### 3. Bendigo Bank Franchise

---

#### 3.1 Bendigo Bank

Bendigo Bank had its origins on the Bendigo goldfield in 1858 when the settlement comprised thousands of makeshift tents and humpies clustered along the gold bearing gullies. Disturbed by the temporary and unsightly nature of these dwellings, a group of prominent citizens banded together to foster a sense of civic pride by providing finance for miners wishing to own their own homes. Thus was born the Bendigo Land and Building Society, which immediately began financing humble miners' cottages, some of which remain in the city today.

Within 30 years, Bendigo had established itself as one of the most gracious Victorian era cities in the world, its grand public buildings a monument to the vast riches produced by the deep reef miners.

As Bendigo prospered, so did its building society, which rapidly established a reputation for prudent financial management and ethical dealing. While other societies came and went, the Bendigo Land and Building Society grew steadily, declaring a profit in each year of its operation, even through the crises of the 1890s and 1930s Depressions.

Bendigo Bank converted to a bank on 1 July, 1995, at which time it was Australia's oldest and Victoria's largest building society.

The past 20 years have seen Bendigo Land and Building Society, now Bendigo Bank, grow quickly and in the process merge with a number of other firms and building societies: the Bendigo and Eaglehawk Star (1978), Sandhurst (1983), Sunraysia (1985), Capital (1992) and Compass (1992), trustee company Sandhurst Trustees (1991), mortgage securitisation firm National Mortgage Market Corporation (1995) and Monte Paschi Australia Limited (1997). Sandhurst Trustees, National Mortgage Market Corporation and Monte Paschi (now Cassa Commerciale) are wholly-owned subsidiaries of Bendigo Bank. Bendigo Bank also operates a joint venture, with Elders Limited, called Elders Rural Bank. This joint venture is aimed at bringing banking services to farmers

throughout Australia. In October 2000, Bendigo Bank acquired the Queensland-based First Australian Building Society.

The Bendigo Group now operates (itself and through franchises) approximately 272 branches and has assets of around \$10 billion. It is listed on the Australian Stock Exchange and is the only Australian bank with headquarters outside a capital city. Through Bendigo Bank and its subsidiary companies, the Bendigo Group provides a wide range of products including commercial mortgages and unsecured loans, investment products insurance and superannuation.

### **3.2 Community Banking™ Project**

Bendigo Bank developed its Community Bank® project in response to the continuing closure of bank branches across Australia, and the subsequent effects on disenfranchised communities.

Community Bank® is a means by which communities with the will and enthusiasm can enhance their future prospects by securing a conduit to the finance system.

The aims of the Community Bank® project are threefold:

- to secure branch banking services for participating communities;
- to help these communities better manage locally-generated capital, and so provide them with a better return on their capital; and
- to enable participating communities to share in revenues generated from their Community Banking™ enterprise.

Community Bank® draws on the greatest strength communities possess – their parochialism.

Through the potential to share in branch revenues, communities have the opportunity to generate profits which can be returned to support and develop the community via dividends to participating shareholders and through projects identified and agreed to by the community.

The Community Bank® project does this by providing communities with the opportunity to manage a community-owned branch of Bendigo Bank. It supposes that ownership of this management right provides local residents and businesses with a powerful incentive to conduct their financial affairs through their own local bank branch, thereby maximising revenue potential for the local enterprise.

Each branch operates as a franchise of Bendigo Bank, using the name, logo and system of operations of Bendigo Bank. The franchisees manage the Community Bank® Branches on behalf of Bendigo Bank, however all transactions with customers conducted through the Community Bank® Branches are effectively conducted between the customers and Bendigo Bank.

To date, Bendigo Bank has granted 134 franchises to Community Bank® Branches, located in places such as Avoca, Bayswater, Bellarine Peninsula, Carrum Downs, Coleambally, East Gosford, East Malvern, Elwood, Goomalling, Henty, Kulin, Laverton, Maldon, Minyip and Rupanyup (combined franchise), Nathalia, Neerim South, Parkdale, Tambellup and Cranbrook (combined

franchise), Toodyay, Toora, Upwey, Virginia, Warburton and Wentworth. Bendigo Bank has also granted a number of commercial franchises.

### 3.3 Community Interest (Our Beginnings)

A significant amount of work and public consultation was undertaken in relation to the feasibility of establishing the Rockingham Community Bank<sup>®</sup> Branch of Bendigo Bank.

Following initial community interest in 2001, an original community company entered into arrangements with members of the Bendigo Group pursuant to which it acquired rights to manage a Community Bank<sup>®</sup> Branch of Bendigo Bank at Rockingham. On 20 June 2003, the Rockingham Community Bank<sup>®</sup> Branch of Bendigo Bank was opened.

#### Regulation of Franchising

The relationship between Bendigo Bank and the Company as franchisor and franchisee is governed by the Franchising Code of Conduct (**Franchising Code**).

The Franchising Code is a mandatory industry code of conduct for the purposes of Section 51ACA of the *Trade Practices Act 1974 (Cth)* (**TPA**). Section 51AD of the TPA makes a contravention of the Franchising Code a contravention of Part IVB of the TPA.

The Franchising Code requires a franchisor to provide a prospective franchisee with a disclosure document, to enable the prospective franchisee to make a reasonably informed decision about entering into the franchise. The Franchising Code prescribes the information that must be included in the disclosure document. Such a disclosure document was provided by Bendigo Bank to the Company.

The Franchising Code requires that, prior to entering into a franchise agreement with the Company, Bendigo Bank must have obtained from the Company a statement that the Company has received, read and had a reasonable opportunity to understand the Disclosure Document and the Franchising Code and statements as to whether the Company has obtained independent legal, accounting and business advice. The relevant statements were provided to Bendigo Bank by the Company, before the Franchise Agreement was entered into.

#### Franchise Arrangements

As noted, the Company has entered into a Franchise Agreement with Bendigo Bank that governs the management and operation by the Company of the Rockingham Community Bank<sup>®</sup> Branch of Bendigo Bank.

The key features of the Franchise Agreement between the Company and Bendigo Bank are described below and in Section 6 of this Information Memorandum.

### 3.4 Activities of Company

#### Branch

The Company operates the Rockingham Community Bank® Branch at Shop 1, 1 – 3 Kent Street, Rockingham, WA 6168.

Rockingham Community Bank® Branch is open from 9am – 5pm Monday to Friday, and from 9am – 12 noon on Saturdays.

#### Manager and Employees

The Company employs a Branch Manager and 4 other staff. Each of these staff members has received Bendigo Bank training.

#### Products and Services

The Company provides a core range of products and services at the Branch, as determined by Bendigo Bank from time to time.

The products and services include the following:

- *deposit business*, for example, ultimate accounts, term deposits, "Money Extra", classic accounts, investment accounts and specialised rural accounts;
- *personal bank products and services*, for example, credit and debit cards, insurance and financial planning;
- *loans and lending products*, for example, home loans, investment loans, home equity loans, leasing, commercial loans, farm loans and personal loans;
- *investment products*, such as superannuation, Sandhurst Select products and common fund and tax-based savings products; and
- *cash and cheque facilities*, delivered through electronic means and ATM services.

All deposits are made with Bendigo Bank, and all personal and investment products are products of Bendigo Bank, with the Company facilitating the provision of those products.

All loans, leases or hire purchase transactions, issues of new credit or debit cards, temporary or bridging finance and any other transaction that involves creating a new debt, or increasing or changing the terms of an existing debt owed to Bendigo Bank, must be approved by Bendigo Bank. All credit transactions are made with Bendigo Bank, and all credit products are products of Bendigo Bank.

The products and services available to be offered through the Rockingham Community Bank® Branch by the Company are not necessarily the same and may not be the same as those offered by other Bendigo Bank branches or franchises. However, the Company endeavours to ensure that the products and services offered will be appropriate for the requirements of its customers.

The Franchise Agreement provides for three types of revenue that may be earned by the Company.

First, the Company is entitled to 50% of the monthly gross margin earned by Bendigo Bank on products and services provided through the Company that are regarded as "day to day" banking business (ie 'margin business'). This arrangement also means that if the gross margin reflects a loss (that is, the gross margin is a negative amount), the Company effectively incurs 50% of that loss.

The second source of revenue for the Company is commission paid by Bendigo Bank on the other products and services provided through the Company (ie 'commission business').

The third source of revenue is that the Company may be entitled to a proportion of the fees and charges (that is, what are commonly referred to as 'bank fees and charges') charged to customers. This proportion (if any) is determined by Bendigo Bank, may vary between products and services and may be amended by Bendigo Bank from time to time.

### **3.5 Benefits of Franchise Arrangements**

#### Name, Logo and Systems

As part of the franchise arrangements with Bendigo Bank, Bendigo Bank grants the Company the right to use its name, logo and system of operations and other relevant intellectual property rights including the trademarks "Community Bank" and "Community Banking" for the purpose of managing the Community Bank<sup>®</sup> Branch of Bendigo Bank. To the extent that it is able, Bendigo Bank also gives the Company reasonable access to all information and technology created or obtained by Bendigo Bank in connection with other franchises.

The Company has the benefit of all general advertising and promotions undertaken by Bendigo Bank, in addition to the local promotional activities undertaken by the Company itself (in accordance with the controls set out in the Franchise Agreement).

#### Assistance and Advice

Bendigo Bank provided significant assistance to the Company in establishing and maintaining the Community Bank<sup>®</sup> Branch. Bendigo Bank will continue to provide ongoing management operation and support, and other assistance and guidance in relation to all aspects of these Branches, including advice in relation to:

- methods and procedures for the sale of products and provision of services;
- security and cash logistic controls;
- the formulation and implementation of advertising and promotional programs; and
- sales techniques and proper customer relations.

#### Non-exclusive Franchise

The franchise granted under the Franchise Agreement is a non-exclusive franchise. That is, any member of the Bendigo Group is able to carry on any business (including the granting of franchises) anywhere. Further, Bendigo Bank

(for example, through branches), any related body corporate of Bendigo Bank and any Bendigo Bank franchise are entitled to be located anywhere and to market to, or deal with, persons located anywhere.

Similarly, although the Community Bank Branch<sup>®</sup> can only be carried on by the Company from a location or locations approved by Bendigo Bank, the Company is entitled to market to, or deal with, persons located anywhere.

### **3.6 Duration of Franchise**

Bendigo Bank granted the Company the franchise in respect of the Rockingham Community Bank<sup>®</sup> Branch. Of the initial term of 5 years, 43 months remain in relation to the Rockingham Community Bank<sup>®</sup> Branch. Pursuant to the Franchise Agreement, the Company may seek to extend the term of each franchise for (in total) two additional five year terms. A request to extend the term of a franchise must be made between 3 and 6 months prior to the end of the then existing term.

Bendigo Bank must agree to extend the term provided that the Company:

- is not in breach of the Franchise Agreement;
- secures continued rights to possession and use of each location from which the Branch is being conducted for the renewal period, and refurbishes each such location to the then current standards of Bendigo Bank franchises;
- provides the relevant statement required under the Franchising Code; and
- pays the Renewal Fee under the Franchise Agreement and Bendigo Bank's costs of renewing the Franchise Agreement.

Bendigo Bank has the ability to assign or novate its rights and obligations under the Franchise Agreement at any time. However, Bendigo Bank must not assign its obligations (without the consent of the Franchisee) unless the proposed assignee is either a related body corporate of Bendigo Bank, a person whose business includes the provision of financial services (and it is reasonable to expect that the person will be able to comply with its obligations under the Franchise Agreement) or a person who has entered into arrangements with Bendigo Bank and/or any of the foregoing, so as to enable that person to comply with its obligations under the Franchise Agreement. In any event, any assignee would have to continue to perform Bendigo Bank's obligations under the Agreement.

The Company may only dispose (in any way) of, or otherwise effect or permit a change of control or ownership of, the franchise, the Company or the Company's interest in the franchise, the Franchise Agreement, a franchise or the branch location with the prior written consent of Bendigo Bank and with the payment of a Transfer Fee to Bendigo Bank.

Bendigo Bank also has a pre-emptive right over the sale, transfer or disposal of the Company's interest in the franchise, or a Branch location.

The consequences of the termination of the franchise are discussed in Section 5.2 below.

### **3.7 Restrictions on Operations**

#### Sole Purpose Company

The Franchise Agreement provides that, subject to the ability to provide ancillary services (see below), the Company must not carry on any business other than managing and operating the Rockingham Community Bank<sup>®</sup> Branch of Bendigo Bank and it must not own or use any assets, or incur any liabilities, other than those directly associated with the franchise operation.

#### Competition Restrictions

The Company is also subject to covenants that restrict its activities both during the term of the franchise, and for a further three years after the franchise has terminated.

Pursuant to these covenants (contained in the Franchise Agreement), the Company must not (except in managing and operating the Community Bank<sup>®</sup> Branch under the Franchise Agreement):

- have any interest in an entity carrying on business that is substantially the same as that conducted by Bendigo Bank through its franchises, or is in competition with Bendigo Bank in relation to that business;
- seek to attract any customers or employees from Bendigo Bank or any of its franchisees; or
- otherwise interfere with the business being conducted by Bendigo Bank.

Similar restrictions apply to the Directors of the Company.

#### Bendigo Bank Involvement

Bendigo Bank retains a tight control over the day to day operations of the Company, including the provision by the Company to Bendigo Bank of regular and detailed reports. Bendigo Bank also has the right to inspect or audit the franchise records.

In particular, as noted above, the products and services supplied through the Company are determined by Bendigo Bank. As described in Section 3.4 above, all credit transactions must be approved by Bendigo Bank.

Further, the Company must only use Bendigo Bank's intellectual property (including its trademarks) licensed to the Company under the Franchise Agreement in accordance with the guidelines provided by Bendigo Bank.

### **3.8 The Company's Board of Directors**

The management and control of the business and affairs of the Company is the responsibility of the Board of Directors. Under the terms of the Constitution, one third of the Directors (other than an 'exempt' Managing Director – if any) are required to retire at each annual general meeting (other than the Company's first annual general meeting). A retiring Director is eligible for re-election.

## **4. Financial information**

---

The Accounts attached to this Information Memorandum are an extract of the Company's audited financial reports for the [year ended 30 June 2004](#). This historical financial information is included for information purposes only. Past performance is not an indicator of future performance. No assurance or representation is given in relation to the future performance of the Company.

## **5. Risk factors**

---

### **5.1 Introduction**

There are a number of factors which might have a significant impact on the future performance of the Company. An investment in the Company is not guaranteed by Bendigo Bank.

Particular investment risks arise due to the specific purpose for which the Company was established, that is, to manage a Community Bank® Branch of Bendigo Bank pursuant to a Franchise Agreement with Bendigo Bank.

An investment in the Company is also affected by the business risks to which the Company will be subject, which may affect the success of the Company and, accordingly, its ability to pay dividends and its ongoing operation.

The following Sections highlight some of the key risks associated with an investment in the Company. There may also be other risks.

### **5.2 Investment Risk**

#### Dividends

The Directors intend that any profits of the Company will, as a general rule, be applied at the discretion of the Directors in one or more of the following ways:

- in payment of dividends to shareholders (subject to the limit described below);
- towards community or charitable projects as determined by the Directors from time to time; or
- as working capital.

The timing and payment of dividends is dependent on many factors, which affect future profits and the financial position of the Company. Dividends will be determined by the Directors according to actual results, financial position, capital requirements, operating costs and economic conditions at the time. There will also be an assessment by the Directors of the needs of any worthwhile community or charitable projects. Further, in recognition of the aims of the Company to deliver social and economic benefits to the community (in addition to, if possible, a return to shareholders), the Company has agreed that in any 12 month period, the aggregate of the profits or funds of the Company distributed to shareholders (whether by way of dividends, bonus shares or otherwise) must

not, except in the case of a winding up, exceed the Distribution Limit. The Distribution Limit is the greater of:

- (a) 20% of the profit or funds of the Company otherwise available for distribution to shareholders in that 12 month period; and
- (b) subject to the availability of distributable profits, the Relevant Rate of Return multiplied by the average level of share capital over that 12 month period (as determined by Bendigo Bank in consultation with the Company). The Relevant Rate of Return is equal to the weighted average interest rate on 90 day bank bills over that 12 month period (as determined by Bendigo Bank) plus 5%.

Of course, the actual amounts distributed to shareholders may be less than the Distribution Limit.

To date, the company has not paid a dividend.

Past performance is not an indicator of future performance. There is no guarantee that any dividends will be paid in the future.

#### Trading in Shares

The Company was established to provide community members with the opportunity to contribute to the establishment and ongoing operations of a Community Bank<sup>®</sup> Branch of Bendigo Bank. The community nature of the Company is reflected in the provisions of its Constitution relating to voting rights and limits on shareholding interests (see Sections 7.1 to 7.3 below).

Because of the community based nature of the Company, it is not envisaged that there will be significant trade in shares in the Company. Accordingly, there may be limited opportunities for members to recoup their investment in the Company by disposing of their Shares.

In particular, while the Directors intend to apply for listing, and quotation of the Shares, on the Bendigo Stock Exchange, granting of these applications (and of the waivers and confirmations required by the Company, as discussed in Section 7.7 below) is at the discretion of the Bendigo Stock Exchange. They may either not be granted at all or alternatively may be granted subject to conditions that are not satisfactory to the Company. In either case, listing and quotation may not proceed. Further, as listing and quotation impose additional obligations and costs on the Company, it is possible that in the future, the Directors will form the view that listing and quotation is no longer in the best interests of the Company.

Even if listing and quotation occur, it is not anticipated that an active market for trading of the Shares will develop. If the market for the Shares is not liquid, it is possible that the market price of the Shares may not reflect the true underlying value of the Company.

Further, the market price of the Shares will fluctuate due to various factors, including general movements in the Australian equity market (which, in turn, is influenced by the international equity markets), investor perceptions, local and

worldwide economic conditions, movements in interest rates and specific factors affecting the performance and financial position of the Company and its business.

In addition, in the case of many companies listed on a stock market, it is possible that their share price may include a “control premium” to reflect the fact that a person may wish to acquire sufficient shares in the company to gain control of the company and, to do so, the acquirer would need to pay a premium above the underlying share price. It is unlikely that such a premium will be present in the case of the Shares (or will be paid by an acquirer), given the restrictions on share ownership in the Constitution and the fact that a change of control of the Company may trigger a termination of the Franchise Agreement.

It is possible that the market price of the Shares may be lower than the issue price under the Offer or otherwise may not reflect the true underlying value of the Company or its performance. Whilst this risk applies to all investments in any securities on any stock market, it applies particularly so here given the community nature of the Company (for example, the restriction on dividend payments), the limitations on share ownership, the restrictions on the business activities of the Company and the likelihood of an illiquid market.

#### Termination of Franchise

The Franchise Agreement provides for a maximum possible term for each franchise of 15 years (see Section 3.6 above), after which the continued operation of each Community Bank<sup>®</sup> Branch will be subject to further negotiations with Bendigo Bank. Bendigo Bank also has broad rights to terminate the Franchise Agreement or a franchise (see Section 6 below), in particular, if a Community Bank<sup>®</sup> Branch is not profitable. If the Franchise Agreement itself is terminated, the franchise would also terminate.

The Company is not entitled to any payment upon termination of the Franchise Agreement or of any franchise, though it would be entitled to the net proceeds of the sale or transfer of a franchise if, at its discretion, Bendigo Bank proceeded with such a sale or transfer after termination (see Section 6 below).

There are no restrictions on where Bendigo Bank (or any of its related bodies corporate or other Bendigo Bank franchisees) may carry on business or be located (either before, during or after the term of the Franchise Agreement – see Section 3.7 above).

On the expiration or earlier termination of the Franchise Agreement, the Company is prohibited from carrying on a substantially similar business for three years.

There are also restrictions on the ability of the Company to dispose of its rights in the franchise, the Franchise Agreement or a branch location (see Section 3.6 above).

### **5.3 Business Risks**

#### Sole Purpose Company

The Company is essentially a sole purpose company.

Subject to the ability to provide ancillary services that have been approved by Bendigo Bank, the Company's only business is managing a Community Bank<sup>®</sup> Branch of Bendigo Bank.

#### Level of Banking Business

Although all transactions conducted through the Branch are conducted with Bendigo Bank, the effect of the gross margin sharing arrangement (as described in Section 3.4) is that the Company bears the risk of generating sufficient income from the banking business to derive a profit.

The ability of the Company to generate new business is subject to factors beyond the control of the Company.

The level of banking business conducted through the Rockingham Community Bank<sup>®</sup> Branch is affected by general economic conditions, in particular, the effect of interest rate movements on the interest rates offered by Bendigo Bank.

As part of the Community Bank<sup>®</sup> concept, the Rockingham Community Bank<sup>®</sup> Branch was established, in part, given the level of banking facilities then available. It should be recognised that the Company faces competition from other financial service providers (including, possibly, other branches and franchises of Bendigo Bank) whether located in Rockingham or in nearby communities or that are able to deliver such services remotely (for example, through the internet or over the phone). It is also possible that, in the future, other financial service outlets could seek to open in Rockingham.

#### Branch Operations

Like any small business, the Branch Manager and employees have a key role in the success of the Community Bank<sup>®</sup> Branch. The Manager and employees are responsible for promoting the Branch, and providing a level of service and support that will engender ongoing relationships with customers. The ability of the Manager to communicate effectively with representatives of Bendigo Bank, and represent the interests of the Branch, is critical to the smooth operation of the Branch.

Although all deposits made through the Rockingham Community Bank<sup>®</sup> Branch are transferred to Bendigo Bank, the Company bears the risk of implementing procedures for handling and transferring such deposits.

### **5.4 Relationship with Bendigo Bank**

#### Success of Bendigo Bank

The Rockingham Community Bank<sup>®</sup> Branch operates under the Bendigo Bank name and (subject to any ancillary services that may be approved by Bendigo Bank) only provide Bendigo Bank products and services.

Accordingly, the success of the Company is, to a significant degree, dependent on the standing and success of Bendigo Bank.

The products and services provided through the Company, and the income that Bendigo Bank (and, accordingly, the Company) is able to earn on those products

and services, will be subject to the competitive pressures facing Bendigo Bank generally and the impact of economic conditions and other factors on the business of Bendigo Bank.

#### Approvals

As described in Section 3.7 above, many of the Company's business decisions (including the products and services made available, the annual budgets and the credit business generated through the branch) are subject to the approval of Bendigo Bank.

It is clear that the Company and Bendigo Bank have a common interest in the success of the Company. However, as noted above, communication between the Company and Bendigo Bank will be critical to ensuring that Bendigo Bank understands the particular requirements of each Community Bank<sup>®</sup> Branch and decisions in respect of the branch operations are made accordingly.

#### Bendigo Bank Claims

Pursuant to a broad indemnity in the Franchise Agreement, the Company is responsible for certain claims made against Bendigo Bank in connection with the operation of the Community Bank<sup>®</sup> Branch (see Section 6).

### **5.5 Other Factors**

#### Regulatory Environment

Although the Company does not carry on banking business, by managing a Community Bank<sup>®</sup> Branch of Bendigo Bank it effectively is subject to the regulatory environment in which Bendigo Bank operates. In particular, decisions of APRA that affect Bendigo Bank may also have an impact on the business conducted by the Company.

#### Economic Conditions

As noted above, the Company's business will be affected by changes in economic conditions both directly and indirectly through the effect such changes may have on Bendigo Bank. Relevant factors include market growth, inflation, movements in interest rates and exchange rates and the level of loan defaults.

#### Government Policies and Legislation

The Company's business may be affected by changes to government policies, including those relating to prudential supervision, taxation and regulation of financial services industries. Again, such changes may affect the Company directly or indirectly as a result of their impact on Bendigo Bank.

## **6. Franchise Agreement**

The Franchise Agreement establishes the relationship between the Company and Bendigo Bank, and sets out the parameters within which the Company must operate. The Franchise Agreement defines the business conducted by the Company and, accordingly, is critical to an assessment of the Company.

The provisions of the Franchise Agreement have been described in detail in Sections 3 and 5 of this Prospectus.

The following is a brief summary of the key provisions of the Franchise Agreement.

#### Grant of Rights

Bendigo Bank grants the Company the right to use Bendigo Bank's system of operations and certain intellectual property rights to manage and operate the Rockingham Community Bank<sup>®</sup> Branch.

#### Term

The initial term of the Franchise in respect of the Rockingham Community Bank<sup>®</sup> Branch is five years (see Section 3.6). In respect of each Franchise, provided certain conditions are met at the end of each five year term, at the request of the Company, Bendigo Bank will extend the term of the Franchise for a maximum of two further five year terms (see Section 3.6).

#### Branch Operations

There are strict controls on the Company in relation to the operations of the Community Bank<sup>®</sup> Branch. In particular, the Company must only offer the products and services specified by Bendigo Bank, it must comply with Bendigo Bank's promotions, it (and its staff) must comply with the operating manuals supplied by Bendigo Bank, it must seek the prior approval of Bendigo Bank to its promotional activities and material, public communications, signs and stationery, and there are tight controls over the use of Bendigo Bank's intellectual property.

#### Payments/Receipts

The Company is responsible for all ongoing costs in relation to the Branch and the Branch location (including, for example, all staff costs, rent, outgoings and insurance).

For each Franchise, or each additional five year period, the Company must pay a Renewal Fee, the reasonable costs of training to be provided by Bendigo Bank to the Company's employees and the costs of Bendigo Bank of renewing the Franchise (including legal fees).

The revenue the Company is entitled to receive is described in Section 3.4 above.

You should refer also to Section 5.2 of this Information Memorandum or a description of the limit, contained in the Franchise Agreement, on distributions by the Company to its shareholders.

#### Indemnity

The Company indemnifies Bendigo Bank against all third party claims that may be brought against Bendigo Bank in connection with the conduct of the franchise or the franchise operations (ie the management of the Community Bank<sup>®</sup> Branch), the activities of the Company or its employees at or near the Community Bank<sup>®</sup> Branch premises and any other unauthorised act, default, dishonesty,

negligent act or omission or fraudulent conduct of the Company or any of its officers, employees or agents.

Bendigo Bank indemnifies the Company against all third party claims that may be brought against the Company to the extent that such claims result from a misleading or deceptive statement in, or a misleading or deceptive omission from, the products or services specified by Bendigo Bank to be offered to customers, certain actions by employees of Bendigo Bank or any related promotional materials or manuals supplied by Bendigo Bank. Other potential liability on Bendigo Bank is, to the extent permitted, excluded.

#### Termination

Bendigo Bank may terminate the Franchise Agreement in various circumstances, including if:

- the Company breaches the Franchise Agreement;
- the Company engages in fraudulent or dangerous conduct, becomes insolvent or fails to pay its debts on time;
- the Company is convicted of a “serious offence” (as defined under the Franchising Code) or, without limiting the foregoing, the Company or any member of Staff, is convicted of an offence where, in the reasonable opinion of Bendigo Bank, that conviction materially and adversely affects Bendigo Bank and/or the name, goodwill or good reputation of the franchise, Bendigo Bank’s system of operations or other Bendigo Bank franchises;
- the Company carries on the franchise in a manner that harms or adversely affects, or may harm or adversely affect materially, the good name, goodwill or good reputation of Bendigo Bank, Bendigo Bank’s business, the franchise, Bendigo Bank’s system of operations or other Bendigo Bank franchises, including if the Company (or its staff) engage in misleading or deceptive conduct;
- the Company takes (or omits) to take an action that, under the Franchising Code, permits Bendigo Bank to immediately terminate the Franchise Agreement (eg the Company abandons the branch, carries it on in a way that endangers public health or safety or agrees to terminate the Franchise Agreement);
- the Company operates the business from a location not previously approved by Bendigo Bank;
- there is, without Bendigo Bank’s prior written consent, a change in the underlying ownership or control of the Company, the franchise, or the Company’s interest in the Franchise Agreement or a Branch location (this can be deemed to occur for certain changes to the Directors of the Company or if the Company’s control/ownership limit is breached - see Section 7.3 below);

- the Manager of a Community Bank<sup>®</sup> Branch becomes unable to perform his or her duties for an extended period, without suitable replacement;
- a Community Bank<sup>®</sup> Branch is not profitable; or
- there is an amendment to, renewal of, or alteration of the effect of, a rule or clause of the Company's constituent documents, without the approval of Bendigo Bank.

The Company may terminate the Franchise Agreement if Bendigo Bank materially breaches the Franchise Agreement.

The procedures for termination (either by Bendigo Bank or by the Company) are set out in the Franchise Agreement.

In certain circumstances, where there has been a breach of the Franchise Agreement by the Company, the right to carry on the franchise is suspended until the breach is rectified or the Franchise Agreement is terminated.

Upon termination of the Franchise Agreement, there is no obligation on Bendigo Bank to sell or transfer the franchise. However, if such a sale or transfer did proceed, the Company would be entitled to the proceeds received (less the costs of the sale or transfer and certain debts owed by the Company, if any).

## **7. Additional Information**

---

### **7.1 Constitution**

The rights attaching to Shares (Section 7.2) and the prohibition on shareholding interest (Section 7.3) set out in the Company's Constitution are summarised below.

### **7.2 Rights Attaching to Shares**

The Shares are fully paid ordinary shares.

Set out below is a summary of the principal rights attaching to the Shares.

#### **(a) Voting rights**

Subject to some limited exceptions, each member has the right to vote at a general meeting. On a show of hands or a poll, each person present as a member, attorney, corporate representative or by proxy, has one vote, regardless of the number of Shares held.

The purpose of the limitation on voting rights is to reflect the nature of the Company as a community based company, by providing that all members of the community who have contributed to the establishment and ongoing operation of the Community Bank<sup>®</sup> Branch have the same ability to influence the operation of the Company.

#### **(b) Dividends**

Generally, dividends are payable to members in proportion to the amount of the share capital paid up on the shares held by them, subject to any special rights and restrictions for the time being attaching to shares. The

Franchise Agreement with Bendigo Bank contains a limit on the level of profits or funds that may be distributed to shareholders. You should refer to Section 5.2 of this Prospectus for a description of this limit. There is also a restriction on the payment of dividends to certain shareholders if they breach the 10% share owning limit (see Section 7.3 below).

(c) Transfer

Generally, ordinary shares are freely transferable. However, the Directors have a discretion to refuse to register a transfer of shares. For example, the Directors may refuse to register a transfer that would result in a shareholder holding a prohibited shareholding interest (see Section 7.3 below). Subject to the foregoing, shareholders may transfer shares by a proper transfer effected in accordance with the Company's Constitution, the Corporations Act and the rules of the Bendigo Stock Exchange.

The Directors understand that, if the Shares are quoted on the Bendigo Stock Exchange, it is likely that brokers may require a statutory declaration from the transferee confirming that the transfer will not breach any of the shareholding ownership restrictions that apply (see Section 7.3 below).

(d) Winding up

If the Company is wound up, then subject to any special or preferential rights attaching to any class of shares, shareholders will be entitled to participate in any surplus assets of the Company in proportion to the capital paid up on their shares when the winding up begins.

If the assets available for distribution amongst shareholders are insufficient to repay the whole of the paid up capital, then those assets will be distributed in proportion to the capital paid up on shares when the winding up begins.

Notwithstanding the above, if the Company is wound up, the liquidator has the discretion to divide among all or any of the shareholders in specie or in kind any part of the Company's assets. The division may be carried out as the liquidator thinks fit, subject to the right of any shareholder prejudiced by the division to dissent. Any dissenting shareholder has ancillary rights as if the determination made by the liquidator were a special resolution passed under the Corporations Act relating to the transfer of the Company's assets by a liquidator in a voluntary winding up (see, in particular, Chapter 5 of the Corporations Act, especially section 507).

### **7.3 Prohibited Shareholding Interest**

A member is prohibited from controlling or owning 10% or more of the shares in the Company (a "prohibited shareholding interest").

Similarly to the voting rights, the purpose of this shareholding limit is to reflect the community based nature of the Company, by ensuring that the Board can prevent

ownership of the Company being concentrated in the hands of a small number of community members.

In summary, a person will be deemed to own the shares in the Company in which the person has a relevant interest and the shares in which the person's associates have a relevant interest. (The terms 'relevant interest' and 'associate' have the same meaning as in the Corporations Act, subject to some modifications as set out in the Company's Constitution). Also, a person is deemed to control the votes that the person, and the person's associates, can cast or control the casting of on a resolution to elect a director of the Company.

The effect of these definitions is that, for example, if the aggregate of the shares owned (legally or beneficially) by a person plus the shares owned (legally or beneficially) by members of the person's immediate family, equal or exceed 10% of the shares in the Company, the person has a prohibited shareholding interest. Similarly, if the votes a person can control the casting of on a resolution to elect a director, plus the votes that members of the person's immediate family can control the casting of on such a resolution, equal or exceed 10% of the votes that could be cast by all shareholders on such a resolution, that person has a prohibited shareholding interest. A person's "immediate family" includes a person's spouse, defacto spouse, parent, son, daughter, brother or sister or a spouse or defacto spouse of any of the preceding persons.

Where a person has a prohibited shareholding interest, the voting and dividend rights attaching to the shares in which the person (and his or her associates) have a relevant interest in excess of 10% of the Company, are suspended.

The Board has the power to request information from a person who has (or is suspected by the Board of having) a legal or beneficial interest in any shares in the Company or any voting power in the Company, for the purpose of determining whether a person has a prohibited shareholding interest. If the Board becomes aware that a member has a prohibited shareholding interest, it must serve a notice requiring the member (or the member's associate) to dispose of the number of Shares the Board considers necessary to remedy the breach. If a person fails to comply with such a notice within a specified period (that must be between three and six months), the Board is authorised to sell the specified Shares on behalf of that person. The holder will be entitled to the consideration from the sale of the Shares, less any expenses incurred by the Board in selling or otherwise dealing with those shares.

In the Constitution, members acknowledge and recognise that the exercise of the powers given to the Board may cause considerable disadvantage to individual members, but that such a result may be necessary to enforce the prohibition.

#### **7.4 Taxation Implications**

The following is intended only as a general summary and does not purport to be a complete statement of all tax consequences that may be relevant to the issue of ordinary shares in the Company. The taxation implications of investing in the Company may vary depending on the individual circumstances of investors. The

information provided is a brief explanation of the potential taxation implications for Australian resident investors.

All investors should consult their adviser about the taxation implications of investing in the Company relevant to their own particular circumstances.

An acquisition of ordinary shares by a resident of Australia will be an acquisition for capital gains tax (**CGT**) purposes.

A resident of Australia may be assessed in respect of a net capital gain for CGT purposes on disposal of their ordinary shares.

Generally, a net capital gain is determined by reference to the excess (if any) of the consideration received for the ordinary shares over the cost base of the ordinary shares. The amount of the excess will constitute the amount of capital gain unless the investor is entitled to a CGT discount, which is only available to individuals, superannuation funds and, in certain situations, trust investors. The CGT discount is calculated as follows. In the case of an investor who holds their shares for at least 12 months after the date of acquisition of the shares, the capital gain will be reduced by 50% (where the investor is an individual) or 33<sup>1</sup>/<sub>3</sub>% (where the investor is a superannuation fund) in the hands of the investor. In the case of trust investors, the calculation of the CGT discount is complex, and specific advice should be obtained.

Any capital loss (namely the excess of the cost base of the ordinary shares over the consideration received for those shares) with respect to the shares can generally be offset against capital gains realised by the investor in the same year or in later years. However, if there are net capital gains to which the investor is entitled to a CGT discount, any capital losses must be offset against the net capital gains realised by the investor before the CGT discount is applied to the net capital gains

Certain investors, for example those who carry on business of share trading, may be liable to tax in respect of any profit on the disposal of ordinary shares as ordinary income.

Investors who are resident individual shareholders (or a resident superannuation fund) and who receive dividends from the Company must include in their assessable income the amount of the dividend together with any franking credits attached to the dividend. Income tax is calculated on this total amount and investors will generally be entitled to claim a rebate equal to any franking credits attaching to the dividend. Any excess rebate over and above the total tax payable can be refunded to investors.

A resident corporate shareholder that is:

- a public company for tax purposes – is entitled to a rebate of tax only to the extent of the franked portion (if any) of any dividends received; and
- a private company for tax purposes - is entitled to a rebate only to the extent of the franked portion (if any) of any dividends received.

Companies are generally entitled to credit their franking account for the franked amount of any dividend.

Nil

## 7.7 BSX Waivers

In connection with the proposal for the listing of the Company, and the quotation of the Shares, on the Bendigo Stock Exchange, it is anticipated that the Company will require a number of waivers and confirmations from the Bendigo Stock Exchange. (These are in addition to the other requirements for listing and quotation that must be satisfied).

The Directors have had discussions of a preliminary nature with the Bendigo Stock Exchange about the waivers and confirmations required. However, the granting of these waivers and confirmations is at the absolute discretion of the Bendigo Stock Exchange and, if given, may be given subject to conditions. The main waivers and confirmations to be sought are as follows.

### (a) Company's Constitution

The Company intends to seek confirmation that, for the purposes of BSX Listing Rule 1.2(b), the Company's Constitution is consistent with the BSX Listing Rules (as modified by the waivers and confirmations referred to in this Section). Further, the Company intends to request a waiver from the requirement in BSX Listing Rule 11.14 that its Constitution must contain certain provisions relating to restricted securities.

### (b) Voting Rights

The Company intends to request a waiver from the requirement in BSX Listing Rule 4.3(b) that, on a poll, each shareholder must have one vote for each fully paid share held. As noted above (see Section 7.2(a)), each shareholder in the Company will have only one vote, regardless of the number of shares held.

### (c) Suspension of Dividend & Voting Rights

The Company intends to seek confirmation that the provisions in the Company's Constitution that suspend the rights of a shareholder to

receive dividends or vote if they have a prescribed shareholding interest (see Section 7.3 above) are “appropriate and equitable” for the purposes of the BSX Listing Rule 4.4(g).

(d) Divestment of shares

The Company intends to seek confirmation that the provisions in the Company’s Constitution that permit a divestment of shares if a shareholder has a prescribed shareholding interest (see Section 7.3 above) are “appropriate and equitable” for the purposes of the BSX Listing Rule 4.6(d).

(e) Tests for listing

In order to list, among other things, a company must satisfy the “spread test” (ie it must have a certain specified number of shareholders each holding at least a certain specified value of shares) and it must satisfy either the “profits test” (ie among other things, it must have earned a certain level of profits over the past three years) or the “assets test” (ie it must have assets of a certain value): see BSX Listing Rules 1.1 to 1.7. It is not expected that the Company will be able to satisfy any of these tests. Accordingly, the Company intends to request a waiver from the requirement to comply with each test.

(f) Ongoing Operations

Under the BSX Listing Rules, there is a requirement for a listed entity to maintain a level of operations and financial stability that, in the BSX’s opinion, is sufficient for the entity to remain on the BSX official list (see BSX Listing Rule 9.1). There is also a requirement to maintain a spread of security holders in a company’s main class of securities which, in the BSX’s opinion, is sufficient to ensure that there is an orderly market in securities (see BSX Listing Rule 9.2). The Company intends to seek confirmation from the BSX that the level of business contemplated by the Company, and the expected shareholder spread, will be sufficient for the purposes of these rules.

(g) Rights attaching to shares

The Company intends to seek confirmation from the BSX that, for the purposes of BSX Listing Rule 2.1(a), the rights attaching to the Shares satisfy the requirements of chapter 4 of the BSX Listing Rules (as modified by the waivers and confirmations described in this Section) and that, for the purposes of BSX Listing Rule 4.1, the rights attaching to the Shares are “appropriate and equitable”.

(h) Limit on New Shares Issues

The Company intends to seek confirmation that, to the extent that the limit on new share issues in BSX Listing Rule 5.2 applies to the issue of Shares under the Prospectus, the issue is approved by the BSX for the purposes of that rule.

(i) Registration of share transfers

The Company intends to request a waiver from BSX Listing Rule 6.3 in order to permit the Directors of the Company to prevent a share transfer at their discretion.

(j) Rotation of directors

The Company intends to request a waiver from BSX Listing Rule 11.20 (which requires the retirement by rotation of Directors) but only to the extent that the Company complies with the Directors' retirement by rotation procedures set out in the Company's Constitution.

## 7.8 Consents

- (a) **Bendigo Bank** has given and has not, before the issue of this Information Memorandum withdrawn its written consent to be named in this Information Memorandum in the form and context in which it is named. It has not authorised or caused the issue of this Information Memorandum.

**ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED**  
**NOTES TO, AND FORMING PART OF, THE FINANCIAL STATEMENTS**

**For the year ended 30 June 2004**

**1. STATEMENT OF ACCOUNTING POLICIES**

**(a) Basis of preparation**

The financial report is also a general purpose financial report that has been prepared in accordance with applicable Accounting Standards, Urgent Issues Group Consensus Views, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non current assets. Cost is based on the fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

Rockingham Community Financial Services Limited is an unlisted public company, incorporated and domiciled in Australia.

**(b) Income tax**

The Company adopts the liability method of tax effect accounting whereby the income tax expense shown in the statement of financial performance is based on the operating profit before income tax adjusted for any permanent differences.

Timing differences which arise due to the different accounting periods in which items of revenue and expense are included in the determination of operating profit before income tax and taxable income, are brought to account as either provision for deferred income tax or an asset described as future income tax benefit at the rate of income tax applicable to the period in which the benefit will be received or the liability will become payable.

Future income tax benefits are not brought to account unless realisation of the asset is assured beyond any reasonable doubt. Future income tax benefits in relation to tax losses are not brought to account unless there is virtual certainty of realisation of the benefit.

The amount of these benefits is based on the assumption that no adverse change will occur in income tax legislation and the anticipation that the Company will derive sufficient future assessable income and comply with the conditions of deductibility imposed by the law to permit a future income tax benefit to be obtained.

**ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED**  
**NOTES TO, AND FORMING PART OF, THE FINANCIAL STATEMENTS**

**For the year ended 30 June 2004**

1. STATEMENT OF ACCOUNTING POLICIES (Cont.)

(c) Property, plant and equipment

Property, plant and equipment are brought to account at cost, less, where applicable, any accumulated depreciation.

The carrying amount of property, plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employed and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amount.

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, are depreciated over their useful lives commencing from the time the asset is held ready for use. Properties held for investment purposes are not subject to a depreciation charge. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

<i>Class of fixed asset</i>	<i>Depreciation rate</i>
Plant and equipment	20 – 37.50%

(d) Intangible asset

The franchise fee paid by the Company pursuant to a Franchise Agreement with the Bendigo Bank (Note 8) is being amortised over the initial five (5) year period of the agreement, being the period of expected economic benefits of the franchise fee.

(e) Statement of cash flows

For the purposes of the statement of cash flows, cash includes cash on hand and in banks and investments in money market instruments, net of outstanding bank overdraft.

(f) Revenue

Revenue from the provision of banking services is recognised upon the delivery of the services to customers.

Interest income is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

**ROCKINGHAM COMMUNITY FINANCIAL SERVICES LIMITED**  
**NOTES TO, AND FORMING PART OF, THE FINANCIAL STATEMENTS**

**For the year ended 30 June 2004**

1. STATEMENT OF ACCOUNTING POLICIES (Cont.)

(g) Employee entitlements

Provision is made for the Company's liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements.

Contributions are made by the Company to the employee superannuation funds and are charged as expenses when incurred.

(h) Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

(i) Adoption of Australia Equivalents to International Financial Reporting Standards

Australia is currently preparing for the introduction of International Financial Reporting Standards (IFRS) effective for financial years commencing 1 January 2005. This requires the production of accounting data for future comparative purposes at the beginning of the next financial year.

The Company's management, along with its auditor, are assessing the significance of these changes and preparing for their implementation.

The Directors are of the opinion that key difference in the Company's accounting policies which will arise from the adoption of IFRS is:

*Income Tax*

Currently, the Company adopts the liability method of tax-effect accounting whereby the income tax expense is based on the accounting profit adjusted for any permanent differences. Timing differences are currently brought to account as either a provision for deferred income tax or future income tax benefit. Under the Australia equivalent to IAS 12, the Company will be required to adopt a balance sheet approach under which temporary differences are identified for each asset and liability rather the effects of the timing and permanent differences between taxable income and accounting profit.

The future income tax benefit of these tax losses is \$71,690 (2003: \$11,568). This benefit has not been recognised as an asset in the statement of financial position as its realisation is not virtually certain. The benefits will only be obtained if:

- (a) the Company derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the loss to be realised;
- (b) the Company continues to comply with the conditions for deductibility imposed by the law; and
