main purpose of non-derivative financial instruments is to raise finance for Company operations.

The Company does not have any derivative instruments at 30 June 2011.

b. Financial risk exposures and management

The main risks the Company is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

i. Interest rate risk

Interest rate risk is managed with a mixture of fixed and floating rate debt.

ii. Foreign currency risk

The company is not exposed to fluctuations in foreign currencies.

iii. Liquidity risk

The Company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

iv. Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at reporting date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements.

There are no material amounts of collateral held as security at 30 June 2011.

The Company does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the Company.

Credit risk is managed reviewed regularly by the Board of Directors. It arises from exposures to customers as well as through deposits with financial institutions.

The Board of Directors monitors credit risk by actively assessing the rating quality and liquidity of counter parties:

- all potential customers are rated for credit worthiness taking into account their size, market position and financial standing; and
- customers that do not meet the company's strict credit policies may only purchase in cash or using recognised credit cards.

The trade receivables balances at 30 June 2011 and 30 June 2010 do not include any counterparties with external credit ratings. Customers are assessed for credit worthiness using the criteria detailed above.

d. Net Fair Values

The net fair values of investments have been valued at the quoted market bid price at reporting date adjusted for transaction costs expected to be incurred. For other assets and other liabilities the net fair value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets in standardised form other than investments. Financial assets where the carrying amount exceeds net fair values have not been written down as the Company intends to hold these assets to maturity.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

Fair values are materially in line with carrying values.

e. Sensitivity Analysis

i. Interest Rate Risk

The Company has performed a sensitivity analysis relating to its exposure to interest rate risk at reporting date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

ii. Interest Rate Sensitivity Analysis

At The reporting date, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant would be as follows:

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED

Report on the Financial Report

We have audited the accompanying financial report of Rockingham Community Financial Services Limited ("the company"), which comprises the statement of financial position as at 30 June 2011, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Rockingham Community Financial Services Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion:

- (a) the financial report of Rockingham Community Financial Services Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 1.

Report on the Remuneration Report

We have audited the Remuneration Report contained within the directors' report for the year ended 30 June 2011. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion the Remuneration Report of Rockingham Community Financial Services Limited for the year ended 30 June 2011 complies with section 300A of the *Corporations Act 2001*.
